May be used for General Education Certification for the University of California and/or the California State University but may not be appropriate for some majors or colleges within universities. Consult assist.org and the Oxnard College catalog for IGETC considerations and credit limitations. All courses on IGETC must be completed with a grade of "C" or better (or score of 3 or better on AP tests). Grades of "C-" are not acceptable. Students wishing to use a course to meet an IGETC requirement must be sure that the course is on the IGETC list during the academic year when it is taken. **When substituting a course from another California Community College, check assist.org to verify the course was approved to meet IGETC in that area at the college where the course was taken, in the year it was taken.** IGETC Certification* must be requested prior to transferring.

CSU GRADUATION REQUIREMENT IN U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS:

6 units. Not part of IGETC; may be completed prior to transfer. One course from Group 1 and one course from Group 2. May also be used in Area 4 at the discretion of the CSU campus.

Group 1	CHST R107 History of Mexicans in the United States (3)	HIST R130 History of the United States I (3)	Group 1				
	HIST R107 History of Mexicans in the United States (3)	HIST R130H Honors: History of the United States I (3)					
	HIST R108 African-American History (3)	HIST R140 History of the United States II (3)					
	HIST R117 History of American Women (3)	HIST R140H Honors: History of the United States II (3)					
Group 2	POLS R100 Intro. to Politics (3)		Group 2				
	POLS R101 Government of the United States I: Institutions & Politics (3)						
	POLS R102 Intro. to Law & Society (3)						

Minimum Grade Requirement

A minimum "C" grade is required in each college course for IGETC. A "C" is defined as a minimum of 2.0 grade points on a 4.0 scale. A "C-" grade valued at less than 2.0 grade points on a 4.0 scale cannot be used for IGETC certification. **Exception:** For the UC Language other than English (LOTE) requirement, Area 6A, the UC does not count the "minus" or "plus" grades for high school coursework, only the whole grade is used. In other words, a "C-" grade is counted as a "C."

Minimum Units Value of Courses

A course must have a minimum unit value of 3 semester or 4 quarter units to meet the requirements of IGETC. It is not acceptable to take three 1-unit courses to fulfill a 3-unit requirement because of the lack of depth or rigor. Exception: 3-quarter unit Math or English courses that satisfy IGETC Area/s 1A or 2 maybe be applied IF they are part of a sequence, and at least two of the 3-quarter unit sequence courses have each been completed with a "C" grade or higher. The course sequence must meet the rigor of the IGETC Standards.

Certificate of Achievement

Students completing IGETC Certification may also apply for a Certificate of Achievement.

Certification of IGETC

It is the student's responsibility to request IGETC Certification in the Counseling Office. Students who have completed coursework at more than one CCC should have their coursework certified by the last CCC they attended for a regular term (fall or spring for semester schools; fall, winter, or spring for quarter schools) prior to transfer. If a student requests certification from a CCC that is not the last school of attendance, it is at the discretion of that CCC to certify. IGETC certification will be processed without regard to current enrollment status or number of units accrued at a particular CCC.

Partial IGETC Certification

CCC may grant partial certification of IGETC to students prior to transfer, who are missing no more than two courses. Students should verify that their UC school/college/major program will accept the partial certification. After transfer, students submitting partial IGETC certification should complete the missing requirements at either UC or a California community college as designated by their department. Students who have been granted partial IGETC certification should not return to the CCC for a full certification. Students missing courses in Areas 1 and/or 2 may not meet minimum transfer admission requirements.

Students Who Are Eligible to Use the IGETC

A student may be IGETC certified if they have completed coursework at a CCC(s) without regard to current enrollment status or number of units accrued. Students who enroll at a UC or CSU campus, then leave and attend a CCC, and subsequently return to a different UC or CSU campus may use the IGETC.

Students Who Are NOT Eligible to Use the IGETC

Students who initially enroll at a UC campus, then leave and attend a CCC, and subsequently return to the same UC campus are considered "readmits" by the UC. Such students cannot use the IGETC. CSU does not have a system-wide policy that addresses this issue. Questions regarding the use of IGETC for a student who has recently been enrolled at a CSU should be directed to the specific campus the student wishes to attend.

Double-counting

Courses listed in more than one area shall not be certified in more than one area, except combined lecture/lab science courses or courses used to meet AREA 6-LOTE. Duplicate credit will not be awarded for both the honors and regular versions of a course. Credit will be awarded only for the first course completed with a grade of "C" or better.

Coursework from another California Community College

Coursework completed at another CCC should be applied to the subject area in which it is listed by the institution where the coursework was completed. In addition, the course must have been IGETC approved in the area it was taken at the time it was taken. Approval dates can be verified by consulting the website assist.org. Courses with an approval date of Fall 1991 may be applied to the IGETC if completed prior to Fall 1991. Courses approved after Fall 1991 may only be applied if completed on or after the approval date.

Coursework from Community Colleges outside of California

Appropriate non-California Community College general education courses in the humanities, mathematics, social sciences, and natural sciences that are completed at United States regionally accredited institutions should be routinely included in IGETC. However, care should be taken to carefully scrutinize course outlines for content, prerequisites, texts, units, and IGETC area Standards (see section 10.0 in IGETC Standards). Particular care should be taken when evaluating non-CCC courses to fulfill IGETC area 1B, Critical Thinking and Composition. Few non-CCC second semester English Composition courses offer a course in Critical Thinking/English Composition.

International Coursework: May only be applied to IGETC if the institution has United States regional accreditation. All other Intl. coursework cannot be applied with the exception of Area 6 (LOTE)

*Courses on this list change from year to year. To fulfill an area above, a course must be approved in that area during the semester the course is taken. Always check on the IGETC list on ASSIST.org for Oxnard College before registering for a course.
