OXNARD COLLEGE FIRE TECHNOLOGY

PROGRAM STUDENT LEARNING OUTCOMES

Upon completion of the Fire Academy Program, the student will...

1. Describe the value of accepting responsibility for his/her actions to include evaluating the safe practices of a given action.
2. Display behavior consistent with the ethical standards within the fire service to include exhibiting a positive, professional and confident demeanor.
3. Recognize the role firefighter fitness and well-being plays in becoming a firefighter
4. Function as a team member and work effectively in team settings as it relates to the job performances of emergency services.
5. Identify the various assignments and functional positions within a fire agency while utilizing the chain of command during communications.
6. Appropriately and timely don and doff personal protective clothing and respiratory protection worn in environments immediately dangerous to life and health.
7. Differentiate between fire hose supply and attack lines and the manner in which these lines are loaded and stored on fire apparatus.
8. Analyze a given structure to determine the appropriate size ladder then effectively and safely place that ladder on the structure.
9. Show proficiency in the recognition, operation and maintenance of firefighting hand, power and electric tools and equipment.
10. Demonstrate the appropriate use of firefighting tools to successfully gain entry into a given structure or vehicle.
11. Function as a crew member to perform safe, approved and strategically planned rescue techniques.
12. Demonstrate his/her knowledge in the productive use of the Incident Command System on simulated fire ground situations while communicating clearly and effectively during radio transmissions.

FIRE FIGHTER I SKILLS TESTING SUMMARY SHEET

Candidate: _____ Date: _____

ID#: _____

STATE REQUIRED FIRE FIGHTER I PSYCHOMOTOR SKILL TESTING	
*2-2.1	Don, doff, and prepare structural personal protective equipment for reuse
*2-3.1	Don and doff SCBA
*5-4.1	Perform forward hose lay
*5-7.1	Lift, carry, and raise an extension ladder single fire fighter (20 or 24 foot extension)
*5-10.1 A or B	Structure fire attack – interior grade level, above, or below
STATE RANDOM FIRE FIGHTER I PSYCHOMOTOR SKILL TESTING	
*1-3.1	Locate information in departmental documents and standard or code materials
*2-3.2	Use SCBA during emergency operations
*2-3.3	Inspect SCBA
*2-3.4	Replace air cylinder
*2-4.1	Respond to an emergency scene on an apparatus
*2-5.1	Operate at an emergency scene
*3-1.1	Receive a telephone call
