

## RESTAURANT MANAGEMENT

### Associate In Science Degree Certificate of Achievement

The hospitality industry (hotel/travel/tourism/restaurant) continues to be one of the fastest growing in the state. The World Travel and Tourism Council projects that the industry will grow at a level of 4.0% per year over the next ten years, creating an opportunity for every country in the world to be a part of this process and to share the benefits. The National Restaurant Association predicts that nearly half of consumers' food budget will be spent in restaurants. There is an immense need for knowledgeable managers who can master today's and tomorrow's technology, to include emphasis on "green," and meet the across-the-board need being driven by major hotel and restaurant chains as well as privately owned hotels, clubs, and restaurants. This program prepares students to obtain employment in the restaurant management field as food service unit managers, multi-unit managers, corporate executives, or corporate trainers. Career Opportunities for trained personnel are almost limitless. *For more information contact: Adam Hart (805) 678-5267 [ahart@vcccd.edu](mailto:ahart@vcccd.edu)*
