Participatory Governance, Standing, Advisory and Ad-Hoc Committees at Oxnard College

Introduction
Participatory governance is intrinsic to Oxnard College fulfilling its Mission, namely,

“Oxnard College promotes high quality teaching and learning that meet the needs of a diverse student population. As a multicultural, comprehensive institution of higher learning, Oxnard College works to empower and inspire students to succeed in their personal and educational goals and aspirations.

“As a unique and accessible community resource, our mission is to provide and promote student learning:

- Transfer, occupational, and general education, second language acquisition, and basic skills development;
- Student services and programs;
- Educational partnerships and economic development; and
- Opportunities for lifelong learning.

“Oxnard College intends to lead its community to fulfill its highest potential.”

Participatory governance is not limited to top level managers and staff. Embedded in the principle of participatory governance is the importance of all students, staff, faculty and administrators, and the value their contributions have to Oxnard College.

To that end participatory governance is not limited to constituent and/or division/departments’ involvement on committees, but must be part of daily life for all members of each constituency and/or division/department, as we listen to one another and learn from the expertise each brings to the fulfillment of Oxnard College’s Mission as a community college. We further commit to utilizing our human resources to facilitate creativity and development to the benefit of our institution and our students.

Respect and access are critical parts of making this concept work. Participatory governance must be part of all our interactions, and we must make interaction habitual in decision making. Critical to participatory governance is the access all employees are obligated to give to one another, whether student, staff, faculty or administrator.
Participatory Governance, Standing, Advisory and Ad-Hoc Committees at Oxnard College

Definition
Participatory governance is the commitment to (1) ensuring that all college constituencies and/or division/departments have the right to participate effectively in district and college governance, and (2) ensuring that the academic senate assumes “primary responsibility for making recommendations in the areas of curriculum and academic standards” (Education Code 70902[b][7]).

Participatory governance making may be accomplished through either relying primarily on the advice of the academic senate and other constituencies or through collegial consultation which results in a written, mutual agreement (Title 5, California Code of Regulations). The Board of Trustees of the Ventura County Community College District has adopted the collegial consultation model (Board policy adopted 4/2/91).

Philosophy
Oxnard College embraces the principles of participatory governance embodied in AB1725 and Title 5. As a reflection of that commitment, we strive to include all campus constituencies and/or division/departments – students, classified staff, faculty and administration – in the consultation and decision making discourses.

While the Board of Trustees of the Ventura County Community College District has adopted a policy regarding participatory governance for the district, this internal Oxnard College policy seeks to extend that policy to the college level.

Appointment and Role of Committee Members
Committee members shall be appointed by their representative constituency, specifically, the President shall appoint managers to committees, the Academic Senate shall appoint faculty to committees, the SEIU (per §4.11) in consultation with the Classified Senate shall appoint classified member to committees, and the Associated Student Government shall appoint student members to committees. The role of committees is to represent their respective constituency groups as noted in the sections below and provide input and feedback to their constituency groups on the activities of the Planning and Budgeting Committee.

Role of Administration in Participatory Governance
The Oxnard College administration consults with and welcomes the advice and judgment of faculty, staff and students on college issues. The president and administration of Oxnard College commit to consulting with the academic senate on college-related “academic and professional matters” as defined in both Board policy and Title 5, Sec. 53200(d)(2).

The Oxnard College administration commits to (1) listen to advice in a nonjudgmental manner, (2) consider and be open to all ideas presented, and (3) strive for mutual agreement represented by written resolution, regulation or policy of the governing board. In instances when mutual agreement is not reached, and/or academic senate recommendations are not accepted, the administration agrees to explain in writing its perceptions regarding the lack of agreement and the rationale for the action taken [as directed by both Board policy and Title 5, (Sections 53200-53204)].

Role of Faculty in Participatory Governance
The Board of Trustees of the Ventura County Community College District has committed to collegial consultation and written mutual agreements with the academic senates in the areas of academic and professional responsibility. That participatory governance refers to (but is not limited to) the eleven areas of academic and professional responsibility specified in Title 5 (Sections 53200-53204). Those eleven areas are:

1) Curriculum  
2) Degree and certificate requirements  
3) Grading policies  
4) Educational program development  
5) Student preparation and success  
6) District and college governance structures as related to faculty roles  
7) Faculty roles and involvement in the accreditation process  
8) Policies for faculty professional development activities  
9) Processes for program review  
10) Processes for institutional planning and budget development  
11) Other academic and professional matters as mutually agreed upon between the governing board and academic senate

As an extension of the district policy, Oxnard College also commits to collegial consultation on the above issues. The academic senate and senior administration strive to reach mutual agreement on issues that arise in any and all of the eleven areas, and those mutual agreements (or reasons for the lack thereof) are in writing. In keeping with Board policy and Title 5, Oxnard College recognizes that the advice and judgment of the academic senate will normally be accepted in matters related to these eleven areas and that, when the advice and judgment of the academic senate is not followed, the senate may request and shall receive an explanation in writing.

Role of Classified Staff in Participatory Governance
In the case of the classified staff, Title 5, Section 51023.5 specifically requires that the District’s Board of Trustees “adopt policies and procedures that provide district and college staff the opportunity to participate effectively in district and college governance.” In accordance with law and district policy, Oxnard College promotes, supports and encourages classified staff participation in campus and district committees, and provides classified staff with opportunities to participate in formulation and development of policies of procedures. To that end, Oxnard College consults collegially with selected representatives of classified staff. Consultation includes all areas “which will have a significant effect on staff,” but which exist outside the collective bargaining arena. This includes, but is not limited to, areas that affect staff environment and morale. As specified in collective bargaining contracts between the district and classified staff, the college actively endorses classified membership on contractually mandated committees.

Role of Students in Participatory Governance
Oxnard College is also committed to ensuring a role for students in the governance process, in accordance with AB1725, Title 5, (Section 51203.7), and the policy of the Board of Trustees of the Ventura County Community College District (Section F.01). Board policy states:

“The District believes that the recognition of students as full members of the learning community requires their participation in the formulation of district and college policies that have, or will have, a 'significant effect on students.'”

“The District further believes that the inclusion of students in governance ensures representation of the student constituency, as well as the development and implementation of effective student policy.”

“The District recognizes the Student Body Association on each campus as the official representative body of the students.”

“The District believes that each Student Body Association has the right to representatives on each district-wide committee, and that the representatives will be selected by their respective Student Body Association.”

“The District commits to the development of procedures and standards for student participation in each college and district-wide committee in a timely manner and with the full involvement of students.”

As an extension of the district policy to the campus, Oxnard College recognizes the Associated Student Government (ASG) as the representative body for students, and seeks the advice and consultation of ASG designees in all matters affecting students.

Participatory Governance Committee Structure
The participatory governance process developed at Oxnard College is based on an overlapping of a division/department model structure with representative bodies (e.g., the Academic Senate, the Classified Senate, and the ASG). Division/department representatives are the chief means by which to facilitate communication flow. Participatory governance committees include representative membership from the Academic Senate, the Classified Senate, and the ASG, as well as management, departments/division, and union representatives. All five of the participatory governance committees also represent all constituency groups. Of the six participatory governance committees PEPC forwards information as appropriate to the Planning and Budgeting Council (which is the main recommending body). Planning and Budgeting Council recommends to the College President. In addition, at the beginning of each academic year, committees will determine their rules of operation, including setting quorums and membership lists, for example.

Standing Committee Structure
Advisory Committees are not part of the “participatory governance” rules as specified by Title 5 but provide recommendations on topics/issue related to the purpose of the committee.
Participatory Governance, Standing, Advisory and Ad-Hoc Committees at Oxnard College

Committees shall submit recommendations to the appropriate manager for consideration to implement, change and improve activities related to their charge. Depending on the nature of the recommendation, the President may be involved as deemed necessary.

Advisory Committee Structure
Advisory Committees provide recommendations to Career and Technical Education programs on curriculum matters, needs for programs, changing skills requirements, etc.

Ad-Hoc Committee Structure
Ad-Hoc Committees are formed as needed to address single events or topics where specific activities need to be completed. Membership is on a voluntary basis and fluid as required by the activity.

Review Process
Major formative reviews of this document and processes at Oxnard College will be conducted by the President in concert with the faculty and classified senate every three years. However, self-appraisal by participatory governance and standing committees shall be conducted annually.

Brown Act
Participatory governance committees are subject to the Brown Act requiring posted agendas 72 hours prior to each meeting as well as other parameters affecting the conduct of meetings. (See Appendix C)

Visitors are welcome to all committees on campus.

APPENDIX A

Education Code of the State of California and Title 5 of the California Code of Regulations
Participatory Governance, Standing, Advisory and Ad-Hoc Committees at Oxnard College

The respective roles in governance by students, staff, and faculty are specified in the Education Code of the State of California and in Title 5 of the California Code of Regulations. The Education Code of the State of California, Sec. 70902, makes those roles a matter of legal obligation.

70902. (b) In furtherance of the provisions of subdivision (a), the governing board of each community college district shall do all of the following:

[Note: Items 1-6 not applicable and omitted here]
7) Establish procedures not inconsistent with minimum standards established by the board of governors to ensure faculty, staff, and students the opportunity to express their opinions at the campus level and to ensure that these opinions are given every reasonable consideration, and the right to participate effectively in district and college governance, and the right of academic senates to assume primary responsibility for making recommendations in the areas of curriculum and academic standards.

Title 5, Sec. 53200-204, delineates areas in which governing boards and their designees are required to reach either mutual agreement with or rely primarily upon the advice and judgment of the academic senate:

53200. Definitions.
For the purpose of this Subchapter:
(a) “Faculty” means those employees of a community college district who are employed in positions that are not designated as supervisory or management for the purposes of Article 5 (commencing with Section 3540) of Chapter 10.7 of Division 4 of Title 1 of the Government Code, and for which minimum qualifications for hire are specified by the Board of Governors.

(b) “Academic senate,” “faculty council,” and “faculty senate” means an organization formed in accordance with the provisions of this Subchapter whose primary function, as the representative of the faculty, is to make recommendations to the administration of a college and to the governing board of a district with respect to academic and professional matters. For purposes of this Subchapter, reference to the term “academic senate” also constitutes reference to “faculty council” or “faculty senate.”

(c) “Academic and professional matters” means the following policy development and implementation matters:

1) curriculum, including establishing prerequisites and placing courses within disciplines;
2) degree and certificate requirements;
3) grading policies;
4) educational program development;
5) standards or policies regarding student preparation and success;
6) district and college governance structures, as related to faculty roles;
7) faculty roles and involvement in accreditation processes, including self-study and annual reports;

Participatory Governance, Standing, Advisory and Ad-Hoc Committees at Oxnard College

(8) policies for faculty professional development activities;
(9) processes for program review;
(10) processes for institutional planning and budget development; and
(11) other academic and professional matters as are mutually agreed upon between the governing board and the academic senate.

(d) “Consult collegially” means that the district governing board shall develop policies on academic and professional matters through either or both of the following methods, according to its own discretion:

(1) relying primarily upon the advice and judgment of the academic senate; or
(2) agreeing that the district governing board, or such representatives as it may designate, and the representatives of the academic senate shall have the obligation to reach mutual agreement by written resolution, regulation, or policy of the governing board effectuating such recommendations.

53201. Academic Senate or Faculty Council.
In order that the faculty may have a formal and effective procedure for participating in the formation and implementation of district policies on academic and professional matters, an academic senate may be established at the college and/or district level.

53202. Formation; Procedures; Membership.
The following procedure shall be used to establish an academic senate:

(a) The full-time faculty of a community college shall vote by secret ballot to form an academic senate.
(b) In multi-college districts, the full-time faculty of the district colleges may vote on whether or not to form a district academic senate. Such vote shall be by secret ballot.
(c) The governing board of a district shall recognize the academic senate and authorize the faculty to:
   (1) Fix and amend by vote of the full-time faculty the composition, structure, and procedures of the academic senate.

(a) The governing board of a community college district shall adopt policies for appropriate delegation of authority and responsibility to its college and/or district academic senate. Among other matters, said policies, at a minimum, shall provide that the governing board or its designees will consult collegially with the academic senate when adopting policies and procedures on academic and professional matters. (d) The governing board of a district shall adopt procedures for responding to recommendations of the academic senate that incorporate the following:

1. In instances where the governing board elects to rely primarily upon the advice and judgment of the academic senate, the recommendations of the senate will normally be accepted, and only in exceptional circumstances and for compelling reasons will the recommendations not be accepted. If a recommendation is not accepted, the governing board or its designee, upon request of the academic senate, shall promptly communicate its reasons in writing to the academic senate.

2. In instances where the governing board elects to provide for mutual agreement with the academic senate, and agreement has not been reached, existing policy shall remain in effect unless continuing with such policy exposes the district to legal liability or causes substantial fiscal hardship. In cases where there is no existing policy, or in cases where the exposure to legal liability or substantial fiscal hardship requires existing policy to be changed, the governing board may act, after a good faith effort to reach agreement, only for compelling legal, fiscal, or organizational reasons.

(e) An academic senate may assume such responsibilities and perform such functions as may be delegated to it by the governing board of the district pursuant to Subsection (a).

(f) The appointment of faculty members to serve on college or district committees, task forces, or other groups dealing with academic and professional matters, shall be made, after consultation with the chief executive officer or his or her designee, by the academic senate. Notwithstanding this Subsection, the collective bargaining representative may seek to appoint faculty members to committees, task forces, or other groups.

53204. Scope of Regulations.
Nothing in this Subchapter shall be construed to impinge upon the due process rights of faculty, or to detract from any negotiated agreements between collective bargaining representatives and district governing boards. It is the intent of the Board of Governors to respect agreements between academic senates and collective bargaining representatives as to how they will consult, collaborate, share, or delegate among themselves the responsibilities that are or may be delegated.

INTRODUCTION

This pamphlet concerns the provisions of the Ralph M. Brown Act, which govern open meetings for local government bodies. The Brown Act is contained in section 54950 et seq. of the Government Code. Accordingly, all statutory references in this pamphlet are to the Government Code unless otherwise noted. The pamphlet contains a table of contents, which may also serve as a topical outline for the reader. The pamphlet also includes a brief summary of the main provisions of the Brown Act, along with references to the appropriate Government Code sections and chapters of the text. The text includes a discussion of the law along with tips on how the law should be applied in particular situations. Numerous references are made to legal authorities throughout the text. A copy of the Brown Act in its entirety is set forth in the appendix to the pamphlet. Lastly, the pamphlet contains a table of authorities so that the reader can determine all of the places in the text where references are made to a particular authority.

In preparing this pamphlet, we relied on a variety of legal resources. Appellate court cases were consulted and are cited throughout the pamphlet. While most of the more significant cases are discussed, this pamphlet is not intended to be a compendium of all court cases in this area. In addition, we drew upon published opinions and unpublished letter opinions issued by this office. Attorney General opinions, unlike appellate court decisions, are advisory only and do not constitute the law of the state. However, with respect to the Brown Act, the courts have frequently adopted the analysis of Attorney General opinions, and have commented favorably on the service afforded by those opinions and this pamphlet. *(Bell v. Vista Unified School Dist. (2000) 82 Cal.App.4th 672; Freedom Newspapers v. Orange County Employees Retirement System (1993) 6 Cal. 4th 821, 829.)*

Published opinions are cited by volume and page number (e.g., 32 Ops.Cal.Atty.Gen. 240 (1958)). Unpublished letter opinions are cited as indexed letters by year and page number (e.g., Cal.Atty.Gen., Indexed Letter, No. IL 76-201 (October 20, 1976).) Published opinions are available through law libraries and some attorneys’ offices. As a general rule, indexed letters are available only in the Office of the Attorney General. Copies may be obtained by a request to the Public Inquiry Unit of the Office of the Attorney General.

If you have specific questions or problems, the statutes, cases and opinions should be consulted. You also may wish to refer the matter to the attorney for the agency in question, a private attorney or the district attorney.

The pamphlet is current through January 2003 with respect to statutes, case law, and Attorney General opinions.

SUMMARY OF KEY BROWN ACT PROVISIONS

COVERAGE

PREAMBLE:
Public commissions, boards, councils and other legislative bodies of local government agencies exist to aid in the conduct of the people’s business. The people do not yield their sovereignty to the bodies that serve them. The people insist on remaining informed to retain control over the legislative bodies they have created.

GOVERNING BODIES:
Includes city councils, boards of supervisors, and district boards. Also covered are other legislative bodies of local government agencies created by state or federal law.

SUBSIDIARY BODIES:
Includes boards or commissions of a local government agency as well as standing committees of a legislative body. A standing committee has continuing subject matter jurisdiction or a meeting schedule set by its parent body. Less-than-a-quorum advisory committees, other than standing committees, are exempt.

PRIVATE OR NONPROFIT CORPORATIONS OR ENTITIES:
Covered only if:

a. A legislative body delegates some of its functions to a private corporation or entity; or

b. If a legislative body provides some funding to a private corporation or entity and appoints one of its members to serve as a voting member of entity’s board of directors.
MEETING DEFINED

INCLUDES:

Any gathering of a quorum of a legislative body to discuss or transact business under the body’s jurisdiction; serial meetings are prohibited.

EXEMPTS:

(1) Individual contacts between board members and others which do not constitute serial meetings;

(2) Attendance at conferences and other gatherings which are open to public so long as members of legislative bodies do not discuss among themselves business of a specific nature under the body’s jurisdiction;

(3) Attendance at social or ceremonial events where no business of the body is discussed.

LOCATIONS OF MEETINGS:

A body must conduct its meetings within the boundaries of its jurisdiction unless it qualifies for a specific exemption.

TELECONFERENCE MEETINGS:

Teleconference meetings may be held under carefully defined conditions. The meeting notice must specifically identify all teleconference locations, and each such location must be fully accessible to members of the public.

PUBLIC RIGHTS

PUBLIC TESTIMONY:

Public may comment on agenda items before or during consideration by legislative body. Time must be set aside for public to comment on any other matters under the body’s jurisdiction.
NON-DISCRIMINATORY FACILITIES:
Meetings may not be conducted in a facility that excludes persons on the basis of their race, religion, color, national origin, ancestry, or sex, or that is inaccessible to disabled persons, or where members of the public may not be present without making a payment or purchase.

COPY OF RECORDING:
Public may obtain a copy, at cost, of an existing tape recording made by the legislative body of its public sessions, and to listen to or view the body’s original tape on a tape recorder or viewing device provided by the agency.

PUBLIC VOTE:
All votes, except for those cast in permissible closed session, must be cast in public. No secret ballots, whether preliminary or final, are permitted.

CLOSED MEETING ACTIONS/DOCUMENTS:
At an open session following a closed session, the body must report on final action taken in closed session under specified circumstances. Where final action is taken with respect to contracts, settlement agreements and other specified records, the public may receive copies of such records upon request.

TAPING OR BROADCASTING:
Meetings may be broadcast, audio-recorded or video-recorded so long as the activity does not constitute a disruption of the proceeding.

CONDITIONS TO ATTENDANCE:
Public may not be asked to register or identify themselves or to pay fees in order to attend public meetings.

PUBLIC RECORDS:
Materials provided to a majority of a body which are not exempt from disclosure under the Public Records Act must be provided, upon request, to members of the public without delay.
REQUIRED NOTICES AND AGENDAS

REGULAR MEETINGS:
Agenda containing brief general description (approximately twenty words in length) of each matter to be considered or discussed must be posted at least 72 hours prior to meeting.

SPECIAL MEETINGS:
Twenty-four hour notice must be provided to members of legislative body and media outlets including brief general description of matters to be considered or discussed.

EMERGENCY MEETINGS:
One hour notice in case of work stoppage or crippling activity, except in the case of a dire emergency.

CLOSED SESSION AGENDAS:
All items to be considered in closed session must be described in the notice or agenda for the meeting. A model format for closed-session agendas appears in section 54954.5. Prior to each closed session, the body must orally announce the subject matter of the closed session. If final action is taken in closed session, the body generally must report the action at the conclusion of the closed session.

AGENDA EXCEPTION:
Special procedures permit a body to proceed without an agenda in the case of emergency circumstances, or where a need for immediate action came to the attention of the body after posting of the agenda.
CLOSED-SESSION MEETINGS

PERSONNEL EXEMPTION:
The body may conduct a closed session to consider appointment, employment, evaluation of performance, discipline or dismissal of an employee. With respect to complaints or charges against an employee brought by another person or another employee, the employee must be notified, at least 24 hours in advance, of his or her right to have the hearing conducted in public.

PUBLIC SECURITY:
A body may meet with law enforcement or security personnel concerning the security of public buildings and services.

PENDING LITIGATION:
A body may meet in closed session to receive advice from its legal counsel concerning existing litigation, initiating litigation, or situations involving a significant exposure to litigation. The circumstances which constitute significant exposure to litigation are expressly defined in section 54956.9(b)(3).

LABOR NEGOTIATIONS:
A body may meet in closed session with its negotiator to consider labor negotiations with represented and unrepresented employees. Issues related to budgets and available funds may be considered in closed session, although final decisions concerning salaries of unrepresented employees must be made in public.

REAL PROPERTY NEGOTIATIONS:
A body may meet in closed session with its negotiator to consider price and terms of payment in connection with the purchase, sale, exchange or lease of real property.
REMEDIES AND SANCTIONS

CIVIL REMEDIES:
Individuals or the district attorney may file civil lawsuits for injunctive, mandatory or declaratory relief, or to void action taken in violation of the Act.

Attorneys’ fees are available to prevailing plaintiffs.

54960; 54960.1
Ch. VII

CRIMINAL SANCTIONS:
