He made a recommendation to the president to discontinue service on campus as part of the business service review of the campus. He said it’s only a recommendation which has to go through a process. He also said he will be meeting with the experts; First Five and Ventura County Office of Education to try and get a review to see if there is something we can do to turn it around. Lastly, he said he met with the Child Development Center staff and they are aware of the recommendation.

He asked the committee to make one change to the revised statement. In lieu of “student”, he recommended changing it to “learning” so that the statement would now read:

**Oxnard College is a learning-centered institution that embraces academic excellence by providing multiple pathways to student success.**
