VI.	First Reading	AT	 J. McArthur moved to approve the First Reading items, S. Newby seconded, and the motion passed. <u>Career & Technical Education:</u> K. Corse explained the reason for the revisions and new programs is to align all courses with Rio Hondo's Bachelors program. S. Davis reminded the committee that all the courses came through this fall and now all the programs need to match those changes. P. Trujillo added that in addition to those updates Kevin created 7 new stackable Certificates. K. Corse shared that the advisory board expressed the desire to get students in and out as soon as possible. The revisions to the Automotive Technology AS & COA allow students to complete the program in 3 semesters. The required units were reduced by 10. J. McArthur asked that counseling receive a matrix. K. Corse confirmed that the department would provide one. AT R100 Needed to update the advisories to be consistent with new course numbering. M. Pinto-Casillas commented, "Units & Hours In-Class: I count 70 hours, not 80 Total Student Learning then should be 230, not 240. Only one SLO? Course Content After No. 17, Intro to hybrid did you intend to add a numbered list or is that a heading that should be at the top before the numbered list?"  M. Pinto-Casillas, commented "Units & Hours Section: Provide Max Hours (right column) SLOs: Nos. 1 and 2, begin with active verb as you did with 3 and 4."

 S. Davis, commented "We now have to provide hour calculations in total hours per semester instead of per week like we used to for the state. In-class lecture and in-class lab should be the hours per week students are under the direct supervision of an instructor x17.5 weeks to give us the total hours for the semester. Outside of class are the homework hours (2 hours of homework for every one unit of lecture) Total student learning hours are calculated by adding the total in-class hours for the semester plus the total outside of class hours for the semester. Specific methods of instruction would be something like "the instructor will demonstrate how to configure a wireless router" D. Frehlich commented "Consistently punctuate all statements under "Representative Course Assignments." M. Jewett explained that the State creates the curriculum for the program to follow, they updated it to be delivered in a Freifghter 1 & linit from at which was recommended by the advisory group. The course now includes Firefighter 1 structural, contamination, wildland, Firefighter 1 & linit from the the Fire service. FT R170 M.
