SERVINGNESS IN ACTION: FROM CLASSROOM TO COMMUNITY

ABOUT THIS CONFERENCE:

Servingness in Action: From Classroom to Community, brings faculty and teachers through the Community Schools Framework to explore Servingness as a shared ongoing practice. Grounded in educational equity, our event will center the cultural wealth and lived experiences of our community's students and families as one of many opportunities to strengthen partnerships. Attendees will engage in interactive workshops as we examine Servingness as a vehicle for belonging, elevating community expertise, and advancing justice-oriented practices across K-12 and higher education.
