

CAMPUS USE, DEVELOPMENT, AND SAFETY COMMITTEE MEETING MINUTES

Present: Jennifer Clark (*acting co-chair*), Everardo Rivera (*co-chair*), Bob Sube, Christine Morla, Mike Ketaily, Daniel Goicoechea, Leo Orange, Evelyn Espinosa (ASG Rep), Hussein Fahs, Everardo Rivera (*co-chair*), Kevin Hughes, Cesar Romero, Anthony Rodriguez, Shannon Newby, Deanna McFadden, Connie Owens

Absent: Mike Bush (proxy to Jennifer Clark), Mike Alexander, Linda Kamaila

Guests: Antonio Acosta

Meeting Date: **04/11/17** Minutes Approved: **03/07/17** Recorded By: Darlene Inda

AN = Action Needed AT = Action Taken D = Discussion I = Information Only

DISCUSSION/DECISIONS

- I. Called to Order I,AT The meeting was called to order at 2:00pm
- II. Adoption of the Agenda I, AT The committee reviewed the agenda, C. Owens moved to approve, M. Ketaily seconded, and *the agenda was approved unanimously.*
- III. Public Comment I
Antonio Acosta, an art student, proposed an event he would like to have on campus. The largest painting by a group of people. He needs a place to put it as well as permission to do the 300'x300' painting. This will be done on a canvas roll as a mosaic type painting and will require a group of people, which he would like to be Oxnard College students. Antonio spoke with many students about the project and is confident he will have enough to participate. E. Rivera asked that he submit a proposal for approval.

E. Rivera also commented on the Student Services building and the entrance. He asked to repair the arrow into the lot or a DO NOT ENTER sign as they are going against traffic. L. Orange said that he brought this up over a year ago and nothing happened.
- IV. Approval of Meeting Minutes I,AT The committee reviewed the minutes from January 10, 2017. C. Owens moved to approve the minutes as presented, M. Ketaily seconded, and *the minutes were approved unanimously.*

V. New Business

- Report on Emergency Training (Mike Ketaily) I 250 staff and faculty are now trained at an awareness level. 60 people have gone through CERT training. Oxnard Fire Department have stepped up and helped as well. At the last CUDS meeting we had 30 people go through radio communications training. Additionally, last week, we had an Incident Management Training and with a tabletop exercise. This was a two-hour training, with everyone who is with Incident Command. Next, we will go through the emergency trailer. He feels that the CERT teams need to go down there and go through it. H. Fahs asked about more radio training and M. Ketaily said he would be having another one. Lt. Romero added that he has talked with many people on campus who have not gone through the CERT training process and are interested. M. Ketaily said he would send out a list to everyone again to see if anyone is interested.

VI. Old Business

- Facilities Update I
 - Condor Hall – working on punch list items.
 - Discovered after 5 years of no rain, all the roofs leaked except North Hall, which is the oldest roof on campus. Currently have a roofing consultant going through and pricing the repairs we need on campus, which will be costly.
 - Smell of sewer gas at Condor High School, so our plumber had to go down there and there was no leak seen. We are going to see if all the rain caused the water table to rise. We will let it dry out and get under there over Spring Break.
 - E. Rivera asked about the water filtration set at Condor Hall and B. Sube said as soon as he is signed off on Condor Hall he will put it in. The one at PE has not been received yet.
- Campus Police Update (Cesar Romero) I
 - Very happy to be back home.
 - Hired four cadets – paperwork in process.
 - Assisted with Red Cross this last weekend with shelter. The woman who lost her husband and son in the fire is an EOPS student. He met with the student yesterday and assisted her in taking items over to her apartment. She is continuing to get support. Red Cross was very appreciative of OC's support.

- Planning for Strawberry Festival, Graduation, and unsure of Cinco de Mayo at this point.
 - Student Concerns (ASG Rep)
 - I
 - Put out a suggestion box and in meeting highlighted four suggestions to bring to CUDS
 - More recycling bins requested. B. Sube said there is an issue with recycling bins because there are staff members who collect the bottles and cash them in.
 - (2) Rent out mats during finals so students can sit out in grassy areas between main building ASG and library and study
 - (3) Signage in Condor Hall for Police Services. A student had a seizure and they were not able to locate the campus police number. Lt. Romero said he would get signage in there over the break.
 - (4) Soccer players are unable to be in shaded area when playing on the field at the stadium.
 - E. Rivera thanked ASG for the student life on campus (coffee, food share, and a lot more life to the students now on campus).
- Facility & Safety Issues
 - I
 - M. Ketaily asked about speed bumps at Fire Tech. B. Sube said they have been ordered.
 - Deanna talked about a raccoon on campus cruising around and was concerned. B. Sube said he is aware and the raccoon is blind.
 - E. Rivera talked about Child Development Center and the smoking in the H lot – there is an issue with the smoke going into the CDC classrooms.
 - D. McFadden provided an update on the smoking issue and said we are trying to make this campus completely smoke free and over 600 students; faculty and staff responded and were overwhelmingly supportive to have a smoke and tobacco free campus. She needs to get it to Academic Senate and Classified Senate. She will be going to a Policy Writing event. She has until December 2018 to complete the grant requirement. E. Rivera asked to have this an agenda item at the next meeting.
- Technology (Mike Alexander)
 - I
 - Absent – No Update
