VENTURA COUNTY COMMUNITY COLLEGE DISTRICT

2017-2018 ADOPTION BUDGET

MOORPARK COLLEGE OXNARD COLLEGE VENTURA COLLEGE DISTRICT ADMINISTRATIVE CENTER

SEPTEMBER 12, 2017

VENTURA COUNTY COMMUNITY COLLEGE DISTRICT ADOPTION BUDGET NARRATIVE

Fiscal Year 2017-2018 (FY 18)

PURPOSE

Title 5, California Code of Regulations (CCR), Section 58305 requires the District to adopt a budget on or before the first day of July. The main purpose of the Tentative Budget is to serve as authorization for the District to incur expenses and issue checks in the new fiscal year until the Adoption Budget is approved. The Adoption Budget is an update to the Tentative Budget, reflects the Governor's signed State Budget, and must be adopted by the Board no later than September 15.

BACKGROUND

State of California

On June 27, 2017 the Governor signed a budget that reflects a modestly improved economic outlook, increasing the Proposition 98 guarantee to community colleges by \$74.5 billion. The 2017 Budget Act focuses on education, counteracting the effects of poverty, improving transportation infrastructure and paying down liabilities. While maintaining a balanced budget, the 2017 Budget Act is considerably more constrained than any year since 2012. The Governor cautions that the State must plan for and save for tougher budget times ahead. Potential federal policy changes or an end to the current economic recovery, the second longest in California history, could have a significant impact on the State Budget.

For California Community Colleges, the 2017 Budget Act includes an additional \$184 million in base apportionment for operating expenses in areas such as employee benefits, facilities, professional development, converting faculty from part-time to full-time, and other general expenses. The cost-of-living adjustment (COLA) for apportionment and select categorical programs is 1.56% or \$97 million. Reflecting a slowing in system-wide enrollment, \$57.8 million is included for enrollment growth of 1%. The enacted budget also includes one-time funds of \$150 million for the Guided Pathways Implementation, \$20 million for Innovation Awards Program and \$76.9 million for Proposition 39 energy efficiency projects.

Ventura County Community College District

The Adoption Budget General Fund revenue reflects a 1.56% COLA and an increase in base funding of \$4 million. However, the FY 2017-18 projected funded full-time equivalent student enrollment (FTES) is decreasing by 368 FTES from the prior year. As a result of all these factors, the District is projecting an overall increase in available resources of \$3.1 million in the Adoption Budget compared to the budget for FY 2016-17.

REVENUE and ENROLLMENT MANAGEMENT

The District's general fund revenue represents the combination of state and local revenues, the majority of which must be earned through the generation of full-time equivalent student (FTES) enrollment.

The state-funded cap (the maximum number of FTES for which the state will pay) is allocated by the State at a district level as opposed to an individual college level. Internally, this state-funded FTES is then allocated to each college. SB860 directed the Chancellor's Office to develop a revised growth formula with a focus on unmet need throughout the state. The primary factors included in the new growth formula include the number of people within a district's boundaries who do not have a college degree and the number of people who are unemployed, have limited English skills, who are in poverty, or who exhibit other signs of being disadvantaged. With a statewide growth rate of 1 percent, the District has a calculated growth rate factor of .68 percent.

In FY16, the District did not fully achieve the FTES goal; however, State regulations provide the ability to shift qualifying class sections between fiscal years. This methodology enables districts to manage enrollment fluctuations, while minimizing the fiscal impact on operations. As the District anticipated constrained funded growth in future years, the Board approved the shift of 685 FTES from FY17 to FY16. As a result, the state reported FTES for FY17 are 685 FTES less than the actual operational FTES obtained by the colleges. Therefore, the FY18 Budget has been developed assuming the operational FTES for FY17 of 26,100 FTES. However, the District can be funded up to 26,468 FTES under restoration before any growth limitations.

EDUCATION PROTECTION ACT (PROP 30)

Proposition 30, the Schools and Local Public Safety Protection Act of 2012, which was approved by the voters in November 2012, temporarily raised the sales and use tax by a quarter-cent and raised the income tax rate for high income earners (\$250,000 for individuals and \$500,000 for couples) to provide continuing funding for local school districts and community colleges. The quarter-cent sales tax ceased to be in effect in December 2016 and the income-tax hikes on the high-income earners were set to expire at the end of 2018. In November 2016, voters approved Proposition 55, California Extension of the Proposition 30 Income Tax Increase Initiative. This constitutional amendment extended the Proposition 30 personal income tax increases on incomes over \$250,000 for an additional 12 years through 2030, in order to fund education and healthcare. It is estimated that the District will receive approximately \$18.8 million in EPA funds for FY 2017-18 and will use those funds for faculty salaries and benefits.

EXPENDITURES

Salary and Benefit Costs

The term for the collective bargaining agreements with SEIU, Local 99 and AFT, Local 1828 is July 1, 2013 through June 30, 2016. Both of these agreements are currently under negotiation. The Budget includes contractual step and longevity increases, with an annual on-going cost of approximately \$1.5 million. The District's Anthem Blue Cross health plan premiums for faculty increased by 2.53% in 2017-18. The District has a maximum funding level for the Administrator (managers), Supervisor, Confidential,

and Classified (ASCC) employees; any cost above that amount is paid by the employee. Blue Cross premium rates for the ASCC increased by 3.5%, necessitating a monthly employee contribution of \$223. As discussions with both collective bargaining units continue, no other assumptions for salary and benefits were made at this time.

California State Teacher's Retirement System (STRS)

AB1469, enacted as a part of the 2014-15 budget, addressed the nearly \$74 billion unfunded liability for teachers' pensions. The plan shares the responsibility of the unfunded liability by the three partners that currently fund STRS—the state, education employers, and the employee members. Under the plan, all participate in increased contributions for the STRS solution. To address the "employer share" of \$42 billion, the community college districts employer rate was increased annually from 8.25% in 2013-14 to 19.1% by 2020-21. The plan allows CalSTRS to annually adjust the employer and state rates beginning July 1, 2021, and caps any such annual increase at 1% for employers and 0.5% for the state. The rate for 2017-18 is 14.43%, which is an increase in these expenditures of 13% over the prior year. For the District, the full impact of the increase in 2020-21 would be approximately \$6.3 million in additional annual costs above the costs from the baseline year of 2013-14.

California Public Employees Retirement System (PERS)

The CalPERS Board of Administration determines employer contribution rates on an annual basis. The rates are based on the annual valuation using a discount rate of 7.5%. The CalPERS Board of Administration approved lowering the CalPERS discount rate assumption, the long-term rate of return, from 7.5% to 7.0% over the next three years. For schools employers, this will begin in the June 30, 2017 annual valuation and will increase employer contribution costs commencing in FY 2018-19. Lowering the discount rate means both the normal cost and the accrued liabilities will increase in the future. These increases will result in higher required employer contributions. Consistent with the existing board amortization and smoothing policy, the impact of each change in discount rate will be phased in over a five-year period. As a result, the full impact of the reduction in the discount rate will not be felt until FY 2024-25. The employer contribution rate is projected to range from 18.1% to 27.3% for the next seven years. The rate for

2017-18 is 15.531%, which is an increase in these expenditures of 12% over the prior year.

Retiree Health Liability

An actuarial study for post-retirement benefits was performed in October 2016, estimating the amount that should be accumulated under the requirements of GASB 45. Actuarial studies are performed every two years. The District's long-term liability as of that date was estimated at approximately \$210.3 million. In order to reduce the overall cost to the District, in FY 2010-11 the District established an irrevocable trust fund for the partial funding of that liability. The balance of the irrevocable trust was \$19.7 million as of June 30, 2017.

As a means of accruing the amount required as the annual required contribution (ARC) under GASB 45, the District assesses as an employer expense, rates that range from 5% to 17% on each payroll dollar depending on employee type and funding source. These fringe benefit rates are assessed to all eligible employees' salaries in all funds, including categorical, grants and contracts.

In the Adoption Budget, using this methodology, the expenditure for post-retirement benefits is projected to be approximately \$15.9 million for all funds. Health benefit premium costs for retirees are paid directly from the Retiree Health Benefits fund and are estimated at \$14.7 million. The difference between the two actual amounts may be transferred to the irrevocable trust to help mitigate the long-term liability.

<u>INFRASTRUCTURE</u>

In March 2012, the Board approved an infrastructure funding plan and allocation model to provide foundational resources to partially address the District's structural deficit in capital funding for areas such as scheduled maintenance, technology and equipment refresh, instructional equipment, library materials and databases, furniture and equipment, etc. Maintaining these items is central to the core mission of the colleges and the District and addressing the total cost of ownership (TCO) is a requirement of accreditation as well as a prudent business practice.

A separate sub-fund (General Fund–Unrestricted Designated–Infrastructure) has been established to account for this redistribution of resources and the associated expenditures. As part of DCAS's annual review, the implementation strategies of the Infrastructure Funding Model will be reviewed in a parallel process similar to that of the Districtwide Resource Budget Allocation Model review.

The Adoption Budget includes transferring \$2.1 million in budgeted revenue from the General Fund Unrestricted to the General Fund Unrestricted Designated–Infrastructure. Expenditure of these funds will be budgeted in the year following the year in which the revenue is actually earned.

GENERAL FUND

The General Fund is the principal operating fund of the District. All revenues and expenditures not required by statutory law to be accounted for in a different fund are budgeted and accounted for in the General Fund. Four sub-funds exist within the General Fund, which are briefly described as follows:

- General Fund-Unrestricted (111): Represents revenues and expenditures
 that support most educational programs and services throughout the district,
 including instruction, student services, maintenance and operations,
 administration, and so forth.
- General Fund-Unrestricted Designated-Infrastructure (113): Represents
 revenues and transfers that have been specifically designated to be used for
 infrastructure needs including: Scheduled Maintenance and Capital Furniture
 (including classroom, faculty and administration); Library Materials and
 Databases; Instructional and Non-instructional Equipment; and Technology
 Refresh and Replacement (hardware and software). This sub-fund is
 reported to the State as a part of the General Fund-Unrestricted.
- General Fund Unrestricted—Designated (114): Represents revenues and expenditures associated with contract education, entrepreneurial programs, civic center, and other activities initiated by the colleges and intended to be

self-supporting. This sub-fund is reported to the State as a part of the General Fund–Unrestricted.

 General Fund–Restricted (12X): Represents revenues and expenditures supporting educational services whose resources are restricted by law, regulation, grant terms and conditions, categorical funding agencies, or other externally-imposed restrictions. This sub-fund is reported to the State as a part of the Total General Fund.

GENERAL FUND – UNRESTRICTED (111)

The District budget development process emphasizes the building of the General Fund-Unrestricted (111) budget, since this is the budget that most heavily impacts ongoing college and district operations. The Adoption Budget reflects an increase in resources, above the FY 2016-17 Adoption Budget, in the amount of \$3.1 million.

Budget Allocation Model

The Budget Allocation Model was adopted by the Board in May 2007, and modified in March 2009, March 2012, March 2015 and March 2016. The model is reviewed annually by the District Council on Administrative Services (DCAS) in accordance with the commitment to regularly review the model components to ensure a more sustainable model that incorporates variables that are meaningful, readily defined, easily measured, and consistently reported.

In the annual review of the Districtwide Resource Budget Allocation Model, if it is determined that specific budget items will be reassigned between Districtwide Services (DWS) and District Administrative Center (DAC) or the colleges and DAC, the percentage of revenue the DAC is allocated will change accordingly. Since the model was initially approved, several expenditure items have been reassigned to new locations (i.e., between DWS and DAC, colleges and DWS, colleges and DAC, etc.). This cost-shifting results in no impact (no increase or decrease) to discretionary budgets at the DAC or the colleges. There is no increase in the effective rate/percentage of revenue, as both budget and associated costs are shifted.

The Budget Allocation Model, following the review by DCAS, was utilized to allocate resources to the various operational units within the District.

In the FY17 Adoption Budget, the districtwide support in the Budget Allocation Model provided funding for the District Administrative Center (DAC) at 6.98% of available revenue. The DAC maintains this percentage of available revenue for FY18, while DCAS continues its discussions regarding the appropriate percentage for the DAC in light of the purchase of the District Administrative Center in Camarillo. Each college and the DAC have a separate process by which they allocate the resources received through the Model.

As part of the Budget Allocation Model annual review, DCAS has recommended to allow amounts in excess of the 2% allowed carryover be transferred to Fund 113 to help the colleges and the DAC with anticipated future expenditure increases. These amounts are one-time budget savings from FY17 that will be available in FY18 and reflected in the Adoption Budget.

Reserves

In prior years, the District has designated its ending balance into four categories: State Required 5% Minimum Reserve; Revenue Shortfall Contingency Reserve; Unallocated Reserves; and Budget Carryover. In November 2014, additional designations were established to address extensive infrastructure and one-time expenditure needs that cannot be met through existing college budgets. These designations include State Teachers' Retirement System and Energy Efficiency.

State Required 5% Minimum

In accordance the State Chancellor's Office Accounting Advisory FS 05-05: Monitoring and Assessment of Fiscal Condition, the State Chancellor's Office requires a minimum prudent unrestricted general fund balance of 5 percent. To ensure the District does not drop below this minimum requirement, the amount is segregated in a reserve designated for that purpose.

Revenue Shortfall Contingency

The Revenue Shortfall Contingency Reserve is designated to cover any mid-year reductions (including, but not limited to, statewide property tax shortfall, enrollment fee shortfall, and general statewide deficit), thus negating the need for mid-year reductions in site operating budgets. For FY 2017-18, the contingency will remain at \$5 million.

Budget Carryover

As part of the Budget Allocation Model, the colleges and DAC can carryover funds up to 2% of the prior year adopted budget. This reserve was fully distributed as a part of the budget development process. As part of the Model's annual review, DCAS has recommended to allow amounts in excess of the 2% allowed carryover be transferred to Fund 113 to help the colleges and the DAC with anticipated future expenditure increases. These amounts are one-time budget savings from FY17 that will be available in FY18 and reflected in the Adoption Budget.

State Teachers' Retirement System (STRS)

This reserve is to address the rising annual costs of the STRS plan implemented by the State in 2014-15, at which time the full impact of the increase in 2020-21 was estimated to be \$5.4 million in additional annual costs. In 2014-15, the District set aside \$1 million to assist with the rising cost of STRS. The current estimate of additional costs in 2020-21 from the baseline year of 2014-15 is \$6.3 million.

Energy Efficiency

This reserve is to address current and future challenges with sustainability at all three colleges. For FY 2017-18, the reserve will remain at \$1.4 million.

Unallocated Reserves

Unallocated Reserves is the remaining ending balance that is undesignated for other uses. This balance is maintained to allow for gradual adjustment to any substantial reductions in revenue and, along with other cash reserves, to handle the significant cash flow requirements. The Unallocated Reserves can also be used to mitigate budget reductions beyond that provided for in the Revenue Shortfall Contingency Reserve. This reserve may be allocated to cover any other unanticipated one-time expenditures.

Maintaining Unallocated Reserves is important for fiscal solvency and strength during the years with uncertainty of funding for community colleges and the cyclical nature of the California economy.

GENERAL FUND-UNRESTRICTED DESIGNATED-INFRASTRUCTURE (113)

This sub-fund was created to account for Infrastructure Funding Model (approved by the Board in March 2012) to help address total cost of ownership (TCO) and the growing structural deficits in specific infrastructure categories. As specified in the funding plan, resources are to be re-allocated from the General Fund-Unrestricted. Funds may be accumulated from year to year to address the infrastructure needs. The Adoption Budget includes transferring \$2.1 million in budgeted revenue from the General Fund-Unrestricted to the General Fund- Unrestricted Designated-Infrastructure. Expenditure of these funds will be budgeted in the year following the year in which the revenue is actually earned.

GENERAL FUND – RESTRICTED (12x)

This fund supports categorical programs, grants, contracts, and other programs whose budget resources are restricted by law, regulation, contract, grant agreement, or other externally restricted terms and conditions.

Major programs accounted for in this fund include state categorical programs such as EOPS (Extended Opportunity Programs and Services), DSPS (Disabled Students Programs and Services), CalWORKS (California Work Opportunities and Responsibility to Kids), Career Technical Education programs, as well as Perkins IV (VTEA/Vocational and Technical Education Act) federal grants, Restricted Lottery (Proposition 20) funds, Nursing Education grants, and Title V (HSI, STEM) federal grants.

The FY 2017-18 Adoption Budget for student services programs have been developed within the existing individual categorical programs based at 95% of the prior year level. This is consistent with this year's Budget Assumptions and is also comparable to the 95% funding guarantee that many student services categorical programs were accorded in past years, given that the final allocations for most student services programs are not

finalized until after the Governor signs the state budget and the State Chancellor's Office allocates funds to the districts based on MIS data that is submitted during the first quarter of the fiscal year. Additionally, the carryover funds for Student Equity of \$0.7 million, Student Success & Support Program of \$1.7 million, and Strong Workforce Program of \$1.9 million have been budgeted.

The State enacted budget includes a \$150 million and \$20 million in one-time funds for the Guided Pathways Implementation and Innovation Awards Program, respectively. The FY 2017-18 Adoption Budget does not reflect the estimated impact of these additional amounts, the funding allocation methodology, or match requirements. A budget will be developed pending confirmation of funding.

PARKING SERVICES FUND (124)

This fund accounts for parking revenues (fees and fines) and expenditures associated with parking (including District police services), safety, and transportation. The Board has approved a maximum parking fee to be increased annually by the Consumer Price Index (CPI) approved by the State Chancellor's Office. Based on calculations by the Financial, Economic, and Demographic Unit in the Department of Finance, the Implicit Price Deflator Index has now increased enough to support a one-dollar increase in the parking services fee. Effective with the Fall 2017 term, the District will begin charging a maximum fee for automobiles of \$53 for the Fall and Spring semester and \$26 for the Summer semester. The College-wide Parking Lot Maintenance program supports repairs and renovations of parking areas district-wide. The Adoption Budget includes \$654,768 of General Fund-Unrestricted (Districtwide Services) support towards the cost of providing police services at all sites in addition to that supported by parking revenues.

HEALTH SERVICES FUND (13x)

This restricted fund accounts for the revenues and expenditures related to the operation of the colleges' Student Health Centers. Historically, the primary resources have been Student Health Fees and State Mandated Cost reimbursements. Effective with the Fall 2017 term, the District will began charging a flat fee of \$20 for the Fall and Spring semester and \$16 for the Summer semester.

Beginning in FY 2012-13, the approved State budget contained a new mandated block grant. This block grant distributed \$28 per funded FTES to cover all compliance costs incurred during the 2012-13 fiscal year, including those associated with Student Health Centers. The Student Health Centers receive their proportional share of the block grant. This mandated block grant has been continued for FY 2017-18.

CHILD CARE CENTER FUND (33x)

This fund accounts for all revenues and expenditures related to the operation of Child Care Centers at Moorpark College and Ventura College. In addition to client enrollment fees, the Child Care Centers receive grant funding as a supplemental source of funding from the State of California. While maintaining competitive rates, the Child Care Centers have continued to be self-supporting. At the Oxnard site, the center has been converted to a lab school and is accounted for in Unrestricted General Fund.

CRM (Culinary and Restaurant Management) (322)

At Oxnard College, the CRM (Culinary and Restaurant Management) program provides food service during the lunch period as an outlet of the CRM instructional lab. Oxnard College made the transition between a full service cafeteria and a CRM outlet in January 2012.

PROPRIETARY (ENTERPRISE) FUNDS

The enterprise funds account for business operations that are financed and managed similarly to private enterprise and are to be self-supporting. These funds consist of a separate Bookstore Fund and Food Service Fund to account for the revenues, expenses, and profits and/or losses at each college.

Bookstore (51x)

After years of declining sales, in January 2014, the Board took action to contract for full-service bookstore services at all campuses through Barnes & Noble College Bookstores, Inc. This transition occurred April 1, 2014; the District will receive a percentage of net sales of which is accounted for in Fund 114.

Food Service (52x)

The District contracts with vending operators to provide hot and cold food. The District will continue to consider alternative food service options, while maintaining at least breakeven financial operations.

INTERNAL SERVICES FUND (6xx)

The **Self-Insurance Fund** provides funding for the level of risk retention held by the District. This fund is used to reimburse individuals or other entities for claims against the District up to our deductible levels (\$25,000/\$50,000) and for some settlement costs.

The Retiree Settlement Health Payment Fund is used to account for the costs arising from a settlement between the District and the class members defined in that settlement. Dollars received from the federal government for reimbursement for Medicare Part D are used to provide a reserve to fund these costs. The future liability exposure of this fund may be very significant depending how the District modifies health benefit plans over the next several decades.

The **Workload Balancing Fund** is used to account for non-contract assignment pay that has been deferred ("banked") to a subsequent semester or academic year by full-time faculty members. As faculty use their load "banked" hours, a transfer is made to the General Fund as a partial offset to the salary costs of the faculty member while on leave. The current liability in this account is approximately \$755,000 and is fully funded.

The **Retiree Health Benefits Fund** is used to account for the payment of health benefit premium costs for retirees. The net difference between the annual required contribution expense (ARC) and the current retiree health premiums are periodically remitted to the District's irrevocable trust. For more information on retiree health benefits, please refer to the Retiree Health Liability section found earlier in this narrative.

STUDENT FINANCIAL AID FUND (74xx)

This fund accounts for the receipt and disbursement of government-funded student financial assistance programs. The major federally funded programs include Pell Grants, SEOG (Supplemental Educational Opportunity Grants), and Direct Loans. The

major state-funded programs include EOPS (Educational Opportunity Programs and Services) grants, CARE (Cooperative Agencies Resources for Education) grants, Full Time Student Success Grants, and Cal Grants.

CAPITAL PROJECTS FUND (4xx)

This fund accounts for the financial resources used in the acquisition and/or construction of major capital outlay projects. Project elements may include site improvements including parking lots, walkways and monument signs, building renovations, new construction, scheduled maintenance projects, hazardous substance abatement projects, and fixed assets, and may be funded from a combination of state capital outlay funds, local funds, redevelopment agency funds, nonresident student capital outlay surcharges, and General Obligation (GO) bonds.

The FY 2017-18 Adoption Budget includes locally funded construction and capital outlay/improvement projects, scheduled maintenance projects, as well as funds for new technology/technology refresh and equipment replacement.

The FY 2017-18 Adoption Budget also includes projects being funded from General Obligation (Measure S) bonds, including the Moorpark College Gym Renovation, the Ventura College Staff Parking Lot Renovation, the Ventura College Studio Arts Building, and the Ventura College M&O Renovation, as well as various infrastructure and special repair projects at all three colleges.

The FY 2017-18 Adoption Budget includes Year 4 and Year 5 funding for energy efficient and alternative energy projects approved under Proposition 39. In the enacted budget, \$76.9 million is available for deferred maintenance and instructional equipment. The FY 2017-18 Adoption Budget includes the District's share of \$1.7 million.

COMPLIANCE

The Adoption Budget reflects all compliance with external standards, including but not limited to, GASB, other post-employment benefits (OPEB), the Education Code, Title 5 regulations, Full Time Faculty Obligation Number (FON), the 50% law, EPA funding, etc.

RECOMMENDATION

The Adoption Budget, as presented, was reviewed by the District's participatory governance council (DCAS) at its August 17, 2017 meeting, and by the Administrative Services Committee of the Board at its August 21, 2017 meeting, and is recommended for approval by the Board.

Assumptions

[[]a] FY17 average replacement cost.

[[]b] Third year of a four year phase in period related to a change in the productivity factor used in the Class Schedule Delivery Allocation.

[[]c] Similar to the colleges, the District Office (DAC) is allowed up to a 2% carryover. For FY18, the DAC carryover is estimated to be \$215,656 for a total adoption budget of \$11,008,953.
