

Education/Elementary School Teacher: What Math Class Should I Take?

Informed Guided Placement:

The major factors that go into determining which math class at OC is right for you include your high school grades and coursework, as well as your future academic goals. Additional ways to place into a math class involve scores from standardized tests or transfer credit of math courses completed at other colleges. The chart on the back of this paper lays out the California State Chancellor's Office recommended placement options for students majoring in education or elementary school teacher.

The information provided does not replace advisement from an Oxnard College counselor

There are FOUR factors that can be considered for placement:

- 1) State recommended placement as listed below
- 2) Placement using high school coursework and grades:

Oxnard College Math Placement based on High School coursework	Oxnard College Math Course
Passed High School Integrated Math 3/Algebra II or higher with C or better	R102
For students who are General Education, Liberal Arts, or Elementary Teacher Education majors and prefer to start in Beginning/Intermediate Algebra	Math R005 Course is AA applicable
For students who dropped out of school before 10th grade, experienced learning difficulties, were in Special Education classes in high school, or struggle with math anxiety	Please contact OC Counseling (805) 678-5816 or Educational Assistance Center (805) 678-5830

- 3) Results on standardized tests such as CASP, EAP, SAT, ACT, or AP
- 4) Counselor recommendation based on OC Multiple Measures Assessment

Oxnard College Courses:
Math R005 Beginning & Intermediate Algebra for Statistics and Liberal Arts
Math R102 Mathematics for Elementary School Teachers

Advance Placement Exams

- AP Exam for **Calculus BC** with a score of 3 or better is equivalent Math R121
- AP Exam for **Calculus AB** with a score of 3 or better is equivalent Math R120
- AP Exam for **Statistics** with a score of 3 or better is equivalent Math R105

Students need to bring official transcripts to Registrar's Office and see an OC Counselor for more information.

*****IF YOU HAVE ANY QUESTIONS ABOUT PLACEMENT, OR ARE UNSURE OF YOUR ACADEMIC GOALS, SEE A COUNSELOR**

Elementary School Teacher State Math Placement Recommendation for Fall 2019

These options are for students planning to transfer as an Education or Elementary School Teacher major.

Option 1

Recommended for students who have a **cumulative HSGPA of 3.0 or higher** AND have graduated high school within the last 10 years.

OR

Counselor Recommendation based on Oxnard College Multiple Measure Assessment,

Semester 1

Math R102
Mathematics for Elementary School Teachers
4 units
****AA Applicable/Transferrable**

For students with a **cumulative HSGPA lower than 3.0** AND have graduated high school within the last 10 years

----- OR -----

For students who have been **out of school for more than 10 years**

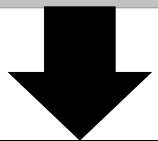

Please see a counselor to discuss which option would best fit your educational plan.

Option 2

This is for any student who **prefers** to start at an Elementary/Intermediate Algebra math level. This option is a two semester approach to the math requirement for transfer.

OR

Counselor recommendation based on Oxnard College Multiple Measure Assessment

Semester 1

Math R005
Beginning & Intermediate Algebra for Statistics and Liberal Arts
6 units
****AA Applicable**

Semester 2

Math R102
Mathematics for Elementary School Teachers
4 units
****AA Applicable/Transferrable**

For students who dropped out of school before 10th grade, experience learning difficulties, were in Special Education classes in high school, or struggle with math anxiety, we strongly advise that you contact an OC Counselor at (805)678-5816 Or the Educational Assistance Center (EAC) at (805)678-5830.
