

GEOGRAPHY

ASSOCIATE IN ARTS FOR TRANSFER

Geography is an integrative discipline that brings together the physical and human dimensions of the world in the study of people, places and environment. As a spatial study, its subject matter is Earth's surface and the processes that shape it, the relationships between people and environments, and the connections between people and places. That knowledge, in turn, provides a basis for humans to cooperate in the best interests of our planet. Geography provides students with skills for the workplace and skills for civic decision-making. Events around the world affect jobs and business at home. By learning geography, thoroughly, students come to understand the connections and relationships among themselves and people, places, and environments across the world. Geography is concerned with understanding the spatial dimension of human experience (space and place). *For more information, contact: Jim Danza (805) 678-5209 jdanza@vcccd.edu*

REQUIRED CORE CLASSES		UNITS
GEOG R101	Elements of Physical Geography	3.0
GEOG R101L	Physical Geography Lab <i>Prerequisites: GEOG R101 or concurrent enrollment</i>	1.0
GEOG R102	World Regional Geography	3.0
-OR-		
GEOG R105	Introduction to Human Geography	3.0

List A

Select 6 units from the following:

GEOG R103	Introduction to Weather and Climate	3.0
GEOG R104	Geography of California	3.0
GEOG R106	Geographic Information Systems and Techniques (GIS R106)	3.0

List B

Select 6 units from the following:

ANTH R102/H	Introduction to Cultural Anthropology	3.0
GEOL R101	Physical Geology	3.0

Total Required Major Units	19.0
CSU General Education <i>or</i> IGETC Pattern	37-39
Double-Counted Units	-(9-12)
Electives (CSU transferable units needed to reach 60)	11-16
Total Units required for the AA-T Degree	60.0
