

BUSINESS MANAGEMENT

Associate In Science Degree Certificate of Achievement

This program will prepare students to compete for management positions within an organization. These positions would include responsibilities for formulating and implementing policies, employee relations, long-range planning, and overseeing the work of other levels within the organization. Through coursework with an interdisciplinary focus, students will explore market trends and topics in workplace diversity, leadership, time management and social skills. Program-wide emphasis is placed on the importance of teamwork, strength leadership and global mindsets. Students will partner with prospective peers to complete presentations on subjects such as consumer behavior, globalization, human capital and organizational culture.
