President’s Welcome

As the president of Oxnard College, it gives me great pleasure to welcome you to the 1991-92 school year.

Oxnard College exists to provide high quality educational experiences for students. Our aspiration is to be known and admired throughout California and beyond its borders for excellence in teaching and learning and for our unusual dedication for the development of students.

This catalog is designed to assist you in making the most beneficial use of our college’s educational resources. Become familiar with the catalog and seek additional information from counselors, faculty, staff, and administrators.

We are here to aid you in the pursuit of your educational goals and to facilitate your personal growth.

Thank you for selecting Oxnard College for your educational experience.

Dr. Elise D. Schneider
President

Bienvenida de la Presidente

El Colegio de Oxnard existe para proveer experiencias educativas de alta calidad a todos los estudiantes. Nuestros más grandes deseos son los de ser conocidos y admirados por todo California y más allá de sus fronteras por la excelencia de nuestros programas educativos y por nuestra dedicación al desarrollo educacional de los estudiantes.

Este objetivo es uno de muchísimo valor y accesible a las necesidades de los estudiantes, quienes son de suma importancia para el profesorado, empleados y la administración del Colegio de Oxnard.

Este catálogo está diseñado para asistir al estudiante en el mejor uso de todos los recursos educacionales disponibles, familiarizarse con el catalogo, buscar información adicional y asesoría de los consejeros, profesorado, empleados y administración.

Todos en el Colegio de Oxnard, estamos aquí para ayudarles a lograr su objetivo educacional y su desarrollo personal.

Gracias por seleccionar el Colegio de Oxnard para su educación.

Dr. Elise D. Schneider
Presidente
Academic Calendar

Fall Semester 1991
August 26-December 20, 1991

Now-August 8 .... Mail Registration
August 13 ........ Add/Drop for Pre-Registered Students Only—1-7 p.m.
August 14-23 .... Fall Semester Registration—First come, First served
basis, 1-7 p.m. Monday-Thursday, 9 a.m.-1 p.m. Friday
August 17 ........ Saturday Registration 9 a.m.-2 p.m.
August 26 ........ First Day of Instruction
August 26-30 .... Late Registration
September 2 .... Legal Holiday—Labor Day
September 3-9 .... Program Adjustment
September 9 .... Last Day to File for Refunds (A $10 administrative filing
fee will be charged)
September 20 .... Last Day to Drop Full Semester Class Without a “W”
September 27 .... Last Day to File Credit/No Credit Requests
October 22 .... Dedicated Flex Day—No Classes
November 1 .... Deadline for Fall Graduation Applications
November 11 .... Legal Holiday—Veteran’s Day
November 27 .... Last Day to Drop Full Semester Classes (Student will
receive a letter grade after this date)
November 28-29 .... Legal Holiday—Thanksgiving
December 16-20 .... Final Examinations
December 20 .... End of Fall Semester

Spring Semester 1992
January 13-May 22, 1992

January 2 ........ Program Adjustment for All Pre-Registered Students

May 21 .... Graduation
May 22 .... End of Spring Semester

Summer Session 1992
Consult the Summer Session Class Schedule for beginning/ending dates of specific
classes. Deadline dates for Summer classes will also be found in the Class Schedule.
General Information

Nature of the College
Oxnard College is a locally-controlled, public comprehensive two-year college, part of the California state system of higher education. As such, and in keeping with the policies of both the Ventura County Community College District Board of Trustees and the State Legislature, the college exists to serve members of the community who are high school graduates or who are over the age of 18 and capable of profiting from instruction.

Philosophy of the College

Wise I may not call them; for that is a great name that belongs to God alone—lovers of wisdom or philosophers is their modest and befitting title.

—Socrates

Oxnard College is dedicated to the philosophy of providing education that will fill the many needs of the post-high school population of the Ventura County Community College District. We recognize that the process of education is unending and that the search for better education and better instruction is continuous.

Oxnard College has many functions: transfer; occupational, general, developmental education; counseling and guidance; community services; and cocurricular activities, among others.

Cultural and aesthetic activities are also relevant in today's society and are to be fostered. The college strives to provide open-access to educational opportunities so that every adult, regardless of age, sex, race, handicap, or ethnic, socioeconomic, cultural, or educational background shall have the opportunity for appropriate education to fulfill his or her potential.

Oxnard College intends to look to the past to understand the present in order to produce a more successful future. It strives to be innovative and responsive to the educational needs and demands of society. Oxnard College is responsive not only to community needs but also to the needs of our larger society.

Specific Objectives

Consistent with the philosophy of providing educational opportunities, access to information, and the development of competencies, Oxnard College offers the following educational programs designed to meet the needs of those who choose to enroll.

General Education
Recognizing that people are more than mere units of production, and that students must learn to live as well as earn a living, Oxnard College emphasizes the values of general education. To this end, then, it is essential that students develop a command of the written and spoken language; understand mathematics; have knowledge of the structure and function of the human body; develop an understanding of the history and political institutions of the United States; learn to appreciate beauty, form, and color; perceive their own roles and understand the society in which they live; and become familiar with the elements of the scientific method.

Preparation for Transfer
Oxnard College provides programs and courses that satisfy the lower division requirements at four-year colleges and universities in general education and in a wide variety of preprofessional fields. Special care is exercised to see that these courses and programs are parallel with those offered at senior colleges and universities and that they do, in fact, transfer with full credit. Articulation with senior colleges and universities is a joint responsibility of faculty and administration.

Occupational Education
Preparation for employment is an important and legitimate function of higher education. Oxnard College recognizes the changing nature of the industrial society and, therefore, is committed to specific preparation, as well as broad-gauge occupational training that prepares for tomorrow as well as today. Occupational programs are designed to provide entry-level skills, technical skills, technical knowledge that will permit employment mobility as changes occur, and general education that is the footing upon which specialized training is erected.

Developmental Programs
Oxnard College seeks to meet the needs of those who choose to enroll but who are not fully prepared for the demands of college-level instructional programs. Since the learning process takes place via the use of words and numbers, all students must develop command of the written and spoken language as well as a degree of mastery of mathematical processes. Those who lack these skills will not find equal opportunity in the college classroom. Those students are, therefore, offered a well-programmed chance to improve, including developmental reading, vocabulary building, oral communication, basic mathematics, and logic.

Counseling and Guidance
A program of counseling and guidance is provided so that all students may recognize their capabilities and limits, develop their educational goals, select wisely from offerings of the college, and lay a foundation for career interests.

Physical Development
Physical health and development is a vital part of education, for alertness of mind and soundness of body are fundamental requirements of the whole person. Programs in health and hygiene, as well as in home and family management, are offered in addition to a variety of courses in physical education. Students have the opportunity to participate in a number of intercollegiate sports activities.

Community Service
Service to the community is a significant function with all public two-year community colleges. An important part of the service is to provide programs and make facilities available for use by responsible organizations in the community.
Información General

Naturaleza del Colegio

El Colegio de Oxnard es una escuela pública de la comunidad. Es una escuela de dos años. Es autónoma. Forma parte del sistema estatal californiano de educación superior. Como tal, y para mantener tanto la política de la Mesa Directiva de los colegios de la comunidad del condado de Ventura como la de la legislatura estatal, el colegio existe para servir a los miembros de la comunidad quienes son graduados de la escuela secundaria o son mayores de 18 años de edad y capaces de aprovechar la instrucción.

Filosofía del Colegio

Sabios no los puedo llamar; porque ese es un gran nombre que solo le pertenece a Dios—amantes de la sabiduría o filósofos es su título modesto y propio.

—Sócrates

El Colegio de Oxnard sigue la filosofía de proveer una educación que satisfaga las necesidades de las personas mayores de 18 años del Distrito de los Colegios de la Comunidad del Condado de Ventura. Reconocemos que el proceso de educación no tiene fin y que la búsqueda para mejorar la educación y la instrucción es continua.

El Colegio de Oxnard tiene muchas funciones: la función de transferir; de preparar para las ocupaciones; de desarrollar; de guiar y de aconsejar; de servir a la comunidad; de actividades fuera de las clases.

Actividades culturales y estéticas son pertinentes en la sociedad de hoy y deben ser promovidas. El colegio se empeña en proveer oportunidades educativas para que cada adulto, sin importar la edad, el sexo, la raza, impedimento físico ni el fondo ético, socioeconómico, cultural, o educativo, tenga la oportunidad de una educación apropiada para lograr su potencial.

El Colegio de Oxnard intenta mirar hacia el pasado para entender el presente y también para producir un futuro próspero. Se empeña en ser innovador y en ser responsable de las demandas de la sociedad. El Colegio de Oxnard responde no solamente a las necesidades de la comunidad sino también a las necesidades de la sociedad en general.

Objetivos Específicos

Conforme con la filosofía de proveer oportunidades educativos, acceso a información, y el desarrollo de competencias, el Colegio de Oxnard ofrece los siguientes—programas educativos diseñados con el fin de satisfacer las necesidades de los que desean matricularse.

Educación General

Reconociendo que las personas son algo más que únicamente unidades de producción, y que los estudiantes deben aprender a vivir, tanto como ganarse la vida, el Colegio de Oxnard destaca los valores de la educación general. Para alcanzar este fin, entonces, es esencial que los estudiantes desarrollen un dominio del lenguaje hablado y escrito; entiendan las matemáticas; tengan conocimiento de la estructura y de la función del cuerpo humano; desarrollen un entendimiento de la historia y de las instituciones políticas de los Estados Unidos; aprendan a apreciar la belleza, la forma y el color; perciban su función propio y entienden la sociedad en que viven; y lleguen a familiarizarse con los elementos del método científico.

Preparación para Transferir

El Colegio de Oxnard provee programas y cursos que satisfacen los requisitos básicos de los colegios de cuatro años y de las universidades de educación general y también de una gran variedad de campos "pre-profesionales." Cuidado especial se ejercita para asegurar que estos cursos y estos programas sean paralelos con los ofrecidos en los colegios de cuatro años y en las universidades y además que estos cursos transfieran con crédito completo.

Educación Ocupacional

La preparación para un empleo es una función importante y legítima de la educación superior. El Colegio de Oxnard reconoce la naturaleza cambiante de la sociedad industrial y por eso, se compromete a la preparación específica, tanto como al entrenamiento ocupacional que prepara para el mañana tanto como para el presente. Los programas ocupacionales son diseñados para proveer las habilidades del nivel de entrada, las habilidades técnicas, y el conocimiento técnico que permitirá la mobiliidad de empleo mientras que ocurren los cambios, y la educación general que forma la base sobre la cual se puede erigir el entrenamiento especializado.

Programas de Desarrollo

El Colegio de Oxnard se esfuerza por satisfacer con las necesidades de los que desean inscribirse, pero no están completamente preparados para las demandas de programas educacionales al nivel de colegio. Puesto que el proceso de aprendizaje toma lugar por medio del uso de palabras y números, todos los estudiantes deben aprender el lenguaje escrito y hablado, así como algo sobre los procesos matemáticos. Los que carecen de estas habilidades no encontrarán una oportunidad en el salón de clase. Por consiguiente, a esos estudiantes se les ofrece la oportunidad de mejorarse, incluyendo la lectura, el mejoramiento del vocabulario, comunicación oral, matemáticas básicas, y lógica.

Dirección

Un programa de dirección se provee con el fin de que todos los estudiantes puedan reconocer sus capacidades y limites, desarrollen sus metas educativas, escojan inteligentemente de los cursos que ofrece el colegio, y tengan un fuerte cimiento para las diferentes carreras.

Desarrollo Físico

La salud física y el desarrollo físico forman una parte vital de la educación, porque la viveza mental y la vitalidad del cuerpo son requisitos fundamentales de la persona. Se ofrecen programas de salud y de higiene, del manejo de la casa y de la familia y también una variedad de cursos de educación física. Los estudiantes tienen la oportunidad de participar en un número de actividades deportivas interescuelas.
History of the College

Historically, the need for a community college serving the Oxnard Plain has been recognized by the Oxnard, Camarillo, and Port Hueneme communities and the governing board and administration of the Ventura County Community College District, since the district was formed in 1962.

Founded on the understanding established in those early years, the 118-acre college site was purchased in 1968. In 1969, the first classes offered under an Oxnard Center concept were offered at Ramona School in Oxnard.

The Oxnard Center program expanded in the fall of 1973 with the opening of the Oxnard Educational Center at 9th and B streets in Oxnard, under the direction of Ventura College; in February, 1974, a Camarillo Center opened under the auspices of Moorpark College.

The 2000 AD Educational Master Plan and strong support from the Oxnard-Port Hueneme area focused attention on the need for a third college in the spring of 1974, and trustees officially voted to build Oxnard College on March 26, 1974.

The college officially opened its doors in June, 1975, for its first summer session, utilizing the Oxnard and Camarillo centers begun by the other two colleges in the district, and adding classes at a variety of sites throughout the Oxnard Plain. By mid-fall, 1975, Oxnard College had more than 4,400 students enrolled and during the spring semester that number was even higher—in all likelihood a record enrollment for first-year community colleges in this state.

In fall, 1979, the first two permanent buildings were occupied on the campus. A Liberal Arts building houses 20 classrooms plus science and business laboratories and faculty office wings, and a Library/Learning Resources Center holds the college Library, Learning Center, general classrooms, and administrative and student services offices.

The Occupational Education Building houses the college's information processing, air conditioning and refrigeration, hotel and restaurant management, electronics, and word processing programs.

Other campus buildings include a physical education shower and locker building with dance and weight training facilities, two relocatable classroom buildings, a vocational shop building, a student services center, student center, and a food services facility. A gymnasium and child care center are the next major buildings scheduled.

Oxnard College continues to be committed to developing a comprehensive educational program as well as a comprehensive campus environment for the students of its service area.

Memberships

Oxnard College is a member of the American Association of Community and Junior Colleges, the Community College League of California, and the Western State Conference.

Community Services

Community Services is an outreach function of Oxnard College pledged to provide the community with programming which is flexible and responsive to immediate community needs as well as individual needs, interests, and welfare.

Community Services is actively involved in coordinating with other community organizations to resolve community problems and sometimes serves as a catalyst to bring community groups together around issues and community needs.

Community Services carries out its outreach function through non-credit, short-term, fee-based classes and workshops, cultural programs and residencies, recreational programs, community use of college facilities through the Civic Center Act, and programs for special populations such as seniors, children, and minorities.

Affirmative Action

The Ventura County Community College District and its three colleges are committed to providing equal opportunity in instruction, employment, and related services regardless of age, race, color, sex, national origin, religion, or handicap in accordance with the requirements of Titles VI and VII of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Sections 503 and 504 of the Rehabilitation Act of 1973, as amended. If you feel that you have been discriminated against in regard to any of these programs or activities, please contact the Oxnard College Vice President of Student Services' Office.

Additional inquiries regarding these laws and regulations and the corresponding Ventura County Community College District Governing Board policies may be directed to:

District Office of Personnel/Affirmative Action
71 Day Road
Ventura, California 93003
Telephone: (805) 654-6426

Professional Development Institute

Oxnard College brings high-quality not-for-credit, college-level classes and timely workshops to local community sites through the Professional Development Institute, known as PDI. Designed specifically for the working adult, PDI offers the opportunity to learn practical information for use on the job in short-term, concentrated workshop modules—most classes are 8-10 hours in length and may be divided into one or more meetings. We offer afternoon, evening and weekend classes to accommodate the schedules of the working person.
Servicios para la Comunidad
El servicio a la comunidad es una función significativa de todos los colegios públicos de dos años de la comunidad. Una parte importante del servicio es proveer programas y hacer disponibles las facilidades para el uso de las organizaciones responsables de la comunidad.

Historia del Colegio
Históricamente, la necesidad de un colegio de la comunidad que sirva a Oxnard ha sido reconocida por las comunidades de Oxnard, Camarillo, y Port Hueneme y también por la Mesa Directiva y la Administración del distrito de los colegios de la comunidad del condado de Ventura, desde que el distrito fue formado en 1962.

Con ésto en mente se compraron 118 acres en 1968. En 1969, las primeras clases ofrecidas bajo el concepto de varios centros se enseñaron en la escuela de Ramona en Oxnard.

El programa del centro de Oxnard se extendió en el otoño de 1973 con la apertura del centro educativo de Oxnard situado en las calles 9 y B en Oxnard, bajo la dirección del Colegio de Ventura; en febrero de 1974 un centro en Camarillo se abrió bajo los auspicios del Colegio de Moorpark.

El Plan Total Educativo del año 2000 d.c. y el apoyo fuerte de la área Oxnard—Port Hueneme fijó la atención en la necesidad de un tercer colegio en la primavera de 1974 y los directores votaron oficialmente en favor de construir el Colegio de Oxnard el 26 de Marzo, 1974.

El Colegio oficialmente abrió las puertas en junio de 1975 para la primera sesión de verano. El colegio utilizó los centros de Oxnard y de Camarillo, los cuales fueron iniciados por los otros dos colegios del distrito. Otras clases fueron añadidas después en una variedad de sitios en Oxnard. A mediados del otoño de 1975, el Colegio de Oxnard tenía más de 4,400 estudiantes inscritos y durante el semestre primavera el número era más alto. Posiblemente fue una inscripción sin precedentes en los colegios de la comunidad en su primer año.

En el otoño de 1979 los primeros dos edificios permanentes fueron ocupados. El edificio de Artes Liberales tiene 20 salones, más laboratorios para ciencias y negocios y oficinas para el profesorado. La Biblioteca, Centro de Recursos de aprendizaje, salones generales, y oficinas administrativas y oficinas de servicios para estudiantes se encuentran en la edificio de la Biblioteca/Centro de Recursos

En el nuevo edificio de Educación Ocupacional se encuentran los siguientes programas: El centro de información de proceso de datos, el programa de refrigeración y aire acondicionado, el de administración de hoteles y restaurantes, el de electrónica, y el de procesador de palabras.

Entre otros edificios se encuentra el de educación física con baños y casilleros, lugar para danza y pesas; dos salones movibles, en edificio taller vocacional, un centro de servicios para estudiantes, un centro estudiantil y una cafetería. Los próximos grandes proyectos serán un gimnasio y un centro de cuidado infantil.

El Colegio de Oxnard continua su cometido de desarrollar un programa educativo completo tanto como un ambiente total del colegio para los estudiantes del área.

Acreditación
El Colegio de Oxnard es un colegio público de la comunidad que sirve al condado de Ventura. Como tal, el colegio se sujeta a las provisiones legales del estado de California. El Colegio de Oxnard está completamente acreditado por la Asociación Occidental de Escuelas y Colegios.

Asociaciones
El Colegio de Oxnard es un miembro de la Asociación Americana de los Colegios de la Comunidad y Colegios que incluyen los dos primeros años universitarios, la Asociación Californiana de Colegios de la Comunidad, y la Conferencia del Estado Occidental.

Servicios Para la Comunidad
Los servicios para la comunidad son una función informativa del Colegio de Oxnard que se dedica a proveer a la comunidad con programación que es flexible y responde a las necesidades inmediatas de la comunidad, y las necesidades, intereses, y bienestar del individuo. Los servicios para la comunidad activamente coordinan actividades con otras organizaciones de la comunidad para resolver problemas, y a veces reúne a grupos de la comunidad con intereses y necesidades comunes. Los Servicios para la Comunidad llevan a cabo su función de informar, ofreciendo clases que son sin crédito y con costo para el estudiante. También ofrecen programas culturales, programas recreacionales, uso del colegio por medio del Acto del Centro Cívico, y programas especiales para personas jubiladas, niños, y menores.

Acción Afirmitativa
El Distrito de los Colegios de la Comunidad del Condado de Ventura y sus tres colegios están dedicados en proveer igual oportunidad de instrucción, empleo y servicios, sin importar la edad, raza, color, sexo, país de origen, religión o incapacidades físicas, de acuerdo con los requisitos de los Títulos VI y VII del Acto de Derechos Civiles de 1964, que fueron así enmendados; Título IX de las Enmiendas de Educación de 1972; y las Secciones 503 y 504 del Acto de Rehabilitación del 1973, así enmendado. Si usted siente que ha sido discriminado en cualquiera de estos programas de actividades, lo cual está prohibido por las disposiciones federales mencionadas arriba, por favor pongase en contacto con el Vice-Presidente de la Oficina de Servicios para Estudiantes del Colegio de Oxnard.

Para preguntas adicionales acerca de estas leyes y disposiciones, y las correspondientes pólizas de la Mesa Directiva que preside el Distrito de Colegios de la Comunidad del Condado de Ventura, pueden dirigirse a:

Oficina de Personal del Distrito/Acción Afirmitativa
71 Day Road
Ventura, California 93003
Teléfono: (805) 654-6426
Currently, PDI offerings are reflected in the semester schedule of classes, or through individual promotional efforts. Our program is always expanding; we welcome suggestions for classes and workshops. Likewise; we encourage local business and industry to host PDI classes on their site. Presently, PDI locations include city offices, private companies, and community centers. With few exceptions, such as company-specific training, all PDI offerings are open to the public. We see these classes and workshops as a means of providing our client population an opportunity to improve professional skills at a reasonable cost.

Many organizations use PDI offerings to augment their training programs. The Professional Development Institute is an activity of the Office of Special Projects, in conjunction with Community Services.

Instituto de Desarrollo Profesional

El Colegio de Oxnard provee clases y talleres de alta calidad, sin crédito, nivel universitario a sitios en la comunidad por medio del Instituto de Desarrollo Personal, conocido como PDI.

Diseñado específicamente para la persona que trabaja, PDI ofrece la oportunidad para aprender información práctica para uso en el trabajo por medio de cursos y talleres intensivos—la mayoría de las clases son de 8 a 10 horas y pueden dividirse en una sesión o más.

Ofrecemos clases por la tarde y por la noche y los fines de semana para acomodar los horarios de las personas que trabajan.

Actualmente, las clases ofrecidas por PDI se encuentran en el programa de clases del semestre, o por medio de esfuerzos de promoción individual.

Nuestro programa está siempre creciendo, y buscamos sugerencias para clases y talleres.

Igualmente, animamos a negocios e industrias locales a patrocinar clases de PDI para sus empleados.

Presentemente, sitios de PDI incluyen oficinas de la ciudad, compañías particulares, y centros de la comunidad.

Con pocas excepciones, tal como entrenamiento específico para negocios particulares, todas las clases ofrecidas por PDI están abiertas al público.

Vemos estas clases y talleres como un medio de proveer nuestra comunidad con la oportunidad de mejorar sus destrezas profesionales a un costo razonable. Muchas organizaciones usan a PDI para aumentar sus programas de entrenamiento.

El Instituto de Desarrollo Personal es una actividad de la Oficina de Proyectos Especiales, en cooperación con Servicios de la Comunidad.
Admissions Information

Eligibility

Admission to Oxnard College is open to any high school graduate, anyone possessing a high school proficiency certificate, or any adult 18 years of age or older and capable of profiting from instruction. Students entering any of the public community colleges of California are subject to the residency requirements as determined by the State of California.

A student is eligible to attend Oxnard College if he or she has been a legal resident for one year and 24 hours prior to the first day of the semester. Students whose legal residence is in another state or in a foreign country may be admitted under conditions stipulated by the Governing Board and on payment of tuition fees, a schedule of which appears in the Appendices.

The right of a student to attend any community college in this district is conditioned by certain admissions and residency qualifications as provided by law. Students disqualified from other institutions must petition through the Office of Admissions and Records for permission to enter.

Further information is listed under Residency Requirements, or may be obtained from the Office of Admissions and Records.

Admission Procedure

Application for Admission
An application for admission may be obtained by contacting:
Oxnard College
4000 South Rose Avenue
Oxnard, California 93033-6699
(805) 986-5810 or 986-5800, x5810

The application should be completed promptly and returned.

Social Security
Social Security numbers are used for student identification, so all students should be prepared to present their Social Security cards at the time of enrollment. If a student does not possess a Social Security number, a student number will be assigned.

Transcript Requirements
The requirements for official copies of high school and/or college and university transcripts are as follows:
1. All new students are required to have their past transcripts sent if they have attended high school in the past three years.
2. All veterans and financial aid students are required to send transcripts of any courses completed at other colleges and universities.
3. All students enrolling in any math courses are required to send transcripts of any math courses completed either in high school or at other colleges and universities during the past three years.
4. All applicants for associate degrees and/or certificates of achievement are required to send transcripts of any courses completed at other colleges and universities.
5. Special programs with special admission requirements require a student to file all high school and college transcripts to verify eligibility.
6. All other students are urged to have transcripts of both high school and college work forwarded to Oxnard College.

Matriculation
Matriculation is a process which results in an agreement between the college and the student for the purpose of defining and realizing the student’s educational goal. This agreement includes responsibilities for both the college and the individual student, and results in a Student Educational Plan.

COLLEGE RESPONSIBILITIES INCLUDE:
1. Providing an admissions and records process that will enable the college to collect State-required information on students. This information will be used as a basis for providing services to students.
2. Providing an assessment process using multiple measures to determine academic readiness in English, reading and math. These assessment results will be used by the college to assist students in the selection of academic courses. Additional assessments are available in areas of study/learning skills and vocational interest.
3. Providing an orientation process designed to acquaint students with college programs, services, facilities and grounds, academic expectations, and college policies and procedures.
4. Providing counseling services to assist students in course selection, development of an individual student educational plan, and use of campus support services. Additional advisement and counseling assistance will be provided for students who have not declared an educational goal, are enrolled in basic skills courses, are on academic probation/dismissal, or have been identified as high-risk students.
5. Establishing a process to monitor a student’s progress and provide necessary assistance toward meeting educational goals.

STUDENT RESPONSIBILITIES INCLUDE:
1. Submitting official transcripts from high schools and colleges attended.
2. Acquiring and reading the college catalog, class schedules, handouts, and other student materials which detail college policies and procedures.
3. Indicating at least a broad educational goal upon admission.
4. Declaring a specific educational goal after completing a minimum of 15 units.
5. Participating in assessment, orientation, counseling/advisement services and other follow-up support services deemed necessary by the college in order for students to complete their stated educational goal.
6. Attending all classes and completing all course assignments.
7. Completing courses and maintaining progress toward stated educational goals.
Información Para Admisión

Elegibilidad

El Colegio de Oxnard admite a personas quienes se han graduado de la secundaria (high school), o que han cumplido los 18 años y pueden ser beneficiados por la instrucción que se les ofrece. Los estudiantes que asistan a uno de los colegios de la Comunidad en California están sujetos a los requisitos del Estado de California.

Un estudiante es elegible para asistir al Colegio de Oxnard si él o ella ha sido residente legal por un año y 24 horas antes del primer día del semestre. Estudiantes quienes son residentes de otro estado o de un país extranjero pueden ser admitidos bajo las condiciones estipuladas por la Mesa Gubernamental y en el pago de cuotas de inscripción. El horario de cuotas aparece en el apéndice.

El derecho del estudiante de asistir a cualquier colegio de la comunidad en este distrito está condicionado por ciertos requisitos de admisión y residencia estipuladas por ley. Estudiantes que no han calificado para admisión en otras instituciones deben hacer petición por medio de la Oficina de Admisiones y Registros para obtener permiso. Más información se encuentra en la sección de Requisitos de Residencia, o puede obtenerla en la Oficina de Admisiones y Registros.

Proceso de Admisión

Solicitud para Admisión

Para obtener una solicitud para admisión debe dirigirse a:

Oxnard College
4000 South Rose Avenue
Oxnard, California 93033-6699
(805) 986-5810 o 986-5800, x5810

La solicitud debe completarse lo antes posible y regresarse al Colegio.

Seguro Social

Los números del Seguro Social se usan para identificación del estudiante, así que todo estudiante que vaya a matricularse debe estar preparado para presentar su tarjeta de Seguro Social. Si el estudiante no tiene número de Seguro Social, se le asignará un número de estudiante.

Requisitos de Transcripto

Los requisitos para copias oficiales de records de preparatoria y/o colegios y universidad son los siguientes:

1. Todos los estudiantes nuevos deben de presentar transcriptos si han asistido a la preparatoria en los últimos tres años.
2. Todos los veteranos y estudiantes que reciben ayuda financiera deben de mandar transcriptos de los cursos que han completado en otros colegios y universidades.
3. Todos los estudiantes que se inscriban en cualquier curso de matemáticas, deben mandar records de los cursos de matemáticas que han completado, ya sea en la preparatoria o en otros colegios y universidades durante los últimos tres años.
4. Todos los solicitantes de “associate degrees” y/o certificados en estudios vocacionales deben mandar records de todos los cursos completados en otros colegios y universidades.
5. Los programas especiales con requisitos especiales de admisión exigen que el estudiante proporcione todos los records de preparatoria y de colegio para verificar su elegibilidad.
6. A los demás estudiantes se les requiere que manden al Colegio de Oxnard los transcriptos de preparatoria así como los de otro colegio que hayan asistido.

Matrículación

Matrículación es un proceso que resulta en un acuerdo entre el colegio y el estudiante para el propósito de definir y descubrir la meta educativa del estudiante. Este acuerdo incluye responsabilidades para ambos, el colegio y el estudiante, y resulta en un Plan Educativo para el estudiante.

RESPONSABILIDADES DEL COLEGIO INCLUYEN:

1. Proveer un proceso de registro y admisión por medio del cual el colegio recaba información requerida por el estado, sobre los estudiantes. Esta información se usará como base para proveer servicios a estudiantes.
2. Proveer: un proceso de exámenes académicos usando medidas múltiples para determinar el nivel académico en inglés, lectura, y matemáticas. Los resultados de los exámenes serán usados por el colegio para ayudar a estudiantes a seleccionar cursos académicos. Exámenes adicionales están disponibles en programas de destrezas de aprendizaje e interés vocacional.
3. Proveer: un proceso de orientación para familiarizar a los estudiantes con los programas del colegio, servicios, facilidades, edificios, metas académicas y reglamentos y procedimientos del colegio.
4. Proveer servicios de consejeros para ayudar a estudiantes a seleccionar cursos y desarrollar un plan educativo después de completar las 15 unidades mínimas. Asesoría adicional y ayuda de consejeros está disponible para estudiantes que no han declarado su meta educativa, están registrados en cursos de destrezas fundamentales, están en prueba académica, o han sido identificados como estudiantes en peligro de reprobar.
5. Establecer un proceso para seguir el progreso del estudiante y proveer ayuda necesaria para completar las metas educativas.

RESPONSABILIDADES DEL ESTUDIANTES INCLUYEN:

1. Presentar copias oficiales de estudio de la secundaria y colegios a que asistió.
2. Conseguir y leer el catálogo del colegio, programa de clases, y otros materiales que detallen los reglamentos y procedimientos del colegio.
3. Indicar por lo menos una meta educativa amplia en el momento de admisión.
4. Declarar una meta educativa específica después de completar las 15 unidades mínimas.
5. Participar en evaluación, orientación, asesoría y otros servicios considerados necesarios por el colegio para que estudiantes completen su meta educativa.
Matriculation Exemption Policy
All students applying to a college of the Ventura County Community College District (VCCCD) are encouraged to participate in all aspects of the college’s matriculation program. Students, however, may not be exempt from the admissions or follow-up components. Students may be exempt from assessment, orientation, or counseling/advisement if they meet one of the exemption criteria listed below for each component.

ASSESSMENT:
1. Students who hold associate degrees or higher from regionally-accredited institutions.
2. Students who have completed less than 15 units and whose educational goal is either:
   a. Advancement in current job/career (update job skills).
   b. Maintenance of certificate or license (e.g., nursing, real estate).
   c. Educational development (intellectual, cultural).
3. Students admitted as special admission part-time students.
4. Students who provide scores from recently taken VCCCD-approved assessment tests.

ORIENTATION:
1. Students who hold associate degrees or higher from regionally-accredited institutions.
2. Students who have completed less than 15 units and whose educational goal is either:
   a. Advancement in current job/career (update job skills).
   b. Maintenance of certificate or license (e.g., nursing, real estate).
   c. Educational development (intellectual, cultural).
3. Students admitted as special admission part-time students.
4. Students who are receiving matriculation services at another college and are attending a VCCCD campus concurrently.

COUNSELING/ADVICE:
1. Students who hold associate degrees or higher from regionally-accredited institutions.
2. Students who have completed less than 15 units and whose educational goal is either:
   a. Advancement in current job/career (update job skills).
   b. Maintenance of certificate or license (e.g., nursing, real estate).
   c. Educational development (intellectual, cultural).
3. Students who are receiving matriculation services at another college and are attending a VCCCD campus concurrently.

Educational Work Load
A student's educational work load generally consists of fifteen (15) units of work per semester in order to make normal progress towards the AA/AS degree and/or transfer requirements.

Students desiring to take an overload—more than eighteen (18) units but less than twenty-two (22)—must have a counselor's approval. Students desiring to take twenty-two (22) units or more must have the approval of the Dean of Counseling in addition to the counselor's approval.

Registration
Class schedules will be published prior to the summer intersessions and fall and spring semesters. Please follow the instructions outlined in these schedules.

Late Registration
Late registration will take place after the beginning of instruction for the fall and spring semesters.

Courses Open to Enrollment
Each course offered by the Ventura County Community College District and its colleges is fully open to enrollment and participation by any person who has been admitted to the college and who meets the prerequisites to the class or program, unless specifically exempted by statute.

High School Admissions Program
In accordance with the California Education Code, high school students who are juniors or seniors are permitted to enroll in college courses. Enrollment fees are exempt for students concurrently enrolled in a high school; however the health fee is mandatory and must be paid by the student.

An approved special part-time high school admissions form, signed by the student's parent/guardian and school principal (or designee) is required before a student is permitted to register. This petition is available in the Admissions and Records Office at Oxnard College or in the student's high school counseling office.

Students under 18 years of age not enrolled in a public school may have their parents/guardian petition the Registrar for admission as a special full-time student. If the petition is approved, these students may enroll for scholastic or vocational work.

Residency Requirements
The right of any student to attend a public community college in California is conditioned by certain residence qualifications. California state law requirements indicate the following:

To be a legal California resident for admission and tuition purposes, a student must have been living in California for at least one year preceding the semester residence determination date in order to qualify as a “resident student.” The residence determination date for a given semester is the day before the semester opening date.

It is the student's responsibility to demonstrate both physical presence and intent to establish permanent residence in California. Presence and intent may be demonstrated in several ways.

Because of the complexity in these laws, students having difficulty in determining their residency should contact the Registrar in Admissions and Records.

Students classified as “non-resident” will be required to pay a tuition fee fixed each year by the California State Legislature. Fees are published in the Schedule of Classes each semester, and must be paid prior to enrollment in the college.

Foreign Students
It is recognized that there are educational and social values for foreign students enrolling in Ventura County Community
6. Asistir a todas las clases y completar todos los trabajos del curso.
7. completar cursos y avanzar hacia sus metas educativas.

El Distrito de Colegios de la Comunidad del Condado de Ventura Reglamentos Para Estar Exento de Matrículación
Se recomienda a todos los estudiantes de un colegio del Distrito de Colegios de la Comunidad del Condado de Ventura (VCCCD) que participen en todas las actividades del programa de matriculación del colegio. Los estudiantes, sin embargo, no están exentos de las actividades de admisión o de las actividades que reportan su progreso en las clases. Los estudiantes pueden estar exentos de las actividades de evaluación, orientación, o asesoría si califican bajo alguno de los siguientes puntos:

EVALUACIÓN:
1. Estudiantes que tienen diplomas universitarios de instituciones acreditadas.
2. Estudiantes que han completados menos de 15 unidades y cuya meta académica es una de las siguientes:
   a. Avance en su empleo presente (actualizar destrezas para empleo).
   b. mantener vigente certificados o licencias (por ejemplo, enfermería, bienes y raíces . . .).
   c. Desarrollo académico (intelectual, cultural).
3. Estudiantes admitidos bajo admisión especial (estudiantes tomando menos de 12 unidades).
4. Estudiantes que muestran resultados de exámenes recientemente tomados y aprobados por VCCCD.

ORIENTACIÓN:
1. Estudiantes que tienen diplomas universitarios de instituciones acreditadas.
2. Estudiantes que han completados menos de 15 unidades y cuya meta académica es una de las siguientes:
   a. Avance en su empleo presente (actualizar destrezas para empleo).
   b. mantener vigente certificados o licencias (por ejemplo, enfermería, bienes y raíces . . .).
   c. Desarrollo académico (intelectual, cultural).
3. Estudiantes admitidos bajo admisión especial (estudiantes tomando menos de 12 unidades).
4. Estudiantes quienes reciben servicios de matriculación en un colegio de VCCCD y asisten a otro colegio en el mismo semestre.

ASESORÍA/SERVICIOS DE CONSEJEROS:
1. Estudiantes que tienen diplomas universitarios de instituciones acreditadas.
2. Estudiantes que han completados menos de 15 unidades y cuya meta académica es una de las siguientes:
   a. Avance en su empleo presente (actualizar destrezas para empleo).
   b. mantener vigente certificados o licencias (por ejemplo, enfermería, bienes y raíces . . .).
   c. Desarrollo académico (intelectual, cultural).
3. Estudiantes quienes reciben servicios de matriculación en un colegio de VCCCD y asisten a otro colegio en el mismo semestre.

Total de Unidades
El trabajo educacional del estudiante consiste generalmente de quince (15) unidades por semestre para poder progresar y completar el certificado de AA/AS y/o requisitos transferibles.

Los estudiantes que deseen estudiar más de 18 unidades, pero menos de 22 unidades, deberán tener el permiso de un consejero. Los estudiantes que deseen estudiar más de 22 unidades deberán tener el permiso del Decano de Consejeros además del permiso de un consejero.

Inscripciones
El horario de clases será publicado antes de la sesión de verano y antes de los semestres de otoño y primavera. Por favor siga las instrucciones que aparecen en dichos programas.

Inscripciones Tardes
Las inscripciones tardes se llevarán a cabo después del comienzo de las clases de los semestres de otoño y primavera.

Cursos Abiertos para Inscripciones
Todos los cursos que ofrecen El Distrito de Colegios de la Comunidad del Condado de Ventura y sus colegios están totalmente abiertos para inscripción y participación para cualquier persona que haya sido admitida en el colegio y que reúna los requisitos necesarios para la clase o programa, a menos que haya sido exceptuada específicamente por un reglamento.

Programa de Admisión para Estudiantes en la Secundaria
De acuerdo con el Código de Educación de California, los estudiantes en el onceavo y doceavo año de la escuela secundaria, pueden tomar clases al nivel de colegio y no necesitan pagar inscripción; sin embargo, la quota para servicios médicos es obligatoria y se debe pagar por el estudiante.

Se requiere que el estudiante lleve una solicitud especial, firmada por los padres y el director de la escuela secundaria antes de ser admitido al colegio. Esta solicitud se consigue en la oficina de Admisión en el colegio de Oxnard o en la oficina de los consejeros de la secundaria del estudiante.

Los estudiantes que no tienen 18 años y no asisten a la secundaria, pueden solicitar al presidente del colegio por medio de los padres para que se les admita. Si la solicitud es aprobada, se podrán inscribir en los programas vocacionales o académicos.

Requisitos de Residencia
El derecho de todo estudiante de asistir a un colegio público de la comunidad está sujeto a ciertos requisitos de residencia. La ley del estado de California indica lo siguiente:

Para ser un residente legal del estado de California. Para propósitos de admisión y colegiatura. Un estudiante debe haber estado viviendo en California por lo menos con un año de anterioridad a la fecha de determinación de su residencia para calificar como un "estudiante residente." La fecha de determinación de residencia para un semestre es el día anterior a la iniciación del mismo.
College District colleges. Due to the district's limited financial resources and space and the special educational needs of foreign students, the district and its colleges reserve the right to limit the number of foreign students admitted each year.

The District's policy on foreign students is included in Appendix IX.

**Tuition or Nonresident Fee**

Tuition is required of all students classified as nonresidents of the state of California and foreign students. There is a one-year exemption for military personnel and their dependents assigned to California bases. These students are given one year from their assigned duty date to establish their California residency or to prepare to pay tuition fees. (Please refer to Residency Requirements section.)

**Tuition Refunds**

Eligibility for and amount of tuition fee refunds will be determined by the number of units for which there were financial charges and the date of official withdrawal from class.

The refund schedule is based upon a decreasing sliding scale with no refunds given beyond the fourth week of the regular semester nor beyond the third week of the summer session. The Office of Admissions and Records shall compute and approve the amount of refund and notify the Student Business Office in writing. Refunds will be issued by check through the Student Business Office within a reasonable period of time following official notification.

(Refer to the Non-Resident and Out-of-District Tuition and Refund Fee Schedule in the Appendix.)

**Transfer Credit**

**Evaluation from Regionally Accredited Colleges and Universities**

Students transferring to the Ventura County Community Colleges from colleges accredited by the recognized regional accrediting associations will normally be granted lower division credit for courses entered on officially certified transcripts. These transcripts must be sent to the Office of Admissions. They will be evaluated based upon the current Transfer Credit Practices of appropriate associations.

Students transferring to the Ventura County Community College District from other regionally accredited colleges and universities are required to declare all previous college work. Failure to provide complete information may result in dismissal from the Ventura County Community Colleges.

**from Foreign Colleges and Universities**

Students transferring to the Ventura County Community Colleges from foreign colleges or universities must have their transcripts evaluated by an agency approved by the college district.

Course work from non-English speaking countries must be evaluated by approved translating agencies. Students must submit their official transcripts to an approved agency and request that the agency forward the official evaluation to the college.

Course work attempted will normally be lower division unit credit only. Requests for equivalent course credit are evaluated on an individual basis by the Office of Admissions. This review is based upon considerations of the recommendations of the transcript evaluation service and by the appropriate college discipline.

**...Advanced Placement**

Students who complete special advanced placement courses in high school and who earn scores of 3, 4, or 5 on the College Entrance Examination Board Advanced Placement Examination taken before high school graduation will receive credit towards graduation in the Ventura County Community Colleges for each such test completed with the required scores, provided scores are reported to the Office of Admissions. Students granted credit for advanced placement may not enroll in equivalent college courses. Appropriate faculty will determine course equivalency. Other colleges or universities may have different policies. Specific Advanced Placement course list is available in the Counseling Office.

**...Military Service**

The colleges of the Ventura County Community College District will recognize and grant credit to service personnel for formal educational training completed in the United States armed forces providing such credit is not a duplication of work taken previously.

Service personnel may be allowed credit for formal service school courses offered by the United States military service recommended in the Guide to the Evaluation of Educational Experiences in the Armed Services of the American Council on Education. The credit allowed will be based upon the recommendations specified in the Guide. The maximum amount of credit which may be allowed toward satisfaction of college requirements shall be 12 units.

Service personnel will be allowed full advanced standing credit for college level courses completed under the auspices of the Defense Activity for Nontraditional Educational Support (DANTES) or the United States Armed Forces Institute (USAFI) as recommended in the Guide to the Evaluation of Educational Experiences in the Armed Services of the American Council on Education. Service personnel will be allowed full advanced standing credit for college level courses completed at the Naval Construction Training Center (NCTC) at Port Hueneme based upon the recommendations of the Accredited Institutions of Postsecondary Education of the American Council of Education. Such credit will be treated in the same manner and under the same policies as allowing credit from regionally accredited colleges and universities.

Any work taken by service personnel while in military service at a regionally accredited college or university and for which the college or university issues a regular transcript showing the credits allowable towards its own degrees, will be allowed advanced standing credit toward the associate degree in the same manner as if the student had pursued the courses as a civilian.
Es responsabilidad del estudiante de comprobar tanto su presencia física como el intento de establecer residencia permanente en California. Puede demostrar ambas cosas de varias maneras.

Debido a la complejidad de estas leyes, los estudiantes que tengan dificultad en determinar su residencia deben ponerse en contacto con el registrador de Admisiones y Registros.

Los estudiantes clasificados como “no-residentes” tendrán que pagar la cuota de colegiatura fijada cada año por la Legislatura del Estado de California. Las cuotas se publican en el horario de clases cada semestre y deben ser pagadas antes de matricularse en el colegio.

**Estudiantes Extranjeros**

Se reconoce que hay un valor social y educacional para los estudiantes extranjeros inscritos en los colegios del Distrito del Condado de Ventura. Debido a que los recursos financieros del distrito son muy limitados, así como el espacio y las necesidades especiales de los estudiantes extranjeros, el número de estudiantes admitidos cada año es limitado.

El reglamento sobre estudiantes extranjeros está incluido en el apéndice del catálogo.

**Cuota de Colegiatura para No-Residentes**

Se requiere que todos los estudiantes clasificados como no-residentes del estado de California y estudiantes extranjeros paguen colegiatura. Hay una extención de un año para personal militar y sus dependientes asignados a bases en California. A dichos estudiantes se les da un año a partir de la fecha en que fueron asignados para que establezcan su residencia en California o se preparen a pagar colegiatura. (Vea la sección de Requisitos de Residencia.)

**Reembolso de Colegiaturas**

La elegibilidad y la cantidad de reembolsos de colegiatura será determinada por el número de unidades por las cuales se cobró alguna cantidad y por la fecha en que oficialmente se dejó una clase.

El programa de reembolsos se basa en una escala de disminución: no se dan reembolsos después de la cuarta semana de un semestre regular, ni después de la tercera semana de la sesión de verano. La oficina de Admisiones y Registros computará y aprobará la cantidad que debe reembolsarse y notificará por escrito a la Oficina de Negocios de Estudiantes. Los reembolsos se harán por medio de cheque y a través de la Oficina de Negocios de Estudiantes dentro de un periodo de tiempo razonable después de la notificación oficial. (Consulte el apén-dice del Programa de Reembolsos a No-Residentes y Residentes de Fuera del Distrito.)

**Crédito Transferible**

**Evaluación de Los Colegios y Universidades Acreditados**

Los estudiantes que se transfieran a uno de los colegios del Condado de Ventura de algún colegio acreditado regionalmente se les dará crédito por cursos que aparezcan en transcrípiciones certificadas. Estos transcrípiciones deben ser enviadas a la oficina de admisiones. Serán evaluados de acuerdo con las Prácticas de Crédito Transferible de las asociaciones apropiadas.

Los estudiantes que se transfieran a uno de los colegios del Condado de Ventura de otros colegios y universidades regionalmente acreditados deben declarar todo trabajo académico previo. El no proporcionar la información completa puede resultar en la destitución de los colegios del Condado de Ventura.

**...De Un Colegio O Universidad Extranjera**

Los estudiantes que se transfieran a los colegios del Condado de Ventura de un colegio o universidad deben tener sus transcrípiciones evaluadas por una agencia aprobada por el distrito de colegios.

Los cursos tomados en países extranjeros deben ser evaluados por una agencia traductora aprobada. Los estudiantes mismos deben entregar los transcrípiciones oficiales a la agencia y pedir que la agencia envíe la evaluación oficial de los transcrípiciones al colegio. Los cursos estudiados serán normalmente los que se llaman “lower division” cursos básicos universitarios. Petición por crédito equivalente será evaluado individualmente por la Oficina de Admisiones. Esto estará basado en las recomendaciones del servicio de evaluaciones y el departamento del colegio apropiado.

**...Colocación Avanzada Del Estudiante**

Los estudiantes que hayan completado cursos avanzados en la secundaria y que hayan obtenido un total de 3, 4, 5; en el Examen de Entrada a la Universidad y que haya sido tomado antes de la graduación de la secundaria recibirán crédito en los Colegios del Condado de Ventura, si estos resultados son declarados en la oficina de admisiones. Los estudiantes que reciban crédito por colocación avanzado no podrán inscribirse en los mismos cursos universitarios. El profesorado determinará el equivalente de los cursos. Otros colegios o universidades pueden tener diferentes reglamentos concerniente a Colocación Avanzada y pueden negar crédito.

**Transferencia Del Servicio Militar**

Los colegios del Condado de Ventura reconocen y dan crédito al personal militar por educación y entrenamiento recibido y completado en las fuerzas armadas de los Estados Unidos, si este no es una duplicación de trabajo previo.

El personal del servicio militar recibirá crédito por cursos ofrecidos por escuelas militares de los Estados Unidos y recomendados en la Guía de Evaluación por Experiencias Educatacionales en las Fuerzas Armadas del Consejo Americano de Educación. El crédito máximo que se concederá para el total de los requisitos del colegio será de 12 unidades.

El personal del servicio militar recibirá crédito avanzado por los cursos estudiados bajo los auspicios de (DANTES) o el (USAFITI), Instituto de las Fuerzas Armadas de los Estados Unidos según aparece recomendado en la Guía de Evaluación de Experiencias Educatacionales en los Servicios Armados del Consejo Americano de Educación. El personal del servicio
Full-Time Student
A student is defined as full-time if carrying 12 or more units in a regular semester or 4 units in a summer session.

Unit Requirements for Benefits and Activities
To qualify for certain benefits and activities, minimum unit requirements must be maintained, as follows:

Veteran and war orphan benefits under GI Bill: 12 or more units completed by end of semester, full subsistence; 9-11 units, three-quarters subsistence; 6-8 units, one-half subsistence.

Social Security benefits: 24 units per academic year (no benefits payable if course load drops below 12-unit minimum per semester).

Automobile and medical insurance: 12 units

Financial aid and EOP Services: 12 units

Athletic eligibility: 12 units

Student government: 6 units for major offices; 3 units for Council members

Student Fees
Fee Statement
Enrollment and health fees, which are mandated by the California State Legislature, are subject to change. For 1991-92, the Legislature has enacted a $1/unit surcharge in addition to the $5 per unit (Maximum $50 per semester); the new maximum fee is $60 for 10 or more units. The health fee is currently set at $7.50 per semester.

The following student fees are listed for your information, and are subject to change.

Mandatory Fees
Enrollment Fee
The Ventura County Community College District Governing Board has adopted the State mandated enrollment fee and the special supplement for 1991-92. The basic fee is $50 for students carrying ten or more units and $5 per unit for students carrying less than ten units. The surcharge is an additional $1 per unit for up to 10 units, for a maximum fee of $60. Other fees, such as parking fees and nonresident tuition, remain in force. All fees are subject to change without notice. Contact the Office of Admissions and Records for further information and consult the schedule of classes.

Non-Mandatory Fees
Non-mandatory fees are identical for day and evening students. They may be paid at the Student Business Office.

1. Student Parking Fee
   a. Regular Semester Fees (12 weeks or longer):
      (1) Automobiles: Regular semester—$30
      (2) Motorcycles: Regular semester—$14
   b. Short-term Fees (less than 12 weeks):
      (1) Six to eleven weeks: Auto—$14; Motorcycle—$8
      (2) One to five weeks: Auto—$7; Motorcycle—$4
   c. Summer Intersession: Auto—$10; Motorcycle—$7
   d. Second Vehicle Permit: $4 for regular semester; $2 for summer
   e. Replacement Permit: $2 for regular semester; $1 for summer

NOTE:
   a. Combination of two permits (one auto and one motorcycle) shall cost not less than $25 for regular semester and $12 for summer intersession.
   b. Students who do not purchase parking permits may purchase a daily pay parking permit.

2. Student Body Card
   A student body card may be purchased for $5 per semester or $8 for the year. All registered students are encouraged to buy their ASOC cards as early as possible to insure maximum benefits. Funds from the purchase of cards support the operations and activities of ASOC.

3. Textbooks and Supplies
   By state law, Oxnard College is prohibited from furnishing free textbooks or supplies to students. These may be purchased at the College Bookstore and their cost will vary ($50-$150 per semester) depending on individual class requirements.

   There may be extra fees for instructional materials and services. See a current schedule of classes for these fees.

4. Transcripts
   Oxnard College students receive their first two college transcripts at no cost. A fee of $3 is charged for each additional transcript. A fee of $5 is charged for transcripts requiring one-day service. Multiple orders will have the initial fee plus $1 for each additional transcript.
militar recibirá crédito avanzado por los cursos tomados en el (NCTC) Centro Naval de Construcción y Entrenamiento de Port Hueneme, basado en las recomendaciones de las Instituciones Acreditadas de la Educación Postsecundaria de El Consejo Americano de Educación. Estos créditos serán tratados de la misma manera y bajo los mismos reglamentos que los créditos de colegios y universidades regionalmente acreditados.

El personal del servicio militar recibirá crédito por cualquier curso estudiado mientras estaba en servicio activo en un colegio o universidad que extienda transcriptos mostrando los créditos permitidos para obtener un diploma, de la misma manera que si el estudiante hubiese sido un estudiante civil y no militar.

**Estudiantes de Tiempo Completo**

Un estudiante de tiempo-completo es aquel que en un semestre regular lleva un mínimo de 12 unidades, o un mínimo de 4 unidades en una sesión de verano.

**Requisitos del Número de Unidades para Beneficios y Actividades**

Para calificar para ciertos beneficios y actividades se requiere mantener un mínimo de unidades, como sigue:

Los veteranos y huérfanos de guerra que estén recibiendo beneficios bajo el GI Bill: 12 o más unidades completadas al final del semestre; 9-11 unidades en tres-cuartos de semestre; 6-8 unidades en la mitad del semestre.

**Beneficios del Seguro Social:** 24 unidades por año académico (no se le pagarán sus beneficios si sus unidades bajan de 12 en un semestre).

**Seguros, médico y de automóvil:** 12 unidades

**Ayuda financiera y servicios de EOPS:** 12 unidades

**Elegibilidad atlética:** 12 unidades

**Gobierno estudiantil:** 6 unidades para puesto mayor; 3 unidades para miembros del Concilio

**Cuotas de Estudiantes**

**Declaración de Cuotas**

Las cuotas de inscripción y de servicios médicos están sujetos a cambios sin aviso. Empezando en marzo de 1991, la Mesa Legislativa de California ha considerado aumentar la cuota de inscripción de $5 por unidad (máximo de $50 por semestre) a $6 por unidad (máximo de $60 por semestre), y la cuota para servicios médicos aumentará de $7.50 a $10 por semestre. Si las cuotas son aumentadas después de la inscripción, se le avisará al estudiante la cantidad debida al colegio.

Estas cuotas se establecen por la Mesa Legislativa de California para todos los colegios comunidades de California.

Nuevas cuotas para permiso de estacionamiento serán establecidas para el semestre del otoño. Por favor vea las listas de cuotas.

Las cuotas de estudiantes que se enumeran en seguida son para su información y están sujetas a cambios.

**Cuotas Obligatorias**

**Cuotas de Inscripción**

La mesa Gubernamental del Distrito de Colegios de la Comunidad del Condado de Ventura ha adoptado la cuota de inscripción por mandato del estado. La cuota es de $50 para estudiantes matriculados en diez unidades o más y $5 por cada unidad para estudiantes matriculados en menos de diez unidades. Inclusive a la cuota de inscripción cada estudiante debe pagar una cuota obligatoria para servicios médicos. Otras cuotas, como las de estacionamiento y las de no-residentes, continúan en efecto. Todas las cuotas están sujetas a cambio sin previo aviso. Para más información, comuníquese con la oficina de Admisiones y Registros y consulte el horario de clases.

**Cuotas No-obligatorias**

Las cuotas que no son obligatorias son idénticas para los estudiantes de día y los de noche. Pueden ser pagadas en la Oficina de Asuntos de Estudiantes.

1. **Cuota de Estacionamiento para los Estudiantes**

   a. Cuota para el Semestre Regular (12 semanas o más):
      (1) Automóviles: Semestre regular—$20
      (2) Motocicletas: Semestre regular—$14
   b. Cuotas por Término Corto (menos de 12 semanas):
      (1) 6 a 11 semanas Automóvil—$14; Motocicleta—$8
      (2) 1 a 6 semanas: Auto—$7; Motocicleta—$4
   c. Sesión de Verano: Auto—$10; Motocicleta—$7
   d. Permiso para segundo vehículo: $4; $2 para el verano
   e. Permiso para Reemplazo: $2; $1 para el verano

**NOTA:**

a. La combinación de dos permisos (un automóvil y una motocicleta) costará no menos de $25 por semestre regular y $12 por la sesión de verano.

b. Los estudiantes que no compren permisos de estacionamiento para todo el periodo de clases, pueden comprar diariamente un permiso.

2. **Tarjeta del Gobierno Estudiantil**

La tarjeta se puede comprar por $5 por semestre o $8 por el año. A todos los estudiantes que están inscritos se les invita a comprar sus tarjetas de ASOC (asociación estudiantil) tan pronto como sea posible para que aseguren máximos beneficios. Los fondos de la venta de las tarjetas costearán las operaciones y actividades de ASOC.

3. **Libros de Texto y Utiles**

Por ley del estado, al Colegio de Oxnard se le prohíbe proporcionar libros de texto o útiles gratuitos a los estudiantes. Ambas cosas pueden comprarse en la librería del colegio y el costo varía, ($50-$150 por semestres) según los requisitos de cada clase. Puede haber cargos extra por materiales de instrucción y servicios. Consulte un horario de clases para información acerca de los mismos.

4. **Transcritos**

Los estudiantes reciben sus primeros dos transcritos sin costo alguno. Se cobrará $3 por cada transcrítio adicional y $5 por transcritos requeridos en un día. Múltiples transcritos requieren el costo inicial más $1 por cada transcrítio adicional.
Academic Policies

Grading Practices

Work in all courses acceptable in fulfillment of the requirements for associate degrees, certificates, diplomas, licenses, or baccalaureate level work shall be graded in accordance with the provisions adopted by the District Board of Trustees for the following sections which relate to the letter grading scale, the credit/no credit options, or credit by examination.

Grading System

Letter Grading Scale

Grades from a grading scale shall be averaged on the basis of the point equivalencies to determine a student's grade point average. The highest grade shall receive four points, and the lowest grade shall receive zero, using the following evaluative symbols:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>D</td>
<td>Passing, less than satisfactory</td>
</tr>
<tr>
<td>F</td>
<td>Failing</td>
</tr>
<tr>
<td>CR</td>
<td>Credit</td>
</tr>
<tr>
<td>NC</td>
<td>No credit</td>
</tr>
</tbody>
</table>

Courses taken on a credit/no credit basis are disregarded in calculating grade point average. However, units earned on a credit basis shall be counted toward satisfaction of curriculum requirements. “CR” is used to denote “passed with credit” when no letter grade is given. “CR” is assigned for work of such quality as to warrant a letter grade of “C” or better. “NC” is used to denote “no credit” when no letter grade is given. See Credit/No Credit Options section.

Non-Evaluative Symbols

The District Governing Board has authorized the use of only the non-evaluative symbols “I,” “IP,” “RD,” and “W,” which are defined in the following paragraphs:

I = Incomplete
Incomplete academic work for unforeseeable, emergency, and justifiable reasons at the end of the term may result in an “I” symbol being entered in the student’s record. The conditions for removal of the “I” shall be stated by the instructor in a written record. This record shall contain the condition for the removal of the “I” and the grade assigned in lieu of its removal. This record must be given to the student with a copy on file with the registrar until the “I” is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. The “I” may be made up no later than one year following the end of the term in which it was assigned.

The “I” symbol shall not be used in calculating units attempted nor for grade points.

A district-wide process shall be provided whereby a student may petition for a time extension due to unusual circumstances.

IP = In Progress
The “IP” symbol shall be used to denote that the class extends beyond the normal end of an academic term. It indicates that work is “in progress,” but that assignment of a substantive grade must await its completion. The “IP” symbol shall remain on the student’s permanent record in order to satisfy enrollment documentation. The appropriate evaluative grade and unit credit shall be assigned and shall appear on the student’s record for the term in which the course is completed. The “IP” shall not be used in calculating grade point averages.

RD = Report Delayed
The “RD” symbol may be assigned by the registrar only. It is to be used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. “RD” shall not be used in calculating grade point averages.

W = Withdrawal
A student may withdraw from a class through the last day of the fourteenth week of instruction for full semester classes, or through 75 percent of a class less than a semester in length. The academic record of a student who remains in a class beyond this time limit must reflect a grade other than a “W.” No notation (“W” or other) shall be made on the academic record of the student who withdraws during the first four weeks of a term or 30 percent of a term, whichever is less. Withdrawal between the end of the fourth week and the last day of the fourteenth week of instruction for full semester classes or through 75 percent of a class less than a semester in length shall be recorded as “W” on the student’s record.

Credit/No Credit Options

Colleges of the Ventura County Community College District may offer courses in two credit/no credit (“CR”/“NC”) options: (1) courses which are offered on a credit/no credit basis only, and (2) courses in which students may elect the credit/no credit option.

The first category includes those courses in which all students in the course are evaluated on a credit/no credit (“CR”/“NC”) basis. This “CR”/“NC” grading option shall be used to the exclusion of all other grades in courses for which there is a single satisfactory standard of performance and for which unit credit is assigned. Credit shall be assigned for meeting that standard, no credit for failure to do so.

The second category of credit/no credit options is comprised of courses designated by the college wherein each student may elect by no later than the end of the first 30 percent of the term or length of the class whether the basis of evaluation is to be credit/no credit or a letter grade. Once the 30 percent deadline has passed, the request cannot be withdrawn and the student becomes ineligible to petition to change a grade. It is the student’s responsibility to notify the instructor of his or
Reglamentos Académicos

Calificaciones

Trabajo en todos los cursos aceptables como los requisitos para "associate degree," certificados, diplomas, licencias, o trabajo al nivel de bachillerato será evaluado de acuerdo a las reglas adoptadas por la Mesa Directiva del Distrito para las siguientes secciones que se relacionan a la escala de grados de letra, la opción de crédito/no crédito, o crédito por examinación.

Sistema de Calificaciones

Escala de Grados de Letra

La escala de calificaciones se basará en la equivalencia de puntos para determinar el promedio de calificación del estudiante. La calificación más alta recibirá 4 puntos y el más baja recibirá 0, usando los siguientes símbolos evaluativos:

<table>
<thead>
<tr>
<th>Símbolo</th>
<th>Puntos de Calificación</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excelente</td>
</tr>
<tr>
<td>B</td>
<td>Bueno</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactorio</td>
</tr>
<tr>
<td>D</td>
<td>Pasa, menos que satisfactorio</td>
</tr>
<tr>
<td>F</td>
<td>Reprobado</td>
</tr>
<tr>
<td>CR</td>
<td>Crédito</td>
</tr>
<tr>
<td>NC</td>
<td>No crédito</td>
</tr>
</tbody>
</table>

Cursos tomados a base de crédito/no crédito no se tomarán en cuenta al calcular el promedio de calificación. Unidades ganadas a base de crédito contarán satisfactoriamente para requisitos del programa de estudios. "CR" se usa para significar "pasar con crédito" cuando se da calificación de letra. "CR" se asigna para trabajo que se merece una calificación de "C" o mejor. "NC" se usa para significar "No Crédito" cuando no se da calificación de letra.

Símbolos No- evaluativos

La Mesa Gubernamental del Distrito ha autorizado el uso de los siguientes símbolos no-evaluativos: "I", "IP", "RD", y "W", "W", que se definen en los párrafos siguientes:

I = Incompleto

Trabajo académico incompleto por imprevisibles emergencias y razones justificadas al término del semestre pueden resultar en el símbolo "I" en el record del estudiante. Las condiciones para remover dicha "I" deben ser anotadas por el instructor por escrito. Esta anotación debe contener las condiciones para remover la "I" y también la calificación asignada en su lugar. Esta debe darse al estudiante conservando una copia en archivo hasta que se haga el cambio de la "I" o el límite de tiempo haya pasado. Una calificación final será asignada cuando el trabajo estipulado haya sido terminado y evaluado, o cuando el límite de tiempo para hacer dicho trabajo haya pasado. La "I" podrá ser cambiada, a más tardar, un año después de terminado el período de clases durante el cual fue asignada. El símbolo "I" no se usará en calcular unidades ni tampoco puntos para calificación. En cualquiera de los Colegios del Distrito, en circunstancias especiales, el estudiante podrá formular una petición para que este límite de tiempo sea extendido.

IP = En Progreso

El símbolo "IP" se usará para indicar que la clase se extenderá más allá del límite fijado para el final del período de clases. Indica que el trabajo está "en progreso," pero que la calificación será asignada hasta que dicho trabajo se complete. El símbolo "IP" permanecerá en el record permanente del estudiante para tener completa su documentación. La calificación evaluativa apropiada y crédito de unidades serán asignados y aparecerán en el record del estudiante por el término en el cual el curso se complete. La "IP" no se usará para calcular el promedio de calificación.

RD = Reporte Atrasado

El símbolo "RD" puede ser asignado únicamente por el registrador. Se usa cuando hay un retraso en el reporte de la calificación del estudiante debido a circunstancias fuera del control de éste. Es una anotación temporal que será reemplazada por un símbolo permanente tan pronto como sea posible. "RD" no se usará para calcular un promedio de calificaciones.

W = Withdrawal (Dejar una Clase)

El estudiante puede dejar una clase hasta el último día de la catorceava semana de instrucción en las clases de semestre, o hasta terminar el 75 por ciento de una clase que sea menos de un semestre en duración. El record del estudiante que permanece en una clase por más tiempo que éste deberá mostrar una calificación que no sea una "W." Cuando el estudiante deja una clase dentro de las primeras cuatro semanas del curso o dentro de 30% del mismo, (lo que ocurra primero) ninguna anotación deberá aparecer en su record (ni "W" ni otra). Si el estudiante deja una clase entre el fin de la cuarta semana y el último día de la catorceava semana de un semestre o el 75% del mismo, una "W" deberá aparecer en su record.

Opciones de Crédito/No Crédito

Los colegios del Distrito de Colegios de la Comunidad del Condado de Ventura ofrecen cursos con dos opciones de crédito/No crédito: (1) cursos que se ofrecen sobre una base de crédito/No crédito solamente, y (2) cursos en los cuales los estudiantes pueden escoger la opción de crédito/No crédito.

La primera categoría incluye aquellos cursos en que todos los estudiantes del grupo son evaluados a base de crédito/No crédito. "CR"/"NC". Esta opción de calificación de crédito/No crédito se usará al excluirse todas las otras calificaciones en cursos por los cuales hay un solo promedio satisfactorio por el cual se asigna el crédito. Éste crédito será asignado al alcanzar tal promedio. Si no se logra el promedio, no se dará el crédito.

La segunda categoría de cursos con la opción de crédito/No crédito incluye cursos designados por el colegio donde cada estudiante puede elegir, antes del final del primer 30 percent del período de clases, si la evaluación ha de hacerse a base de crédito/No crédito o calificación. Una vez que el primer 30 percent de la duración del curso haya pasado, la petición no se puede cambiar. Es la responsabilidad del estudiante notificar...
her intent to be graded on a Credit/No Credit basis and to file the appropriate form; otherwise a letter grade will be assigned. The petition for this purpose, "Request for Credit/No Credit," is available in the Records Office.

All units earned on a credit/no credit basis in accredited California institutions of higher education or equivalent out-of-state institutions shall be counted in satisfaction of community college curriculum requirements.

A student may apply a maximum of 20 units of credit earned under the credit/no credit option to an A.A. or A.S. degree or Certificate of Achievement. Credit ("CR") is used to denote "passed with credit" when no letter grade is given. Credit is assigned for work of such quality as to warrant a letter grade of "C" or better. Units of "Credit" should not be used to satisfy major requirements.

Units earned on a credit/no credit basis shall not be used to calculate grade point averages. However, units attempted for which "NC" is recorded shall be considered in probation and dismissal procedures.

Students should be aware that other colleges and universities may restrict the acceptance of courses taken on a credit/no credit basis, especially for general education major requirements; therefore, units of "Credit" should not be used to satisfy major requirements for AA, AS degrees or transfer.

### Attendance

All students admitted to Oxnard College are expected to attend classes regularly, both because continuity of attendance is necessary to both individual and group progress in any class, and because financial support of the college is dependent upon student attendance.

Absence for any reason does not relieve the student from the responsibility of completing all class requirements.

It is also the responsibility of students, at the beginning of the semester, to become aware of the attendance and absence policies of the instructor for each class in which they are enrolled. When a student's absence exceeds in number 1/8 of the total class contact hours for the session (e.g., absence from a semester-long class equal to twice the number of hours the class meets in one week), the instructor may, after due warning, request that the Office of Admissions and Records drop such student from the class and that a grade be recorded in accordance with the policy for dropping a course.

### Withdrawal from Class

It is a student's responsibility to initiate a withdrawal when the withdrawal is desired by the student. Forms for this purpose are available in the Records Office.

A withdrawal may be initiated through the end of the fourth week of instruction for full-semester classes or during the first 30 percent of a class less than a semester in length. This action results in no record of dropped classes on students' academic records (grade card or transcript).

A withdrawal may be initiated between the end of the fourth week and the last day of the fourteenth week for full-semester classes, or through the first 75 percent of a class less than a semester in length. Withdrawal shall be authorized after informing appropriate faculty. This action shall be recorded as "W" on students' academic records.

The academic record of a student who remains in a class beyond this time must reflect a grade symbol other than "W."

The "W" shall not be used in calculating grade point averages, but excessive "W's" shall be used as factors in probation and dismissal procedures.

Withdrawal from a class may be authorized after the designated time limit by petition only in extenuating circumstances of verified cases of accidents, illnesses, or other circumstances beyond the control of the student.

Approved petitions shall result in a "W" recorded on a student's academic records. The petition for this purpose, "Petition to Change Grade to Withdrawal," is available in the Office of Instruction.

### Withdrawal from College

It is the student's responsibility to formally withdraw from all classes if he or she intends to withdraw from college. A student who withdraws after the end of the fourth week of instruction for full-semester classes, or after the end of the first 30 percent of a term for short-term or less than full-semester classes, shall have an entry made on his or her permanent record in accordance with the regulations specified in the Withdrawal from Class policy. Forms for this purpose are available in the Records Office.

### Grade Changes

In any course of instruction in a college of the Ventura County Community College District for which grades are awarded, the instructor of the course shall determine the grade to be awarded each student in accordance with the Grading System dealing with academic grade symbols and grade point average. The determination of the student's grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetency. Procedures for the correction of a grade given in error shall include expunging the incorrect grade from the record. The petition for this purpose, "Petition to Change Grade," is available in the Office of Instruction.

When grade changes are made, the student's permanent academic record shall be annotated in such a manner that all work remains legible, ensuring a true and complete academic history.

### Course Repetition

A course in which a grade of "C" or better has been earned may not be repeated except as identified in the catalog course description. Courses taken at any college in which a grade of "D," "F," "NC," or other substandard grade has been earned may be repeated for the purpose of improving a recorded grade.
al instructor de su intento de ser calificado a base de crédito/No crédito y de llenar la forma apropiada; de otra manera se le asignará una calificación de letra.

Todas las unidades que se adquieran a base de crédito/No crédito en instituciones acreditadas de California o de estudios avanzadas o instituciones equivalentes fuera del estado, se contarán de acuerdo con el currículum de requerimientos de colegios de la comunidad.

Un estudiante puede solicitar el máximo de 20 unidades de crédito basadas en la opción de crédito/No crédito para un título de A.A. o A.S., o un Certificado Vocacional. crédito (CR) se usa para denotar "Pasó con crédito" cuando no se da una calificación de letra. Crédito se asigna cuando el trabajo tiene la calidad suficiente como para obtener una calificación de "C" o mejor.

Unidades de “Crédito” no pueden ser usadas para requisitos de especialización; requisitos de cursos generales, así que unidades de “crédito” no deberían usarse para cumplir con los requisitos para los diplomas de AA, A5 or para transferir. Las unidades que se adquieran a base de crédito/No crédito no se usarán para calcular promedio de calificación. Sin embargo, las unidades que traten de obtenerse y por las cuales se hace una anotación de NC se tomarán en cuenta en casos de probación o procedimientos de expulsión.

El estudiante debe estar consciente de que otros colegios o universidades pueden restringir la aceptación de cursos que se han tomado a base de crédito/No crédito, especialmente para satisfacer requisitos de especialización.

**Asistencia a Clases**

Todos los estudiantes admitidos al Colegio de Oxnard deben asistir a sus clases regularmente por dos razones: porque la continuidad de asistencia es necesaria para el progreso individual y del grupo en cualquier clase, y porque el apoyo financiero que recibe el colegio depende de la asistencia de estudiantes a clases.

Ausencia por cualquier razón no excusa al estudiante de sus responsabilidades de completar todos los requisitos de sus clases.

Es la responsabilidad del estudiante de informarse cada semestre de los reglamentos de asistencia y ausencia que cada maestro tiene en cada clase en que esté inscrito. Cuando la ausencia del estudiante es más de 1/8 del total de horas de contacto para cada sesión (ej., la ausencia en una clase semestral igual a doble de horas que se reina una clase en una semana), el profesor(a), después de una advertencia al estudiante, puede pedir a la Oficina de Admisiones y Registros que quite al estudiante de la lista oficial y que se le asigne la calificación de acuerdo con el reglamento para dejar una clase.

**Como Dejar Una Clase**

Es la responsabilidad del estudiante dar los pasos necesarios para dejar una clase cuando ella desee hacerlo. Las formas para este propósito están disponibles en la Oficina de Admisiones y Registros.

Estudiantes o instructores pueden iniciar los trámites para el "retiro" (withdrawal) durante la cuarta semana de instrucción en un semestre, o antes de terminar el 30% de la clase cuando es un curso más corto que un semestre regular. Esta acción resultará en que el archivo académico del estudiante, tarjeta de calificaciones, o record no muestren que dejó la clase. Estudiantes o instructores pueden iniciar un “retiro” entre el fin de la cuarta semana y el último día de la catorceava semana en un semestre, o durante el primer 75% de un curso menos largo que un semestre. El “retiro” será autorizado después de informar a la facultad apropiada. Esta acción resultará en una “W” en el archivo del estudiante.

El archivo académico del estudiante que permanece en clase por más de este tiempo debe reflejar una calificación y no una “W”.

Una “W” no se usará para calcular el promedio de calificación, pero si hay demasiadas “W”, éstas podrían usarse como factores en procedimientos de expulsión.

La autorización para dejar una clase después del límite asignado puede obtenerse solamente bajo circunstancias atenuantes o la verificación de casos de accidente, enfermedad, u otras circunstancias fuera del control del estudiante. Las peticiones de esta clase que sean aprobadas resultarán en una “W” en el archivo del estudiante. La forma para esta petición, “Petición para cambiar calificación a Withdrawal” puede ser obtenida en la Oficina de Instrucción.

**Como Dejar Oficialmente el Colegio**

Es la responsabilidad del estudiante formalmente dejar todas sus clases si es su intención retirarse del colegio. Un estudiante tendrá una anotación permanente en su archivo de acuerdo con las reglas especificadas en el Reglamento Para Retirarse de Clases si deja sus clases después de la cuarta semana de un semestre completo, o después del primer 30% de un curso menos de un semestre de largo. Formas para ésto se pueden obtener en la Oficina de Registros.

**Cambios de Calificación**

En cualquier curso de instrucción de un colegio del Distrito de Colegios de la Comunidad del Condado de Ventura en que se da una calificación, el instructor del curso determinará la calificación que se le dará a cada estudiante de acuerdo con el sistema de símbolos y promedios de calificación. La determinación de la calificación por el instructor será definitiva siempre y cuando no contenga errores, fraude, mala fe, o incompetencia. Los procedimientos para la corrección de una calificación que tiene un error incluirán la eliminación de la calificación incorrecta en el archivo del estudiante. La forma para esta petición “Petición para Cambio de Calificación” está disponible en la Oficina de Instrucción.
This policy may apply more than once to any particular course. A course taken at another institution, in which a substandard grade was earned, may be repeated at the colleges of the Ventura County Community College District, subject to this policy. In order to identify acceptable equivalencies, course equivalency shall be determined chiefly by content, as defined in the catalog course description, and not by title or units. Prior approval for course repetition shall be required. The petition for this purpose, “Petition for Course Repetition,” is available in the Counseling Office.

Upon completion of the repeated course, the previous grade earned shall be omitted from the computation of the cumulative grade point average and lined through on the permanent record. The permanent record shall be annotated in such a manner that all work remains legible, ensuring a true and complete academic history.

Students should understand that other colleges or universities may not accept credit for work which represents a repetition of high school work. In addition, there is no assurance that repeated courses resulting in an improvement in grade will be accepted by other colleges or universities.

**Academic Renewal**

**Without Course Repetition**

Students may petition to have a portion of previous college work disregarded in meeting academic requirements in the colleges of the Ventura County Community College District. Academic renewal is intended to facilitate the completion of requirements necessary for an academic degree or certificate.

A student may petition, once only, to eliminate grade point calculations and credits from selected portions of previous college work which is not reflective of the student’s present demonstrated ability and level of performance. The student may petition for academic renewal to disregard previous substandard college work by selecting one of the following options: (1) disregard a maximum of 15 or fewer semester units of any courses with less than a “C” or equivalent grade taken during any one or two terms, not necessarily consecutively; or (2) disregard all courses from two consecutive terms (one summer or intercession may be regarded as equivalent to one semester at the student’s discretion). Courses and units taken at any institution may be disregarded.

Academic renewal may be granted only to a student who is currently enrolled in at least one credit course in the college; has completed at least 12 units in residence in the colleges of the Ventura County Community College District; has submitted transcripts of all college work; has waited two years since the course work to be disregarded was completed; and has subsequently completed at least 30 semester units with a minimum 2.40 GPA.

The colleges of the Ventura County Community College District will honor similar actions by other accredited colleges and universities in determining grade point averages and credits. The petition for this purpose, “Petition for Academic Renewal,” is available in the Counseling Office. Upon granting the Petition for Academic Renewal, the student’s permanent academic record shall be annotated in such a manner that all work remains legible, ensuring a true and complete academic history.

The student should be aware that other colleges or universities may have different policies concerning academic renewal and may not honor this policy.

**Credit by Examination**

Granting unit credit for a course by examination is based on the principle that previous experience, training, or instruction is the equivalent of a specific course taught in the college. If an examination indicates that the student possesses adequate equivalency and mastery of the subject, credit may be granted. All courses shall be open to credit by examination unless specifically exempted. Each division of the college shall determine the courses for which credit by examination may be granted and the Office of Instruction shall maintain a current list of courses excluded from this policy. For the purpose of this policy, a course shall mean an organized area of instruction as described in the college catalog. A student should be advised that the use of units given by credit by exam to establish eligibility for athletics, financial aid, and veterans benefits are subject to the rules and regulations of the external agencies involved.

Exceptions to the above may be made when necessary to meet provisions of California state law or the rules and regulations of state agencies governing programs of the California Community Colleges.

Credit by examination may be granted only to a student who is currently enrolled in at least one course in the college; has completed at least 12 units in residence in the colleges of the Ventura County Community College District; is not on academic probation; has submitted transcripts of all previous course work; has not earned college credit in more advanced subject matter; and has not received a grade (“A,” “B,” “C,” “D,” “F,” “CR,” “NC”) or equivalent in the course for which he or she is seeking credit by examination at this or any other educational institution. A student seeking credit by examination will receive a “CR” (credit) if he or she satisfactorily passes the examination; no other grade will be recorded. Students who are unsuccessful in an attempt to challenge by examination will not receive a “NC” (no credit) and no record of the attempt for credit by examination will appear on a student’s transcript. However, students may challenge a course only once. A student may challenge no more than 12 units (or four courses) under the Credit by Examination policy toward an Associate Degree or Certificate of Achievement. The amount of unit credit granted by examination to an individual shall not count toward the minimum 12 units requirement for residency. Credit by examination may be granted in only one course in a sequence of courses, as determined by prerequisites, and may not be granted for a course which is a prerequisite to the one in which the student is currently enrolled.

Exceptions to this policy are permitted for each college in those occupational programs where curriculum makes this necessary.
Cuando se hacen cambios de calificación, las anotaciones en el archivo académico permanente del estudiante se harán de tal manera que todo el trabajo sea perfectamente legible, asegurando así un récord académico efectivo y completo.

Repetición de un Curso

Un curso en el cual se ha obtenido una calificación de "C" o mejor no podrá repetirse excepto como se explica en la descripción de cursos en el catálogo.

Cursos en cualquier colegio en el cual se ha obtenido una calificación de "D", "F", "NC," u otra baja calificación pueden repetirse con el propósito de mejorar la calificación. Esta póliza puede aplicarse más de una vez a cualquier curso en particular. Un curso tomado en otra institución en el cual se ha obtenido una calificación baja, puede repetirse en los colegios del Distrito de Colegios de la Comunidad del Condado de Ventura sujeto a esta póliza. Para identificar equivalencias aceptables, equivalencia de cursos será determinada principalmente por contenido, como esté definido en la descripción de cursos en el catálogo, y no por título o unidades. Se requiere aprobación para repetición de un curso. La petición para este propósito, "Petición para Repetición de Curso," está disponible en la Oficina de Consejeros.

Al completar la repetición del curso, la calificación más baja se omitirá de la computación del promedio de calificación acumulativa y se tachará en el archivo permanente. Las anotaciones en el archivo permanente se harán de tal manera que todo el trabajo sea legible, asegurando una historia académica completa y efectiva.

Los estudiantes deben entender que otros colegios o universidades pueden no aceptar crédito por trabajo que represente una repetición de trabajo de escuela secundaria. Además, no se puede garantizar que las clases que se repitieron y dieron por resultado una mejor calificación serán aceptadas por otros colegios o universidades.

Reanudación Académica sin Repetición de Curso

Estudiantes pueden solicitar que una parte de su trabajo previo en el colegio sea descartado para llenar los requisitos en los colegios del Distrito de Colegios de la Comunidad del Condado de Ventura. La reanudación académica es para facilitar el cumplimiento de los requisitos necesarios para un título académico o certificado.

El estudiante puede pedir, solo una vez, que se eliminen los promedios y calificaciones de porciones selectas de su trabajo previo en el colegio que no reflejen su presente habilidad. El estudiante puede solicitar reanudación académica seleccionando una de las siguientes opciones: (1) descartar el máximo de 15 unidades de cualquier curso con grado más bajo de "C" or grado equivalente, cursado durante uno o dos semestres, no necesariamente consecutivos (una sesión de verano puede contar como equivalente a un semestre a la discreción del estudiante). Cursos y unidades tomadas en cualquier institución pueden ser descartadas.

Reanudación académica se concederá solamente a estudiantes que estén matriculados en por lo menos un curso de crédito en el colegio; hayan completado por lo menos 12 unidades en residencia en los colegios del Distrito de Colegios de la Comunidad del Condado de Ventura; hayan sometido registros de todo trabajo en el colegio; hayan esperado dos años desde que el trabajo que será descartado fue completado; y hayan subsecuentemente completado por lo menos 30 unidades semestrales con el mínimo de 2.40.

Los colegios del Distrito de Colegios de la Comunidad del Condado de Ventura aceptarán acciones similares de otros colegios y universidades acreditadas en determinar promedio de calificación y créditos.

La petición para este propósito "Petición para Reanudación Académica" está disponible en la Oficina de Consejeros. Al conceder la Petición para Reanudación Académica, el archivo académico permanente del estudiante se anotará de tal manera que todo el trabajo sea legible, asegurando un record académico completo y efectivo.

Los estudiantes deben estar conscientes que otras universidades pueden tener diferente reglamento concerniente a la reanudación académica y no aceptar este reglamento.

Crédito por Examen

El conceder crédito de unidades para un curso, por examen, está basado en el principio de que experiencia previa, entrenamiento o instrucción es el equivalente de un curso específico que se da en el colegio. Si un examen indica que el estudiante posee la equivalencia y la maestría adecuada de la materia, el crédito se otorga. Todos los cursos estarán abiertos para crédito por examen a menos que estén específicamente exentos. Cada división del colegio determinará los cursos por los cuales se puede otorgar crédito por examen y la Oficina de Instrucción mantendrá una lista al día de los cursos excluidos de este reglamento. Para el propósito de este reglamento, un curso significará un área organizada de instrucción y se describe en el catálogo del colegio. Los créditos que se ganan bajo este reglamento no contarán hacia la determinación de elegibilidad atlética ni para determinar elegibilidad para beneficios de veteranos.

El estudiante debe saber que el uso de las unidades ganadas por crédito por examen para establecer elegibilidad para deportes, ayuda financiera, y beneficios de veteranos están sujetos a reglas y regulaciones de agencias externas que están comprometidas.

Se hará una excepción a la anterior cuando sea necesario para cumplir con estipulaciones de la ley del estado de California. Crédito por examen se podrá otorgar únicamente a un estudiante que esté registrado en por lo menos un curso de crédito en el colegio; haya completado por lo menos 12 unidades en residencia en los colegios del Distrito de Colegios de la Comunidad del Condado de Ventura; que no esté en probaración académica; haya sometido transcriptos de todos los cursos previos; no haya obtenido crédito en una materia más avanzada y no haya recibido una calificación de ("A", "B", "C,", "D", "F", "CR," "NC") o equivalente en el curso por el cual
The exceptions are as follows: The 12-unit residency requirement is suspended, permitting students to petition for credit by examination prior to completion of that requirement; when the residency requirement has been met, the course(s) successfully challenged shall be added to the student's record. Credit by examination may be granted for more than one course in a sequence of required courses, when approved by the administrator responsible for vocational programs. The petition for this purpose, "Petition for Credit by Examination," is initiated in the Counseling Office. Approved petitions must be on file with the administering instructor by Friday of the tenth week of the semester. The examination is to be administered prior to the last day of the final examination period.

Credit ("CR") is assigned for work of such quality as to warrant a letter grade of "C" or better. Transcript entries shall distinguish credits obtained by examination from credits obtained as a result of regular course enrollment. The student's academic record shall be clearly annotated to reflect that credit was earned by examination. Students should be aware that other colleges may not accept credit by examination for transfer purposes.

Final Examinations

Final examinations are given at the end of each semester. Students are required to take examinations for the classes in which they are enrolled. No examinations are administered prior to the regular schedule for examinations. Exceptions to this rule in emergency situations will require the approval of the instructor of record and the Vice-President of Instruction. All student requests for examinations to be administered at a later date must be filed on the proper petition form in the Records Office. Petitions for late examinations will not be considered if the student leaves prior to the last three weeks of the semester.

Admission, Probation, Dismissal, and Readmission Policies

Admission, probation, dismissal, and readmission policies and procedures are designed to assist students in making progress toward realistic educational, vocational, and personal goals. Students who choose to enroll should be encouraged to take advantage of the opportunity to realize their full potential. Limitations regarding programs, courses, and unit loads are consistent with the philosophy of providing an opportunity to succeed.

The entire statement of the policy adopted by the District Board of Trustees on Admission, Probation, Dismissal, and Readmission appears in the Appendix of this catalog.

Cheating or Plagiarism

Instructors have the responsibility and authority for dealing with any cheating or plagiarism which may occur in their classes. It is the policy of the Ventura County Community College District that the instructor may dismiss a student involved in such dishonest behavior from class with a grade of "F." In addition, the faculty member may direct the matter to the Vice-President of Student Services for further disciplinary action.

Auditing Classes

Students enrolled in classes to receive ten or more semester units shall be allowed to audit three or fewer semester units without a fee. Students enrolled in fewer than ten semester credit units may audit three or fewer units with a fee for auditing of fifteen dollars ($15) per unit per semester.

Priority in class enrollment shall be given to students desiring to take the course for credit towards a certificate or degree. Therefore, students wishing to audit may register for classes in audit status by special petition only in the last two days of the add/drop period. This petition requires permission of the instructor. Laboratory classes are not normally available for audit. Students auditing a course shall not be permitted to change their enrollment in that course to receive credit for the course.

Students auditing a course are not permitted to take exams in class, nor are they permitted to challenge the course at a later date. Instructors are under no obligation to grade assignments of students auditing a course. Attendance requirements for students auditing courses are the same as for all other students as stated in the college catalogs.

Dean's List

Special recognition is accorded students who achieve academic distinction. Full-time students who complete a program of 12 or more units with a 3.5 grade point average or higher during a semester, and part-time students who complete 12 or more units in two to four semesters with a 3.5 grade point average or higher, will be eligible for the Dean's List provided that at least nine of the 12 units were in graded courses.

Students attending Oxnard College and concurrently enrolled at Moorpark and/or Ventura College may request that the units be combined for eligibility for the Dean's List. Students attending more than one campus during any semester may choose one campus for placement on the Dean's List.

Use of Listening or Recording Devices

State law in California prohibits the use by anyone in a classroom of any electronic listening or recording device without the prior consent of the instructor and college management. Any student who has need to use electronic aids must secure the consent of the instructor. If the instructor agrees to the request, a notice of consent will be filed in the Office of Instruction.

Availability of District Library Resources

The libraries at Oxnard, Moorpark, and Ventura Colleges are available to a student enrolled at any of the three colleges. The
está tratando de conseguir crédito por examen en ésta o cualquier otra institución educacional. El estudiante que solicita crédito por examen recibirá un “CR” (crédito) si el o ella pasa el examen satisfactoriamente; ningún otro grado se anotará en su archivo. Los estudiantes que no tienen éxito cuando hacen el examen para obtener crédito, no recibirán un “NC” (no crédito) ni aparecerá en su recuadro el examen que hicieron sin éxito. Sin embargo, el estudiante podrá hacer el intento de obtener crédito por examen por un curso sólo una vez. Lo máximo que un estudiante puede obtener bajo este reglamento cuando está estudiando para obtener un “Associate Degree” o Certificado Vocacional son 12 unidades o cuatro clases. El total de unidades concedidas por este método de examinación no contará para el mínimo de las 12 unidades requeridas para la residencia en el colegio. El crédito por examen puede darse solo en un curso en una secuencia de cursos, tal como está determinado por los requisitos. Y no será concedido en un curso que es requisito para el que el estudiante está estudiando.

Excepciones a esta póliza se permiten en cada colegio en esos programas técnico-vocacionales donde el plan de estudios lo hace necesario. Las excepciones son las siguientes: El requisito de residencia de 12 unidades se suspende, permitiendo los estudiantes hacer una petición para crédito por examen antes de completar ese requisito; al cumplir con el requisito de residencia, el curso(s) que se retó se añadirá al archivo escolar del estudiante. Crédito por examen se dará por más de un curso en una secuencia de cursos requeridos, cuando se aprueba por un administrador encargado de programas técnico-vocacionales.

La petición para este propósito “Petición para crédito por Examen,” es iniciada en la Oficina de Consejeros. Peticiones aprobadas deben estar archivadas con el maestro dando el examen, a más tardar, el viernes de la decima semana del semestre. El examen se administrará antes del último día del periodo de exámenes finales.

El crédito (“CR”) se asigna por un trabajo que tenga la calidad suficiente para obtener una calificación de “C” o mejor. Las anotaciones en las transcripciones especificarán si el crédito se obtuvo por examen o como resultado de una inscripción en un curso regular. El record académico del estudiante se anotará claramente para que refleje que el crédito se obtuvo por examen. Los estudiantes deben estar conscientes de que otros colegios pueden rehusar el crédito por examen para el propósito de transferencia.

Examenes Finales

Exámenes formales se dan al término de cada semestre. Se requiere que los estudiantes tomen exámenes en las clases en las cuales están matriculados. Excepciones a esta regla en situaciones de emergencia requieren aprobación del instructor del curso y el Vice Presidente de Instrucción. Todas las peticiones para tomar un examen más tarde deben entregarse a la Oficina de Registros. Peticiones para tomar exámenes después de la fecha fijada no se considerarán si el estudiante deja de asistir a clases tres semanas antes de que se termine el semestre. No se administran exámenes previos a las fechas que han sido fijadas para ello. Las solicitudes de los estudiantes para tomar un examen después de las fechas regulares se deben hacer llenando la forma para dicha petición que se puede obtener en la Oficina de Registros.

Admisión, Periodos a Prueba, Expulsión, y Readmisión

Los póldas y procedimientos de admisión, a prueba, expulsión, y readmisión han sido designadas para ayudar a los estudiantes a progresar en su camino hacia metas realistas vocacionales y educacionales. Los estudiantes que deciden matricularse deben ser animados para que aprovechen la oportunidad de desarrollar todo su potencial. Limitaciones relacionadas con programas, cursos, y número de unidades son consistentes con la filosofía de proveer una oportunidad para tener éxito. La declaración completa del reglamento adoptada por la Mesa Directiva del Distrito en Admisión, a Prueba, Expulsión, y Readmisión, aparece en el apéndice de este catálogo.

Fraude o Plagio

Instructores tienen la responsabilidad y la autoridad para tratar con casos de fraude y plagio que ocurran en sus clases. Es la póliza del Distrito de Colegios de la Comunidad del Condado de Ventura que un instructor puede despedir de la clase a un estudiante por tal comportamiento deshonesto con una calificación de “F.” Es más, el miembro de la facultad puede dirijir el caso al Vice Presidente de Servicios Estudiantiles para acción disciplinaria.

Oyentes en Clases

Estudiantes inscritos en clases para recibir diez unidades o más por semestre pueden asistir como oyente a clases de tres unidades o menos por semestre sin pagar cuota de inscripción. Estudiantes inscritos en menos de diez unidades de créditos por semestre pueden estar de oyente pagando una cuota de quince dólares ($15) por unidad por semestre.

Prioridad para inscripción en clases se dará a estudiantes deseando tomar la clase por crédito hacia un certificado o diploma. Así que, estudiantes queriendo estar de oyente en una clase pueden registrarse en tal clases por petición especial en los últimos dos días del periodo de inscripciones. Esta petición requiere permiso del maestro. Clases con laboratorio no están disponibles a inscripciones como oyente. Estudiantes inscritos como oyentes no se les permitirá cambiar su inscripción para recibir crédito por la clase.

Estudiantes inscritos como oyentes en una clase no se les permitirá tomar exámenes en clase, y no podrán recibir “crédito por examen” después de estar en la clases como oyente. Maestros no están obligados a calificar los trabajos de estudiantes que están inscritos como oyentes. Requisitos de asistencia para estos estudiantes son las mismas como para todos los estudiantes como dictan las reglas en el catálogo.
Listo del Decano

A los estudiantes que completan un programa de 12 o más unidades con un promedio de 3.5 de calificación o más alto durante el semestre, se les dará un reconocimiento especial. Los nombres de estos estudiantes se pondrán en la Lista del Decano y se les dará el reconocimiento apropiado en el colegio y en la comunidad.

Los estudiantes de Oxnard College que asisten al mismo tiempo a los colegios de Ventura o Moorpark, pueden solicitar que se combinen todas sus unidades para poder calificar en la lista de Honor llamada “The Dean’s List.” Estudiantes que asisten a más de un colegio pueden escoger el colegio en que deseen aparecer en la lista de Honor.

Uso de Aparatos para Escuchar o Hacer Grabaciones

La ley del estado de California prohíbe el uso de cualquier aparato electrónico para escuchar o grabar sin el consentimiento previo del instructor y de la gerencia del colegio. Cualquier estudiante que necesite usar aparatos electrónicos debe asegurarse de tener el consentimiento del instructor. Si el instructor está de acuerdo en aceptar tal petición, debe registrarlo en una nota de consentimiento con el Decano de Instrucción.

Disponibilidad de Los Recursos de la Biblioteca del Distrito

Las bibliotecas en los colegios de Oxnard, Moorpark, y Ventura están disponibles para estudiantes que estén matriculados en cualquiera de los tres colegios. La apropiada tarjeta de identificación del colegio puede usarse en las bibliotecas del colegio. Además, los sistemas “Total Interlibrary Exchange” (TIE) y el “Black-Gold Exchange” permiten al estudiante solicitar materiales tanto de las otras bibliotecas como también de todos los miembros de estos sistemas. Esto aumenta el acceso que el estudiante tiene a recursos de biblioteca. Por favor infórmese con la biblioteca de su colegio para más detalles.

Meta del Razonamiento Analítico

El colegio de Oxnard provee un ambiente que inspira el pensamiento receptivo, independiente y analítico. Las clases están diseñadas para enfatizar el aprendizaje a fondo. Se espera que los estudiantes tomen responsabilidad por su propio aprendizaje. Esto significa que los estudiantes deben aprender el arte del estudio independiente y a desarrollar hábitos intelectuales como claridad, precisión y exactitud de pensamiento, imparcialidad, y conclusiones sacadas de hechos y principios en lugar de prejuicios, distorciones, o verdades a medias.

Los cursos ayudan a los estudiantes a desarrollar y aplicar habilidades en razonar analíticamente sobre las diferentes áreas del estudio académico y a transferir tales habilidades a los problemas complicados en la vida. Se estimula el pensamiento analítico y deductivo para que los estudiantes practiquen, como dice Robert Ennis, “el pensamiento razonable y reflexivo que se enfoca en la decisión de qué creer o hacer.”
Student Services

Counseling Services

Counseling Philosophy
It is the aim of Oxnard College counselors to provide individual and group counseling sessions in which students feel free to discuss educational plans, career interests, and personal concerns, as part of the process of making meaningful life decisions.

The counselor-student holistic approach encourages students to deal with immediate concerns and aids them in exploring options. The students' concerns are treated from a holistic framework, which may include a complete examination of lifestyles and how individual lifestyle affects educational performance.

Academic Information
One of the primary responsibilities of Oxnard College counselors is to assist students in planning for a program of study which appropriately reflects their personal interests, potential, and motivation. The counselor's function, however, is an advisory one. Ultimately, the responsibility for knowing program requirements and enrolling in proper courses rests with the students.

Students registering at Oxnard College for the first time and students on academic probation are required to meet with a counselor prior to registration. All students are encouraged to see a counselor prior to registering. Other counseling appointments can be made by calling the Counseling Office.

Career/Life Planning
Counselors can provide students with information about a variety of career clusters and vocational fields. By visiting the Career Center, attending Personal Growth classes, and meeting with counselors, students have the opportunity to explore relationships between career choice, decision-making procedures, and personal values. Ongoing participation in Personal Growth classes allows students the opportunity to gain insight into past and present performance while providing a supportive atmosphere for self-exploration.

Personal Concerns
Trained professionals are available for personal counseling. Through a self-help holistic approach, counselors will help students explore immediate alternatives for crisis situations or assist in the decision making to provide for maximum student success while in attendance at Oxnard College. When further assistance is necessary, counselors can provide students with referral services for personal and social problems.

College Success Courses
Counselors assist students in the acquisition of skills, techniques and attitudes that will enhance college performance.

Disabled Students Programs and Services (DSPS)

The Oxnard College Disabled Students Programs and Services (DSPS) Office offers supportive services for physically, learning, developmentally- and communicatively-disabled students, to enable them to participate successfully in the educational process. A full range of services is provided to accommodate all handicaps, including special materials, audio-visual equipment, transportation, counseling, and academic assistance.

Services for the visually impaired include tape recordings, Visual Tek, Braille dictionary and readers. Services for the deaf include classroom interpreting, language programs, and tutors proficient in sign language.

Services for the learning disabled include diagnostic testing, counseling, individualized learning strategies, special classes, and individualized educational plans.

For the physically handicapped, the college offers transportation, mobility assistance, tutoring, and loaner electric wheelchairs for on-campus transportation. Personal attendant care is not provided. Vocational assessment for handicapped students is now available in addition to diagnostic and academic testing.

Extended Opportunity Programs and Services (EOPS)

EOPS is designed to recruit, retain and provide services to educationally and economically disadvantaged students. The objective of EOPS is to give EOPS students the opportunity and assistance necessary to successfully complete their academic and/or vocational program at OC. To meet this objective, EOPS provides support services over, above, and in addition to the regular educational programs of the college. To be eligible, students must qualify for the Board of Governor's grant (BOGG), be enrolled full-time, and have completed less than 70 units of degree-applicable credit coursework. Once eligible, students are provided with orientation, counseling, tutorial assistance, grants, emergency and/or textbook loans, and related services.

For more information contact the EOPS staff in the Student Services building.

Cooperative Agencies' Resources for Education (CARE)
CARE is a branch of EOPS which serves single parent students who envision a better life for themselves by acquiring educational and employment skills. CARE provides additional financial assistance toward child care and book costs while attending classes and workshops directed toward single parent students, and academic and personal counseling services.

CARE applicants must first qualify for the EOPS program and be, in addition, single heads-of-household, AFDC recipients for at least one year, have a child under age six, and be enrolled in a minimum of 12 units. The CARE office is located in the Student Services Building.
Servicios para Estudiantes

Servicios de Consejeros

Filosofía de los Consejeros
El propósito de los consejeros del colegio de Oxnard es proveer sesiones de orientación en grupo o individuales, en las cuales los estudiantes se sientan con libertad de discutir su plan académico, carreras que les interesan, e intereses personales, como parte del proceso de hacer decisiones significativas en sus vidas.

El método consejero-estudiante en su totalidad estimula al estudiante a atender a sus intereses inmediatos y le ayuda a explorar opciones. Los problemas de los estudiantes son tratados en una forma completa, lo cual puede incluir hacer un examen completo de estilos de vida y de cómo la forma de vida de cada individuo puede afectar su desarrollo educacional.

Información Académica
Una de las principales responsabilidades de los consejeros del Colegio de Oxnard es ayudar a los estudiantes a planear un programa de estudio el cual refleje apropiadamente sus intereses personales, su potencial y motivación. La función del asesor (consejero), sin embargo, es la de aconsejar; por lo demás, la responsabilidad de informarse de los requisitos e inscribirse en los cursos apropiados recae en el estudiante.

Los estudiantes que se registran en el Colegio de Oxnard por primera vez y los que estén a prueba, deberán hablar con un consejero antes de inscribirse. En general se recomienda a todos los estudiantes hablar con un consejero antes de matricularse. Pueden hacerse citas por teléfono.

Elección de Carrera y Planeamiento de Vida.
Los consejeros pueden proporcionar a los estudiantes información sobre una variedad de carreras profesionales. Visitando el Centro de Carreras, asistiendo a las clases de Desarrollo Personal y reuniéndose con los consejeros, los estudiantes tienen la oportunidad de explorar la relación que existe entre la carrera elegida, los procedimientos para hacer decisiones y los valores personales. La participación en las clases de Desarrollo Personal de los estudiantes, la oportunidad de reflexionar sobre la forma en que han actuado en el pasado y el presente, y al mismo tiempo le proporciona una atmósfera favorable para la auto-exploración.

Preocupaciones Personales
Profesionales debidamente entrenados están disponibles para consultas personales. Por medio del método de auto-ayuda, los consejeros ayudarán al estudiante a explorar alternativas inmediatas en situaciones críticas o le asistirán a hacer su decisión para que tenga mayores probabilidades de éxito mientras asiste al Colegio de Oxnard. Si es necesaria más ayuda, los consejeros pueden dar servicio de referencias e indicar al estudiante donde puede obtener servicios adicionales.

Cursos para Tener Éxito en el Colegio
Los consejeros ayudan a estudiantes a adquirir habilidades técnicas y actitudes que mejoran su papel como estudiante.

Programa de Servicios para Estudiantes Incapacitados (DSPS)
La oficina de Programas y Servicios para Estudiantes Incapacitados del Colegio de Oxnard ofrece servicios de apoyo a estudiantes que tienen alguna incapacidad física, de desarrollo, de aprendizaje o de comunicación, para ayudarles a participar efectivamente en el proceso educativo. Se ofrecen una variedad de servicios para satisfacer todas las necesidades, incluyendo materiales especiales, equipo audio-visual, transportación, asesoría y ayuda académica.

Hay servicios para personas con impedimentos visuales incluyendo grabadoras, Visual Tek, diccionarios Braille y lectores. Servicios para personas sordas incluyen intérpretes en clase, programas de lenguaje, y tutores hábiles en el alfabeto para sordo-mudos.

Servicios para personas con incapacidad de aprendizaje incluyen exámenes diagnósticos, asesoría, estrategias para aprendizaje individualizadas, clases especiales, y planes académicos individuales.

Para personas con incapacidades físicas, el colegio ofrece transportación, ayuda para mobiliarse dentro del colegio, tutores, préstamo de sillas de ruedas eléctricas para uso en el colegio. Asesoría vocacional, para estudiantes incapacitados, es disponible junto con exámenes diagnósticos y académicos.

Servicios y Programas de Oportunidad Extensa (EOPS)
El programa EOPS está diseñado para reclutar, retener y proporcionar servicios a estudiantes en desventaja de acuerdo con ciertos criterios educacionales y económicos. El objetivo del Program EOPS es el de darle al estudiante la oportunidad y asistencia necesaria para poder completar su programa académico y/o vocacional en el colegio de Oxnard. Para lograr este objetivo, EOPS ofrece servicios adicionales al programa educativo regular del colegio. Para poder ser elegible, los estudiantes deben calificar para la beca BOGG (Nueva Mesa Directiva de Becas e Incentivos a Estudiantes), debe estar matriculado por tiempo completo, y no debe de haber completado más de 70 unidades ( créditos aplicables hácia su título). Una vez elegibles, se les ofrecerá una orientación, servicios de tutores, consejeros, becas, préstamos de emergencia y/o para libros, y otros servicios adicionales. Para más información póngase en contacto con el departamento de EOPS que está ubicado en el edificio de Servicios Estudiantiles.

CARE
CARE es una rama de EOPS la cual provée servicios a estudiantes que son padres de familia solteros quienes desean una vida mejor para sí mismos, adquiriendo una preparación académica y habilidades para un empleo. CARE provée ayuda financiera adicional para cuidado de niños y el gasto de libros mientras se está estudiando, clases y talleres de interes para estudiantes que son padres de familia solteros, y servicios de asesoría académica y personal.
Mini-Corps
The California Mini-Corps program at Oxnard College offers, to students who qualify and are pursuing a career in education, an opportunity to gain classroom experience working with migrant children in the local public schools.

Students are required to work 12 hours per week. Nine of the hours are spent in a classroom working with migrant children under the direct supervision of a certified teacher and program coordinator. The remaining three hours are devoted to in-service training by registering in Interdisciplinary Studies 189DE, Cross-Cultural Experiences with Migrant Children.

Qualified students receive financial aid/work study and a deferment from Mini-Corps, Sacramento. For further information, contact the Mini-Corps coordinator.

ESPIGA (Bilingual Program)
The Oxnard ESPIGA program (English/Spanish Program of Instruction Granting Access to the regular program of instruction) has been designed to facilitate non-English or limited English-speaking students’ entrance into the regular English curriculum. Students will develop a mastery of the English language as they participate in this program earning college credits in vocational or academic programs.

Each semester, courses offered through ESPIGA are published in the schedule of classes in English and Spanish. Classes in vocational education, transfer level courses, and classes in essential skills make up the ESPIGA program offerings. Classes are offered during the day as well as in the evening.

There are bilingual personnel to help students with registration. Also, there are bilingual counselors who can recommend an appropriate course of studies.

Classes generally taught in the bilingual mode are listed in Spanish at the end of this section; for English versions, please refer to the course descriptions included later in the Catalog.

Financial Services
The student who is hesitant about attending college because the financial expenses involved in obtaining a college education may prove to be too much of a personal or family burden will find a welcome campus friend in the Office of Student Financial Services. This office offers a complete array of financial support services which are designed to help Oxnard College students cover some of the expenses involved in obtaining a college education.

Student Financial Services personnel can help the Oxnard College student gain access to the following types of financial support services: grants, loans, work study, job placement, and scholarships.

Grants, loans, and work study opportunities are available to any Oxnard College student who establishes a financial need by completing the application procedures set forth by these financial aids programs. Eligible applicants will be expected to adhere to standards of normal academic progress in order to receive the full benefits of these programs.

Grants
PELL Grant; Supplemental Educational Opportunity Grant (SEOG); Extended Opportunity Programs and Services Grant (EOPS)—Each of these grants require that students be enrolled in a minimum number of units. The PELL Grant requires six units.

Loans
Perkins Loans; California Guaranteed Student Loan (CGSL)—These federally-subsidized loan programs are offered on a guaranteed interest, deferred payment basis. Students receiving these loans are expected to repay them upon completion of their studies.

Work Study
Federal College Work Study Program (CWSP)—Students qualifying for college work study funds will receive work assignments through the Job Placement Office. Students will be allowed to work a maximum of 20 hours per week at a salary rate which is at least equal to the current minimum wage and policies set forth by the VCCCD.

Scholarships
The current Oxnard College Scholarship Program consists of scholarships which are funded through trust fund agreements between OC and private donors along with scholarships which are made available by local community organizations.

Although eligibility for scholarships takes the applicant’s financial need into consideration, it must be emphasized that eligibility generally is based upon the applicant’s ability to meet scholastic and other eligibility criteria set forth by scholarship donors.

Each scholarship application should be accompanied by the following supportive materials:
1. Required transcripts of past academic work
2. Personal letter of application
3. Two letters of recommendation

Specific details of any additional supportive materials are available in the Financial Aids Office.

Unless it is otherwise noted in the scholarship announcement, the deadline for submitting applications for scholarships is May 1.

Scholarship applications which are submitted to the Financial Aids Office by the published deadline date will be forwarded to the appropriate Scholarship Screening Committee, which will review each application prior to making a decision. In some instances, a personal interview may be required. Scholarship applicants will be notified of committee decisions by the OC Financial Aid Office or a designee of the scholarship donor.

Health Services/Accident Insurance
The Student Health Center, which is located in the Student Services building, provides a multitude of health services and, when necessary, referral out into the local medical community.

Services that are available include: first aid, examination and treatment of minor illness, family planning, pregnancy testing
Solicitan para CARE necesitan primero calificar para el programa de EOPS y ser, además, jefe de familia soltero/a, haber recibido AFDC por un año, ser padre/madre de un hijo/a menor de 6 años de edad, y estar inscrito en por lo menos 12 unidades. La oficina de CARE se encuentra en el edificio de Servicios Estudiantiles (Student Services)

El Programa de ESPIGA

El programa bilingüe del Colegio de Oxnard ha sido diseñado para facilitar la entrada de los estudiantes que no hablan inglés, o solamente hablan un poco de inglés, a las clases regulares en inglés. Los estudiantes aprenderán inglés mientras participan en este programa ganando créditos universitarios en programas vocacionales o académicos.

Cada semestre, las clases ofrecidas por el programa de ESPIGA son publicadas en el horario de clases en inglés y en español. Los cursos del programa de ESPIGA incluyen: clases de educación vocacional, clases de nivel transferible; y clases de habilidades básicas en inglés. Las clases se ofrecen de día y también de noche.

Hay personas bilingües que pueden ayudar a los estudiantes con la inscripción. Además, hay consejeros que pueden recomendar un programa de estudios apropiado.

Cursos generalmente enseñados de una manera bilingüe son:

**AB 1—4 unidades**

Introducción a la Carrocería
Los principios de reparación de carrocería de autos, incluye soldadura eléctrica y oxíacetilénica, preparación y acabamiento de metal, uso de llenadores, lijas, espátulas, y técnicas de impresión y pintura.

**AB 2—4 unidades**

Clase Intermedia de Carrocería
Problemas específicos en la reparación de la carrocería de autos; uso de técnicas avanzadas con materiales tales como acero, aluminio y plástico. Métodos especiales de pintura.

**AT 10—3 unidades**

Fundamentos de Mecánica Automotriz
Un estudio general de la estructura del automóvil incluyendo los sistemas, principios de operaciones básicas, y los procedimientos de reparaciones, sistemas de encendido tales como cargadores, manubrios, sistemas de enfriamiento, combustible, lubricación, frenos, y terminación frontal.

**AT 14—4 unidades**

Reparación de Frenos y Tren Delantero
Se enseña la técnica para el servicio de sistemas de frenos convencionales y de disco, teoría necesaria y experiencia práctica para realizar reparaciones de la suspensión del tren delantero, alineamiento, y balanceo del vehículo.

**AT 24—2 unidades**

Motores Pequeños
Principios básicos de combustión interna en motores pequeños con énfasis en el desarrollo de destrezas en el conocimiento de aplicación práctica para mantenimiento y remodelado de motores pequeños. Función y reparación de encendido, combustible, arranque, y otros sistemas relacionados a motores pequeños, incluyendo válvulas, afilador de las paredes de los cilindros, y de pistones. Excursiones con la clase pueden ser requeridas. Se puede repetir por crédito hasta un total de seis unidades.

El 10—4 unidades

**Ensemble Electrónico**

En este curso se estudia el ensemble electrónico incluyendo esquemas, preparación de componentes, técnicas de soldadura. Reconstrucción de tablas PC, enrollado de alambre, especificaciones militares. El curso se puede repetir una vez.

El 12—4 unidades

**Reparación de Equipo Electrónico Pequeño**

Teoría y prueba de estereos de alta fidelidad, radios AM/FM, tocadiscos y discos compactos. Enfasis se da a los métodos de seguridad y del uso de equipos y herramienta. Estudio de configuraciones y circuitos comunes, ajuste, rastreo de señales, análisis de problemas, reparación de producción.

El 50—3 unidades

**Introducción a la Electrónica Industrial**

Este curso cubre la teoría del electrón, ley de Ohmio, circuitos paralelos y de serie, medidores, conductores, aislantes, resistores y semiconductores.

El 52—4 unidades

**Electrónica Industrial**

El curso incluye aplicación de la electrónica en la industria y fábricas. Se estudiará control numérico, detector de calor y sistemas de encendido.

**Engl 1—3 unidades**

**Habilidades Básicas**

Curso diseñado para estudiantes que necesitan desarrollar la lectura, escritura básica en inglés. Incluye el estudio de fonética, reconocimiento de palabras, vocabulario, ortografía, gramática y comprensión básica. Apropiado para estudiantes con poco conocimiento del inglés. Este curso se puede repetir por crédito y tomar a base de Crédito/No Crédito.

**Engl 5—4 unidades**

**Lectura y Habilidades de Estudio**

Diseñado para estudiantes que tienen habilidades básicas en lectura y quieren mejorar esas habilidades incluyendo comprensión, vocabulario, técnicas en cómo leer textos, cómo tomar exámenes, el uso de la biblioteca y métodos de investigación. El curso se puede tomar a base de Crédito/No Crédito y se puede repetir por crédito.

**Engl 10—3 unidades**

**El Uso de la Gramática en Inglés**

Curso diseñado para dar a los estudiantes la oportunidad de aprender o repasar el uso de la gramática básica del inglés. Fuerte énfasis dado a varios tipos de oraciones completas dentro del idioma inglés. Los estudiantes mejorarán en ortografía, escritura, y habilidades en escritura necesarias para poder satisfacer los cursos de composición básica con éxito. El curso puede tomarse a base de Crédito/No Crédito y se puede repetir por crédito.

**Engl 11—5 unidades**

**Composición Básicas**

Ortografía, puntuación, estructura de las oraciones, dicción, vocabulario, palabras transicionales, paralelismo, técnicas de párrafos y organización de temas serán enseñados y aprendidos a través de varias y numerosas asignaciones acentuando técnicas para mejorar la composición. Los estudiantes recibirán ayuda individual; un diagnóstico prescriptivo será usado. El curso se puede repetir por crédito.
and counseling, vision, hearing, blood pressure and venereal disease screening, cancer detection, skin testing for tuberculosis and tetanus immunizations. In addition, substance abuse information, counseling, referral, and workshops are available. Physician, women’s health care specialist, dermatologist, psychologist, and nurse practitioner services are available by walk-in clinic or appointment. Health and psychological counseling with evaluation and referral to community resources is offered. Monthly Health Awareness seminars are presented.

All registered students are covered by a student accident plan. In case of accident, an accident report must be filed at the Health Center by a faculty member, counselor, facility supervisor, or administrator immediately. When the bill for treatment of a reported accident is received by the student, it should be taken to the Student Health Center for payment. Optional Health Insurance and optional Dental Insurance applications may be obtained from the Health Center.

**International Student Program**

The objective of this program is to assist international visa students, within a caring atmosphere, to achieve their educational and personal goals while helping them to become familiar with American customs. A special orientation program is provided at the beginning of each academic year to acquaint the students with services provided on campus, local and state laws, and rules and regulations of the U.S. Immigration and Naturalization Service.

The International Student program is located in the Student Center. This office is responsible for preparing the immigration form I-20 needed by all international students, as well as providing assistance in preparing certain other forms. All students studying under an F-1 visa must check in with this office before registering.

Assistance in obtaining housing for international students is also provided by the program.

**Job Placement**

The Student Placement Office located on campus assists students seeking part-time or full-time employment. Lists are maintained of employment opportunities both off- and on-campus and job announcements are posted in the college’s Career Center. Special emphasis is placed on locating employment for which the student has been trained. The services of the Student Placement Office are available to all students as well as alumni.

**Puente Program**

The Puente Program at Oxnard College helps Mexican-American students be successful in college and transfer to four-year schools through a writing/counseling/mentoring sequence. Puente, which means “bridge” in Spanish, provides intensive instruction in writing, personal attention from a Mexican-American counselor and individual relationships with successful mentors in the Mexican-American community. The Mexican-American counselor monitors academic progress and works with mentors, facilitates personal growth classes, and assists students to set career goals and prepare for transfer to four-year institutions.

Puente is an opportunity for Mexican-American students to increase a sense of cultural identity through culturally-based experiences. Students participate in field trips to four-year schools and in cultural events, such as museum visits and theater performances.

**Re-Entry Center**

The Re-Entry Center provides academic, career, and personal counseling on an individual or group basis, workshops, lectures, films, and child care information. The primary focus is to provide support for individuals returning to school after a break in their education.

The center provides a comfortable and confidential atmosphere; it is staffed by professionally-trained counselors ready to help students deal with personal as well as academic and vocational issues. Men and women are encouraged to use the center as a resource for referrals, career options, and personal enrichment.

**Student Organizations and Activities**

**The Associated Students**

The ASOC (Associated Students of Oxnard College) was established in 1975 when the college opened. This association carries major responsibility for student government, campus clubs, and organizations.

The aims of the association are in close harmony with the objectives of the college, including opportunities for personal development, group cooperation, leadership development and enrichment of college life.

Holding an ASOC office is an important and demanding job, but it is also rewarding.

Elections are held twice a year, once in the fall, and once in the spring. To run for office a student can obtain a candidate’s form from the Student Activities Office. To be eligible for an office, students must be carrying a 2.0 GPA or better and maintain this average while they are in office. A minimum of three units is required to run for senator, while a minimum of six units is required to run for president, vice president, secretary or treasurer.

All students are eligible and encouraged to vote in these elections.

All students are encouraged to participate in activities of their choosing, such as student government, music, athletics, and club activities.

**Student Activities**

The Student Activities office located in the Student Center is designed to assist students in developing leadership skills and in the enrichment of their educational experience.

Activities provided include student government, campus clubs and organizations, club fairs, noon lectures, and entertainment.
Engl 30EV ABC—1-1-1 unidades
Vocabulario ESPIGA
Un curso diseñado para aprender vocabulario básico en inglés. La parte A del curso es una introducción a palabras básicas en inglés. La Parte B introduce el vocabulario en una oración sencilla. La parte C utiliza oraciones en inglés más avanzadas para presentar el vocabulario. El estudiante trabaja independientemente con tarjetas grabadas en inglés con traducciones en español. Es necesario seguir la secuencia del curso empezando con la parte A, siguiendo con la parte B, y terminar con la parte C, ya que las palabras y oraciones aumentan en dificultad.

Servicio de Finanzas
El estudiante que duda poder asistir al colegio por el alto costo de la educación, encontrará que en la oficina de Servicio Financiero tiene un amigo dispuesto a ayudar. Esta oficina tiene una variedad de ayuda financiera con el propósito de asistir a los estudiantes con los gastos que ocasiona esta educación.

Los siguientes ejemplos indican cómo esta oficina ayuda a los estudiantes: tenemos becas del gobierno federal, préstamos, trabajo, y colocación en empleos. Las becas, los préstamos, y las oportunidades de trabajar están a la disposición de cualquier estudiante por medio de una solicitud que establezca su necesidad. Una vez aprobada la solicitud, el estudiante debe mantener las normas de progreso académico para poder recibir esos beneficios.

Pensiones del Gobierno Federal
PELL Grant, Oportunidad Educatacional Suplemental (SEOG); Servicio y Programas de Oportunidad Extensa (EOPS); cada
New and continuing students are encouraged to participate in one or more of the activities. Furthermore, existing clubs are always looking for new ideas to increase their membership. The Student Activities staff is available Monday through Friday to assist students with information about forming a special-interest club or joining an existing one. An additional service provided by the Student Activities Program is a housing information exchange with cards posted on a daily basis with information provided by individuals looking for housing.

**Athletics**

Oxnard College's Condors compete in the 11-member Western State Conference. OC fields men's teams in soccer, cross-country, basketball, track and field, and baseball; women's teams compete in basketball, cross-country, track and field, and soccer.

Student athletes must be enrolled in and actively attending 12 or more units of classes during the season of sport and must maintain at least a 2.0 GPA. They must complete a total of 24 or more units prior to the start of the semester of the second season of participation. All student athletes are required to sign an academic contract stipulating classes to be taken while attending OC.

**Music Organizations**

Oxnard College's organized musical groups include a concert choir and a stage band. Both groups perform publicly during the course of the year.

**Dramatics**

The OC theatre arts staff plans and produces a variety of dramatic events each year, ranging from major dramatic and musical productions to children's theatre events in local elementary schools. Drama students have the opportunity to engage in all aspects of theatrical work.

**Publications**

The *Campus Observer* is a weekly publication which keeps the college community informed about activities and events on campus. It is produced by journalism students.

**Transfer Center**

The Transfer Center is designed to provide assistance to students planning to transfer to a four-year college or university. The Center provides current information, reference materials, college catalogs, applications, and support services necessary for planning and achieving a smooth transition between institutions. Students may meet with visiting four-year representatives on an appointment or drop-by basis. Transfer Center activities are scheduled and distributed monthly through the "Transfer Center Calendar." The Transfer Center is located in the LRC Building.

**Veterans' Services**

The Veterans' Readjustment Act of 1966 (PL 89-358) provides educational assistance for veterans who served on active duty for a period of more than 180 days.

The monthly basic educational assistance allowance for training may be paid on a full-time (12 units), three quarter-time (9 units), or half-time (6 units) basis.

There are procedures where credit may be gained through cooperating institutions that can be accepted by the college for other military experiences.

Under existing Veterans' Administration regulations, a student repeating a course is not eligible for veterans' benefits in most cases. Veterans should, therefore, check with the Veterans' Assistant in the Admissions office before repeating a course.
una de estas becas requiere que el estudiante se inscriba con un mínimo de unidades. PELL requiere seis unidades.

Préstamos
Préstamo Perkins y el Préstamo Escolar Garantizado por el Estado de California (CGSL)—Estos programas de préstamo subsidiarios del gobierno federal se ofrecen con intereses garantizados y pagos aplazados. Los préstamos deberán ser pagados al terminar los estudios.

Programa Federal Trabajo/Estudio
Los estudiantes que califiquen para recibir fondos de este programa obtendrán empleo por medio de la Oficina de Empleos y Trabajos. Se les permitirá trabajar 20 horas como máximo a la semana, con un sueldo mínimo conforme a las normas establecidas por VCCCD.

Becas
El programa de becas en el colegio consiste en becas consolidadas por medio de transacciones entre OC y donadores privados, y las becas que provienen de organizaciones locales en la comunidad. Aunque se toma en consideración la situación económica del estudiante, es necesario enfatizar que la elegibilidad se establece por medio de la habilidad del estudiante para satisfacer los requisitos académicos y otros estipulados por los patrocinadores de las becas.

Cada aplicación deberá ir acompañada de lo siguiente:
1. Copia de certificados de cursos (clases) terminados
2. Carta personal en forma de aplicación
3. Dos cartas de recomendación.

A menos que se indique de otra manera, la aplicación o aplicaciones deberán ser presentadas antes del primero de mayo. Las solicitudes que se presenten antes de la fecha indicada serán entregadas a la Comisión de Investigación Escolástica, la cual examinará cada aplicación antes de llegar a una decisión. En algunos casos el candidato será entrevistado personalmente. Los aspirantes a estas becas serán notificados de la decisión final hecha por la Comisión de medio de la Oficina de Finanzas o por un representante de los patrocinadores o donadores de estas becas. Para más información acerca de requisitos adicionales, favor de ir a la oficina de Finanzas.

Centro de Salud/Seguro de Accidente
El Centro de Salud (Enfermería), se encuentra en el edificio de Servicios para Estudiantes provee múltiples servicios para la salud y cuando sea necesario, se darán recomendaciones para obtener servicios médicos fuera del colegio en la comunidad médica.

Los servicios que se prestan incluyen: primeros auxilios, examen y tratamiento de enfermedades, planificación familiar, pruebas de embarazo, exámenes de la vista y oídos, presión arterial, enfermedades venéreas, cáncer, tuberculosis e inmunizaciones contra el tétano. Otros servicios son: información sobre el abuso de drogas y alcohol, consejeros y conferencias. Los servicios de doctor, especialista de salud para mujeres, dermatólogo, psicóloga y enfermeras se obtienen con o sin cita. Seminarios mensuales sobre la salud serán presentados.

Todo estudiante matriculado tiene derecho a estos servicios. En caso de un accidente, es muy importante que el accidente sea reportado inmediatamente por un miembro de la facultad, un consejero, un supervisor, o un administrador. Cuando el estudiante reciba el cobro por tratamiento médico de un accidente reportado, debe llevar la cuenta al centro de salud aquí en el colegio. Seguro de Salud y Seguro Dental opcionales se pueden solicitar llenando una solicitud que se puede obtener en el Centro de Salud.

Empleos Para Estudiantes
La oficina de empleos para estudiantes asiste en la búsqueda de trabajos de medio-turmo (part-time), y turno completo (full-time), con un énfasis especial en colocar al estudiante en una posición de acuerdo a su experiencia o preparación. Esta oficina mantiene listas de empleos dentro y fuera del colegio y los anuncia en el centro de carreras del colegio. Estos servicios están también a la disposición de los estudiantes ya graduados.

Centro de Re-Ingreso
El enfoque principal de Centro de Re-Ingreso es dar apoyo a individuos quienes han regresado a la escuela después de una interrupción en sus estudios. El Centro provee consejeros para ayudarle con sus planes académicos, de carrera, y desarrollo personal.

Veteranos
El Decreto de la Acta de Ayudamiento para veteranos de 1966 (PL 89-358) estipula que los veteranos que estuvieron en servicio militar por un periodo de más de 180 días, tendrán derecho a una pensión educativa mensual. La pensión se paga a base de 12 unidades, 9 unidades, o 6 unidades.

El Colegio de Oxnard acepta que los veteranos obtengan este crédito por medio de otras instituciones por experiencia militar. Según el reglamento de la Administración de Veteranos, un estudiante que repite un curso no puede obtener los beneficios de VA en la mayoría de los casos. Los veteranos deben consultar con un consejero o con la Oficina de Administración antes de repetir un curso.

Actividades Estudiantiles
La Asociación de Estudiantes
La asociación de estudiantes del Colegio de Oxnard SOC fue fundada en 1975. Esta asociación tiene una gran responsabilidad con los estudiantes en general, clubs, y otras organizaciones.

El propósito de la asociación está en completa armonía con los objetivos del colegio, por ejemplo: oportunidades para el desarrollo personal y enriquecimiento educacional, liderazgo, y cooperación entre grupos.

Ser representante de ASOC exige un gran esfuerzo, pero da mucha satisfacción.
Se celebran elecciones dos veces por año, en el otoño y en la primavera. Para correr por cualquier candidatura, el estudiante puede conseguir una forma en la oficina de actividades estudiantiles. Todos los estudiantes que estén inscritos son elegibles a votar en las elecciones.

A todos los estudiantes se les invita a participar en las actividades que escogen ya sea en el gobierno estudiantil, eventos musicales, atletismo, o actividades de los clubs.

**Actividades Estudiantiles**
La Oficina de Actividades Estudiantiles está localizada en el Centro Estudiantil. Este programa es designado para asistir a estudiantes en el desarrollo de sus habilidades como líderes y para el enriquecimiento de su experiencia educacional. Las actividades incluyen: gobierno estudiantil, clubs y organizaciones, ferias, pláticas, y entretenimientos. A los estudiantes actuales y de nuevo ingreso se les anima a participar en cualquiera de nuestras muchas actividades. Además, los clubs existentes están siempre buscando nuevas ideas para aumentar sus miembros.

El personal de la oficina de actividades estudiantiles está disponible de lunes a viernes para ayudar a los estudiantes con información acerca de la formación de clubs o de unirse a los ya existentes. El programa presta también información de servicio habitacional con tarjetas actualizadas que proveen individuos buscando este servicio.

**Atletismo**
Los Condores del colegio compiten en la Conferencia Oeste del estado. Los equipos de los hombres en fútbol, carreras de larga distancia, basquetból, carreras de corta distancia y béisbol. Las mujeres compiten en basquetból, carreras de larga y corta distancia y fútbol.

Los estudiantes que participan en atletismo deben estar inscritos en clases que sumen un total de 12 unidades o más durante la temporada en que estén jugando un deporte y deben mantener una calificación de 2.0 GPA. Deben completar un total de 24 o más unidades antes del comienzo del semestre de la segunda temporada en que participen. Se requiere que todos los estudiantes firman un contrato académico estipulando las clases que estudian mientras asisten al colegio de Oxnard.

**Música**
Los grupos musicales organizados en el colegio de Oxnard incluyen un coro de concierto y una orquesta. Ambos grupos tocan para el público durante el curso del año.

**Drama**
El personal del departamento de Artes Teatrales planea y produce una variedad de obras dramáticas cada año, que van de producciones dramáticas y musicales a obras teatrales para niños en escuelas primarias locales. Los estudiantes de drama tienen la oportunidad de participar en todos los aspectos del campo teatral.

**Publicaciones**
El periódico *El Observador* es una publicación semanal que mantiene a los estudiantes informados sobre las actividades y eventos que se llevan a cabo en el colegio. Es publicado por los estudiantes de periodismo.
Special Programs

Camarillo Center
The Oxnard College Camarillo Center serves as an off-campus instructional site as well as a student services center. On designated dates, students may register for classes, purchase textbooks, see a counselor and take assessment tests.

In addition, Oxnard College offers classroom instruction in a variety of other satellite locations in the Camarillo area. These locations include Adolfo Camarillo High School, Pleasant Valley Pool, Camarillo Springs Golf Course and Leisure Village. Courses offered are designed to meet degree as well as certificate program requirements.

The Oxnard College Camarillo Center is located at 333 North Lantana Street, Suite 257, Camarillo, CA 93010. The phone number is (805) 986-5861.

Children’s Center
OC’s Children’s Center, located on campus, offers developmental preschool Monday through Friday as well as two pre-kindergarten classes which meet daily or on Monday-Wednesday-Friday.

The children’s program is open to children ages one through five, and is available between 7:30 a.m. and 5 p.m. The pre-kindergarten classes are held from 9 a.m. to noon or from 12:30-3:30 p.m., and are limited to children who are four years old by December 1 of the academic year in question.

The children’s program covers critical thinking, creative experiences, science, music, social adjustment, school readiness, evaluation, and testing.

Child care fees are paid on a monthly basis in advance of services. Registration forms are available at the Center; an immunization record is required upon admission. Pre-registration for the fall semester is held in May; the Center office is closed in August. Call 986-5801 for information.

Honors Program
The honors program at Oxnard College has been designed by faculty and students to challenge and educate those students with the desire and ability to seek high levels of intellectual and cultural understanding. Special academic courses and cultural activities are planned to deepen and broaden a student’s insight into ideas and their social expression. Unique opportunities for educational contact with college faculty and the use of innovative teaching methods distinguish the honors program, and small classes encourage Socratic dialogue. Close attention is paid, and guidance given to, a student’s academic and intellectual development.

The Honors Curriculum
A core curriculum of at least two courses per semester is offered by the honors program at Oxnard College. These core courses are taken from the following curriculum designated by the honors faculty:

- Cultural Anthropology
- Art History
- The Human Environment
- Marine Biology
- Macroeconomics
- College Composition and Literature
- English Literature
- American Literature
- Physical Geography
- World Cultural Geography
- Oceanography
- History of the United States
- Western Civilization
- History of Ideas and Evolution of Culture
- Frontiers of Thought
- Mass Communication
- Music Appreciation
- Introduction to Philosophy
- Social Philosophy
- Introduction to Politics
- Law, Society and the Citizen
- General Psychology
- Social Problems
- Oral Communication
- Introduction to Theatre

All of these courses satisfy transfer general education requirements.

Honors students admitted to the program may include these courses in their program of study. New students may enter the cycle at the start of any semester.

In addition, a student who has been accepted into the honors program is eligible for one of these courses at an honors level by negotiating an honors contract.

Cultural Activities
Students and faculty in the honors program together visit concerts, theatres, lectures, libraries, art galleries and restaurants in the course of the semester. The aim of such visits is to acquaint the student with the wide range of cultural and intellectual activities which complement the growing and inquiring mind.

Advising
Honors students will meet each semester with the honors program counselor to coordinate individual plans of study with honors requirements. The student is encouraged to think widely about major and transfer opportunities, and every effort will be made to help honors students develop and reach the goals they have set themselves.

Eligibility and Application
Students wishing to enter the Honors Program are approved by a committee of the honors faculty. Interested students may apply by completing an application form and submitting it to the honors program coordinator, together with descriptions of the student’s experience in life, school and work which is
Programas Especiales

Centro de Aprendizaje
El Centro de Aprendizaje del Colegio de Oxnard, localizado en el segundo piso de la biblioteca de colegio está abierto de las 8:00 a.m. a las 10:00 p.m., de lunes a jueves, y de las 8:00 a.m. a las 5:00 p.m. los viernes. Todos los estudiantes son bienvenidos. Pueden usar el Centro cuando tengan tiempo disponible.

El “Learning Center” ofrece una variedad de servicios incluyendo:

- Tutores en varias materias. Vea la información del Centro de Tutores para información en cómo conseguir un tutor o como trabajar como tutor.
- Maestros de lectura, escritura y matemáticas tienen horas disponibles en el “Learning Center” durante el día y la noche.
- Una variedad de máquinas y programas de materiales de aprendizaje ofrecen instrucción adicional en una gran variedad de materias, de arte a zoología. Videocasetes, programas de filmínas e instrucción vía computadoras son algunas de las oportunidades disponibles en el Centro.

Servicios de Tutores
Los Servicios de Tutores provéen tutores gratis a estudiantes del Colegio de Oxnard. Hay tutores disponibles para la mayoría de clases que se ofrecen en el colegio, para ayuda de corto o largo plazo. También hay tutores disponibles sin necesidad de hacer cita para algunas materias. El Centro de Tutores se encuentra en el segundo piso de la biblioteca, al fondo del “Learning Center,” Centro de Aprendizaje.

Centro Infantil
El Centro Infantil del Colegio de Oxnard está ubicado en el colegio y ofrece instrucción pre-escolar para niños menores de seis años de lunes a viernes, y además dos clases diarias de preparación para el kinder, o los lunes, miércoles, y viernes.

El programa de niños esta abierto para niños de uno a cinco años de edad entre las 7:30 a.m. y las 5:00 p.m. Las clases de pre-kinder son de las 9:00 a.m. a las 12:00 p.m. o de las 12:30 a las 3:30 p.m., y son exclusivas para niños que tienen cuatro años cumplidos el primero de diciembre.

El programa infantil incluye desarrollo de razonamiento analítico, experiencias creativas, ciencia, música, comportamiento social, preparación para entrar a la escuela, evaluación y exámenes.

Las cuotas se pagan mensualmente al empezar el servicio. Formularios para inscripciones están disponibles en el Centro. Se requiere verificación de inmunización para admisión. Pre-inscripciones para el semestre de otoño se llevan a cabo durante el mes de mayo. El Centro está cerrado el mes de agosto. Para informes llame al teléfono 986-5801.

Oxnard College’s new Children’s Center (to be completed in Fall 1991)
thought to be helpful in participating in an honors community, a short essay on an assigned topic, two letters of recommendation from persons who can attest to the student's abilities, potential and dedication, and transcripts demonstrating a grade-point average of either 3.5 in high school or 3.0 in college transfer classes (exceptions can be made regarding grades). An oral interview may be requested either by the faculty or student.

Learning Center
OC's Learning Center, located on the mezzanine in the Library/Learning Resources Center on campus, is open from 8 a.m. until 10 p.m. Monday through Thursday, and from 8 a.m. until 5 p.m. Friday. All students are welcome to use the center at their convenience.

The Learning Center offers many services, including the following:

Free tutoring in most subjects. Check with the Tutorial Center to arrange for a tutor or to become a tutor.

Instructors in the basic skills areas—reading, writing, and math—scheduled in the Learning Center throughout the day and evening.

A variety of machines and programmed learning materials offering supplemental instruction in a wide variety of disciplines, ranging from art to zoology. Videotapes, slide-tape programs, and computerized instruction are among the range of learning opportunities available in the center.

Self-instructional modules offer opportunities for learning at one's own pace in basic skills areas.

Mini-Corps
The California Mini-Corps program at Oxnard College offers to students who qualify and are pursuing a career in education an opportunity to gain classroom experience working with migrant children in the local public schools.

Students are required to work 12 hours per week. Nine of the hours are spent in a classroom working with migrant children under the direct supervision of a certified teacher and program coordinator. The remaining three hours are devoted to in-service training by registering in Interdisciplinary Studies 189DE, Cross-Cultural Experiences with Migrant Children.

Qualified students receive financial aid/work study and a defrayment from Mini-Corps, Sacramento. For further information, contact the Mini-Corps coordinator.

Tutorial Services
A Tutorial Service provides free personal tutoring for Oxnard College students. Tutors are available in almost all subjects offered by the college, for short- or long-term assistance. Also available are tutors on a drop-in basis in certain areas. The Tutorial Center is located on campus, in conjunction with the Learning Center.

Television Station
Oxnard College provides both its students and the community with educational and entertainment programming on Oxnard College Television. OCTV programming reaches Oxnard and Port Hueneme through Jones Intercable Channel 52, and Camarillo on Ventura Cablevision Channel 30A.

Programming on the channel is a combination of student originated programs, telecourses offered for credit available in a wide range of fields, and syndicated entertainment programming from National College Television.

Oxnard College has a fully equipped television production studio and does in-studio and field taping of college and community events. Students in the television instruction program produce local programming as part of their lab work in television courses.

Telecourses are offered as part of a semester course of instruction. In addition, other courses are offered through Mind Extension University as part of a contract with Oxnard College.
Degrees, Programs, and Transfer Information

Graduation Requirements
As authorized by the California Education Code and Title V of the California Administrative Code, Oxnard College and the Ventura County Community College District Governing Board confers the Associate in Arts degree, the Associate in Science degree, and Certificates of Achievement on students who provide the required transcripts, meet the respective requirements as listed below, and who file with the appropriate college official a notice of intent to graduate or receive a certificate.

While counselors are available for assistance at all times, the college expects every student to be familiar with graduation requirements and to assume the responsibility for their completion.

Competency
Any student intending to graduate must demonstrate competence in reading, written expression, and mathematics, and must satisfactorily complete the requirements in General Education.

At Oxnard College, competency will be demonstrated by the following:

Reading—The reading competency requirement can be satisfied by one of the following:
1. A grade of "C" or better in Engl 17 or Engl 102;
2. A score of 22 or higher on the reading section of the Educational Testing Service's Assessment and Placement test;
3. A score of 63 or higher on the reading section of the TASK II test (see a counselor for exit-testing option on the TASK II).

Written Expression—To satisfy the competency requirement for written expression, you must receive a grade of "C" or better in one of the following courses:
1. Engl 14, 101, 140;
2. Bus 140;

Mathematics—The math competency requirement can be satisfied by one of the following:
1. A grade of "C" or better in Math 11 or higher level course;
2. A score of 15 or higher on the Mathematics Competency Exam (see a counselor for exit-testing option on the Mathematics Competency Exam);
3. A satisfactory score on one of the following tests from the Mathematics Diagnostic Test Project:
   Score of 30 or higher on the Elementary Algebra test;
   Score of 17 or higher on the Intermediate Algebra test;
   Score of 13 or higher on the Pre-Calculus Test.

Programs
Oxnard College offers a wide variety of general and occupational programs leading to a certificate of achievement or an associate degree. These programs, which can be completed in two years or less, prepare the graduate for many excellent career opportunities in the community. Oxnard College offers designated degrees and certificates in the following areas:

Accounting
Administrative Aide
Air Conditioning/Refrigeration
Alcohol/Drug Studies
Anthropology
Applied Electronics
Art
Automotive Body and Fender Repair
Automotive Technology
Bilingual/Cross-Cultural

More information about certificates and curriculum patterns may be found later in this section.
Associate in Arts Degree/Associate in Science Degree

Basic Requirements
A. Competency—Demonstrated competency in reading, written expression, and in mathematics, as specified previously.
B. Total Units—Completion of at least 60 semester units of college work.
C. Scholarship—A cumulative grade point average of not less than 2.0 in all college and university work attempted.
D. General Education—Completion of the general education requirements as specified below.
E. Major—Completion of all courses (at least 18 semester units) required in a curriculum specified in the college catalog.

A student remaining in continuous attendance and pursuing the same major at Oxnard College may elect to meet the major in effect either at the time of his/her entering the major, or at the time of his/her graduation from Oxnard College.

This policy applies only to the requirements for courses in a major (Certificates of Achievement and designated associate degrees) and does not apply to General Education requirements.

Occasionally a student may have difficulty in completing exact major requirements as specified in the Oxnard College catalog due to circumstances beyond the control of the student. Under exceptional circumstances, a student may file a Petition for Substitution or Waiver to seek approval from the appropriate college officials to substitute courses in the designated major. The petition forms are available in the Counseling Office.

F. Residency—Completion of the last 12 semester units in residence at the college granting the degree selected from courses required for graduation, if in attendance at the time of qualifying for graduation. If the student designates a specific major, then at least 6 of the 12 units must be selected from major courses.

If not in attendance at the time of qualifying for graduation, completion of 24 units in residence at the colleges of the Ventura County Community College District to include at least 12 semester units in residence at the college granting the degree, selected from courses required for graduation. If the student designates a specific major, then at least 6 of the 12 units must be selected from major courses.

The governing board may make exceptions to the residency requirements in any instance in which it is determined that an injustice or hardship would otherwise be placed on an individual student.

General Education Requirements
A. Associate in Arts and Associate in Science degrees with a designated major

1. Natural Sciences—minimum of 6 units
   a. One course in a Biological Science
   b. One course in a Physical Science
2. Social and Behavioral Sciences—minimum of 6 units
   a. One course in American History and Institutions
   b. One other course in Social and Behavioral Sciences
3. Humanities—minimum of 6 units
   a. One course in Fine or Performing Arts
   b. One other course in Humanities
4. Language and Rationality—minimum of 6 units
   a. One course in English Composition
   b. One course in Communication or Analytical Thinking
5. Health/Physical Education—minimum of two courses
   a. One course from Health
   b. One course from Physical Education

B. General Liberal Arts and Sciences Degree (A.A.)
In addition to the general education requirements listed for the specific major A.A./A.S. degree, completion of at least 12 additional units selected as follows: 9 units from the Natural Sciences and/or Social and Behavioral Sciences and/or Humanities and/or Language and Rationality areas and 3 units from the designated Ethnic/Women's Studies course list. Completion of the degree requires a total of at least 36 units in the four areas as well as two courses from the Physical Education/Health area.

C. Internal Certification of General Education
General education requirements for the A.A./A.S. degrees may be partially or fully certified by the college within the district where the work was completed. If a student does not obtain certification, then he/she must meet the requirements of the college granting the degree.

Approved General Education Course List for A.A. and A.S. Designated Degrees

A. Natural Sciences (6 units)

1. Biological Sciences
   (2 or more units)
   1. Ag 103
   2. Anth 101

2. Physical Science
   (1 course required)
   1. Ag 104
   2. Ast 101
   3. Chem 20, 101
   4. Geol 101, 103, 104, 107
   5. Geog 101, 103
   6. Phys Sci 101
   7. Physics 101, 111

B. Social and Behavioral Sciences (6 units)

1. American History/Institutions
   (1 course required)
   1. Hist 102, 103, 107, 108, 117
   2. PSc 100, 101, 102

2. Social/Behavioral Science
   (3 units required)
   1. Anth 102, 103, 105, 106, 110
   2. Bus 120
F. Ethnic/Women's Studies Courses
(required only for General Liberal Arts and Science Degree)

1. Anth 105, 189A
2. CD 107
3. Engl 109, 110, 117, 121, 122
5. HE 101
6. IS 189A
7. Psych 107, 189B
9. Mus 115
10. Spn 117
11. ThA 112, 117
12. TV 117

Guidelines for Additional Degrees

Any college in the Ventura County Community College District will award an additional Associate degree under the following conditions:

A. A student who has earned an Associate degree may earn an additional Associate degree.
B. A student who holds a higher degree may earn an additional Associate degree in a specific major.
C. General education requirements earned for one degree may be applied toward another degree; any deficiencies in the current general education must be completed.
D. A candidate for an additional degree must complete 12 or more units of credit, in residence, concurrent with or after completion of requirements for the first Associate degree. In addition, a candidate must be in attendance in the semester during which graduation requirements for the additional degree are completed.
E. A student must complete all the required courses listed in the catalog for the specific majors. In the event that unmet requirements for a specific major do not total 12 units, a student must complete the remaining units from electives listed under the major or courses as approved by the appropriate division.

All general education courses required for the specific degree must be completed.

F. In the case of degrees offering two or more options, a student may earn an additional degree within the same field by completing the requirements for that option (the additional degree) and all other requirements specified herein.

Appeals to the above policy may be submitted on a petition available in the Counseling Office for approval by the Dean of Counseling. Waivers may be granted under extenuating circumstances or when there has not been sufficient opportunity to enroll in required courses.

NOTE: Verification of extenuating circumstances, e.g., medical, should be attached to the petition.
Transfer Preparation

The courses offered at Oxnard College generally parallel the first two years (lower division) at four-year colleges and universities. However, requirements vary among four-year colleges and universities and students are encouraged to choose the college or university to which they plan to transfer as early as possible in their educational career.

It is recommended that students concentrate on meeting general education requirements and lower division major requirements, if they have chosen a major, while attending Oxnard College. Counselors have specific information in their offices for the various colleges and universities.

Students should become aware of important dates and procedures in filling out the application for admission at their chosen transfer institution, and become familiar with the catalog of the chosen transfer institution. Applications for state colleges and universities are available in the counseling office and each individual counselor’s office.

Transfer Curricula

The information listed below shows the variety of transfer majors at nearby public four-year institutions. Preparation for these majors is available at Oxnard College. Major requirements at other colleges and universities will be similar, but students should refer to the catalogs of the schools to which they expect to transfer and consult with a counselor for more complete information. Each of the 19 campuses of the California State Universities and Colleges and the nine campuses of the University of California accepts the maximum of 70 units in transferable courses completed in a community college.

Transfer Majors

Anthropology
Art
Behavioral Science
Bilingual/Cross-Cultural
Biological Sciences

Teaching/Liberal Studies
Theatre Arts
Wildlife Management

In addition to satisfying requirements in the major, students must meet the general education requirements for the transfer school. Listed in this section are the general education requirements which apply to particular four-year schools where many Oxnard College students transfer.

California State University System

In general, each of the 19 state universities in California accepts at full unit value approved transfer courses completed with satisfactory grades in the public community colleges of the state. A maximum of 70 semester units (105 quarter units) can be transferred for credit toward a degree at a senior institution.

Students who were eligible to enter a state university on graduation from high school may transfer at any time with a 2.0 grade point average or higher in all acceptable college work attempted at a community college. This eligibility from high school is based upon a combination of the grade point average of work completed in the last three years of high school (excluding Physical Education and Military Science) and the SAT total
or the ACT composite score.

Effective fall 1984 and thereafter, students NOT admissible on high school graduation must complete at a community college a minimum of 56 baccalaureate degree level semester units with a 2.0 grade point average. The state colleges and universities have instituted new graduation requirements in English and Math. Students are advised to check with the senior institution to which they are planning to transfer concerning these new graduation requirements. Oxnard College counselors are available to assist in understanding these new requirements. Students must demonstrate competency in writing skills as a baccalaureate requirement for graduation.

All students entering CSU must demonstrate basic competency in Mathematics. Transfer students who are subject to requirements in the 1983-84 catalog must take the entry-level mathematics (ELM) examination unless they have successfully completed (grade of C or better) a Math course certified for general education—Mathematical Concepts (College Algebra or above) at the time of transfer.

**General Education Requirements for the Bachelor's Degree at the California State Universities and Colleges**

The California Administrative Code, Title V, relating to the State University and College general education breadth requirements, authorizes Oxnard College to present to students a minimum 39 unit pattern of general education courses which is acceptable for the Bachelor's degree requirements at the state university.

Certification is an official agreement between Oxnard College and all California State Universities which protects transfer students who have completed appropriate General Education requirements. Students will complete nine additional upper-division units of general education at the CSU institution upon transferring as a junior.

Students are not required to follow Oxnard College's pattern of area units in order to satisfy the requirements at the CSU campus to which they transfer.

The OC/CSU General Education Certification Pattern is as follows:

**General Education Certification Pattern for Transfer to the California State University System**

**Area A—Communication and Critical Thinking:** A minimum of nine units with at least one course selected from each group (1, 2, and 3).

1. **Oral Communication**
   - Speech 101, 103, 104

2. **Written Communication**
   - Engl 101

3. **Critical Thinking**
   - Phil 107, 111, 112, 121
   - IS 110
   - Speech 107

**Area B—Physical Universe and Its Life Forms.** A minimum of nine units with at least one course selected from each group.

1. **Physical Science**
   - Ast 101
   - Chem 20, 101
   - Geog 101, 103
   - Geol 101, 103, 104, 107
   - Phys Sci 101
   - Ph 101, 102, 110, 111

2. **Life Science**
   - Ag 103
   - Anth 101
   - Biol 101, 103, 104, 106, 107, 108, 109, 110, 111, 113

3. **Lab Experience**
   - Ag 103
   - Biol 101, 103, 104, 105, 106L, 107, 108L, 109, 110, 111, 113
   - Chem 20, 101
   - Geog 101L
   - Geol 101L
   - Ph 101, 102, 111

4. **Mathematical Concepts**

**Area C—Arts, Literature, Philosophy, and Foreign Language.** A minimum of nine units with at least one course selected from the Arts and additional courses from the other groups.

1. **Arts**
   - Art 101, 102, 103, 189A
   - Engl 119
   - Mus 101, 103A, 104, 105, 124
   - ThA 101, 103A

2. **Literature**
   - Spn 117
   - Spch 105

3. **Philosophy**
   - Phil 101, 102, 103, 104, 105, 106, 108, 109, 110, 114
   - Soc 114

4. **Foreign Language**
   - Fr 101, 102
   - Japn 101, 102
   - Spn 101A, 101B, 102A, 102B, 103, 104

5. **Active Participation**
   - Art 104A, 104B, 106A, 106B, 108A, 150A
   - Journ 101, 103, 105
   - TV 101, 102, 103, 104, 117
   - Tha 102A, 110A, 112, 113, 114, 117, 120A, 121A

6. **Western Culture**
   - Anth 102, 103, 112
   - Hist 105, 106, 109, 111
   - IS 101A, 102
   - Spn 107
7. Non-Western Culture  
Anth 102, 103, 110, 113

Area E—Lifelong Understanding and Self-Development.  
A minimum of three units selected from either group.

1. Integrated Organism  
HS 101, 103, 104, 105, 107  
PG 101A, 102  
Psych 101, 102A, 106, 107, 108  
Soc 104, 105, 106

2. Activity  
PE—any activity class

General Transfer Information

Complete Certification  
Students who complete 39 units, of which 30 units must be  
in Categories B, C, D, will be fully certified to any of the 19  
CSU campuses as having fulfilled the General Education  
requirement. The following colleges have additional GE  
requirements (check with a counselor for further information):  
CSU Bakersfield, CSU Chico, CSU Fullerton, CSU Hayward,  
CSU Humboldt, CSU Sacramento, CSU San Bernardino,  
CSU Pomona.

Partial Certification  
It is possible to complete separately any of the first four areas  
or sections at Oxnard College and receive partial certification  
in each of those areas; it will be necessary to complete the  
remaining areas after transferring, as defined by the catalog  
of the transfer school.

Certified Courses  
Courses completed at other colleges may be applicable toward  
meeting these Oxnard College requirements; appropriate  
courses completed at Ventura College and Moorpark College  
are applicable. If you have completed college courses outside  
this district, consult your counselor and the catalog of the four-  
year school you plan to attend since the GE requirements listed  
here may not be applicable.

Course Restrictions  
While a course may satisfy more than one general education  
group and/or area requirement, it shall not be counted more  
than once and any excess units in one area shall not apply  
to another area.

Use of Major Courses  
Courses taken in preparation for a student’s major generally  
may not be used to fulfill GE requirements. In conjunction  
with general education requirements, students will complete  
preparation courses for their transfer major. Counselors are  
available to provide accurate information regarding pre-major  
courses and certification procedures. The combination of  
general education units plus the units for pre-major prepara-  
tion usually amounts to 56-70 units; the completion of 60  
transferable units qualifies students for “junior”-level stand-  
ing upon transferring.

Additional Requirements  
You are advised to consult your counselor and the catalog of  
the state college or university which you plan to attend for  
requirements unique to that school. (Example: Completion of  
Social Sciences section may not savor History and Institutions  
requirements.) Additional courses are required for preparation  
for a major and/or as electives.
Transfer Courses
The approved listing designates those courses which may be used to meet GE requirements; it is not a complete listing of all courses which transfer to CSU. Transferability of courses may be checked in the Counseling Office.

Other Colleges
Students who plan to attend one of the campuses of the University of California (UC) or a private or out-of-state school should consult a counselor and the catalog of the particular school to determine the course work needed to meet GE requirements of that institution. While many of the courses listed transfer to UC and other institutions, they do not necessarily satisfy the GE requirements.

Transcripts
You must make a written request of the Office of Admissions and Records to forward your transcript. Oxnard College can send official transcripts of work completed only at this college. You must request transcripts of work completed at any other colleges (including Moorpark and Ventura) to be sent to the transfer institution.

Associate Degree
Although it is not necessary for you to complete an Associate degree in order to transfer to a four-year school, many of the courses taken to satisfy Associate degree requirements are transferable and, in many cases, may be used to meet transfer GE requirements.

More Information
If you have any questions, check with a counselor.

Transfer Requirements for University of California System
There are nine University of California campuses: Berkeley (semester), Davis, Irvine, Los Angeles, Riverside, San Diego, San Francisco (Medical Center), Santa Barbara, and Santa Cruz (all quarter). Students planning to transfer should become familiar with the general university admission requirements, which are the same for all campuses of the University of California.

Admission as a Transfer Student
Requirements for admission to the university as a transfer student depend on the applicant's high school record. As a transfer applicant, a student must meet ONE of the requirements below for admission:

1. The student must have completed all the courses listed below in categories “a”–“f” in high school. Applicants who have completed less than 12 quarter or semester units of transferable college credit since high school graduation must also satisfy the examination requirement for freshman applicants.
   a. History—1 year
      One year of United States History or one-half year of United States History and one year of Civics or American Government, taken in the ninth grade or later.
   b. English—4 years
      Four years of College Preparatory English—Composition and Literature (All English courses must require substantial, recurrent practice in writing of extensive and structured papers, and must also require extensive reading of significant literature, to include classical or contemporary works in a variety of forms. It is expected that courses appropriate for the final years of high school students will demand a substantially higher level of the requirements and skills outlined above. Also, not more than two semesters of ninth grade English will be accepted for this requirement.)
   c. Mathematics—2 years
      Two years of Mathematics—Algebra, Geometry, Trigonometry, Calculus, Elementary Functions, or Mathematical Analysis. (Courses such as Arithmetic and Business Mathematics will not be accepted.)
   d. Laboratory Science—1 year
      A one-year course in one Laboratory Science, taken in the tenth grade or later.
   e. Foreign Language—2 years
      Two years of one Foreign Language. (Any Foreign Language with a written literature will be accepted.)
   f. Advanced Course—1 or 2 years
      This requirement must be satisfied by one of the following:
      (1) One year of Advanced Mathematics, such as Intermediate Algebra, Trigonometry, or another comparable Mathematics course; or
      (2) A one-year course in any Laboratory Science besides the course used for the “d” requirement above; or
      (3) A third year in the Foreign Language used for the “e” requirement above, or two years of another Foreign Language.

2. An applicant who achieved the required score on the Eligibility Index (a table which considers grade point average, ACT score, and SAT scores—see a counselor for details) but did not complete all the “a”–“f” subjects in high school may be admitted to the university after he/she has:
   a. Established a college grade point average of 2.0 or better; and
   b. Completed, with a grade of C or better, appropriate college courses in the “a”–“f” subjects he or she lacked; and
   c. Completed 12 or more quarter or semester units of transferable college credit; or have met the examination requirement for freshman applicants.

3. Community College options: An applicant who did not achieve the required score on the Eligibility Index, or did not achieve the required score and lacked the required “a”–“f” subjects, may be admitted to the university after he/she has:
   a. Established a college grade point average of 2.4 or better; and
   b. Completed 84 quarter or 56 semester units of transferable college credit; and
c. Completed one of the following options:

Option 1: Appropriate college courses, with grades of C or better in the “a”-“f” subjects lacking up to two units of high school work in “a”-“f” subjects will be waived, but transfer applicant must have satisfied the freshman admission requirements in English and Mathematics. (A unit is equivalent to a one-year course.)

Option 2: Completed the following college course requirements:

1. One course in Mathematics (Math 14, Math 23, or a transferable Math course to UC);
2. One course in English (English 101); and
3. One course from the following: a US History course (History 102 or 103) or a Laboratory Science course (Biology, Chemistry, Geology, or Physics) or a semester course in Foreign Language (French or Spanish).

NOTE: The two alternatives are NOT interchangeable. It is highly recommended that you consult a counselor.

Oxnard College/University of California Core
Transfer Curriculum

The courses on the following list have been designated by the Oxnard College Curriculum Committee as appropriate for satisfaction of the requirements specified by the University of California’s Academic Senate's University-wide Assembly. Students planning to transfer to the University of California may complete this general education curriculum, appropriate for any campus, or complete the specific general education requirements for an individual campus.

Foreign Language. Proficiency.
Spn 102
Fr 102

English Composition. Two semesters or three quarters (6 semester units).
Engl 101, 102

Mathematics/Quantitative Reasoning. One semester or two quarters (3 semester units).
Math 103, 105, 106, 115, 120, 121, 122, 125, 134, 136, 137, 138, 143

Arts and Humanities. Three semesters or four quarters (9 semester units). One course each required in both Arts and Humanities; Third course may come from either area.

Intersegmental General Education Transfer
Curriculum

The Intersegmental Committee of the Academic Senates approved the Intersegmental General Education Transfer Curriculum (IGETC) which will be implemented in Fall 1991. The IGETC is a series of courses that community college students can use to satisfy lower division general education requirements at any CSU or UC campus. The IGETC will provide an option to the California State University General Education Requirements and will replace the University of California Transfer Core Curriculum.

It is important to note that, since the IGETC supersedes the UC Transfer Core Curriculum (TCC) option, new students (those entering Fall 1991 and after) need to complete the IGETC. However, for continuing students who have been following the Transfer Core Curriculum requirements, the University of California will honor the TCC policy through Spring, 1993.

The Intersegmental General Education Transfer Curriculum will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower-division general education course to satisfy campus G.E. requirements.

Completion of the IGETC is not a requirement for transfer to CSU or UC, nor is it the only way to fulfill the lower-division general education requirements of CSU or UC prior to transfer.
to transfer. Students may find it advantageous to take courses fulfilling CSU's general education requirements or those of a particular UC campus.

**General Education Requirements—University of California at Santa Barbara—College of Letters and Science**

These general education requirements, for the College of Letters and Science B.A., apply beginning with fall 1988 or later. Courses offered by a single department can be applied to only one of the four areas—C, D, E, or F.

**Area A—English Reading and Composition.** Two courses

English 101, 102

**Area B—Foreign Language.**

Must be fulfilled by all students who will be first-term freshmen in fall 1986 or later, or who transfer to UCSB in fall 1989 or later.

French 102; Spanish 102, 106

**Area C—Science.** Two courses—one from C1, one from C2.

C1—Biology 101, 103, 108, 111, 112
C2—Astronomy 101; Chemistry 20, 101; Geography 101; Geology 101, 103; Physics 101, 111

**Area D—Social Science.** Two courses, each from a different discipline. One course must be taken from D3 or D4.

D1—Psychology 101, 106, 108
D2—Anthropology 102, 103, 110; Geography 102; History 102, 103, 107, 108, 117; Sociology 101
D3—Economics 101, 102
D4—Political Science 100, 101, 104, 108

**Area E—Western Civilization.**

Two courses in History of Western Civilization or two courses in History of Western Philosophy.

History 105, 106; Philosophy 105, 106

**Area F1—Fine Arts.** Two courses, each from a different discipline.

Art 101, 102, 103; Music 103A, 103B, 104, 105, 116, 119;
Theatre Arts 101, 103A, 103B;
English 119

**Area F2—Literature.** Two courses, one from 2A, one from 2B.

2A—English 104, 105, 107, 106, 109, 111, 118
2B—English 113, 117; Spanish 117

**American History and Institutions Requirement.** Two courses.

English 107, 108; History 102, 103, 104, 107, 108, 112, 115, 116, 117; Philosophy 109; Political Science 100, 101, 102;
Sociology 107, 108, 112

**General Education Notes**

**Minimum Units**

All courses used to satisfy the requirements above must equal three or more semester units each.

**Use of Courses in the Major**

Courses taken in the department of a student's major may also be used to fulfill General Education Requirements.

**Subject “A” Requirement**

UCSB has a Subject A requirement which may be satisfied prior to transfer by (1) earning a score of 600 or higher on the CEEB Achievement examination in English; (2) earning a score of 3 or higher on the CEEB Advanced Placement Exam in English Composition and Literature; or (3) completion of a college course in English Composition with a C grade or better.

**Foreign Language**

For all entering or returning students beginning fall 1986 or later, or who transfer to UCSB in fall 1989 or later.

1. The completion in high school of the third year of a foreign language with at least a B—.
2. A foreign language CEEB score of 600.
3. An Advanced Placement score of 3.
4. The completion in college of foreign language, quarter course 3 or semester course 2.
5. Pass a placement examination at UCSB.

**Bachelor of Science Degree**

Biopsychology—Must complete Areas A, B, C, and Area E or F. All other B.S. Degrees—Must complete Areas A, B, D, and Area E or F.

**Bachelor of Music and Bachelor of Fine Arts**

Must complete Areas A, B, C1, C2, Area D or E, and Areas F2A and F2B.

**American History and Institutions Requirement**

Requirement may be satisfied in one of the following ways:

1. Satisfactory completion at an accredited college or university of any two transferable courses in American History. Courses used to fulfill AHI requirements may also apply to General Education requirements and major requirements.
2. Passing a non-credit exam in this subject offered by the UCSB Departments of History and Political Science the first week of each quarter.
3. Achieve a score of 3 or higher on the CEEB Advanced Placement Exam in American History.

**Transfer Limitations**

All transfer limitations applying to courses taken at Oxnard College also apply to these general education requirements. Consult the UC course articulation list and your counselor concerning these limitations.

**Deferred Completion**

These general education requirements may be completed at UCSB.

**General Transfer Information**

**Admission**

An Oxnard College student who is planning to transfer to UCSB and who was not eligible upon graduation from high school must complete a minimum of 56 transferable units (maximum of 70) with a cumulative 2.4 grade point average.
Transfer Courses
The approved listing above designates those courses which may be used to meet GE requirements; it is not a complete listing of all courses which transfer to UC. Transferability of courses may be checked in the Counseling Office.

More Information
If you have any questions, check with a counselor.

Private Colleges and Universities
The application and admission process to private colleges and universities varies with each transfer school. Students should consult their counselor and the college catalog for specific requirements. Because of their proximity, general education requirements for California Lutheran University and the University of LaVerne Residence Center at Point Mugu are included here.

General Education Requirements
California Lutheran University
All credits listed are semester credits.

General Education Requirements
Creative Arts (6 credits)
1. Art, Drama, or Music
2. Speech

English (6 credits)
1. Freshman English
2. Literature (any Literature course except Children’s Literature)

Social Sciences (12 credits)
1. Two courses in two different areas: Administration of Justice, Anthropology, Business Administration, Economics, Geography, Political Science, Psychology, Sociology.
3. History (any course)

Foreign Language/Bachelor of Science Option (8 credits)
1. Two sequential courses in the same foreign language.
2. Bachelor of Science majors may opt for a Math/Science emphasis in lieu of a foreign language.

Philosophy and Religion (9 credits)
1. Freshmen and sophomores must take two lower division Religion Department courses.
2. One Philosophy course (other than logic).

Science and Mathematics (7 credits)
1. One Natural Science with a laboratory.
2. Another Science or Math course.

Physical Education (3 credits)
1. Physical Education 100 (Lifetime Physical Fitness)
2. Two different activity courses.
3. Students over the age of 25 at entrance will have the PE requirement waived.

Recommended Oxnard College Courses

Creative Arts
1. Art 101, 102, 103, 104AB, 106AB, 108AB, 110AB; any Music class; any Theatre Arts class.
2. Speech 101, 102, 105, 107

English
1. English 101
2. English 102, 104-119

Social Sciences
1. Anthropology 101, 102; Business 101AB, 102-133, 160; Economics 100, 101, 102; Geography 101, 102; Political Science 100-108 (except course used for Cal requirement); Psychology 101-189; Sociology 101-114; Geography 101, 102, 104, 106
2. History 102, 103, 107, 108, 117; Political Science 100, 101, 102
3. Any History class

Foreign Language; B.S. Option
1. French 101, 102; Spanish 101-104

Philosophy
1. No equivalent available. Junior transfers must take one lower division Religion class (at CLU)
2. Any Philosophy except 107 and 112. Junior transfers may either take two Religion courses (at CLU) or one Religion and one Philosophy course (except logic)

Science and Mathematics
1. Biology 101, 102, 103-105, 107, 108+L, 109, 110-112; Chemistry 101-107, 108+L; Geology 101+L, 110; Physics 101, 102, 111-113
2. Biology 106, 113; Chemistry 108; Geology 102-104; Mathematics 102-135; Physical Science 101, 112; Physics 110

Physical Education
1. A transfer student with any three different activities will satisfy entire requirement. A junior transfer with no PE credits must take one activity and Lifetime Physical Fitness. Only one credit per activity will transfer and no more than three credits will apply toward graduation.

General Transfer Information
1. A maximum of 70 semester credits may be transferred from a community college.
2. Both Bachelor of Arts and Bachelor of Science degrees are offered. The essential difference in the two degrees is the foreign language requirement (B.S. majors may substitute 8 credits in Math, Logic, Statistics, and Computer Science for language study).
3. Most majors require at least 32 credits with 20-24 credits at the upper division (junior/senior) level. Consult the CLU catalog for specific departmental requirements.
4. A personal preliminary transfer evaluation may be provided by contacting the Director of Transfer Programs at (805) 492-2411, ext. 481.
5. Courses which are technical, vocational, or “personal enrichment” in nature are not transferable.
General Education Requirements
University of LaVerne Residence Center
Point Mugu

General Education Requirements

English Composition (6 units)

Humanities (6 units)
One course from each of two areas:
1. Philosophy, Religion
2. Literature, second-year foreign language
3. Music, Art Appreciation, Theatre

Social Science (2-4 units)
One course from each area:
1. Psychology, Sociology, Anthropology
2. History, Government, Political Science, Economics, Geography

Natural Science
One course from each of two areas:
1. Biology, Botany, Zoology, Anatomy
2. Chemistry, Physics, Astronomy, Geology (one course must be a lab course)

Fine Arts (2-4 units)
Art or Music Appreciation/History; an experiential course in Art, Music, Theater, Painting, Ceramics; Introduction to Photography; Creative Writing; OR two semesters of Choir, Band, Modern Dance, Voice, Music Lessons.

Symbolic (one course)
1. Computer Programming
2. Music Theory
3. Logic
4. Foreign Language
5. Statistics

US History (one course)

Mathematics
1. College Algebra, Calculus I or II
2. Statistics

Recommended Oxnard College Courses

English Composition
1. English 101/102

Humanities
1. Philosophy
2. Literature (English) 104, 105, 106, 107, 108 109, 110, 111, 113, 117, 118, 120
3. Spanish 103 or 104
4. Music 103AB, 104, 105
5. Art 101, 102, 103
6. ThA 101

Social Sciences
1. Any Anthropology, Psychology 101, Sociology 101 or 102
2. Any History or Political Science courses numbered above 100
   Economics 101, 102, Geography

Natural Science
1. Any Biology courses numbered above 100, Ag 103
2. Chemistry 10, 20, 101, 102
   Any Geology courses numbered above 100
   Any Physics or Astronomy course

Fine Arts
1. Art 101, 102, 103, 104AB, 106AB, 108AB, 110AB, 112AB, 115, 116, 126AB, 128AB, 152A
2. Music 103AB, 104, 105 OR 2 semesters of 106 and/or 107ABCD, 110ABCD, 111, 112, 114, 117, 118, 120, 121, 122, 125;
   Theatre Arts 101, 103, 110, 114;
   English 103

Symbolic
1. BIS 153AB, 154AB, 161AB
2. Music 103ABCD
3. Philosophy 107
4. French or Spanish above 100
5. Psychology 103

U.S. History
1. History 102, 103

Mathematics
1. Math 114, 115, 120, 121
2. Psych 103

A course taken to satisfy one area of General Education may not also be used to satisfy another area, but courses taken in the major may be used to satisfy General Education requirements. A grade of C or better is required to meet a specific requirement.

Courses That Are Prerequisite for a Major

MAJOR
Accounting
Economics/Business Administration
Business Management
Psychology
Criminology
Behavioral Sciences
Health Care Management
Mathematics

Oxnard College Courses
Business 101AB—Accounting Principles
Economics 101, 102—Principles of Economics
Psychology 101—General Psychology
Sociology 101—Intro to Sociology
Math 114—Pre-Calculus Algebra/Trig
Math 120, 121—Calculus with Analytic Geometry

Out-of-State Schools

The application and admission process to out-of-state public or private schools varies with each school. Students should consult their counselor and the college catalog for specific requirements.
Certificate Programs

Oxnard College offers a variety of occupational programs leading to a Certificate of Achievement. These programs, which may be completed in two years or less, prepare graduates for career opportunities in the community in skilled or semi-professional occupations.

A number of these programs can be completed in two semesters. The attainment of a “C” (2.0) average for all certificate program work is required for a certificate, and all can be counted toward a degree as well as the certificate.

Certificate programs are developed by the college in close cooperation with employers and industry advisory committees. The courses are reviewed on a continuing basis to ensure currency of content and local employer and industry training needs. In addition, the advisory committees make recommendations on equipment and materials for each program to provide state-of-the-art education for students. Many students combine work toward a certificate with work leading to an Associate degree.

Specific requirements are as follows:

Certificates of Achievement

A Certificate of Achievement will be granted in specific vocational areas to any student who meets the following requirements:

1. Scholarship—A cumulative grade point average of not less than 2.0 in all college and university work attempted.
2. Major—Completion of all courses required in a curriculum specified in this college catalog.
3. Residence—Completion of at least 12 semester units in residence at the college granting the certificate.
4. Application for Certificate—The student must file a formal written application in the Counseling Office. Work counted toward the granting of a certificate by one college cannot be used at another college for a duplicate certificate.

Curriculum Patterns

The following pages are designed to help students plan a program which will prepare them for gainful employment in a wide variety of careers. These programs have been designed to assist in upgrading persons already employed in business, industry, or governments, or those preparing for employment who desire to take all their course work in specialized pre-employment programs.

Students planning to transfer should contact the Counseling Office for general information regarding transfer requirements at the various state colleges and universities.

These programs have been designed to provide flexibility for the students and may be used three different ways:

1. A Certificate of Achievement will be awarded a student who completes at least 18 units in a curriculum. This should include all of the “Required Courses” and an additional number of courses from the “Electives” list to complete the total required of at least 18 units. Maintenance of a 2.0 grade point average in the specified courses is required. The major completed is printed on the certificate.
2. The major for an Associate in Science degree is fulfilled upon completion of at least 18 units in a curriculum. This should include all of the “Required Courses” and a number of courses from the “Electives” list to complete the total required of at least 18 units. The major completed is printed on the Associate in Science degree. (See Associate in Science degree requirements.)
3. The major for an Associate in Arts degree is fulfilled upon completion of 18 units in a curriculum. This should include 9 units from the “Required Courses” and 9 units from the “Electives” list to complete the total required units of 18.
Degrees and Certificates

Oxnard College offers designated degrees and certificates in the following areas:

- Accounting degree and certificate
- Administrative Aide degree and certificate
- Air Conditioning/Refrigeration degree and certificate
- Alcohol/Drug Studies degree and certificate
- Anthropology degree
- Applied Electronics degree and certificate
- Art degree
- Automotive Body and Fender Repair degree and certificate
- Automotive Technology degree and certificate
- Bilingual/Cross-Cultural degree
- Biology degree
- Business degree
- Business/Logistics degree and certificate
- Business Management degree and certificate
- Child Development degree and certificate
- Communications degree
  - Journalism—print media degree
  - Journalism—public relations degree
  - Television Production degree
- Culinary Arts degree and certificate
- Diesel Mechanics degree and certificate
- Economics degree
- Electronics degree and certificate
- English degree
- Environmental Engineering Technology degree
- Environmental Hazardous Materials Technology degree and certificate
- Fire Technology degree and certificate
- Fitness Management degree and certificate
- General Liberal Arts and Sciences degree
- History degree
- Hotel and Restaurant Management degree and certificate
- Industrial Safety certificate
- Information Processing Systems degree and certificate
- International Business degree and certificate
- Journalism (see Communications) degree
- Legal Assisting degree and certificate
- Marketing degree and certificate
- Mathematics degree
- Office Microcomputers degree and certificate
- Office Technology degree and certificate
- Philosophy degree
- Political Science degree
- Print Media (see Communications) degree
- Psychology degree
- Public Relations (see Communications) degree
- Real Estate degree and certificate
- Sociology degree
- Spanish degree
- Supervision degree and certificate
- Television (see Communications) degree
- Word Processing degree and certificate

If you have any questions, check with a counselor at 986-5816 or 654-6370 ext. 5816.

Associate in Arts Degrees

Major Requirements

General Liberal Arts and Sciences*†

Required Courses: Units

Natural Sciences
- Biological Sciences, one course 6
- Physical Sciences, one course

Social and Behavioral Sciences
- American History and Institutions, one course 6
- Social and Behavioral Sciences, one other course

Humanities
- Fine or Performing Arts, one course 6
- Humanities, one other course

Language and Rationality
- English Composition, one course 6
- Communication and Analytical Thinking, one course

Ethnic/Women’s Studies 3

General Liberal Arts and Sciences 9

Physical Education, one course 1.5-2

Health Science, one course 2-3

39.5-41

*Students who plan to transfer to a four-year college or university should consult a counselor for specific transfer information.

†No certificate of achievement awarded.

Associate Degree for Transfer Students*

All transfer students may earn a general Liberal Arts and Sciences degree by doing one of the following:

1. Completing the Associate degree pattern specified above.
   OR
2. Completing at least 36 units of course work selected from the breadth pattern of a transfer institution. Breadth courses may be selected from courses required for general education and from courses required in preparation for the student’s selected major, plus the specified Health and Physical Education requirements.

The Title V regulations for General Education require at a minimum:

- 3 units of Natural Science
- 3 units of Social and Behavioral Science
- 3 units of Humanities
- 3 units of Language and Rationality from English composition
- 3 units of Communication or Analytical Thinking
- 3 additional units from any of the above categories

NOTE: Competency requirements must also be satisfied.

*Students who plan to transfer to a four-year college or university should consult a counselor for specific transfer information.
Anthropology*

Required Courses: Units
Anth 101 Physical Anthropology 3
Anth 102 Cultural Anthropology 3
Anth 103 Introduction to Archaeology 3

Required Additional Courses: Units
Complete a minimum of 9 units from the following:
Anth 104 Archaeological Field Methods 3
Anth 105 Sex Roles in the World 3
Anth 106 Culture and Personality 3
Anth 110 People and Cultures of the World 3
Anth 113 Ancient Civilizations of the Americas 3
Anth 189A North American Indians 3
Anth 189B Egyptology 3
Anth 189C Magic, Religion, and Witchcraft 3
Art 102 History of Art I 3
Hist 105 Western Civilization I 3
IS 101A History of Ideas and Evolution of Culture 3
IS 102 Science, Technology, and Human Values 3
Mach 105 Introductory Statistics 4
Phi 108 Mythology 3
Psych 103 Statistics for Behavioral Science 3

Total required units = 18

*Students who plan to transfer to a four-year college or university should consult a counselor for specific transfer information.

Art*

A student may satisfy a major requirement in one of three ways: as a general art major, as an art two-dimensional studio major, or as an art three-dimensional studio major.

Required Courses for ALL Art Majors: Units
Art 102 Art History 3
Art 103 Art History 3

Required Courses for general majors:
Art 104AB Color and Design (2+2) 4
Art 106AB Beginning/Intermediate Drawing (3+3) 6
Art 108AB Beginning/Intermediate Oil Painting (3+3) 6
Art 126AB Beginning/Intermediate Figure Drawing (3+3) 6

Total units = 28

Required Courses for Two-Dimensional Studio Majors
Art 104AB Color and Design (2+2) 4

106AB(C†) Beginning/Intermediate Drawing (3+3) 6
†Advanced Drawing recommended for Drawing Majors (3)
Art 108AB(C†) Beginning/Intermediate Oil Painting (3+3) 6
‡Advanced Painting recommended for Painting Majors (3)
Art 112AB Beginning/Intermediate Watercolor (3+3) 6
Art 115AB Abstract Concepts (3+3) 6
Art 126AB(C§) Figure Drawing (3+3) 6
§Advanced Figure Drawing recommended for Drawing Majors (3)
Art 128AB Figure Painting (3+3) 6

Total units = 46

Required Courses for Three-Dimensional Studio:
Art 150AB Beginning Ceramics (3+3) 6
Art 151AB Intermediate Ceramics (3+3) 6
Art 152AB Ceramic Design (3+3) 6
Art 155AB Sculpture (3+3) 6

Total units = 30

*Students who plan to transfer to a four-year college or university should consult a counselor for specific transfer information.

Bilingual/Cross-Cultural*

Required Courses: Units
Engl 102 College Composition and Literature 3
Engl 117 Mexican Literature in Translation 3
Hist 107 History of Mexican People in the US 3
Hist 109 History of Mexico 3
Spn 103 Intermediate Spanish 5
Spn 104 Intermediate Spanish 5
Spn 107 Hispanic Culture and Civilization 3
Spn 108 Spanish Grammar and Composition 3

Required Additional Courses:
Select one from each of the following sequences:
Psych 189B Psychological Issues of the Mexican People 3
or
IS 189CD Cross-Cultural Experiences with Migrant Children 3
or
Art 189A The Art of Mexico 3
or
PE 124 Mexican Dance 1.5
or
ThA 112 Chicano Teatro 3
Soc 108  Sociology of the Chicano Community  3  
or CD 107  Cross-Cultural Experiences with Children and Families  3  

Total Required Units = 33.5-35  
*Students who plan to transfer to a four-year college or university should consult a counselor for specific transfer information.

Biology*  
Required Courses:  
Biol 101-102  Principles of Biology  8  
Chem 101-102  General Chemistry  10  
Math 120-121  Calculus with Analytic Geometry  10  
Ph 101-102  College Physics  8  

Recommended Elective Courses:  
Chem 108  Elementary Organic Chemistry  3  
Chem 108L  Elementary Organic Chemistry Lab  1  
Math 105  Introductory Statistics  4  

Total Required Units = 36  
*Students who plan to transfer to a four-year college or university should consult a counselor for specific transfer information.

Business*  
For students interested in transferring to a four-year college or university as a business major to obtain a Bachelor degree.

The requirements below specifically meet Cal State Northridge requirements. For information regarding transfer to any other college or university, see your counselor.

Required Courses:  
Bus 101A  Accounting Principles I  3  
Bus 101B  Accounting Principles II  3  
Bus 111A  Business Law  3  
Econ 101  Principles of Macroeconomics  3  
Econ 102  Principles of Microeconomics  3  
Math 106  Mathematics for Business Applications  5  

or  
Math 20  Calculus with Analytic Geometry I  5  

Total Required Units = 20  
*Students who plan to transfer to a four-year college or university should consult a counselor for specific transfer information.

Communications  
Required Core Courses:  
Journ 100  Introduction to Mass Communication  3  
Journ 101  News Writing and Reporting  3  

Total Required Units = 6  

Journalism—Print Media Option  
Required Courses  
Journ 102  Intermediate News Writing and Reporting  3  
Journ 103  Beginning News Editing  3  
Journ 104  Journalistic Layout and Design  3  

Required Additional Courses  
Complete six units from the following:  
Journ 108  Introduction to Feature Writing  3  
Journ 110  Observer Staff Lab (may be repeated once)  2  
Journ 111  Broadcast Journalism  3  
Journ 133  Advertising  3  
Journ 141  Introduction to Public Relations  3  

Total Required Units = 6  

Journalism—Public Relations Option  
Required Courses  
Journ 141  Introduction to Public Relations  3  
Journ 142  Public Relations Strategies  3  
Journ 190  Public Relations Internship  3  

Total Required Units = 9  

Required Additional Courses  
Choose one from the following:  
Journ 102  Intermediate News Writing  3  
Journ 103  Beginning News Editing  3  
Journ 108  Introduction to Feature Writing  3  
Journ 111  Broadcast Journalism  3  

Choose two from the following:  
Bus 132  Marketing  3  
Bus 140  Business Communications  3  
Journ 133  Advertising  3  
Spch 101  Introduction to Oral Communication  3  

Total Required Units = 9  

Television Production Option  
Required Courses  
TV 101  Broadcast Studio Operation  3  
TV 102  Television Production Workshop  3  
TV 103  Television Directing and Editing  3  
TV 104  Advanced Television Production  3  

Total Required Units = 12
Required Additional Courses
Complete six units from the following:
Engl 130 Television Writing 3
Journ 111 Broadcast Journalism 3
Sphc 101 Introduction to Oral Communication 3
or
Sphc 104 Voice and Diction 3
ThA 108 Acting for Film and Television 3

Total Required Units = 6

Economics*
Required Courses:
Econ 101 Principles of Macroeconomics 3
Econ 102 Principles of Microeconomics 3
Econ 100 The American Economy 3
Econ 199 Directed Studies in Economics (Research Project) 3

Total Required Units = 12

Elective Courses:
In addition, majors shall take six units from the following list:
Anth 102 Cultural Anthropology 3
Biol 106 The Human Environment 3
Bus 101A Accounting Principles I 3
Bus 101B Accounting Principles II 3
Hist 104 History of California 3
Hist 105 Introduction to Western Civilization I 3
Hist 106 Introduction to Western Civilization II 3
Math 105 Introductory Statistics 4
Math 106 Mathematics for Business Applications 5
Math 136 Computer Programming, BASIC 3
BIS 153A BASIC Programming 4
Phil 111 Critical Thinking 3
PSc 100 Introduction to Politics 3
PSc 101 Government of the United States: Institutions and Politics 3
PSc 102 Government of the United States: Institutions and Laws 3
PSc 104 International Relations 3
PSc 105 Current Issues in Domestic and Foreign Politics 3
PSc 106 Political Aspects of Economic Problems 3

Total Required Units = 18

*Students who plan to transfer to a four-year college or university should consult a counselor for specific transfer information.

English*
Required Courses:
Engl 101 College Composition 3
Engl 102 College Composition and Literature 3
Engl 104 Survey of English Literature I 3
Engl 105 Survey of English Literature II 3
Engl 107 Survey of American Literature I 3
or
Engl 108 Survey of American Literature II 3

Total Required Units = 15

Additional Required Courses:
Complete six units from the following:
Sphc 101 Introduction to Oral Communication 3
Journ 101* News Writing and Reporting 3
or
Journ 102* Intermediate News Writing and Reporting 3
Any other English course numbered 100 or above 3

Total Required Units = 6

*Students who plan to transfer to a four-year college or university should consult a counselor for specific transfer information.

History*
Required Courses:
Complete a total of 12 units, one from each of the following groups:
A. Hist 102 History of the United States I 3
Hist 103 History of the United States II 3
B. Hist 105 Introduction to Western Civilization I 3
Hist 106 Introduction to Western Civilization II 3
C. Hist 107 History of the Mexican People in the US 3
Hist 108 Afro-American History 3
Hist 109 The Heritage of Mexico 3
Hist 112 Great American Women 3
Hist 117 History of American Women 3
D. Hist 114 Modern Asia: China, India, and Japan 3
Hist 115 History of the Americas I 3
Hist 116 History of the Americas II 3

Required Additional Courses:
In addition, complete 6 units from any History courses not used to satisfy the 12-unit requirement above. (Students majoring in History and planning to transfer to the UC System must complete 6 units from groups A and B and 3 units from C and D, above.)

Total Required Units = 6

*Students who plan to transfer to a four-year college or university should consult a counselor for specific transfer information.

Associate in Science Degrees and Certificates of Achievement  
Major Requirements

Accounting*
The accounting certificate program provides an understanding of the accounting function and its application as a provider of information for the decision-making process. This program offers basic training in accounting and related fields for both students seeking employment and those already employed but needing skills improvement. Successful program completion should qualify individuals for beginning positions in accounting occupations in government and business organizations.

Required Courses:  

<table>
<thead>
<tr>

</table>

Total Required Units = 34

Fire Technology (Pre-Service)
This program prepares a student to enter the field of fire technology as a firefighter. Firefighters are required to carry out emergency duties such as fire suppression, rescue, first aid and related incidents. Non-emergency duties include prevention, training, station maintenance, equipment maintenance, and other related tasks.

Required Courses:

Plus one of the following:
HRM 13  Bar Management  3
HRM 16  Hospitality Accounting  3
HRM 19  Hospitality Law  3

Total Required Units = 26

Hotel Management
This program will prepare students to obtain employment in the hotel management field in which they will serve as liaisons between major management and employees. Career opportunities for trained personnel are almost limitless.

Required Courses:  Units
HRM 1  Introduction to the Hospitality Industry  2
HRM 10  Food and Beverage Cost Control  2
HRM 11  Food Purchasing  2
HRM 14  Personnel Management for the Hospitality Industry  2
HRM 15  Hospitality Marketing  3
HRM 16  Hospitality Accounting  3
HRM 17  Hotel Administration  3
HRM 20A  Hotel Management Internship I  3
Plus two of the following:
HRM 2A  Food Preparation I  4
HRM 13  Bar Management  3
HRM 18  Supervision of Administrative Housekeeping  3
HRM 19  Hospitality Law  3
HRM 20B  Hotel Management Internship II  3

Total Required Units = 26-27

*Students who want to transfer to a four-year college or university should consult a counselor for specific information.

Industrial Safety
Employers must provide a workplace reasonably free of recognized dangers to employee safety and health. Managers, supervisors, and safety officers must understand and exercise this responsibility.

The Industrial Safety program will prepare the student to enter a challenging career field of employment, or advanced degree study, as a safety officer.

Required Courses:  Units
Bus 50  Basic Psychology for Supervisors  3
Bus 62  Oral Communications  3
Bus 64  Fundamentals of Safety Administration and Management  3
Bus 65  Fundamentals of Disaster Planning  3
Bus 67  Fundamentals of Industrial Hygiene  3
FT 52  Fundamentals of Fire Protection  3
FT 55  Fire Protection Equipment and Systems  3
FT 65  Hazardous Materials  3
Take one of the following:
Bus 66  Fundamentals of Hazardous Materials Reporting Regulations  3
Chem 20  Elementary Chemistry  5
FT 68  Fire Investigation  3
Math 105  Introductory Statistics  4
Ph 101  College Physics  4

Total Required Units = 27-29

Information Processing Systems*

PROGRAM PREREQUISITE: Competency in keyboarding skills as demonstrated by completion of BIS 1A or equivalent or concurrent enrollment in BIS 1A.

This program will prepare students to enter the field of information processing as junior computer operators and junior computer programmers. These positions require employees to define business, mathematical, scientific, etc., problems; analyze the logic required in problem solving; and write in a near English code the instructions required to solve that problem.

Required Courses:  Units
BIS 151  Introduction to Information Processing Systems  4
BIS 152  Problem Solving and Programming Principles  3
BIS 153A  BASIC I Programming and Laboratory  4
BIS 154A  COBOL I Programming and Laboratory  4
BIS 160  Computer Operations  3
BIS 161A  Systems Analysis and Design I  3
BIS 161B  Systems Analysis and Design II  3

Required Additional Courses:  Units
Complete one of the following:
BIS 153B  BASIC II Programming and Laboratory  4
BIS 154B  COBOL II Programming and Laboratory  4

Complete a minimum of three units from the following:
BIS 101A  Accounting Principles I  3
BIS 40A  Microcomputers: Introduction  .5
BIS 40B  Microcomputers: Beginning Word Processing  .5
BIS 40C  Microcomputers: Spreadsheets .5
BIS 40D  Microcomputers: Data Bases .5
BIS 41C  Microcomputers: Advanced Spreadsheets .5
BIS 41D  Microcomputers: Advanced Data Bases .5
BIS 155  PASCAL Programming for Business Applications and Laboratory 4
BIS 162  Management Information Systems 3
BIS 163  Data Base Management 3
BIS 164  Computer Modeling 3

Total Required Units = 31

*Students who want to transfer to a four-year college or university should consult a counselor for specific information.

Marketing*
This continually growing field offers diverse opportunities for employment. The major will prepare students for positions as management trainees, buyers, store merchandising managers, finance operations trainees, manufacturing representatives, and fashion directors.

Required Courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>

</tbody>
</table>

Take one course from the following list:

Bus 101A Principles of Accounting I 3
BIS 12K  Proofreading  2
BIS 153B  BASIC Programming II  3

Total Required Units = 25.5-26.5

Office Technician*
This curriculum is designed for students who wish to prepare for office work in commercial, industrial, and governmental offices as typists, office machine operators, filing clerks, or receptionists.

Required Courses:  Units
Complete one of the following:
Bus 1  Preparation for Accounting  3
Bus 2  Applied Accounting  3
Bus 101A  Accounting Principles I  3

Meet a competency requirement of 45 net words per minute (gross speed less errors) on a five-minute timing AND complete a minimum of three units from the following:
BIS 3ABC  Intermediate Typewriting  1-1-1 (3)
BIS 4ABC  Advanced Typewriting  1-1-1 (3)
BIS 31A-H  Word Processing Training Series (All 1-unit)  3

Complete all of the following:
Bus 30  Business Mathematics  3
Bus 40  Business English  3
Bus 140  Business Communications  3
BIS 12A  Filing  1
BIS 12B  10-Key Electronic Calculating Machines  1
BIS 12K  Proofreading Skills  2
BIS 13  Machine Transcription  2
BIS 19  Office Procedures  3
BIS 40B  Microcomputers: Beginning Word Processing  .5
or
BIS 31A-H  One Course in WP series  1.0

Complete at least two of the following:
BIS 40A  Microcomputers: Introduction  .5
BIS 40C  Microcomputers: Spreadsheets  .5
BIS 40D  Microcomputers: Data Bases  .5
BIS 41C  Microcomputers: Advanced Spreadsheets  .5
BIS 41D  Microcomputers: Advanced Data Bases  .5

Total Required Units = 25.5-26

*Students who want to transfer to a four-year college or university should consult a counselor for specific transfer information.

Real Estate

Required Courses:  Units
RE 1  Real Estate Principles  3
RE 2  Legal Aspects of Real Estate  3
RE 3  Real Estate Practices  3
RE 4  Real Estate Appraisal I  3
RE 6  Real Estate Finance  3

Required Additional Courses:  Units
Complete a minimum of nine units from the following:
Bus 30  Business Mathematics  3
Bus 101A  Accounting Principles I  3
Bus 101B  Accounting Principles II  3
Bus 111A  Business Law I  3
Bus 120  Introduction to Business  3
Bus 130  Sales Techniques  3
Bus 140  Business Communications  3
Econ 101  Principles of Macroeconomics  3
Econ 102  Principles of Microeconomics  3
Psych 101  General Psychology  3
or
Psych 102AB  Interpersonal Relations  3
RE 5  Real Estate Appraisal II  3
RE 7  Real Estate Economics  3
RE 8  Escrow I: Fundamentals  3
RE 9  Escrow II: Procedures  3
Spch 1  Basic Speech  2
Spch 101  Introduction to Oral Communication  3

Total Required Units = 24

Supervision*
This program will prepare students for supervisory positions within an organization; these positions would include responsibilities for directing the activities of nonmanagement employees—overseeing the efforts of those who actually perform the work and serving as a link between the workers and upper management.

Required Courses:  Units
Bus 50  Basic Psychology for Supervisors  3
or
Bus 52  Human Relations  3
Bus 62  Oral Communications  3
or
Spch 101  Introduction to Oral Communication  3
Bus 120  Introduction to Business  3
Bus 121  Introduction to Management  3
Bus 122  Personnel Management  3
Bus 140  Business Communications  3

Total Required Units = 18

Total Required Units = 22.5-24.5

*Students who want to transfer to a four-year college or university should consult a counselor for specific transfer information.

Word Processing Administrative Aide*

This program will prepare students to work as word processing administrative aides in any business, professional, educational, or industrial office utilizing word processing equipment and word processing systems.

*Students who want to transfer to a four-year college or university should consult a counselor for specific transfer information.

Continuous Enrollment
A student remaining in continuous enrollment both fall and spring semesters (summer session not counted) at one or more of the colleges in the Ventura County Community College District (VCCCD) or at any other accredited college or university may meet the VCCCD graduation requirements in effect at the time of his or her entering or at any time thereafter. This applies only to graduation requirements and not to policies, procedures, or other regulations. Any academic record symbol entered on a transcript ("A" through "F," "CR," "NC," "I," "IP," "RD," "W") shall constitute enrollment.

A student who has missed one semester (non-enrolled) is considered to be under any new requirements unless the student is granted a petition/waiver for extenuating circumstances. This petition request is initiated by a college counselor and reviewed by the Vice-Presidents of Instruction and Student Services prior to final approval.

Double Counting
When a course(s) required for a specific major is also on the list of approved general education courses, the course(s) may be used to satisfy both major and general education requirements, if the student satisfies the minimum 18-unit requirement for the major.

Graduation Application Procedures
Students may apply for graduation by scheduling a counseling appointment to submit an application for graduation. The student may elect to be either a fall graduate or a spring graduate, depending upon the completion of all necessary graduation requirements; however, formal graduation ceremonies are conducted only at the conclusion of each academic year. The deadline dates for submission of graduation applications are printed in the Oxnard College schedule of classes. If for any reason a student fails to submit an application prior to the published deadline, he/she may submit the application for the following graduation period.

The Vice-President of Instruction shall make determinations regarding major requirements and general education. The Vice-President of Student Services shall be the arbiter when questions of interpretation arise concerning courses from other colleges and universities, lower division transfer requirements, major requirements and all other questions which may arise involving graduation.
Announcement of Courses

For convenience, the course descriptions in this catalog are arranged alphabetically according to subject grouping.

Definition of a Semester Unit
The semester unit value of the course is shown by a number (or numbers). The semester unit is based on three hours of work and study: one lecture hour with two attendent hours of preparation, or three hours of laboratory activity.

Course Identification
Courses offered by Oxnard College will allow a wide selection of curricula that meet the requirements for most regular university majors as well as for technical, semi-professional, or occupationally-oriented programs.

To assist students to plan their programs of study, all credit courses offered by Oxnard College are classified into one of the three following categories:

1. Courses applicable toward the Baccalaureate degree at universities or senior colleges.
2. Specialized technical, semi-professional, or occupationally-oriented courses applicable to certificate and Associate degree programs for which some universities and senior colleges allow subject or elective credit toward the Baccalaureate degree.
3. Non-transfer and/or remedial courses not applicable toward either the Baccalaureate or Associate degrees. After a review of all courses in the college curriculum, the faculty of Oxnard College has certified the following courses to be college credit only:
   - ACT—all courses
   - Engl 1, 5, 9, 10, 11, 12, 15, 20, 30-series except 301, 7, 45, 47, 76, 80
   - LS—all courses
   - Math 9, 93
   - PG 1, 2, 3, 4, 5, 6
   - SpEd—all courses
   - Spch 1

Transferability
Courses that carry a number between 100 and 199 are expected to transfer for baccalaureate credit to four-year institutions. Courses under which the statement "Transfer Credit: UC, CSU" or "CSU" appears have been approved for at least elective credit by those systems. A counselor should be consulted to determine if major or general education requirements may be satisfied with these courses. Courses under which "CAN" appear have been assigned a California Articulation Number. The CAN system provides a cross-reference number or course identification for courses which are acceptable "in lieu of" or are equivalent to specific courses at participating California colleges and universities. These courses will satisfy requirements for identically designated CAN courses at transfer institutions and will satisfy degree requirements at all participating campuses in California. Courses that carry a number between 1 and 99 may be transferable by some colleges and universities but the individual senior institution or a counselor should be consulted to determine the transferability of a specific course. Since most of these latter courses are not ordinarily offered in the university or four-year college, they may not be applicable to the requirements for the Baccalaureate degree.

Prerequisites
Prerequisite statements, other than specific courses, are intended to be suggestive rather than mandatory.

Offering of Courses as Described in Catalog
Occasionally there may be course changes concerning prerequisites, contents, hours, or units of credit made after publication of the catalog. Efforts will be made through the class schedules and public media, and at times of registration, to notify students of any changes other than as described in the catalog.

Offering of Courses as Listed in the Schedule of Classes
The college reserves the right to cancel any class scheduled for any term if enrollment is insufficient as determined by the board of trustees.

Field Trips
Students enrolled in any course in the Oxnard College curriculum may be required to attend extra-educational events, excursions, and/or field trips. Such activities are subject to the district's policy on field trips, Section C.12.f. of the Board Policy Manual, and to the provisions of the California Educational Code and Title 5.

Credit-No Credit Options
In the following section, which contains all course descriptions, the numbers (1) or (2) will be seen at the end of some descriptions. These numbers indicate that the so-designated courses are graded as follows:

1. Courses wherein all students are evaluated on a credit-no credit basis.
2. Courses wherein each student may elect by no later than the end of the first 30 percent of the term whether the basis of evaluation is to be credit-no credit or a letter grade.

In all other cases, courses will be graded in conformance with the college's grading policy, outlined elsewhere in this catalog.

Schedule of Courses
Courses listed below are offered as a regular part of established curricula or when demand warrants. The current class schedule should be consulted to determine the availability of specific courses.

In the course number designations, the following subject or departmental title abbreviations are used:

<p>| ACT | Adaptive Computer Technology |
| Ag  | Agriculture                 |
| AC  | Air Conditioning &amp; Refrigeration |
| ADS | Alcohol/Drug Studies       |
| Anth| Anthropology                |</p>

Adaptive Computer Technology

ACT 1–2 units
Computer Access Evaluation
Prerequisites: Verification of disability
1 hour lecture, 3 hours lab weekly
Provides for in-depth computer access evaluation to determine appropriate access environment for students with a disability or multiple disabilities. Likely participants would include multiply-handicapped, severely physically disabled, students with acquired brain injuries resulting in secondary orthopedic and/or visual disabilities, re-entering disabled older students, blind or other students on recommendation of instructional staff. Course may be taken on a credit/no credit basis only. (1)

ACT 2–2 units
Adapted Keyboarding
Prerequisites: ACT 1 or concurrent enrollment
1 hour lecture, 3 hours lab weekly
Teaches keyboarding basics to disabled students who must use adaptive technologies for successful access to the keyboard or screen and/or are unable to successfully complete a mainstream typing course. Course may be taken on a credit/no credit basis only. May be taken a maximum of two times. (1)

ACT 3A–2 units
Computer Access I
Prerequisites: ACT 1 and ACT 2 or equivalent
1 hour lecture, 3 hours lab weekly
Designed for students with visual, physical, or learning disabilities or deafness; course provides training in the use of computer access technologies which enhance a disabled student's ability to access and use microcomputers. Training in the use of computer access technologies occurs in the context of word processing, and students are familiarized with basic concepts of word processing used by the majority of industry-standard word processors. A non-standard word processor may be more appropriate for some students. Course may be taken on a credit/no credit basis only. May be taken a maximum of two times. (1)

ACT 3B–2 units
Computer Access II
Prerequisites: ACT 3A
1 hour lecture, 3 hours lab weekly
Designed for disabled students who have successfully completed Computer Access I. Students will enhance computer access skills through the completion of assigned projects. Course may be taken on a credit/no credit basis only. May be taken a maximum of two times. (1)

ACT 11–1 unit
Workshop in Basic Skills/Computer-Assisted Instruction
Prerequisites: Verification of disability
½ hour lecture, ½ hour lab weekly
Computer-assisted instruction in basic academic skills. Course may include fundamental word processing to assist students in completing classroom assignments, such as daily homework and term papers.

Agriculture

Ag 10ABCD–1.2–3.4 units
Agriculture Projects
Prerequisites: Agriculture major
1 hour lecture, 3-12 hours lab hours arranged proportional to number of units weekly
Planning, development, and execution of an individual agriculture project under the supervision of a faculty advisor, in an organized program to enable the student to gain practical skills and experiences in agriculture. Records required of each student. (2)

Ag 24–2 units
Small Engines
Prerequisites: None
1 hour lecture, 3 hours lab weekly
Basic principles of internal combustion engines with emphasis on the practical application of knowledge and developed skills to maintain and rebuild small engines. Function and repair of ignition, fuel, starting, and other systems related to small engines including valve grinding, honing of cylinder walls, and ringing of pistons. Field trips may be required. May be taken a maximum of three times. (2)

Ag 66–3 units
Landscape Horticulture
Prerequisites: None
3 hours lecture weekly
Plant morphology, plant climates, soils and amendments, plant nutrients, common plant pests and diseases, general pruning practices, general turfgrass problems, ground covers and their uses, general estimating problems, general planting of trees and shrubs. (2)

Ag 91–3 units
Pest Management
Prerequisites: None
3 hours lecture weekly
Overview of insect identification and plant physiology, and management of insects and diseases of plants, soils, and weeds. Course covers chemical procedures, biological control, cultural control. (2)

Ag 92–3 units
Insects and Diseases of Plants
Prerequisites: None
2 hours lecture, 3 hours lab weekly
Symptoms, identification and control of common insects and diseases as applied to agricultural and horticulture crops. Natural, cultural, mechanical, and chemical controls; management techniques toward prevention of pest problems. Field trips and labs may be required. (2)

Transfer credit: CSU

Ag 103–3 units
Plant Biology
Prerequisites: None
2 hours lecture, 3 hours lab weekly
Practical aspects of plants and their growth, environmental relationships, physiology, structures, function, reproduction, and evolution; basic concepts of biology as illustrated by the study of plants; independent study projects and field labs; field trips required. (2)

Transfer credit: UC, CSU

Ag 104–4 units
Soil and Plant Nutrition
Prerequisites: None
3 hours lecture, 3 hours lab weekly
Physical, chemical, and biological properties of soil, influences on soil by climate, parent materials, topography, time, and microorganisms; methods of evaluating soil and soil use; soil, water, plant, and fertilizer relationships; fertilizer composition, manufacture, distribution, and application techniques. Field labs and trips required. (2)

Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Air Conditioning and Refrigeration

AC 1—15 units
Air Conditioning and Refrigeration
Prerequisites: None
12 hours lecture, 9 hours lab weekly
Comprehensive curriculum covering topics over the full range of the heating, air conditioning, and refrigeration industry. May be repeated. Field trips may be required. Students will be placed into individual courses within the Air Conditioning and Refrigeration Program.

AC 10—3 units
Air Conditioning and Refrigeration Fundamentals
Prerequisites: Concurrent enrollment in AC 10L suggested
3 hours lecture weekly
Basic study of vapor compression refrigeration cycle and systems components.

AC 10L—2 units
Air Conditioning and Refrigeration Fundamentals Lab
Prerequisites: AC 10 or concurrent enrollment
1 hour lecture, 3 hours lab weekly
Lecture/lab class projects involving operation of compression systems; design and construction of system piping, techniques of forming, soldering, and brazing copper tubing.

AC 11—3 units
Intermediate Refrigeration
Prerequisites: AC 10
3 hours lecture weekly
Second level of instruction in refrigeration. Application of concepts learned in AC 10 with additional emphasis on commercial systems.

AC 11L—2 units
Intermediate Refrigeration Lab
Prerequisites: AC 10L
1 hour lecture, 3 hours lab weekly
Second level of refrigeration shop work. Includes setting up controls on commercial-type systems, repair of systems.

AC 20—3 units
Electrical Systems in Air Conditioning
Prerequisites: Completion of or concurrent enrollment in AC 10
3 hours lecture weekly
Basic concepts in electrical principles used in air conditioning. Schematic reading, single phase motor starting, three-phase motor starting, electrical safety.

AC 20L—2 units
Electrical Systems Lab
Prerequisites: Completion of or concurrent enrollment in AC 20
1 hour lecture, 3 hours lab weekly
Lab projects and experiments in principles and application of electric circuits equipment and controls, schematic reading, circuit wiring, use of electrical measuring instruments.

AC 21—3 units
Intermediate Air Conditioning Electricity
Prerequisites: AC 20
3 hours lecture weekly
Second level of instruction in electrical systems for refrigeration and air conditioning. Application of AC 20 concepts to commercial systems.

AC 21L—2 units
Intermediate Air Conditioning Electrical Lab
Prerequisites: AC 20L
1 hour lecture, 3 hours lab weekly
Second level of instruction in electrical systems lab. Includes wiring and controls of commercial-type systems.

AC 30—3 units
Airside Systems
Prerequisites: Completion of or concurrent enrollment in AC 10
3 hours lecture weekly
Study of the behavior of air with emphasis on the psychrometric chart and airside equipment. Calculations for the conditioned air supply for processes such as heating, cooling, dehumidifying, and evaporative cooling are studied.

AC 30L—2 units
Airside Systems Lab
Prerequisites: Completion of or concurrent enrollment in AC 30
1 hour lecture, 3 hours lab weekly
Use of air measuring instruments and lab design projects in determining heating and cooling loads and required air supply, selection of duct sizes.

AC 40—3 units
Heating, Hydronics, and Control Systems
Prerequisites: Completion of or concurrent enrollment in AC 10
3 hours lecture weekly
Study of gas, steam, hot water, and solar heating systems, pumps, steam and water piping and accessories, and heat powered absorption refrigeration systems; control systems—pneumatic, electric, and self-contained instrumentation.

AC 40L—2 units
Heating, Hydronics, and Control Systems Lab
Prerequisites: Completion of or concurrent enrollment in AC 40
1 hour lecture, 3 hours lab weekly
Lab exercises for gas, steam, hot water, and solar heating systems, pumps and piping, and pneumatic controls, including maintenance procedures and adjustment.

AC 80AB—1-1 unit
Industry Survey and Repair
Prerequisites: Completion of or concurrent enrollment in AC 10, or equivalent experience
3 hours lab weekly
Survey of local industries, opportunities, and equipment. Repairs on equipment brought in by students will be done with guidance from instructor.

AC 98—1/2-10 units
Short Courses in Air Conditioning and Refrigeration
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized workshops designed to update air conditioning and refrigeration personnel as required for in-service training requirements in specific subject matter areas. Unit credit determined by length of instruction of the workshop as defined by current credit standards; total workshop credit limited to 10 units. (2)

NOTE: The courses listed below have been temporarily suspended. For further information, please contact the Office of Instruction.

AC 50
Calculations & Physical Concepts

AC 70
Estimating, Codes, and Sheet Metal Blueprints

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Alcohol/Drug Studies

CAADE: California Association of Alcohol/Drug Educators

ADS 98—½–10 units
Short Courses in Alcohol Studies
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized workshops designed to update alcohol program personnel and others as required for in-service training in specific subject matter areas. Unit credit determined by length of instruction of the workshop as defined by current credit standards. (2)

ADS 101—3 units
Overview of Alcoholism: Alienation and Addiction
Prerequisites: None
3 hours lecture weekly
Study of alcohol-related problems, including relationship to alienation and change in lifestyle, cultural and family attitudes, causes and addiction, sub-cultures, ethical implications, and solutions. Fulfills one 3-unit chemical core requirement for California Association of Alcoholism/Drug Educators (CAADE).
Transfer credit: CSU

ADS 102—3 units
Alcoholism: Intervention, Treatment, and Recovery
Prerequisites: ADS 101
3 hours lecture weekly
Course familiarizes students with the essential tools and techniques of helping individuals in changing lifestyle and job performance during recovery and rehabilitation. Studies various vocational rehabilitation services available to assist the alcoholic, family, and children. Fulfills one 3-unit chemical core requirement for CAADE.
Transfer credit: CSU

ADS 103—3 units
Physiology and Pharmacology—Alcohol and Other Drugs
Prerequisites: None; ADS 101 recommended
3 hours lecture weekly
Fundamental principles of action of alcohol and other drugs studied. Pharmacological and physiological implications of tolerance, habituation, and excessive consumption emphasized. Psychological, physical, cultural, and social implications presented. Physiological and medical aspects of effects of alcohol on the human body during various stages of psychosexual development. Fulfills one 3-unit chemical core requirement for CAADE.
Transfer credit: CSU

ADS 104—3 units
Case Management/Counseling Techniques
Prerequisites: ADS 101
3 hours lecture weekly
Course seeks to develop understanding of a variety of personality theories as applied to a unique lifestyle of alcoholics and to provide overview of theory and application in counseling of alcoholics. Fulfills one 3-unit skills requirement for CAAC.
Transfer credit: CSU

ADS 105—3 units
Group Leadership and Group Process
Prerequisites: ADS 101
3 hours lecture weekly
Course designed to familiarize students with group dynamics, especially groups involving recovering alcoholics. Also offers practicum in group leadership skills, and examines various types of groups and specific group functions for alcoholics. Fulfills one 3-unit skills requirement for CAADE.
Transfer credit: CSU

ADS 106—3 units
Treatment Modalities for Adult Children of Alcoholics
Prerequisites: None
3 hours lecture weekly
Valuable foundation course for those interested in becoming alcoholism counselors involved in family intervention and treatment. Specifically designed to meet the needs of those counseling adult children of alcoholic parents, studying effects of alcoholism on children and what can be done. Attitudes will be examined and intervention skills learned and practiced. Fulfills one 3 unit skills requirement for CAADE.
Transfer credit: CSU

ADS 107—3 units
Alcoholism: Study of Special Population Groups
Prerequisites: None
3 hours lecture weekly
This course addresses special groups of alcoholics and investigates their unique characteristics, particular intervention needs, and individual responses to treatment. Attention focuses on the underserved populations of women, aged, disabled, ethnic/racial, homosexual, adolescent, and military alcoholics. Fulfills one 3-unit skills requirement for CAADE.
Transfer credit: CSU

ADS 108—3 units
Alcohol and Human Development
Prerequisites: None
3 hours lecture weekly
Analysis of developmental behaviors associated with each stage in human development and ways the social environment impedes or helps this development. Special emphasis given to how drugs and alcohol affect this development. Examples of disruptive influences on human development and the way human service occupations develop systems and services to minimize these disruptive influences are studied. Fulfills one 3-unit behavioral requirement for CAADE. (2)
Transfer credit: CSU

ADS 109—3 units
Marriage and Cultural Influences
Prerequisites: None
3 hours lecture weekly
Primary emphasis is exploration of social and psychological consequences of ethnic background as contributing factors in misuse of alcohol. Further emphasis placed on lack of choice as to status, categorization in the larger society, and structural adaptations of Blacks, Chicanos, Indians, and Puerto Ricans; changing role of women, stress-producing factors in marriage, and use and misuse of alcohol by youth explored. Fulfills one 3-unit skills requirement for CAADE.
Transfer credit: CSU

ADS 110A—1–3 units
Beginning Alcohol and Drug Studies Field Experience
Prerequisites: Completion of 12 units in the ADS program
Lecture and/or lab as required by unit formula
Experience in applied alcohol studies in community agencies such as mental health, youth correction, welfare, homes for the neglected, selected industrial settings, military bases, Alcoholics Anonymous, and other private and public agencies for prevention and treatment of alcoholics. Students supervised by credentialed instructional staff. Fulfills one 3-unit field study requirement for CAADE.
Transfer credit: CSU

ADS 110B—1–3 units
Advanced Alcohol and Drug Studies Field Experience
Prerequisites: ADS 110A
Lecture and/or lab as required by unit formula
Experience in applied alcohol studies in a two-semester sequence where students are placed in various agencies and organizations in the alcohol education and treatment field. Students learn through supervised participation in agency work. Semester will emphasize student growth in self-awareness and self esteem, interviewing skills, connections and interrelationships with other core courses, introduction to systems, and the agency and client systems. Fulfills one 3-unit field studies requirement for CAADE.
Transfer credit: CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
ADS 111—3 units
Managing Alcohol Programs
Prerequisites: ADS 101 and 110A. Experience in alcohol services may be substituted for ADS 110A with permission of instructor.
3 hours lecture weekly
Course focuses on five levels of alcohol program management: federal, state and local governments, and private and voluntary agencies. Emphasis on organization, inter- and intraorganizational relationships, communication, employee assistance programs, and management styles and their influence on services. Current and anticipated impact of alcohol and drug abuse on individual and community health problems and societal institutions and resources integrated into analysis of program management. Fulfills one 3-unit skills requirement for CAADE.
Transfer credit: CSU

ADS 112—3 units
Prevention
Prerequisites: None
3 hours lecture weekly
Study of prevention strategies in the field of alcohol and drug addictions stressing a positive and practical approach to the diminution and eradication of addictive diseases in our society. Fulfills one 3-unit skills requirement of CAADE.
Transfer credit: CSU

ADS 113—3 units
Alcohol, Addiction, and Dual Disorders
Prerequisites: ADS 108
3 hours lecture weekly
This course addresses the coexistence of chemical dependency and other major psychiatric illnesses. Course will focus on identification and assessment, current psychiatric illnesses. Course will focus on identification and assessment, current treatment approaches, understanding medications, making appropriate referrals, and how addiction counselors may interface with the professional mental health community. Fulfills one 3-unit skills requirement for CAADE.
Transfer credit: CSU

ADS 114—1 unit
Employee Assistance Program Practice and Administration: An Overview
Prerequisites: None
4 hours lecture weekly for four weeks
This course is intended to offer the student a basic definition and overview of the inner workings of a comprehensive Employee Assistance Program (EAP). The basic EAP program components (assessment/referral, brief counseling, supervisory training, insurance management/managed care, and employee education) will be covered in modules. Issues related to the program components are design/policy development, program evaluation, and resource development.
Transfer credit: CSU

ADS 115—3 units
Alcohol, Other Drugs, Nutrition, and Eating Disorders
Prerequisites: ADS 101
3 hours lecture weekly
The principles of sound nutrition will be taught to provide basic information so that an understanding of the nutritional needs of the recovering alcoholic/drug addict can be thoroughly discussed. The prevalence of eating disorders such as bulimia, anorexia, and compulsive overeating in recovering individuals will be emphasized. The similarities between drug addiction and eating disorders will also be discussed. Finally, the physical implications of substance abuse and their effect on nutritional status, particularly in pregnancy, will be addressed.
Transfer credit: CSU

ADS 116—3 units
Alcohol, Drugs, and the Driving Laws
Prerequisites: ADS 101 or equivalent
3 hours lecture weekly
A course designed for students interested in working with a DUI program, people working in probation or police work, and for people who supervise others, some of whom have DUI problems. The student will be introduced to the effects of alcohol and other drugs on the driver, as well as the laws and penalties regarding driving under the influence. The course is designed to demonstrate the need for DUI programs as intervention strategies.

Anthropology

Anth 101—3 units
Introduction to Physical Anthropology
Prerequisites: None
3 hours lecture weekly
The human species, its origin and present biological variations, based on current evolutionary theory, fossil evidence, primate behavior, population genetics, and comparative vertebrate evolution; origin of culture and its interaction with our unique human form, intelligence, emotions, and sexuality. (2)
Transfer credit: UC, CSU (CAN: Anth 2)

Anth 102—3 units
Introduction to Cultural Anthropology
Prerequisites: None
3 hours lecture weekly
Study of human society with emphasis on nature and significance of culture in human life; comparisons, drawn largely from non-Western, non-industrial societies, illustrate diverse solutions to universal human problems; evolution and future of human cultures. (2)
Transfer credit: UC, CSU (CAN: Anth 4)

Anth 103—3 units
Introduction to Archaeology
Prerequisites: None
3 hours lecture weekly
Anthropological study of world prehistory and evolution of culture from its earliest known origins through the appearance of civilizations as revealed by archaeological record; nature of archaeological evidence and its analysis. (2)
Transfer credit: UC, CSU (CAN: Anth 3)

Anth 104—3 units
Archaeological Field Methods
Prerequisites: Anth 103 or concurrent enrollment or equivalent recommended
1 hour lecture, 6 hours lab weekly
Introduction to archaeological theory and methods in the field and laboratory. Emphasis on actual site excavation and laboratory analysis. Field trips and/or fees may be required. May be repeated for a maximum of 12 units (2).
Transfer credit: UC, CSU

Anth 105—3 units
Women, Culture and Society
Prerequisites: None
3 hours lecture weekly
This course leads to understanding of women in a global, cross-cultural context. Women are examined alongside men, but with a focus on the feminine half of life. Biology, economics, psychology, spirituality and world views are the principle ethnographic topics. (2)
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Anth 106—3 units
Culture and Personality
Prerequisites: One course in Anthropology, Psychology, or Sociology
3 hours lecture weekly
Comparative study of the relationship between culture and individual psychological processes. Child training and psycho-dynamics in non-Western cultures. Psychology of culture change. Personality disorders and psychotherapy studied cross-culturally. (2)
Transfer credit: UC, CSU

Anth 107—3 units
Introduction to Native America
Prerequisites: None
3 hours lecture weekly
Survey of Native American cultures, including prehistory, adaptations, and social, political and religious beliefs. The effects of European contact and the situation of contemporary Native Americans considered. Field trips may be required. (2)
Transfer credit: UC, CSU

Anth 108—3 units
Cultures of the Pacific
Prerequisites: None
3 hours lecture weekly
The four major areas of Australia, Melanesia, Polynesia and Micronesia will be explored. Cultural geography, prehistory, physical anthropology, navigational techniques, languages, and contemporary ethnography will be core topics. Adaptive significance of native cultures of each region will be presented. (2)
Transfer credit: UC, CSU

Anth 109—3 units
Culture and History of the Philippines
Prerequisites: None
3 hours lecture weekly
Introduction to understanding and appreciation of the peoples of the Philippines, set against their historical, ecological, linguistic and cultural backgrounds. Field work in the local community will be part of the course. (2)
Transfer credit: UC, CSU

Anth 110—3 units
People and Cultures of the World
Prerequisites: None
3 hours lecture weekly
Comparative study of human culture and elements of culture. Selected cultures studied and compared from anthropological perspectives. Emphasis on traditional societies and phenomena of culture change resulting from contact with modern societies. (2)
Transfer credit: UC, CSU

Anth 113—3 units
Ancient Civilizations of the Americas
Prerequisites: None
3 hours lecture weekly
Presentation and discussion of evidence and theories related to the origins and development of civilizations of the New World from the perspective of archaeology, prehistory, and anthropology. Data, interpretations, and theoretical models will be considered dealing with the early civilizations and proto-civilizations in Mesoamerica, South America, and North America. (2)
Transfer credit: UC, CSU

Anth 115—3 units
Introduction to Linguistics
Prerequisites: None
3 hours lecture weekly
Current thinking on language and linguistics from a variety of perspectives. Course provides an introduction to historical linguistics, language change, language learning, bilingualism, pidgins and creoles, sociolinguistics, gender and language, and brain and language. (2)
Transfer credit: UC, CSU

Anth 189A—Z—½-3 units
Topics in Anthropology
Prerequisites: None
Lecture and/or lab as required by unit formula
Courses considering specialized, specific topics in Anthropology which are not covered in the general Anthropology offerings. Topics developed to date are listed below:

Anth 189B—3 units
Egyptology: Ancient Egyptian Culture and Civilization
An introduction to the study of ancient Egyptian culture from the perspectives of anthropology, archaeology, and ethnobiology. Although the Archaic, Pre-Dynastic, and Post-Dynastic periods will be discussed, the main emphasis of the course is on the Euscent culture of Dynastic Egypt, the Old, Middle, and New Kingdoms. (2)
Transfer credit: CSU

Anth 189C—3 units
Magic, Religion, and Witchcraft
Introduction to magic, witchcraft, and sorcery as practiced by primitive, archaic, and classical cultures. Comparisons with practices around the world today and a study of the intimate connection with ancient and modern religion. (2)
Transfer credit: CSU

Anth 189D—3 units
Experiences in Native American Culture
Prerequisites: None
3 hours lecture weekly
This course teaches Native American culture using Native teaching methods. The integration of traditional verbal styles with non-verbal styles of learning (which could include dance, walks, contemplation, craft, art) is at the heart of the course. Students will accomplish some kind of specific craft or art project. (2)
Transfer credit: UC, CSU

Anth 198—½-10 units
Short Courses in Anthropology
Prerequisites: None
Lecture and/or lab as required by unit formula
Courses and/or workshops in selected areas of Anthropology to meet specific needs of colleges and community as requested and required. Field trips may be required. May be repeated for a maximum of 6 units. (2)

Anth 199AB—1-3/1-3 units
Directed Studies in Anthropology
Prerequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Designed for students interested in furthering their knowledge of Anthropology on an independent basis. Assigned problems will involve library, lab, and field work. Maximum of 6 units.
Transfer credit: UC, CSU

NOTE: The courses listed below have been temporarily suspended. For further information, please contact the Office of Instruction.

Anth 107 Introduction to Medical Anthropology
Anth 111 Fossil Evidence for Human Evolution
Anth 112 Classical Archaeology: Ancient Civilizations of the Old World

Area Studies

AS 102A—½-4 units
Introduction to Culture, Fine Arts, and Literature
Prerequisites: None
Lecture and/or lab hours as required by unit formula
A set of courses designed to introduce the student to the culture of foreign countries through a study of Fine Arts and Literature, with attention to the needs of students. (2)

AS 103—3 units
Foreign Language for Business and Finance
Prerequisites: None
3 hours lecture weekly
Instruction in selected language with special attention to the needs of students seeking to use the language for international business and finance. (2)

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Art

Art 98A-Z—6-10 units
Short Courses in Art
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in the various disciplines within art. (2)

Art 101—3 units
Art Appreciation
Prerequisites: None
3 hours lecture weekly
One-semester survey to acquaint students with major periods and styles of art of the western world and to develop understanding of the visual arts. Recommended for the general student. (2)
Transfer credit: UC, CSU

Art 102-103—3-3 units
Art History
Prerequisites: None
3 hours lecture weekly
Survey of the history of art of the western world from prehistoric times to the present; emphasis on techniques of producing art as well as an examination of the key figures in art history. Required of all art majors. (2)
Transfer credit: UC, CSU (CAN: Art 2, 4)

Art 104AB—2-2 units
Color and Design
Prerequisites: None
1 hour lecture, 3 hours lab weekly
Basic course provides thorough background in design principles—problems in line, shape, texture, form, and color. (2)
Transfer credit: UC, CSU

Art 105AB—-3-3 units
Beginning Design Rendering
Prerequisites: Art 104AB, Art 106AB; Art 105A for Art 105B
1 1/2 hours lecture, 4 1/2 hours lab weekly
Rendering for accurate, detailed and dramatic abstract presentations for illustration. For beginning design students interested in design illustrations. (2)
Transfer credit: UC, CSU

Art 106A—3 units
Beginning Drawing
Prerequisites: None
1 1/2 hours lecture, 4 1/2 hours lab weekly
Basic drawing experience stresses graphic representation of objects through a variety of media and techniques; particular emphasis upon the fundamental means of pictorial composition. Field trips may be required. Course may be taken a maximum of two times. (2)
Transfer credit: UC, CSU (CAN: Art 8)

Art 106B—3 units
Intermediate Drawing
Prerequisites: Art 106A
1 1/2 hours lecture, 4 1/2 hours lab weekly
Using materials in a variety of ways: line structures, mass structuring, building structured shapes (use of perspective). Begin drawing from compositional set-ups. Selection and composing. (2)
Transfer credit: UC, CSU

Art 106C—3 units
Advanced Drawing
Prerequisites: Art 106B
1 1/2 hours lecture, 4 1/2 hours lab weekly
Study complexities and simplicities of composition development. Oversized objects, diminishing objects and understanding the value of either. Oversized and undersized procedures in composition. Further technical development (2)
Transfer credit: CSU

Art 107AB—3-3 units
Drawing Concepts
Prerequisites: Art 104AB, Art 106AB or equivalent; Art 107A for 107B
1 1/2 hours lecture, 4 1/2 hours lab weekly
Exploring a range of drawing procedures of related and unrelated form and intensity; examining a method of stylization in real, abstract, and non-objective identity in mixed media. (2)
Transfer credit: UC, CSU

Art 108A—3 units
Beginning Oil Painting
Prerequisites: Art 104AB, Art 106AB
1 1/2 hours lecture, 4 1/2 hours lab weekly
Use and understanding of basic oil materials and their application in painting. Learning basic concepts of organization and selection. Awareness of shape, form and color, and their importance in composition. Course may be taken two times. (2)
Transfer credit: UC, CSU (CAN: Art 10)

Art 108B—3 units
Intermediate Oil Painting
Prerequisites: Art 108A
1 1/2 hours lecture, 4 1/2 hours lab weekly
Critical evaluation of student's work at a higher level and its placement in contemporary art trends; the student will work more on his/her own as in a solo situation. Self-evaluation techniques are taught. (2)
Transfer credit: UC, CSU

Art 108C—3 units
Advanced Oil Painting
Prerequisites: Art 108B
1 1/2 hours lecture, 4 1/2 hours lab weekly
Exploration of more advanced concepts in painting; examines abstract qualities in contemporary art; understanding philosophical trends and movements in painting; critical analysis of student works. (2)
Transfer credit: UC, CSU

Art 110A—3 units
Beginning Acrylic Painting
Prerequisites: Art 104AB, Art 106AB
1 1/2 hours lecture, 4 1/2 hours lab weekly
Learning basic concepts or organization and selection in real life. Awareness of shape and form, their importance in composition. Basic acrylic palette and media water soluble. Course may be taken a maximum of two times. (2)

Art 110B—3 units
Intermediate Acrylic Painting
Prerequisites: Art 110A
1 1/2 hours lecture, 4 1/2 hours lab weekly
Continued mastering of beginning concepts and involvement in more complex possibilities. Fragmentation, over-enlargement, manipulation. (2)
Transfer credit: UC, CSU

Art 110C—3 units
Advanced Acrylic Painting
Prerequisites: Art 110B
1 1/2 hours lecture, 4 1/2 hours lab weekly
Complex versus simplicities. Analyzing and sectioning for distortion and psychological visual enhancement. Relocation of formal parts of given set-up. Change in size, shape, form. Intellectual and intuitive solutions. (2)
Transfer credit: UC, CSU

Art 112A—3 units
Beginning Watercolor
Prerequisites: Art 104AB, Art 106AB
1 1/2 hours lecture, 4 1/2 hours lab weekly
Using watercolor medium; understanding its versatility in transparencies and opacities; effectiveness in either quick or long term interpretations. Course may be taken two times. (2)
Transfer credit: UC, CSU

Art 112B—3 units
Intermediated Watercolor
Prerequisites: Art 112A
1 1/2 hours lecture, 4 1/2 hours lab weekly
Continued exploration of the watercolor medium in a variety of techniques, emphasizing new bold approaches in abstract and application in realist form. (2)
Transfer credit: UC, CSU

Art 112C—3 units
Advanced Watercolor
Prerequisites: Art 112B
1 1/2 hours lecture, 4 1/2 hours lab weekly
Continuation of methods learned in beginning and intermediate levels with further use of newer technical materials necessitating some newer approaches and inventiveness. (2)
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Art 113A—2-2 units
Color and Form
Prerequisites: Art 110AB, Art 112AB, Art 126AB
1 hour lecture, 3 hours lab weekly
Intellectual and intuitive concepts in studio art, primarily painting but relevant to all areas. Exploration through problems and lecture of philosophical and psychological solutions in contemporary art movements. (2)
Transfer credit: UC, CSU

Art 114A—3 units
Beginning Landscape Painting
Prerequisites: Art 104A, 106B
1 1/2 hours lecture, 4 1/2 hours lab weekly
Painting in landscape environmental locations, dealing with compositional scope and selection in nature. Open to all painting media. Travel to nearby sites is necessary. Course may be taken a maximum of two times. (2)
Transfer credit: UC, CSU

Art 114B—3 units
Intermediate Landscape Painting
Prerequisites: Art 114A
1 1/2 hours lecture, 4 1/2 hours lab weekly
Continuation of beginning landscape with modification in more advanced practices. Wide range and segmentation, exclusion and inclusion, direct interpretation and portioning, manipulation and/ or repositioning of landscape shapes and forms. (2)
Transfer credit: UC, CSU

Art 114C—3 units
Advanced Landscape Painting
Prerequisites: Art 114B
1 1/2 hours lecture, 4 1/2 hours lab weekly
Developing compositional drawings and sketches with color notes, location independently by the student are preliminaries to the painting. These collective informative drawings and necessary color notes are brought into the studio for final translation into painting. (2)
Transfer credit: UC, CSU

Art 115A—3-3 units
Abstract Concepts
Prerequisites: Art 110AB, 112AB, 126AB or equivalent; Art 115A for 115B
1 1/2 hours lecture, 4 1/2 hours lab weekly
Exploring abstract conceptual trends, both past and present. Dealing with a product relative to findings. Working within the areas of abstraction in real and non- objective form. (2)
Transfer credit: UC, CSU

Art 122A—3-3 units
Silkscreen Printmaking
Prerequisites: Art 122A for 122B
1 1/2 hours lecture, 4 1/2 hours lab weekly
Introduction to design and production of planographic processes of graphic arts, including emphasis on serigraphy as a creative medium. Field trips may be required. (2)
Transfer credit: UC, CSU

Art 124A—3 units
Beginning Gouache Painting
Prerequisites: None
1 1/2 hours lecture, 4 1/2 hours lab weekly
Painting in a watercolor medium which utilizes translucencies and opacities. An area of watercolor that changes the technical approach and procedures in watercolor painting. Exploration of medium use of watercolor paints and gouache color paints. Basic painting procedures from still-life set-up, landscape figure in composition, academic to abstract. (2)
Transfer credit: UC, CSU

Art 124B—3 units
Intermediate Gouache Painting
Prerequisites: Art 124A or equivalent
1 1/2 hours lecture, 4 1/2 hours lab weekly
Continuation of work in a watercolor medium which utilizes translucencies and opacities. An area of watercolor that changes the technical approach and procedures in watercolor painting. Further exploration of medium use of watercolor paints and gouache color paints. More complex painting procedure working from still-life set-up, landscape figure in composition, academic to abstract. (2)
Transfer credit: UC, CSU

Art 124C—3 units
Advanced Gouache Painting
Prerequisites: Art 124B or equivalent
1 1/2 hours lecture, 4 1/2 hours lab weekly
Further work in a watercolor medium which utilizes translucencies and opacities. An area of watercolor that changes the technical approach and procedures in watercolor painting. Continued exploration of medium use of watercolor paints and gouache color paints. Advanced painting procedure working from still-life set-up, landscape figure in composition, academic to abstract. (2)
Transfer credit: UC, CSU

Art 125A—3 units
Beginning Figure Painting in Watercolor
Prerequisites: Art 126ABC, Art 112ABC or equivalent
1 1/2 hours lecture, 4 1/2 hours lab weekly
Basic use of color in structuring the human form, nude or clothed, in both singular and compositional set-ups. Techniques of transparent color usage in saturation, overlay, wet on wet, wet on dry procedures all done on watercolor paper. (2)
Transfer credit: UC, CSU

Art 125B—3 units
Intermediate Figure Painting in Watercolor
Prerequisites: Art 125A or equivalent
1 1/2 hours lecture, 4 1/2 hours lab weekly
Continuation from beginning section with further refinement and technical improvement. Some additional colors added to basic watercolor palette. Volume painting in color—space omissions for isolating various segments, intuitively or by design. Freer painting procedures. (2)
Transfer credit: UC, CSU

Art 125C—3 units
Advanced Figure Painting in Watercolor
Prerequisites: Art 125B or equivalent
1 1/2 hours lecture, 4 1/2 hours lab weekly
Continued refinement and technical improvement. Full palette in watercolor with selected designer gouache colors allowing for a gouache technique or opacity in an otherwise transparent medium. (2)
Transfer credit: UC, CSU

Art 126A—3 units
Beginning Figure Drawing
Prerequisites: Art 126A
1 1/2 hours lecture, 4 1/2 hours lab weekly
Drawing the human figure from live models, using many media including charcoal, pencil, conte crayon, pastels, and multi-media. Emphasis on visual observations of structure, proportions, form, compositions; use of linear and tonal concepts. Course may be taken two times. (2)
Transfer credit: UC, CSU

Art 126B—3 units
Intermediate Figure Drawing
Prerequisites: Art 126A
1 1/2 hours lecture, 4 1/2 hours lab weekly
Continuation of beginning figure drawing, but includes minor structures that surround or may be included in set-up (pose). Compositional. Further technical improvement in academic procedures and development. (2)
Transfer credit: UC, CSU

Art 126C—3 units
Advanced Figure Drawing
Prerequisites: Art 126B
1 1/2 hours lecture, 4 1/2 hours lab weekly
Looking at figure in compositional set-up. Structured poses with other objects and structures. The relationship between geometric and organic form. (2)
Transfer credit: UC, CSU

Art 127A—3 units
Beginning Portraiture (Drawing)
Prerequisites: Art 126A
1 1/2 hours lecture, 4 1/2 hours lab weekly
Drawing from the model, with emphasis on head structure and characterization and likeness. Course may be taken two times. (2)
Transfer credit: UC, CSU

Art 127B—3 units
Intermediate Portraiture (Drawing)
Prerequisites: Art 127A
1 1/2 hours lecture, 4 1/2 hours lab weekly
Further refinement in beginning basics. continuation from beginning classes, but further advancement by practical and learned skills. (2)
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Art 127C—3 units  
Advanced Portraiture (Drawing)  
Prerequisites: Art 127B  
1 ½ hours lecture, 4 ½ hours lab weekly  
Continuation of other levels of portraiture, advancement in structure and likeness utilizing color and technical drawing skills for further refinement. (2)  
Transfer credit: UC, CSU

Art 128A—3 units  
Beginning Figure Painting in Oil  
Prerequisites: Art 126ABC, 108C or equivalent  
1 ½ hours lecture, 4 ½ hours lab weekly  
Technically allocated to the oil media in basic practices and procedures in painting. The ability to emphasize and emulate graphically and in color structures either academically or abstractly, the human or figurative form singularly compositionally. (2)  
Transfer credit: UC, CSU

Art 128B—3 units  
Intermediate Figure Painting in Oil  
Prerequisites: Art 125A or equivalent  
1 ½ hours lecture, 4 ½ hours lab weekly  
Continuation of beginning, but examining new practices and procedures in painting. Further examination and emphasis in color structures either academically or abstractly. (2)  
Transfer credit: UC, CSU

Art 128C—3 units  
Advanced Figure Painting in Oil  
Prerequisites: Art 125AB or equivalent  
1 ½ hours lecture, 4 ½ hours lab weekly  
Continuation of beginning, but examining new practices and procedures in painting. Further examination and emphasis in color structures either academically or abstractly. (2)  
Transfer credit: UC, CSU

Art 129A—3 units  
Beginning Figure in Composition Drawing, Pastels, and Others  
Prerequisites: Art 126C, Art 127C or equivalent  
1 ½ hours lecture, 4 ½ hours lab weekly  
The study of figure placement in a variety of compositional set-ups, still life, interior, landscape, etc., its effect on all compositional arrangements. The single figure in composition. (2)  
Transfer credit: UC, CSU

Art 129B—3 units  
Intermediate Figure in Composition Drawing  
Prerequisites: Art 129A or equivalent  
1 ½ hours lecture, 4 ½ hours lab weekly  
Further study of figure placement. The single figure as a part of multi-figure composition, as well as multi-figures in composition. The figure in diminishing size, as well as the oversized figure. (2)  
Transfer credit: UC, CSU

Art 129C—3 units  
Advanced Figure in Composition Drawing  
Prerequisites: Art 129B or equivalent  
1 ½ hours lecture, 4 ½ hours lab weekly  
Advanced study for figure placement. The figure in a diminishing size, as well as the oversized figure. An examination of the figure academically and abstractly. (2)  
Transfer credit: UC, CSU

Art 130—2 units  
Introduction to Commercial Art  
Prerequisites: Art 104A and Art 106A or equivalent  
1 hour lecture, 3 hours lab weekly  
This is the ideal class for those who want to learn about the technical aspect of commercial art, or for those already with some experience in production art and paste-up techniques, but wish to improve their skills in this field. This is the school of accelerated class that you have been looking for. This class covers production art, paste-up techniques, technical art, compositing techniques, color separation, keylining, type spacing, cost estimation, etc. May be repeated a maximum of two times. (2)  
Transfer credit: UC, CSU

Art 131A—3 units  
Commercial Illustration  
Prerequisites: Art 105A or Art 126C or equivalent  
1 ½ hours lecture, 4 ½ hours lab weekly  
Commercial illustration projects will be assignments patterned after real world assignments. Emphasizes pre-sketching, research and a variety of printed applications with the practicality and the printability of the illustrations always a consideration. The importance of concept is always stressed. Assignments will vary each semester, but the main objective will remain the same. (2)  
Transfer credit: UC, CSU

Art 131B—3 units  
Commercial Illustration  
Prerequisites: Art 131A  
1 ½ hour lecture, 4 ½ hours lab weekly  
Continuing 131A. Pre-sketching, research and a variety of printed applications with the practicality and the printability of the illustrations always a consideration. The importance of concept and camera-ready art is emphasized. Assignments will vary each semester, but the main objective will remain the same. (2)  
Transfer credit: UC, CSU

Art 135A—3 units  
Beginning Sculpture  
Prerequisites: Art 113A for 135B  
1 ½ hours lecture, 4 ½ hours lab weekly  
A study of ceramic glazes through practical laboratory experiments. Gram scale will be used to keep accurate record of ingredients used to formulate basic glazes and oxides used as colorants. (2)  
Transfer credit: CSU

Art 135B—3 units  
Beginning Sculpture  
Prerequisites: Art 113A for 135B  
1 ½ hours lecture, 4 ½ hours lab weekly  
Studio course in fundamentals of sculpture exploring historical and philosophical aspects of sculpture in conjunction with practical projects and experience. Emphasis on developing understanding of sculptural problems with the human figure and abstract form. Field trips may be required. (2)  
Transfer credit: UC, CSU

Art 136AB—3 units  
Intermediate Sculpture  
Prerequisites: Art 135AB; Art 136A for 136B  
1 ½ hours lecture, 4 ½ hours lab weekly  
Intermediate studio course in fundamentals of sculpture and exploring historical and philosophical aspects of sculpture in conjunction with practical projects and experience. Emphasis on developing understanding of sculptural problems. (2)  
Transfer credit: UC, CSU

Art 189A—½ units  
Topics in Art  
Prerequisites: None  
Lecture and/or lab as required by unit formula  
Courses considering specialized, specific topics in Art which are not covered in the general Art offerings. Topics developed to date are listed below:  
Art 189A—3 units  
The Art of Mexico  
Historical survey of the art of Mexico from pre-Columbian to the present. (2)  
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Astronomy

Ast 101—3 units
Elementary Astronomy
Prerequisites: None
3 hours lecture weekly
Introductory course designed to familiarize students with various aspects of the subject; course covers history, tools, solar system, stars, galaxies, and black holes. (2)
Transfer credit: UC, CSU

Art 198—1/2-10 units
Short Courses in Art
Prerequisites: None
Lecture and/or lab as required by unit formula
Courses and/or workshops in selected areas of Art to meet specific needs of college or community as requested or required. Field trips may be required. (2)
Transfer credit: UC, CSU

Art 199AB—1-3/1-3 units
Directed Studies in Art
Prerequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Designed for students interested in furthering their knowledge of art on an independent study basis. Assigned problems will involve library and field work. Maximum of 6 units. (2)
Transfer credit: UC, CSU

Automotive Body Repair

AB 1—4 units
Introduction to Automotive Body and Fender Repair
Prerequisites: None
2 hours lecture, 6 hours lab weekly
Fundamentals of auto body repair, including arc and oxy-acetylene welding, roughing-out and metal finishing, use of body fillers, sanding, masking, and priming. (2)

AB 2—4 units
Intermediate Automotive Body and Fender Repair
Prerequisites: AB 1
2 hours lecture, 6 hours lab weekly
Special problems in repair of automobiles; use of advanced techniques with materials such as steel, aluminum, and plastic; special painting methods. (2)

AB 3—4 units
Estimating Auto Body Damage and Repair
Prerequisites: AB 1, 2 or equivalent
2 hours lecture, 6 hours lab weekly
Advanced course in techniques of estimating and repair of heavy auto body and chassis damage; emphasis on business management techniques as applied to estimating repairs. (2)

AB 4—4 units
Advanced Auto Body Collision and Damage Repair
Prerequisites: AB 1, 2, or equivalent
2 hours lecture, 6 hours lab weekly
Advanced course in techniques of estimating and repair of heavy damage to auto body and chassis; emphasis on automobile frame, sectioning, straightening, and advanced welding. Students auto body projects in the scope of complete automotive wrecks. (2)

AB 5A—2 units
Auto Body Painting and Refinishing I
Prerequisites: AB 1 or concurrent enrollment
1 hour lecture, 3 hours lab weekly
This course is designed to prepare students for entry-level positions in the automotive refinishing industry by providing training in painting and refinishing fundamentals. Topics to be covered include a history of the industry, shop safety, shop equipment and layout, required tools and materials, and surface preparation techniques.

AB 5B—2 units
Auto Body Painting and Refinishing II
Prerequisites: AB 1 or concurrent enrollment
1 hour lecture, 3 hours lab weekly
This course continues training in automotive painting and refinishing. Topics to be covered include application of undercoats and top coats, spot repair procedures, paint job procedures, paint problems, and procedures for securing employment in the field.

AB 98—1/2-10 units
Short Courses in Auto Body
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in the various disciplines within the auto body repair industry. (2)

Automotive Technology

AT 1—1-12 units
Automotive Technology
Prerequisites: Students will be tested for English placement; concurrent enrollment in an English course may be required
6 hours lecture, 18 hours lab weekly
Practical and theoretical study of automotive technology. Topics include engine overhaul, tune-up, emission control, electrical brake and front end repair and general repair and servicing. Students signing up for this course will be placed into courses within the Automotive Technology Program.

AT 2—3 units
Automotive Cranking and Charging Systems
Prerequisites: AT 10 recommended
2½ hours lecture, 1½ hours lab weekly
Study of the automotive charging and cranking systems beginning with electricity and magnetism and progressing to testing procedures and equipment used to troubleshoot and diagnose problems within systems. Field trips may be required.

AT 4—3 units
Automotive Emission Control
Prerequisites: None
3 hours lecture weekly
Course covers a brief history of air pollution, automotive emission control laws, and control systems such as crank case, exhaust, evaporative loss, NOx, and retro-fit devices; also use of infrared and other test equipment and preparation for State Emission Control Inspector License.

AT 10—3 units
Fundamentals of Auto Technology
Prerequisites: None
3 hours lecture weekly
Comprehensive overview of the automobile, including the systems, basic operating principles, and repair procedures. Systems included are ignition, charging, cranking, cooling, fuel, lubricating, brakes, and front end. Field trips may be required.

AT 12—2 units
Automotive Air Conditioning
Prerequisites: AT 10 recommended
1 hour lecture, 3 hours lab weekly
Comprehensive study of the principles of operation and theory of automotive air conditioning. Course offers a study of design features of each manufacturer to include servicing, troubleshooting, and diagnosis. Students given practical application for servicing, repair, and diagnosis. Field trips may be required.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
AT 13—3 units
Tune-Up Clinic
Prerequisites: AT 10
2 1/2 hours lecture, 3 1/2 hours lab weekly
Detailed coverage of automotive tune-up including use of sophisticated, specialized test equipment.

AT 14—4 units
Brake and Front End Repair
Prerequisites: None
2 hours lecture, 6 hours lab weekly
Teaches the techniques of servicing conventional and disc brake systems, and necessary theory and practical experience to accomplish front end suspension repair, wheel alignment, and wheel balancing. Course may be taken a maximum of two times.

AT 15—3 units
Automotive Electrical Systems
Prerequisites: None
2 1/2 hours lecture, 1 1/2 hours lab weekly
Course covers all aspects of automotive electrical systems including charging, cranking, ignition, accessories, and electronics. Field trips may be required.

AT 16—3 units
Auto Electronics
Prerequisites: One of the following suggested: AT 10 or 13 or employment in the auto repair trade
3 hours lecture weekly
For advanced students or mechanics in the auto service industry. Course covers various types of electronic ignition and fuel injection and other electronic devices used on late model cars.

AT 20—3 units
ASE Mechanics Certification
Prerequisites: Major in automotive or employment in auto trade recommended
3 hours lecture weekly
For mechanics employed or auto mechanics majors who are preparing to take NIASE (National Institute for Automotive Service Excellence) Mechanics Certification Test. Course covers engine repair, manual transmission and rear axle, front end, brakes, electrical systems, and engine tune-up.

AT 21—4 units
Bureau of Automotive Repair
80-Hour Program
Prerequisites: AT 4 or equivalent
3 hours lecture, 3 hours lab weekly
For auto mechanics majors or employed mechanics who are preparing to take the State of California Smog Certification Test. Course covers fuel systems, electrical systems, tune-up and emission systems operation, and inspection. Course may be taken a maximum of two times.

AT 22A—4 units
Engine Overhaul and Repair
Prerequisites: None
3 hours lecture, 3 hours lab weekly
Course covers repair and overhaul of modern internal combustion engines. Topics include disassembly, measuring, diagnosis, repair and assembly procedures.

AT 22B—4 units
Advanced Engine Overhaul and Repair
Prerequisites: AT 22A
3 hours lecture, 3 hours lab weekly
Advanced engine overhaul techniques designed for in-depth study of the technical and manipulative skills of engine rebuilding, valve repair, and assembly techniques.

AT 23—3 units
Automotive Fuel Systems
Prerequisites: None
2 1/2 hours lecture, 1 1/2 hours lab weekly
Course studies automotive fuel systems including single, multiple and variable Venturi carburetors, fuel circuits and fuel injection.

AT 25—2 units
High Performance Engines
Prerequisites: None
2 hours lecture weekly
This course covers high performance production engines, racing engines and after-market products designed to increase drivability, reliability and power output. Turbo chargers and fuel injection devices will be covered.

AT 30—1-12 units
Tune-Up
Prerequisites: Students will be tested for English placement; concurrent enrollment in an English course may be required
6 hours lecture, 18 hours lab weekly
All aspects of tune-up covered, including ignition, cranking, charging, and fuel systems. Students work with diagnostic and emission control equipment. Field trips may be required.

AT 31—1-12 units
Line Mechanics
Prerequisites: Students will be tested for English placement; concurrent enrollment in an English course may be required
6 hours lecture, 18 hours lab weekly
Students will learn unit repair and replacement such as clutches and drive line components and water pumps. Field trips may be required.

AT 40—1-12 units
Brake and Front End Mechanics
Prerequisites: Students will be tested for English placement; concurrent enrollment in an English course may be required
6 hours lecture, 18 hours lab weekly
Study of automobile brake systems, including hydraulics and friction principles, drum and disc brakes, and operation of shop equipment, tools, and gauges. Prepares students for California Class C brake license test. Teaches procedures of automotive wheel alignment, wheel balancing, component repair and replacement. May be repeated for credit up to 24 units.

AT 98—1/2-10 units
Short Courses in Automotive Mechanics
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in various disciplines within the auto repair industry. Length of course determines unit credit.

Aviation

Courses offered within this program have been temporarily suspended. For further information, please contact the Office of Instruction.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student’s option.
Biology

Biol 98—½-10 units
Short Courses in Biology
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in the various disciplines within the Biological Sciences.

Biol 101—4 units
Principles of Biology
Prerequisites: Chem 20 or Chem 101 or equivalent 3 hours lecture, 3 hours lab weekly
Introduction to principles of molecular and cellular biology and diversity of organisms; designed for biological science and pre-professional majors. (2)
Transfer credit: UC, CSU

Biol 102—4 units
Principles of Biology
Prerequisites: Biol 101 or equivalent with minimum grade of C 3 hours lecture, 3 hours lab weekly
Organismic and population biology, designed for biological science and pre-professional majors. (2)
Transfer credit: UC, CSU

Biol 103—4 units
General Biology
Prerequisites: Not recommended for biology majors or students who have completed or are enrolled in a botany or zoology course; not open to students who have completed Biol 101 or 102 3 hours lecture, 3 hours lab weekly
Lectures and lab exercises deal with the cell, diversity of organisms, nutrition, respiration, circulation, genetics, reproduction, embryology, evolution, ecological relationships, and biogeography. (2)
Transfer credit: UC

Biol 104—4 units
Human Systems and Exercise
Prerequisites: None. High school biology and chemistry are strongly recommended. 3 hours lecture, 3 hours lab weekly
Course consists of systematic approach to study of human body, stressing the highly integrated nature of structure and function. Laboratory composed of selected physiological exercises focusing on the muscular, skeletal, nervous, circulatory, respiratory and digestive systems as related to exercise and human performance. Designed primarily for the Fitness Management Specialist major. (2)
Transfer credit: CSU

Biol 106—3 units
The Human Environment
Prerequisites: None 3 hours lecture weekly
Study of biotic principles which form the basis for understanding the relationship of human beings and their environment; includes human ecology, population and pollution problems, human genetics, biology of race, and human evolution and behavior. (2)
Transfer credit: UC, CSU

Biol 106L—1 unit
Human Environment Laboratory
Prerequisites: Biol 106 or concurrent enrollment 3 hours lab weekly
Laboratory studies of basic ecological principles and environmental problems. Topics include soil, water, and air analysis, population dynamics, health effects of pollution and conservation of resources.

Biol 107—5 units
Anatomy and Physiology
Prerequisites: None; however, high school Biology and Chemistry are strongly recommended. 3 hours lecture, 6 hours lab weekly
Course consists of a systematic approach to structure and function of mammals, with special attention given to humans; stresses the highly-integrated nature of structure and function with special attention to pathological as well as normal states. Laboratory is equally divided between general mammalian anatomy and selected physiological exercises with special attention to human structure and function. Designed primarily for allied health majors (registered nursing, X-ray technology, licensed vocational nursing, medical technology, etc.), and some transfer majors. (2)
Transfer credit: UC

Biol 108—3 units
Marine Biology
Prerequisites: None 3 hours lecture weekly
Survey of biological activities of marine organisms; includes an introduction to physical oceanography, ecology, and energy flow within the marine environment, and some basic biological concepts using marine eco-systems as examples. Pollution and conservation of marine environment will also be considered. Optional weekend field trips may be scheduled. (2)
Transfer credit: UC, CSU

Biol 108L—1 unit
Marine Biology Laboratory
Prerequisites: Biol 108; may be taken concurrently 3 hours lab weekly
Laboratory and field studies of marine organisms and their environment. Field trips and boat fees may be required. (2)
Transfer credit: UC, CSU

Biol 109—3 units
Plant and Animal Communities of California
Prerequisites: None 2 hours lecture, 3 hours lab weekly
Study of soil, climatic and biological factors responsible for formation of plant and animal communities throughout California with special emphasis on Santa Barbara and Ventura Counties; plant and animal identification and influence of human activity on the local environment are included. Field trips will be to natural areas where plant and animal interactions can be observed. (2)
Transfer credit: UC, CSU

Biol 110—5 units
Principles of Microbiology
Prerequisites: Chem 20; Biol 103 or equivalent 3 hours lecture, 6 hours lab weekly
Study of the distribution, structure, and metabolic activities of bacteria, fungi, algae, protozoa and viruses and physical/chemical methods in their control; lab methods in isolation, cultivation and identification of common soil, water and food microbes; principles of disease transmission, prevention, and immunity. (2)
Transfer credit: UC, CSU

Biol 111—4 units
General Human Anatomy
Prerequisites: None. Previous biology course recommended 2 hours lecture, 6 hours lab weekly
Study of the gross and microscopic anatomy of organ systems based on laboratory dissection of the cat and demonstration of the dissected human cadaver. Prepared slides, models, charts, and other classroom aids are used. (2)
Transfer credit: UC, CSU (CAN: Biol 10)

Biol 112—4 units
Human Physiology
Prerequisites: Chem 20 or equivalent and Biol 111 3 hours lecture, 3 hours lab weekly
Study of the underlying physiological processes involved in the functioning of the organs and systems of the human body. Lab experiments and demonstrations to illustrate basic physiological principles and techniques. (2)
Transfer credit: UC, CSU

Biol 198—½-10 units
Topics in Biology
Prerequisites: None Lecture and/or lab as required by unit formula
Designed to meet specific needs of college and community, as required and requested by persons whose needs in this area are not met by present course offerings. (2)
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student’s option.
Bus 1–3 units
Preparation for Accounting
Prerequisites: None
3 hours lecture weekly
A general overview of accounting, designed to
give students background necessary to take
Accounting Principles (Bus 101A). Course
covers the accounting cycle, including
journalizing, posting, trial balance; worksheets;
adjusting and closing entries; payroll; and
financial statements. (2)

Bus 2–3 units
Applied Accounting
Prerequisites: None
2 hour lecture, 3 hours lab weekly
Practical course designed to prepare students
for entry-level positions in bookkeeping. Covers
the accounting cycle with emphasis on forms
and procedures. Students will complete a prac-
tice set of books. Course can also be used as
preparation for Bus 101A. (2)

Bus 4–3 units
Computerized Accounting
Prerequisites: Bus 1 or equivalent; BIS 40A, Bus
101A recommended
2 hours lecture, 3 hours lab weekly
An in-depth study of financial accounting using
microcomputer software systems. Students
learn to become occupationally competent in
the use of at least one of several general ledger
or write-up software systems available. (2)

Bus 5–1½ units
Individual Income Tax Workshop
Prerequisites: None
1 hour lecture, ½ hour lab weekly
A presentation of information needed in
preparing individual federal and California state
tax returns. Course may be taken a maximum
of three times. (2)

Bus 6–3 units
Individual Income Tax Accounting
Prerequisites: None
3 hour lecture weekly
Federal and California income tax theory for
individual taxpayers. (2)

Bus 30–3 units
Business Mathematics
Prerequisites: Appropriate score on Math Assessment
test
3 hour lecture weekly
Review of basic fundamentals, speedbuilding,
thought problems to prepare students for com-
plex business-oriented problems; computations
include payroll taxes, discounts, and interest
calculations. (2)

Bus 40–3 units
Business English
Prerequisites: None
3 hour lecture weekly
Develops competency in fundamentals and
mechanics of preferred Business English usage,
including grammar, sentence structure, punctua-
tion, and written expression; provides
students with background to write business let-
ters and business reports. (2)

Bus 50–3 units
Basic Psychology for Supervisors
Prerequisites: None
3 hour lecture weekly
Practical psychology course to give insight into
employee and supervisory behavior; emphasis
on perception, motivation, learning processes,
emotions, and attitudes. (2)

Bus 52–3 units
Human Relations (Developing
Supervisory Leadership)
Prerequisites: None
3 hour lecture weekly
Techniques of effectively dealing with others,
especially in the work situation; emphasis is on
developing sensitivity toward others and appli-
cation of management principles of interper-
sonal relationships. (2)

Bus 54–3 units
Labor Management Relations
Prerequisites: None
3 hour lecture weekly
Practical course in employee management rela-
tions including supervisor's responsibilities in
dealing with employee groups; discussion of
development of modern labor organizations
and related legislation. Field trips may be
required. (2)

Bus 55–3 units
Work Simplification
Prerequisites: None
3 hour lecture weekly
Supervisor's responsibility for job, methods
improvement; basic principles of work
simplification administration and problems
involving: motion study fundamentals for super-
visors; time study techniques. (2)

Bus 56–3 units
Cost Control for Supervisors
Prerequisites: None
3 hour lecture weekly
Determination of costs in industry; cost con-
trol and related factors—materials, waste,
salvage, quality control, quantity, control of
time; supervisor's responsibility for costs. (2)

Bus 57–3 units
Job Analysis for Wage
Administration
Prerequisites: None
3 hour lecture weekly
History of wages, inequalities in rates of pay;
management and union movement toward a
fair wage plan; supervisor and job descriptions,
job evaluation and job classifications; wage plan
devised by Department of Labor; Federal
Employment Service; wage administration and
line organization. (2)

Bus 59–3 units
Human Resource Development
Prerequisites: None
3 hour lecture weekly
Explores supervisor's responsibility for training
and developing employees; methods and
techniques of developing career progression
plans and programs; identification of technical
and management development needs; identi-
fication of in-house and outside sources. (2)

Bus 60–3 units
Management Controls and the
Supervisor
Prerequisites: None
3 hour lecture weekly
Systems approach to management; basic con-
trols and modern control systems application
and theory; some exploration of PERT and
GANTT techniques and variations of these
methods; relationships and interdependency of
input-control-process-feedback-filters and out-
put. (2)

Bus 62–3 units
Oral Communications
Prerequisites: None
3 hour lecture weekly
Effective speaking and listening; kinds of super-
visory communications; accuracy in expressing
ideas; understanding of what is communicated;
intent and effect; planning a meeting, the
agenda; conference-leading techniques. (2)
Bus 64—3 units
Fundamentals of Safety
Administration and Management
Prerequisites: None
3 hours lecture weekly
Course covers employer’s rights and responsibilities under the Occupational Safety and Health Act (OSHA) of 1970 and the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980. It provides systems and methods to establish a workplace safety and health program through management leadership and participation, hazard communication, individual awareness, codes and standards compliance, hazard recognition and control, accident investigation, and accident cost analysis. (2)

Bus 65—3 units
Fundamentals of Disaster Planning
Prerequisites: None
3 hours lecture weekly
Course goes beyond the employer’s responsibilities under the Occupational Safety and Health Act (OSHA) of 1970 to provide a “safe and healthful place of employment.” It provides a systematic method to establish an action plan by which business can eliminate or minimize damage and disruption resulting from unplanned business interruptions, such as fire, earthquake, flood and other weather-related phenomena, hazardous materials discharge, negative public perceptions, accident and health related emergencies, post-event restart and required reporting. (2)

Bus 66—3 units
Fundamentals of Hazardous Materials Reporting Regulations
Prerequisites: None
3 hours lecture weekly
This course familiarizes the student with the various regulations regarding use and control of hazardous materials in industry. Safety and health information must be communicated to employees, emergency responders, regulatory agencies, and the community at large. Required reports include material identification, quantities used, methods of storage, and accidental spill control plans. Environmental protection regulations require much the same information, plus pollution control plans. Business managers must recognize and meet these responsibilities. (2)

Bus 67—3 units
Fundamentals of Industrial Hygiene
Prerequisites: Bus 64
3 hours lecture weekly
This course concentrates on the employer’s responsibilities under sections of the Occupational Safety and Health Act (OSHA) of 1970 which prohibits excessive employee exposure to certain environmental hazards. It introduces the methods utilized to identify and measure physical and chemical hazards in the work environment. In addition to becoming familiar with the regulations which establish exposure limits the student will be introduced to the instruments needed to measure those exposures. Methods by which businesses can eliminate or minimize identified hazards will be presented. (2)

Bus 98A—Z—1/2—10 units
Short Courses in Business Information Systems
Prerequisites: None
Lecture and/or lab hours as required by unit formula
Specialized topics designed to inform or update interested persons in various disciplines within the field of business and information systems. Unit credit determined by length of course.

Bus 101A—3 units
Accounting Principles I
Prerequisites: Bus 1 or equivalent recommended
3 hours lecture weekly
Basic principles of accounting as a foundation for advanced study, and as a vocational skill; accounting cycle, vouchers system; problems involved in accounting for notes, expenses, assets, payroll, and for sole proprietorship, partnership, corporation, or manufacturing enterprises.
Transfer credits: UC, CSU (CAN: Bus 2)

Bus 101B—3 units
Accounting Principles II
Prerequisites: Grade of C or better in Bus 101A
3 hours lecture weekly
Continues and concludes introductory phase of accounting; surveys accounting problems and procedures unique to partnerships and corporations; includes sections on managerial financial analysis for decision-making in business and the Federal Income Tax.
Transfer credits: UC, CSU (CAN: Bus 4)

Bus 102—3 units
Managerial Accounting
Prerequisites: Bus 101A
3 hours lecture weekly
Course emphasizes how accounting data can be interpreted and used by management in planning and controlling business activities of the firm; use of accounting data by investors is discussed wherever appropriate.
Transfer credits: CSU

Bus 111A—3 units
Business Law I
Prerequisites: None. Sophomore standing recommended
3 hours lecture weekly
Includes a general review of law and society and specifically stresses the law of contracts, personal property and bailments, consumer protection, real property, and estates and wills.
Transfer credits: UC, CSU (CAN: Bus 8)

Bus 111B—3 units
Business Law II
Prerequisites: Bus 111A
3 hours lecture weekly
Includes study of agency and employment, sales, insurance, partnerships, corporations, negotiable instruments, bankruptcy, and the interrelationship of government and business.
Transfer credits: UC, CSU

Bus 120—3 units
Introduction to Business
Prerequisites: None
3 hours lecture weekly
Course examines important concepts of business including investments, insurance, real estate, accounting, marketing and laws affecting proprietorships, partnerships, and corporations, plus basic economic principles.
Transfer credits: CSU

Bus 121—3 units
Introduction to Management
Prerequisites: None
3 hours lecture weekly
Basic functions of a business organization and middle management’s responsibilities in planning, organizing, directing, controlling, coordinating, and executing the organization’s objectives.
Transfer credits: CSU

Bus 122—3 units
Personnel Management
Prerequisites: None
3 hours lecture weekly
Study of employer-employee relationships, recruiting, resumes, selection, training, development, promotion, wage and salary administration, fringe benefits, EEO, and affirmative action.
Transfer credits: CSU

Bus 123—3 units
Small Business Management
Prerequisites: None
3 hours lecture weekly
Role of the small business person in the American economy, training in the various functions of business including organizing and staffing, advertising, selling, budgeting, personnel, and business plans for retail stores, service firms, and industrial organizations. Guest speakers when appropriate.
Transfer credits: CSU

Bus 125—3 units
Personal Financial Management
Prerequisites: None
3 hours lecture weekly
Basic course designed to teach students the wise use of financial resources required for today’s world. Students will learn the basics of budgeting and buying, intricacies of home ownership, income tax and investments, insurance, wills and trusts.
Transfer credits: CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student’s option.
Bus 130—3 units  
Sales Techniques  
Prerequisites: None  
3 hours lecture weekly  
Covers fundamental principles of wholesale and specialty selling, with emphasis on the techniques of selling; areas emphasized are sales personality, sales planning, securing prospects, counseling buyers, handling objections, and learning public relations. Speakers and films where appropriate.  
Transfer credit: CSU

Bus 131—3 units  
Retail Merchandising  
Prerequisites: None  
3 hours lecture weekly  
Merchandising activities in small and large businesses are considered from the standpoint of management operations, buying and selling, leasing, distributing, and advertising. Speakers, field trips, and films where appropriate.  
Transfer credit: CSU

Bus 132—3 units  
Marketing  
Prerequisites: None  
3 hours lecture weekly  
Market management from the viewpoint of the manager who researches and plans the product, organizes staff, and controls sales, advertising, and channels of distribution. Case problem approach is emphasized.  
Transfer credit: CSU

Bus 133—3 units  
Advertising  
Prerequisites: None  
3 hours lecture weekly  
Practical application of principles of advertising for large and small businesses; includes advertising theory, layout, production, printing, and production processes. (Co-listed with Journ 133.)  
Transfer credit: CSU

Bus 135—3 units  
Retail Store Management  
Prerequisites: Bus 131 recommended  
3 hours lecture weekly  
Principles and practices used in management of retail stores; comparative analysis of retail institutions on basis of initial requirements, facilities organization, staffing, sales promotion, and customer services.  
Transfer credit: CSU

Bus 136—3 units  
Buying and Store Operation  
Prerequisites: None  
3 hours lecture weekly  
Principles and techniques of buying for retail organization, including merchandise selection, planning, contracting, and the use of management reports. Emphasis placed on subjects closely integrated with retail buying functions, store operation procedures, sales promotion, and personnel management.  
Transfer credit: CSU

Bus 137—3 units  
Introduction to Production and Inventory Control  
Prerequisites: None; Bus 120 recommended  
3 hours lecture weekly  
Basic principles and theories of production and inventory control presented. Students will study different types of production and inventory control methods, applications, and results. Field trips may be required.

Bus 138—3 units  
Production and Inventory Management  
Prerequisites: Bus 120, 121, and 137  
3 hours lecture weekly  
Covers the field of production and inventory management; topics are record keeping, forecasting, inventory planning, capacity planning, purchasing, and material requirements planning. (2)

Bus 140—3 units  
Business Communications  
Prerequisites: Bus 40 or Engl 14, or equivalent, or eligibility for Engl 101  
3 hours lecture weekly  
Principles and techniques in written and oral communications including business correspondence, report writing, listening, office automation, employment communications, etc.  
Transfer credit: CSU

Bus 141—3 units  
Introduction to Public Relations  
Prerequisites: None  
3 hours lecture weekly  
Introductory analysis and practical exploration of fundamental tools available to the public relations specialist: press releases, feature stories, broadcast media, institutional publications. An introduction to promotional staging, the slide show, and the five primary steps in the public relations process. (Co-listed with Journ 141)  
Transfer credit: CSU

Bus 142—3 units  
Public Relations Strategies  
Prerequisites: Bus 141/Journ 141  
3 hours lecture weekly  
Appraisal of essential processes in public relations activity, with concentration on aspects of promotion and staging, problem solving, and the role of public relations vis-a-vis various target audiences including customers, management, employee relations, stockholders. (Co-listed with Journ 142)  
Transfer Credit: CSU

Bus 170—3 units  
Introduction to Logistics  
Prerequisites: None  
3 hours lecture weekly  
Introduction to principles and concepts of logistics functions. Includes logistic process in life-cycle of system, from its conception to its disposal, warehousing, transportation, inventory management, materials handling, personnel skill and training requirements, facility and equipment requirements, technical documentation and data collection, packaging and disposal and maintenance.

Bus 171—3 units  
Logistics Management  
Prerequisites: Bus 170 or equivalent  
3 hours lecture weekly  
Acquaints students with basic functions of designing logistics systems. Introduces reliability and maintainability measurements, cost factors, and system and equipment operational requirements. Statistical and modeling techniques to evaluate the supportability of the system design and effectiveness of the logistics support will be stressed.

Bus 172—3 units  
Spares Management  
Prerequisites: Bus 170, Math 105 or equivalent  
3 hours lecture weekly  
This course will acquaint the student with the disciplines and activities of Spares Management. The course provides an introduction to Spares Management and covers such topics as: description of supply functions, maintenance concepts, requirements, spares selection, documentation/data management, provisioning, procurement, inventory management, contracts, and performance evaluation.

Bus 173—3 units  
Repair Management  
Prerequisites: Bus 170, Math 105 or equivalent  
3 hours lecture weekly  
This course allows students to identify the requirements for a total repair program for a product being introduced into the marketplace. The course examines the planning involved with each functional sub-element of repair in terms of cost and implementation. The course includes discussion of repair workload forecasting, control, work flow, configuration management, quality and inspection, and technical support.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Bus 174—3 units
Technical Product Support Services and Training
Prerequisites: Bus 170, Bus 171
3 hours lecture weekly
This course will acquaint students with functions and activities of technical field service. It will cover such organizational areas as structure, planning, budgeting, warranties, company liabilities, and in-plant support. Personnel areas of functions, responsibilities, preparation assignments, reporting and evaluations will be discussed.

Bus 175—3 units
Configuration Management
Prerequisites: Bus 170
3 hours lecture weekly
This course presents an introduction to the principles of configuration management as applied to the DOD acquisition and development cycle. Using a systems approach, this course provides an overview of the configuration management field, including such topics as: the origin and evolution of the field; essential elements of configuration identification, control, status accounting, and required reviews and audits; preparation of configuration management plans; and compliance with DOD requirements in configuration.

Bus 176—3 units
Logistics Management
Prerequisites: Bus 170, Bus 171
3 hours lecture weekly
This course will permit the student to integrate all functions of logistics into a total support system. The student will learn how to make cost trade-offs to maximize support effectiveness and to model a logistics system that achieves the lowest cost of ownership to the user and the highest achievable system availability.

Bus 180—3 units
Introduction to International Business
Prerequisites: Bus 120 or business experience suggested
3 hours lecture weekly
An introductory course designed to examine international business in the international environment. The course will emphasize the cultural and political dynamics and their effects on the business environment. (2)

Bus 181A—1 unit
International Marketing
Prerequisites: None
3 hours lecture weekly for 6 weeks
This course presents the problems of marketing in the international marketplace and how marketers approach and solve them. Studies include: international marketing position of the U.S., analysis of foreign markets, culture and marketing, product design, pricing, distribution, promotion and sales.

Bus 181B—1 unit
International Finance
Prerequisites: None
3 hours lecture weekly for 6 weeks
Case studies will be presented describing examples of successful and unsuccessful international financial transactions. Emphasis will be on following appropriate procedures exactly and on early detection of potential problems which often arise.

Bus 181C—1 unit
Basics of Importing
Prerequisites: None
3 hours lecture weekly for 6 weeks
An overview of the steps involved in importing a product or service from beginning to end. Course includes an introduction to the United States Customs Service, what custom brokers do, duty rate structure determination, basic laws affecting imports, currency exchange, and letters of credit. Practical advice about storage and transportation of shipments after they have cleared customs will also be shared.

Bus 181D—1 unit
Basics of Exporting
Prerequisites: None
3 hours lecture weekly for 6 weeks
Marketing, organization, regulation, terms of access, documentation, shipment and financing involved with international movement of merchandise; trade patterns by countries and commodities. This course covers the different aspects of exporting and affords the student a working knowledge of the various terms and techniques essential to exporting. (1)

Bus 181E—1 unit
International Purchasing
Prerequisites: None
3 hours lecture weekly for 6 weeks
An introduction to the rules and regulations involved and difficulties encountered when purchasing from foreign sources. Involves study of cultural, legal, and economic factors.

Bus 182—2 units
International Law
Prerequisites: None
3 hours lecture weekly for 12 weeks
Introduction to the legal aspects and ramifications of international trade topics including multinational enterprises, sovereignty, technology, transfer, arbitration, negotiation, and diplomacy.

Bus 183E—1 unit
Export Marketing Case Studies
Prerequisites: None
3 hours lecture weekly for 6 weeks
Individual case studies of actual companies performing export business. These case studies will contain a detailed analysis of Ventura County, United States, foreign and transnational companies. Students will learn through the analysis of companies' problem areas and solutions based upon actual business conducted.

Bus 183G—1 unit
World Transportation
Prerequisites: None
3 hours lecture weekly for 6 weeks
An introduction to international transportation options in export and import operations, including transportation terminology, air and surface shipping modes, and laws and regulations governing international shipment of goods.

Bus 183H—1 unit
International Distribution
Prerequisites: None
3 hours lecture weekly for 6 weeks
An introduction to international distribution options in export and import operations, including freight forwarders and distributors in competitive markets. Specialized services in various world markets will be explored.

Bus 189—½-3 units
Topics in Business
Prerequisites: None
Lecture and/or lab hours as required by unit formula
Specialized topics designed to inform or update interested persons in various disciplines within the field of business. Unit credit determined by length of course.

Bus 190A—3 units
Internship in Public Relations
Prerequisites: Journ 100, 101, 102, 141, 142
9 hours lab weekly
Actual field work as an intern in a professional setting under the supervision of a trained public relations expert, as well as the instructor. Students will receive on-the-job exposure to all aspects of public relations, especially those studied in Bus 142/Journ 142. (Co-listed with Journ 190)
Transfer credit: CSU

Bus 190B—1-3 units
Business Internship
Prerequisites: Bus 120
3 to 9 hours lab weekly
Students will receive hands-on experience in business to enhance their opportunity for success by bridging the gap between educational theory and on-the-job practice. May be repeated for a maximum of 6 units.

Bus 198—½-10 units
Short Courses in Business
Prerequisites: None
Lecture and/or lab hours as required by unit formula
Workshops in selected areas of business and information systems to meet specific needs of college or community as required or requested by persons whose needs are not met by regular course offerings.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Bus 199AB—1-3 units
Directed Studies in Business
Prerequisites: Completion of 12 units in Business
Lecture and/or lab hours as required by unit formula
Designed for students interested in furthering their knowledge of business on an independent study basis.

NOTE: The courses listed below have been temporarily suspended. For further information, please contact the Office of Instruction.

Bus 4 Analysis of Financial Statements
Bus 12 Consumer Law
Bus 14 Family Risk Management
Bus 15 Small Claims & Civil Procedures
Bus 21 Installment Credits
Bus 22 Principles of Bank Operations
Bus 23 Commercial Bank Teller Training

Business Information Systems

OFFICE AUTOMATION

BIS 1ABC—1-3 units
Beginning Typewriting
Prerequisites: None.
Lecture and/or lab as required by unit formula
Instruction on mastery of keyboard, numbers, and special keys; develops fundamental skills in operation of the typewriter. Course structured so students can receive one, two, or three units of credit based on amount of course satisfactorily completed. (2)
Transfer credit: CSU

BIS 2—2 units
Typing Speed and Accuracy Development
Prerequisites: Knowledge of keyboard and ability to type at least 20 wpm
1 hour lecture, 3 hours lab weekly
Course designed to improve speed and accuracy in using the electric typewriter through development of proper techniques. For students who know the keyboard but are not skilled enough to enter an intermediate typing class. Drills for speed development and accuracy can be used in a self-pacing concept. May be repeated for credit 3 times. (2)

BIS 3ABC—1-3 units
Intermediate Typewriting
Prerequisites: BIS 1ABC with grade of C or equivalent. Recommended that student be typing at 40+ wpm.
Lecture and/or lab as required by unit formula
Additional practice in business letters, tabulations, manuscript typing; permits students to achieve a minimum speed of 45 words per minute (gross) for five minutes. Course structured so students can receive one, two, or three units of credit based on amount of course satisfactorily completed. (2)
Transfer credit: CSU

BIS 4ABC—1-3 units
Advanced Typewriting
Prerequisites: BIS 3ABC with a grade of C, or one year of high school typing.
Lecture and/or lab as required by unit formula
Develops speed and accuracy in typing and provides training in letter placement, manuscript typing, and tabulation. Special units include correspondence for general, accounting, legal, medical, and technical offices. Students should attain a minimum of 50 wpm. Course structured so students can receive one, two, or three units of credit based on amount of course satisfactorily completed. (2)
Transfer credit: CSU

BIS 7—1-12 units
Office Occupations Preparation
Prerequisites: None
6 hours lecture, 18 hours lab weekly
For students who have little or no previous business training and who have immediate job goals in mind. Course offers training in various office skills (typewriting, calculators, oral communications, business letter writing, filing, spelling, English, punctuation, math review, office procedures, and job search techniques) necessary for employment as office clerk, clerk typist, receptionist, or other entry-level office occupation. Program is self-paced and operates on an open-entry, open-exit enrollment plan. Certificate of Completion may be earned for completing 24 units. Students may receive from one to twelve units per semester depending on completion of course work. Course may be repeated (three repetitions for a maximum of 24 units) only to complete unfinished subjects or learn new skills; no completed course may be repeated. Contact Admissions office for vacancy information. (1)

BIS 12A-Z—1/2-5 units
Specialized Office Skills
Prerequisites: As required by individual course
Lecture and/or Lab hours as required by unit formula
Specialized topics designed to inform or update interested persons in various disciplines within the field of Office Skills. Unit credit determined by length of course. (2)

BIS 12A—1 unit
Alphabetical Filing
Prerequisites: None
3 hours laboratory weekly
Quick but thorough review of filing procedures and principles. Students will learn alphabetic and government filing procedures. (2)

BIS 12B—1 unit
Ten-Key Calculators
Prerequisites: None
3 hours laboratory weekly
Course includes practical business problems that can be solved on most office machines. Students will learn to operate the machine by individualized instruction. Drill and review will round out the office machine operator’s training. (2)

BIS 12C—1 unit
Vocational Spelling
Prerequisites: None
3 hours laboratory weekly
Program designed to help students become more proficient spellers. Taught on an individualized approach. Instruction in the class is given on cassette tapes. (2)

(1) = Credit/No Credit only. (2) = Credit/No Credit at student’s option.
BIS 12D—1 unit
Typewriting Review
Prerequisites: Ability to type
3 hours laboratory weekly
Course will give students a review of basic typewriting skills. Students will work with basic operations of the typewriter using simple-to-complex approach to learning. Time will also be spent in developing speed and accuracy. (2)

BIS 12E—1 unit
Duplicating Machines
Prerequisites: Ability to type. Speed of 45-50 recommended. Knowledge of business forms.
3 hours laboratory weekly
Quick yet thorough review of office machines that currently are used in the modern office. An overview of total scope of modern duplicating techniques. (2)

BIS 12H—1 unit
Composing at the Typewriter
Prerequisites: Ability to type a minimum of 40 wpm. Knowledge of business forms.
3 hours laboratory weekly
Course designed to train students to compose materials at the typewriter. (2)

BIS 12I—1 unit
Punctuation Review
Prerequisites: None
3 hours laboratory weekly
Designed to give students a comprehensive review of basic English grammar and usage skills. Students will improve punctuation skills as well as sentence structure and correct English usage. (2)

BIS 12J—1 unit
Business Arithmetic Review
Prerequisites: None
3 hours laboratory weekly
Review of basic arithmetic skills and fundamental operations including addition, subtraction, multiplication and division of whole numbers, fractions, decimal numbers, and percentages. Individualized and self-paced. (2)

BIS 12K—2 units
Proofreading Skills
Prerequisites: BUS 40; BIS 1ABC or equivalent
1 hour lecture, 3 hours lab weekly
Provides skill development in proofreading with emphasis on finding and correcting typographical, grammatical, formatting, and content errors. (2)

BIS 12L—1 unit
Telephone Techniques
Prerequisites: None
3 hours laboratory weekly
Course designed to develop correct telephone usage for business office employees. In addition to information on telephone systems and mechanics of phone service, techniques of telephone courtesy will be stressed. Exercises for voice development and oral communication also included. (2)

BIS 12M—1 unit
Electronic Typewriter Basics
Prerequisites: BIS 1ABC or equivalent and typing speed of at least 30 wpm
3 hours laboratory weekly
Provides training on electronic typewriters. Students given instruction in basic operation of electronics to enable production of typical office correspondence and reports. (2)

BIS 12N—2 units
Speed and Accuracy Development for Computers and Word Processors
Prerequisites: Knowledge of keyboard
1 hour lecture, 3 hours lab weekly
Course designed to improve speed and accuracy in using computers and word processors through development of proper techniques. Drills for speed development and accuracy used on a self-paced concept. (2)

BIS 13—2 units
Machine Transcription
Prerequisites: BIS 1ABC or equivalent; typing speed of 40 wpm recommended; completion of or concurrent enrollment in BIS 12K or equivalent
1 hour lecture, 3 hours lab weekly
Transcription of dictation from cassettes to achieve mailable letters at an acceptable production rate. Includes a brief review of grammar and spelling. (2)

BIS 14—4 units
Beginning Shorthand
Prerequisites: Completion of or concurrent enrollment in BIS 1ABC or 1AB or equivalent; typing speed of 40 wpm recommended
3 hours lecture, 3 hours lab weekly
Basic principles of reading and writing cursive shorthand. Introduces shorthand theory principles, develops dictation speeds from 60 to 80 words a minute, and develops the ability to transcribe shorthand notes accurately. (2)

BIS 15—4 units
Intermediate Shorthand
Prerequisites: BIS 14 or 1 year of high school shorthand
3 hours lecture, 3 hours lab weekly
Course reviews shorthand theory, develops dictation speeds from 80-110 words a minute for three minutes, and develops mailable copy transcription skills; extensive dictation of new material requiring transcription. Course includes concentrated drill and review of English grammar, punctuation, spelling, and word study. (2)

BIS 16—2 units
Shorthand Review
Prerequisites: Previous training in any shorthand system—cursive or alphabetic
1 hour lecture, 3 hours lab weekly
Course is designed as a quick yet thorough review of shorthand theory for those who have previously studied a system. Designed for students who need basic theory review and speed building practice. May be taken a maximum of four times. (2)

BIS 17A—1 1/2 units
Superwrite Alphabetic Writing System
Prerequisites: None. Typing ability recommended
1 hour lecture, 1 1/2 hours lab weekly
Superwrite is a writing system based primarily on longhand and secondarily on phonetics. It is designed to provide students with a quick, easy-to-learn method of writing that is extremely easy to read, even if notes are not later typed. Superwrite is not designed for extremely high writing speeds. However, students should be able to increase their writing speed significantly. Speeds of up to 60 wpm on 1 minute writings can be expected upon completion of the course. (2)

BIS 17B—1 1/2 units
Notetaking: Superwrite Alphabetic Writing System
Prerequisites: BIS 17A; BIS 1ABC or equivalent
1/2 hour lecture, 3 hours lab weekly
Course is designed for the student who has learned Superwrite. Extensive dictation and transcription practice. Students will obtain a minimum dictation speed of 80 wpm. (2)

BIS 18—3 units
Records Management
Prerequisites: None. Ability to type recommended
3 hours lecture weekly
Course offers instruction and practical applications in procedures relating to handling of multiple office records including office organization, filing principles, modern supplies and equipment, micrographics, and introductory records management. (2)

BIS 19—3 units
Office Procedures
Prerequisites: BIS 3ABC or equivalent or typing speed of 40 wpm or better
2 hours lecture, 3 hours lab weekly
Course offers instruction and practical applications in current office techniques including office organization, time management, telephone procedures, transcription and dictation practices, origination of correspondence, filing and records management, mail handling, etc. A good "finishing" course after having taken separate skill courses. (2)

BIS 20—3 units
Medical Terminology
Prerequisites: None
3 hours lecture weekly
Teaches spelling, definition, and pronunciation of medical terms with emphasis on prefixes, suffixes, and roots of medical terms. (2)
WORD PROCESSING

BIS 30—3 units
Introduction to Word Processing
Prerequisites: None
3 hours lecture weekly
Course studies the effect automatic keyboards have on the office. The five phases—input, processing, output, distribution/communication, storage and retrieval—of word processing are investigated. Roles of management, the secretary, and career paths resulting from automated equipment are also studied in detail. (2)

BIS 31A—1 unit
WordStar Word Processing
Prerequisites: BIS 1ABC or equivalent
1 hour lecture, 3 hours lab weekly (8 weeks)
Instruction and practical experience using basic WordStar functions and learning job-related usable skills. (2)

BIS 31B—1 unit
Advanced WordStar Word Processing
Prerequisites: BIS 1ABC or equivalent and BIS 31A or equivalent
1 hour lecture, 3 hours lab weekly (8 weeks)
Advanced instruction and practical experience using WordStar and learning job-related usable skills. (2)

BIS 31C—1 unit
MultiMate Word Processing
Prerequisites: BIS 1ABC or equivalent
1 hour lecture, 3 hours lab weekly (8 weeks)
Instruction and practical experience using basic MultiMate functions and learning job-related usable skills. (2)

BIS 31D—1 unit
Advanced MultiMate Word Processing
Prerequisites: BIS 1ABC or equivalent and BIS 31C or equivalent
1 hour lecture, 3 hours lab weekly (8 weeks)
Advanced instruction and practical experience using MultiMate and learning job-related usable skills. (2)

BIS 31E—1 unit
WordPerfect Word Processing
Prerequisites: BIS 1ABC or equivalent
1 hour lecture, 3 hours lab weekly (8 weeks)
Instruction and practical experience using basic WordPerfect functions and learning job-related usable skills. (2)

BIS 31F—1 unit
Advanced WordPerfect Word Processing
Prerequisites: BIS 1ABC or equivalent and BIS 31E or equivalent
1 hour lecture, 3 hours lab weekly (8 weeks)
Advanced instruction and practical experience using WordPerfect and learning job-related usable skills. (2)

BIS 31G—1 unit
EZ-1 Word Processing
Prerequisites: BIS 1ABC or equivalent
1 hour lecture, 3 hours lab weekly (8 weeks)
Instruction and practical experience using basic EZ-1 functions and learning job-related usable skills. (2)

BIS 31H—1 unit
Advanced EZ-1 Word Processing
Prerequisites: BIS 1 or equivalent and BIS 31G or equivalent
1 hour lecture, 3 hours lab weekly (8 weeks)
Advanced instruction and practical experience using EZ-1 and learning job-related usable skills. (2)

BIS 31I—1 unit
Microsoft Word Word Processing
Prerequisites: BIS 1 or equivalent
1 hour lecture, 3 hours lab (8 weeks)
Instruction and practical experience using basic Microsoft Word functions and learning job-related usable skills. (2)

BIS 31J—1 unit
Advanced Microsoft Word Word Processing
Prerequisites: BIS 1 or equivalent and BIS 31I or equivalent
1 hour lecture, 3 hours lab weekly (8 weeks)
Advanced instruction and practical experience using basic Microsoft Word functions and learning job-related usable skills. (2)

BIS 31K—1 unit
Desktop Publishing: Beginning Course
Prerequisites: Either BIS 31B, BIS 31D, BIS 31F, BIS 31J or equivalent
1 hour lecture, 3 hours lab weekly (8 weeks)
Instruction and practical experience in using basic Desktop Publishing functions and learning job-related skills through the page composition step of a publishing system. (2)

BIS 31L—1 unit
Desktop Publishing: Advanced Course
Prerequisites: BIS 31K
1 hour lecture, 3 hours lab weekly (8 weeks)
Instruction and practical experience in using advanced Desktop Publishing functions. Learning job-related skills through modification of style sheets and page layouts. Creation of a publication using scanning techniques. The generation of indexes and tables of contents. (2)

BIS 32—2 units
Word Processing Projects
Prerequisites: At least two courses in the BIS 31 series
6 hours lab weekly
Thorough review of basic machine operation with major emphasis on applications pertaining to business office communications. New techniques will be learned involving revision refinements. Students will learn to take a job from the first stage, set it up, type the materials, and make any necessary revisions. Course may be repeated once for credit. (1)

BIS 33—3 units
Word Processing: Machine Transcription
Prerequisites: BIS 13 or concurrent enrollment or equivalent; BIS 12K or concurrent enrollment
2 hours lecture, 3 hours lab weekly
Extensive practice in using transcribing equipment. English usage and business procedures emphasized. Extensive practice in punctuation and business letters and forms. Practice in dictation techniques and the art of listening. (2)

BIS 34—3 units
Word Processing: Administrative Support
Prerequisites: BIS 31, BIS 12K or concurrent enrollment
2 hours lecture, 3 hours lab weekly
Course will develop the duties and responsibilities of the word processing administrative assistant and support personnel. Writing skills, grammatical skills and dictation skills will be stressed. (2)

BIS 40A—⅓ unit
Microcomputers: Introduction
Prerequisites: None
4 hours lecture, 12 hours lab total
Course covers basic operation and DOS fundamentals. (2)

BIS 40B—⅓ unit
Microcomputers: Beginning Word Processing
Prerequisites: BIS 40A or equivalent or concurrent enrollment and BIS 1ABC or equivalent and typing speed of 25 wpm
4 hours lecture, 12 hours lab total
Course covers basic instruction in word processing suitable for personal and/or elementary business use. (2)

BIS 40C—⅓ unit
Microcomputers: Spreadsheets
Prerequisites: BIS 40A or equivalent or concurrent enrollment
4 hours lecture, 12 hours lab total
Course offers instruction in fundamental spreadsheet commands and creation of a simple spreadsheet. (2)

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
BIS 40D—½ unit
Microcomputers: Data Bases
Prerequisites: BIS 40A or equivalent or concurrent enrollment
4 hours lecture, 12 hours lab total
Course offers instruction in flat file creation and report generation. (2)

BIS 41C—½ unit
Microcomputers: Advanced Spreadsheets
Prerequisites: BIS 40C or equivalent
4 hours lecture, 12 hours lab total
Course continues instruction in spreadsheet commands including financial functions, combining of worksheets, introduction to data base, user-defined menus, and basics of macros. May be taken a maximum of two times. (2)

BIS 41D—½ unit
Microcomputers: Advanced Data Bases
Prerequisites: BIS 40D or equivalent
4 hours lecture, 12 hours lab total
Course continues instruction in data base commands and introduction of advanced features and database command language in DBase III+. May be taken a maximum of two times. (2)

INFORMATION PROCESSING

BIS 151—3½ units
Introduction to Information Processing Systems
Prerequisites: None
3 hours lecture, 1½ hours lab weekly
Comprehensive introduction to principles of computers and electronic data processing (special emphasis on business applications). In addition to considering the historical development of computers and some social implications of the computer revolution, students will be introduced to terminology and concepts relating to computer hardware and data communication technology, programming languages, data organization and the software/systems development process. Limited hands-on training with college mainframe and microcomputers is included. (2)

BIS 152—3 units
Problem Solving and Programming Principles
Prerequisites: BIS 151 or equivalent or concurrent enrollment
3 hours lecture weekly
A language independent introductory course in computer programming design and development. Emphasis on basic analytical and problem-solving techniques of algorithm development. Students will utilize program specification sheets, structure charts, flowcharts and pseudocode in developing designs for business applications programs. Structures programming techniques will be stressed throughout the course. It is recommended that this course be taken prior to or concurrent with the first course taken in a computer programming language. (2)

BIS 153—4 units
PASCAL Programming for Business Applications
Prerequisites: BIS 151, Math 11 or equivalent; BIS 152 or concurrent enrollment recommended
3 hours lecture, 3 hours lab weekly
Preparation of programs within a business structure; major emphasis on non-mathematical business problems. PASCAL will be learned by direct application (writing programs) doing problems and exercises. Both file-based and interactive-processing types of programs will be covered. (2)

BIS 154A—4 units
COBOL Programming I
Prerequisites: BIS 151 and Math 11 or equivalent; BIS 152 or concurrent enrollment recommended
3 hours lecture, 3 hours lab weekly
Study of advanced techniques and programming concepts in the BASIC computer language including the calling of subroutines, system intrinsic functions, external program modules, error handling, management direct access and indexed sequential files. Students will design and implement a complete series of BASIC programs to manage a typical business database application. (2)

BIS 155—4 units
Computer Operations
Prerequisites: BIS 151 or equivalent and one semester of computer programming
3 hours lecture, 1½ hours lab weekly
Designed to acquaint students with the role and functions of a modern computer center. Assesses the skills and activities of the various job functions in the computer center. Familiarizes students with the basic concepts, techniques and use of operating systems on single user systems as well as computers with multi-processing capabilities. (2)

BIS 154B—4 units
COBOL Programming II
Prerequisites: BIS 154A
3 hours lecture, 3 hours lab weekly
Designed to extend the students' skill in computer programming using the COBOL language. Structured program design techniques are emphasized. The theory and techniques of file organization, data manipulation, report preparation, control structures, table handling and modular program development will be applied to a series of problem solving projects to be implemented on the college computer. (2)

BIS 161A—3 units
Systems Analysis & Design I
Prerequisites: BIS 153 or 154A
3 hours lecture weekly
Computer information processing system analysis and design of subsystems within a business organization. Different types of information systems such as inventory, financial, production, personnel, and marketing are covered. The concept of fully integrated systems is included. (2)

BIS 161B—3 units
Systems Analysis & Design II
Prerequisites: BIS 161A
3 hours lecture weekly
Continuation of material presented in BIS 161A. Analysis, design and control of data systems for management of telecommunications, data base management, security, environmental control and networking. (2)

BIS 162—3 units
Management Information Systems
Prerequisites: BIS 151
3 hours lecture weekly
Analysis and design of an information retrieval system for management decision-making based upon computer techniques; file organization, electronic data processing and integrated data processing are included. (2)

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
BIS 163—4 units
Data Base Management
Prerequisites: BIS 154A, and BIS 161A
3 hours lecture, 3 hours lab weekly
Study of principles of design, implementation and maintenance of data base management systems. DBASE and COBOL language used to generate application programs for creation, updating and retrieval of data from a mainframe data base management system. (2)

BIS 164—3 units
Computer Modeling
Prerequisites: BIS 151, or intermediate algebra and a computer programming course at the college level.
2 hours lecture, 3 hours lab weekly
Designed to provide students in many disciplines with an introduction to modeling and simulation techniques. Methods for using mathematics to model social, biological, and environmental problems studied. Computer used as a tool in performing calculations implied by models and in showing that simple mathematical techniques can lead to understanding of complex situations. (2)

BIS 189A-Z—½-10 units
Topics in Business Information Processing
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in various disciplines within the field of Business and Information Processing. Unit credit determined by length of course. Field trips may be required. (2)

BIS 190—1-3 units
Internship in Information Processing
Prerequisites: BIS 153A or 154A with a grade of B or better
3-9 hours lab weekly
Students will receive hands-on experience in computer operation and programming in the information processing system installation of a local business. May be taken for a maximum of 6 units. (1)

BIS 198—½-10 units
Short Courses in Business Information Systems
Prerequisites: None
Lecture and/or lab as required by unit formula
Workshops in selected areas of business and information systems to meet specific needs of college or community as required or requested by persons whose needs are not met by regular course offerings.

BIS 199AB—1-3 units
Directed Studies in Information Processing Systems
Prerequisites: Completion of at least one full semester of a computer programming language with a grade of "C" or better.
Lecture and/or lab as required by unit formula
Designed for students interested in furthering their knowledge of computer programming on an independent study basis. Assignments may include writing programs for campus use. May be repeated once for credit.

NOTE: The courses listed below have been temporarily suspended. For further information, please contact the Office of Instruction.

OA 51 Advanced Medical Terminology
OA 52 Medical Office Procedures
OA 53 Medical Insurance
OA 54 Medical Machine Transcription
OA 61 Legal Office Procedure
OA 62 Legal Machine Transcription

Chemistry

Chem 20—5 units
Elementary Chemistry
Prerequisites: Math 11 with minimum grade of C or appropriate score on the math placement test
4 hours lecture, 3 hours lab weekly
Introductory course in chemistry stressing basic principles of atomic and molecular structure, periodic table and states of matter, as well as quantitative techniques involved in elementary chemical calculations; some discussion of nuclear, organic, and bio-chemistry. Introduction to lab techniques with experiments illustrating principles covered in lectures. (2)
Transfer credit: UC, CSU (CAN: Chem 6)

Chem 101—5 units
General Chemistry I
Prerequisites: Chem 20 or high school chemistry with a grade of C or better, and Math 14 with grade of C or better or satisfactory score on the math placement test
3 hours lecture, 6 hours lab weekly
Fundamental principles and theories of chemistry with special emphasis on calculations of solution chemistry, stoichiometry, chemical equilibrium and oxidation-reduction; includes discussion of quantum mechanical model of the atom, kinetic-molecular theory, and periodic table. Lab designed to develop quantitative relationships through experiments, and to introduce inorganic preparative procedures and computer analysis of data. (2)
Transfer credit: UC, CSU (CAN: Chem 2)

Chem 102—5 units
General Chemistry II
Prerequisites: Chem 101 with a grade of C or better
3 hours lecture, 6 hours lab weekly
Continuation of Chem 101 with introductory matter on electro-chemistry, thermodynamics, radiochemistry, and descriptive chemistry of common elements; a short section on organic chemistry is included. Lab includes qualitative analysis and thermochemistry, and further develops inorganic preparation techniques. Reaction rate and other qualitative data are analyzed with use of computers.
Transfer credit: UC, CSU (CAN: Chem 4)

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Chem 106—5 units
Organic Chemistry I
Prequisites: Chem 101 and 102
3 hours lecture, 6 hours lab weekly
Introduction to the fundamentals of organic chemistry designed for chemistry majors, pre-professionals, and students who desire a broad background. Emphasis upon practical application of modern principles to structure, reactivity, methods of synthesis, and physical properties of organic compounds. Lab will give concrete examples of lecture materials. (2)
Transfer credit: UC, CSU

Chem 107—5 units
Organic Chemistry II
Prequisites: Chem 106
3 hours lecture, 6 hours lab weekly
Chem 107 is a continuation of Chem 106 with introduction to macromolecules, polymers, sugar chemistry, and biochemistry. Course will reinforce and broaden that learned in Chem 106. Lab will give concrete examples of lecture materials. (2)
Transfer credit: UC, CSU

Chem 108—3 units
Elementary Organic Chemistry
Prequisites: Chem 101 with grade of C or better
3 hours lecture weekly
Structure, preparation, chemical and physical properties, and commercial and technical applications of aromatic and aliphatic compounds. (2)
Transfer credit: UC, CSU

Chem 108L—2 units
Organic Chemistry Laboratory
Prequisites: Chem 108 or concurrent enrollment
6 hours lab weekly
Preparation and identification of the more important organic compounds, with problems and questions concerning preparation and identification of aliphatic and aromatic compounds and experiments in testing for unknowns. (2)
Transfer credit: UC, CSU

Child Development

CD 10ABCD—1.1.1 unit
Field Work in Child Development
Prequisites: Concurrent Enrollment or completion of 3 units of CD work or 1 year of work experience
3 hours laboratory weekly
Course provides supervised laboratory and field experience for students interested in developing their skills of observation and working with children. Opportunities will be given for students to work with various ages of children from infants through school-age in more than one type of setting. Will meet CDA requirements for trainer assessment. (2)

CD 21ABC—1.1 unit
Program for Toddlers
Prequisites: None
Lecture and/or lab as required by unit formula
Course covers normal development throughout infant/toddler period of birth to 3 years of age. Emphasis on importance of play as a medium of development and selection of appropriate play materials. Children in the 1 to 2 1/2 years of age range may attend this class with their parents. Parents required to provide a snack for children according to guidelines established by instructor. Negative TB test for adults required. (2)

CD 40—1/2 unit
Lesson Planning with a Theme
Prequisites: None
1 hour lecture weekly (9 weeks)
Curriculum planning for young children using various themes and topics. Students will learn how to plan art, science, language, motor and other areas using a theme that will facilitate more effective learning with young children. Using a different theme approach each time the course is offered, students will develop skills of organization and lesson planning. (2)

CD 41—1/2 unit
Programs for School-Age Children
Prequisites: None
1 hour lecture weekly (9 weeks)
This course covers programs for the out-of-school care of school-age children with a focus on the characteristics of quality care. Methods of fostering emotional, intellectual, physical and social development will be explored. Program planning skills and program ideas will be covered with different topics each time the course is offered. (2)

CD 42—1/2 unit
Identifying and Working with the Abused
Prequisites: None
1 hour lecture weekly (9 weeks)
This course discusses the evidence and identification, as well as the cause of abuse. Students will learn to identify physical, emotional, and sexual abuse signs and methods and laws relating to reporting. Methods of working with families will also be explored. In addition, materials will include how professionals can protect themselves from being accused. (2)

CD 43—1/2 unit
Young Children with Handicapping Conditions
Prequisites: None
1 hour lecture weekly (9 weeks)
This class will include information on identifying possible problems, places for referral, and community resources related to children with handicapping conditions. The students will explore curriculum designs for children with handicapping conditions, parent-provider coordination, and legal rights. Different types of disabilities will be covered in different courses. (2)

CD 44—1/2 unit
Nutrition for Young Children
Prequisites: None
1 hour lecture weekly (9 weeks)
This course is designed to present current nutritional information as it relates to children, as well as ideas and methods to bring children and food together in a positive manner. Different topics and activities are presented each time the course is presented. (2)

CD 45—1/2 unit
Creative Activities for Children
Prequisites: None
1 hour lecture weekly (9 weeks)
Creative activities (art, music, dramatic play, etc.) are important for the growth of children mentally, socially and emotionally. This course will focus on various ways to provide a variety of developmentally appropriate activities to enrich children's growth and development. (2)

CD 46—1/2 unit
Teacher/Parent Communication
Prequisites: None
1 hour lecture weekly (9 weeks)
Developing skills of working with parents for information and helping with the growth and development of children. This course will cover the value of effective communication, the places and ways it is most effective, and methods of developing communication skills. (2)

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
CD 47—½ unit
Children and Discipline
Prerequisites: None
1 hour lecture weekly (9 weeks)
This course covers various discipline methods and techniques for adults to use with children. Basic methods covered will vary in classes but will include ones such as behavior modification, logical and natural consequences, communication skills, etc. Information on uses, as well as practice, will be included in classes. Topics will also include adaptation to different age children and use with special needs children. (2)

CD 48—½ unit
Science and Math for Children
Prerequisites: None
1 hour lecture weekly (9 weeks)
Curriculum planning for the early childhood classroom related to science and math concepts. Students will learn how to plan art, science, language, and motor activities, as well as room environments that will facilitate more effective learning with young children. Information will be given to develop skills of organization and lesson planning. (2)

CD 49—½ unit
Programs for Infants and Toddlers
Prerequisites: None
1 hour lecture weekly (9 weeks)
This course will cover the development and implementation of environments and activities for children birth to age two and a half. The emphasis will be on the importance of play as a medium for learning and the selection of appropriate materials and resources. (2)

CD 50—1 unit
Day Care Today
Prerequisites: None
1 hour lecture weekly
Specialized course designed to inform or update interested persons in the area of day care. Course covers areas of home day care and needs as well as day care done in larger group settings. Topics include planning programs, skills in working with children and parents, and record keeping and evaluation. (2)

CD 51—1 unit
Managing Children’s Behavior
Prerequisites: None
1 hour lecture weekly
An overview of basic theories and applications of methods of child management. Techniques of adapting and applying theories to individual situations covered. Difficult behaviors encountered by those living or working with children as well as techniques to cope with and solve these behaviors included.

CD 52—1 unit
Program Development in Early Childhood Education
Prerequisites: None
1 hour lecture weekly
Course covers guidelines for developing quality programs for young children. Topics include goal and objective setting, lesson planning and evaluation. Emphasis on developing skills of lesson planning related to individual needs of children enrolled in child care and family day care programs. Negative TB test and field trips required.

CD 98AZ—½-10 units
Short Courses in Child Development
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in Child Development.

CD 102—3 units
Human Development
Prerequisites: None
3 hours lecture weekly
A survey of normal human development through the lifespan. Areas relating to physical, social, cognitive and emotional growth at various points in the life cycle are explored. Field trips and negative TB test may be required.
Transfer credit: CSU

CD 103—3 units
Programs for Young Children
Prerequisites: None
3 hours lecture weekly
Course offers introduction to various kinds of school programs for young children, their histories, philosophies, and program emphasis. Requirements and opportunities in Early Childhood Education explored—both private and public. Curriculum areas covered, along with organization of materials and resources. Teaching techniques based upon understanding the young child as an active learner socially, physically, emotionally, and cognitively are examined. Field trips and negative TB or chest x-ray required.
Transfer credit: CSU

CD 106—3 units
Child, Family, and Community
Prerequisites: None
3 hours lecture weekly
Course allows students to gain awareness of interaction and interdependency between home, school, and community. Patterns of child rearing in contemporary society are covered as well as interaction of family culture, and community. Individual and social resources for family health and welfare and improving child development techniques explored. Field trips and negative TB tests required.
Transfer credit: UC, CSU

CD 107—3 units
Cross-Cultural Experiences with Children and Families
Prerequisites: None
3 hours lecture weekly
Course offers general introduction to life styles, values, and socioeconomic conditions of children from bilingual and bicultural families, with special emphasis on ways in which these factors affect teaching and learning processes. Students introduced to strategies, materials, and resources designed to enhance their skills in working with bilingual, bicultural children. Prejudices, ethnicity, and values related to cultural identity explored. Field trips and negative TB test required.

CD 111—3 units
Child Development Principles and Practicum I
Prerequisites: Completion or concurrent enrollment in CD 108, and one course in creative experiences (CD 191A/B/34)
2 hours lecture, 3 hours lab weekly
Basic principles of child development programs and their application to development of appropriate school experience for young children covered. A variety of learning experiences considering environment, materials and equipment, and play routines in relation to child needs discussed. Observation and limited participation in preschool classroom included. Field trips and negative TB test or chest X-ray required.
Transfer credit: UC, CSU

CD 112—3 units
Child Development Principles and Practicum II
Prerequisites: CD 111
2 hours lecture, 3 hours lab weekly
Participation in preschool classroom 3 hours per week. Opportunity for supervised practice in planning and guiding play, learning, and children’s routine living activities. Emphasis on experiences which lead to increasing skill in dealing effectively with group and individual behavior. Focus on evaluation and prescribing for individual child’s needs. Field trips and negative TB test or chest X-ray required.
Transfer credit: CSU

CD 113—3 units
Programs for Infants and Toddlers
Prerequisite: CD 102 or equivalent
3 hours lecture weekly
Course will cover the normal development of children from birth to age 3 and the environments and activities which meet their developmental needs. The emphasis will be on the importance of play as a medium for development and the selection of appropriate play materials. Parent education, community resources and cultural and ethnic differences will be covered. A negative TB test and field trips are required. (2)

(1) = Credit/No Credit only. (2) = Credit/No Credit at student’s option.
CD 114—3 units
Programs for School-Age Children
Prerequisites: None
3 hours lecture weekly
This course covers programs for the out-of-school care of school-age children with a focus on the characteristics of quality care. Methods of fostering emotional, intellectual, physical, and social development will be explored. Program planning skills and program ideas will be covered. This course meets state licensing regulations for working with school-age children. (2)

CD 115—3 units
Management for Child Development
Programs: Administration and Supervision
Prerequisites: CD 103
3 hours lecture weekly
Preparation for administering child development programs including management principles related to licensing and standards, budgeting, space and equipment, hiring and evaluating practices, staff relationships, and parent and community involvement, including organizational requirements to fulfill goals of the program.
Transfer credit: CSU

CD 116—3 units
Management and Administration of Programs for Young Children
Prerequisites: CD 115, experience as a supervisor or equivalent
3 hours lecture weekly
This course covers the principles and practices of administration of early childhood programs with an emphasis on personnel management. California State labor laws, personnel and operating policy formation, development of leadership skills, and in-depth budgeting including computer use, writing grants and proposals. Offers the student the opportunity for in-depth study of areas covered in survey format in CD 115. The course will cover materials for programs from infant through school-age. Field trips and negative TB tests are required.
Transfer credit: CSU

CD 120ABCD—1-1-1-1 units
Parent Education
Prerequisites: None
1 hour lecture weekly
Course for parents of children enrolled in campus Children's Center and others interested in parenting, designed to enable them to gain insight into child development, parenting, and learning theories as they apply to children. Field trips and negative TB test required. May be repeated a maximum of four times.
Transfer credit: CSU

CD 129—3 units
Child Nutrition, Health, and Safety
Prerequisites: None
3 hours lecture weekly
Instruction is given in health protection and resources provided by home, school, and community. Emphasis is placed on the study of nutritional needs, health and safety practices, and characteristics of good health as well as recognition of symptoms of communicable diseases. Habits and attitudes essential for the general physical and mental health of teacher, parent, and child are developed in this course. Field trips and negative TB test required. Each student will receive a Red Cross multi-media first aid Red Cross card.
Transfer credit: CSU

CD 130—3 units
Parent/Child Interaction
Prerequisites: None
3 hours lecture weekly
Course explores the challenging role of a parent. Focus on studying a variety of approaches to effective parenting, identifying typical problem areas and dealing with them by prevention or coping strategies, and promoting positive interactions between parent and child. Field trips may be required. (Co-numbered with Psych 112.)
Transfer credit: CSU

CD 131—3 units
Art in Early Childhood
Prerequisites: None
3 hours lecture weekly
Course aimed at developing awareness and sensitivity of the nursery school teacher and understanding of stage-by-stage development of the preschool child. Use of teacher and student demonstrations, visual aids including films, and field trips.
Transfer credit: CSU

CD 132—3 units
Science in Early Childhood
Prerequisites: None
3 hours lecture weekly
Methods of enriching the child's exposure to the natural and physical world. Using basic science equipment and developing practical materials as well as reference materials for school and teacher included. Focus on problem-solving and inquiry approaches to the involvement of young children in first-hand exploration of their environment.
Transfer credit: CSU

CD 133—3 units
Language Arts in Early Childhood
Prerequisites: None
3 hours lecture weekly
Developing language arts and literature experiences for young children. Explores experiences which support and extend children's ability to use language as a means of communication, medium of creative expression, and tool in development of logical thought. Includes games, puppetry, flannel board material, storytelling, and children's literature.
Transfer credit: CSU

CD 134—3 units
Movement and Music in Early Childhood
Prerequisites: None
3 hours lecture weekly
Principles and methods of providing movement and musical experiences for young children. Ways of providing creative experiences in body movement and dance as well as development of skills in using simple musical techniques.
Transfer credit: CSU

CD 189—1/2-3 units
Topics in Child Development
Prerequisites: None
Lecture and/or lab as required by unit formula
Courses considering specialized, specific topics in child development which are not covered in the general Child Development offerings.
Transfer credit: CSU

CD 198—1/2-10 units
Short Courses in Child Development
Prerequisites: None
Lecture and/or lab as required by unit formula
Courses and/or workshops in selected areas of Child Development to meet specific needs of college or community as requested. Field trips may be required.

CD 199AB—1/2-3/3 units
Directed Studies in Child Development
Prerequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Designed for selected students interested in furthering their knowledge of child development on an independent basis. Assigned problems will involve library, lab, and field work. Maximum of 6 units.
Transfer credit: CSU

NOTE: The courses listed below have been temporarily suspended. For further information, please contact the Office of Instruction.

CD 107 Cross-Cultural Experiences with Children and Families
CD 108 The Exceptional Child

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Diesel Mechanics

DM 4–4 units
Engine Overhaul and Repair
Prerequisites: None
2 hours lecture, 6 hours lab weekly
Training given in proper procedures for disassembly, inspection of parts, measurements, repairs and tests, reassembly, analysis of malfunctions, and efficiency of making repairs to diesel and gasoline engines; valve servicing repair and diesel injection system repair included.

DM 5–3 units
Engine Tune-Up and Troubleshooting
Prerequisites: None
2½ hours lecture, 1½ hours lab weekly
Course provides training in principles and fundamentals of correct engine tune-up procedures for gasoline and diesel engines. Various adjustment and repair operations performed on diesel and gasoline engines so students gain knowledge and understanding of problems involved in tune-up and troubleshooting. Various testing equipment included to diagnose and correct problems; diesel fuel system lab experience included.

DM 6–3 units
Electrical System Theory
Prerequisites: None
3 hours lecture weekly
A study of vehicle electrical systems. Topics covered are batteries and charging, cranking, ignition, and chassis electrical systems.

DM 8–2 units
Power Trains
Prerequisites: None
1 hour lecture, 3 hours lab weekly
Course provides training in fundamentals and principles of power trains and components as applied to heavy vehicle repair; lab work offered in this course provides training on clutches, transmissions, final drives, basic hydraulics, and power assist system repair.

DM 12–3 units
Introduction to Hydraulics
Prerequisites: None
2½ hours lecture, 1½ hours lab weekly
Study of principles and theory of hydraulics including Pascal’s Law, pressure-flow transmission, hydraulic symbols and schematics, pumps, valves, regulators, hoses, rams, and cylinders.

DM 19–3 units
Introduction to Diesel Engines
Prerequisites: None
3 hours lecture weekly
Course designed to provide instruction on the nomenclature, relationship of parts, component systems identification, and principles of various diesel engines with relationship to gasoline engines. Also common problems of systems discussed.

DM 20–3 units
Diesel Engines
Prerequisites: None
2½ hours lecture, 1½ hours lab weekly
Course designed to present various topics within the diesel engine repair industry, including diesel engine theory, construction features, fuel systems, engine tune-up and troubleshooting. (2)

DM 30–12 units
Diesel Engine Mechanics
Prerequisites: Students will be tested for English placement; concurrent enrollment in an English course may be required.
6 hours lecture, 18 hours lab weekly
Topics covered include basic gasoline and diesel engine theory, fuel, air induction, exhaust, lubrication, cooling systems, and diagnosis and engine tune-up, including electrical system diagnosis.

DM 31–12 units
Diesel Equipment Mechanics
Prerequisites: Students will be tested for English placement; concurrent enrollment in an English course may be required.
6 hours lecture, 18 hours lab weekly
Topics covered include power train theory, clutches, transmissions, final drives, basic hydraulics, and power assist system repair.

DM 98–½-10 units
Short Courses in Diesel Mechanics
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in various disciplines within the diesel repair industry. Length of course determines unit credit.

Economics

Econ 100–3 units
The Modern American Economy
Prerequisites: None
3 hours lecture weekly
Course describes elements of the national and international economy of interest to the intelligent citizen. Surveys evolution of the present economy, roles of government, business, and labor in it; decisions of production, distribution, and exchange and problems of unemployment and inflation. Field trips may be required. (2)
Transfer credit: UC, CSU

Econ 101–3 units
Principles of Macroeconomics
Prerequisites: None
3 hours lecture weekly
Course introduces the student to the forces which shape the present day economy and considers the interrelations of the factors of production and the interplay among government, business and labor in facing the problems occasioned by inflation, unemployment, and economic growth in an increasingly integrated economic world. Field trips may be required. (2)
Transfer credit: UC, CSU (CAN: Econ 2)

Econ 102–3 units
Principles of Microeconomics
Prerequisites: None; Econ 101 recommended
3 hours lecture weekly
Course examines the function of the market mechanism, its strengths and weaknesses, the role of the consumer in the modern economy and the ways in which firms are structured to perform their roles of producers, employees and profit makers. Questions of regulation and monopolies, the labor market and sector economies will be discussed. Field trips may be required. (2)
Transfer credit: UC, CSU (CAN: Econ 4)

Econ 199AB–1/3/1-3 units
Directed Studies in Economics
Prerequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Designed for the curious and responsible student who has already demonstrated sufficient proficiency in Economics. Intent is to permit by means of independent study student’s further pursuit of Economics. Maximum of 6 units.
Transfer credit: UC, CSU
NOTE: The course listed below has been temporarily suspended. For further information, please contact the Office of Instruction.

Econ 3 Economics of Local Government

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Electronics

El 1—5 units  
Math for Electronics I  
Prerequisites: None  
5 hours lecture weekly  
Study of arithmetic, algebra and trigonometry as they apply to electronic circuits. Includes designed numbers, algebraic equations, graphing techniques and applications of trigonometric functions.

El 2—4 units  
D-C Fundamentals and Solid State Devices  
Prerequisites: None  
3 hours lecture, 3 hours lab weekly  
Study of D-C circuits with introduction to solid state devices. Included is an Ohm's and Kirchhoff's laws examination of series, parallel and combination circuits, and investigation of networks using Thévenin's, Norton's and other theorems. Operating characteristics and D-C biasing of various solid state devices examined. Hands-on use of test equipment associated with D-C circuits emphasized.

El 3—4 units  
Introduction to Digital Concepts  
Prerequisites: None  
3 hours lecture, 3 hours lab weekly  
Students will be introduced to the basic fundamentals of digital electronics. Included are binary and hexadecimal conversions, logic gates, truth tables, Boolean algebra, Karnaugh maps, arithmetic units and flip-flops.

El 4—4 units  
A-C Fundamentals and Solid State Circuits  
Prerequisites: El 1 or equivalent and El 2  
3 hours lecture, 3 hours lab weekly  

El 5—4 units  
Digital Circuits  
Prerequisites: El 1 or equivalent, El 3 and 4  
3 hours lecture, 3 hours lab weekly  
Study of digital circuits including logic gates, latches, registers, counters. Arithmetic units, logic units, memories, microprocessors and I/C devices. Emphasis on hands-on circuit construction and fault repair. Use of test equipment associated with digital circuits introduced.

El 6—4 units  
Electro-Mechanical Systems  
Prerequisites: El 1 or equivalent, El 3 and 4  
3 hours lecture, 3 hours lab weekly  
Study of electro-mechanical machines normally found in industry. Includes hands-on training in D-C motor/generators, A-C motor/generators, polyphase transformers and polyphase machines. Use of test equipment associated with electro-mechanical systems emphasized.

El 7—4 units  
Electronic Circuits  
Prerequisites: El 1 or equivalent, El 3 and 4  
3 hours lecture, 3 hours lab weekly  
Study of basic electronic circuits including rectifiers, regulators, power supplies, small and large signal amplifiers, and various oscillators. Also examined are modulation, wave propagation, transmission lines and antennas.

El 8—4 units  
Industrial Control Systems  
Prerequisites: El 1 or equivalent, El 3 and 4  
3 hours lecture, 3 hours lab weekly  
Study of various mechanical and electrical control systems found in industry. Includes training in magnetic, solid state and logic controls. Also examined are liquid level controls, time delay circuits, and microprocessor controls. Hands-on operation and repair emphasized.

El 9—4 units  
Electronic Measurements  
Prerequisites: El 1 or equivalent and El 4  
3 hours lecture, 3 hours lab weekly  
Students will be introduced to test equipment and other instruments used in the electronics industry. Included are the study of analog and digital meters, oscilloscopes, signal generators, frequency and SWR meters.

El 10—4 units  
Electronic Assembly  
Prerequisites: None  
3 hours lecture, 3 hours lab weekly  
A study of electronic assembly including blueprint reading, component preparation, soldering techniques, PB board rework, wire wrap and mil specs. Course may be taken a maximum of two times.

El 11—4 units  
Micro-Electronics Assembly  
Prerequisites: El 10  
3 hours lecture, 3 hours lab weekly  
A study of advanced electronics assembly including surface mount technology, hybrid processes, and micro-electronics. Other topics include die attachment, wire bonding, and military standards. Course may be taken a maximum of two times.

El 12A—4 units  
Small Electronic Equipment Repair I (Radios)  
Prerequisites: El 10 or El 50 or equivalent  
2 hours lecture, 6 hours lab weekly  
This course offers theory and testing of high fidelity stereo, AM/FM radios, cassette players, and CD players. Special emphasis is given to safety procedures and the use of equipment and tools. Students will study common circuit configurations, adjustments, signal tracing, troubleshooting, and repair production.

El 12B—4 units  
Small Electronic Equipment Repair II (Televisions)  
Prerequisites: El 12A or El 10 or El 50 or equivalent  
2 hours lecture, 6 hours lab weekly  
This course familiarizes students with an understanding of the television receiver and black and white, color and video monitors, as well as recognize symptoms, schematic circuits, block diagrams, use of the test equipment, troubleshooting and location of defective components. All the theory will be discussed in a very practical manner for easy understanding.

El 12C—4 units  
Small Electronic Equipment Repair III (VCRs)  
Prerequisites: El 10, El 50 or equivalent  
2 hours lecture, 6 hours lab weekly  
This course offers theory and practice of repair, preventative maintenance and calibration of video cassette recorders (VCRs). Special emphasis is given to safety procedures and the use of test equipment and tools. Students will study common circuit configurations, adjustments, signal tracing, troubleshooting and repair.

El 20—4 units  
Cable Television Installation  
Prerequisites: Appropriate score on math placement test  
3 hours lecture, 3 hours lab weekly  
Prepares students for employment as entry level Cable Installers/Technicians, able to prepare customer's homes for and install cable reception. Includes connection of terminal devices and explanation of system operation, channels, and programming to subscribers. Students will also learn to upgrade or downgrade service. Includes service feeder and drop lines as well as disconnection of service. Emphasis is placed on consumer relations.

El 26—3 units  
National Electrical Code (N.E.C.)  
Prerequisites: None  
3 hours lecture weekly  
Course covers National Electrical Code (N.E.C.) for single family and multi-family dwellings, commercial and industrial locations and special hazardous locations.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
El 30—4 units
Aircraft Communications I
Prerequisites: El 3 and El 4
3 hours lecture, 3 hours lab weekly
Instruction is offered in the theory of operation of aircraft AM, FM, and SSB, communication and navigation equipment. Labs provide experience in the testing alignment and troubleshooting of aircraft communication and navigation equipment.

El 31—4 units
Aircraft Communications II
Prerequisites: El 30
3 hours lecture, 3 hours lab weekly
Instruction is offered in FCC regulations leading to the FCC General Radio Operator's license. Labs provide experience in the alignment and troubleshooting of aircraft communication equipment.

El 50—4 units
Introduction to Applied Electronics
Prerequisites: El 10 or equivalent
3 hours lecture, 3 hours lab weekly
Classroom study of DC theory, Ohm's law, series and parallel circuits, voltage dividers, basic math and algebra required for Kirchhoff's law, superposition and Thevenin's theorems, calculator use and practice problems, capacitors, inductors, and RC/RL Time Constant. Students will be given a comprehensive presentation of the physical and mathematical laws for DC electronics circuits. Principles will be applied in the lab setting.

El 51—4 units
Electrical/Mechanical Drawing
Prerequisites: None
3 hours lecture, 3 hours lab weekly
Study of electrical and mechanical schematics, drawings, and blueprints. Includes both reading and drawing of commonly used symbols for electronic and mechanical equipment.

El 52—4 units
Industrial Electronics/AC
Prerequisites: El 50 or El 51
3 hours lecture, 3 hours lab weekly
Course includes application of electronics in the industrial and manufacturing setting. Numerical controls, heat sensing, and switching systems covered. Lab experiments. Field trips may be required.

El 53—3 units
Industrial Electronics Projects
Prerequisites: El 50 and El 51 or equivalent
2½ hours lecture, 1½ hours lab weekly
Course familiarizes students with common electronic laboratory practices. Covers color codes, circuits, Ohm's law, and use of measuring devices. Field trips may be required.

El 54—3 units
Electronics and Programming for Process Control Computers
Prerequisites: El 3, El 4 or equivalent
2½ hours lecture, 1½ hours lab weekly
Overview and applications of computers in design (CAD and CIM) and for process control, including computer numerical control (CNC), and industrial robotics used in production, inspection and testing of electronic and other products. Standard programming methods using industry standard code, descriptive geometry programming languages and use of computer supported programming techniques (CAM). Hands-on experience in programming, equipment set-up and operation.

El 98—½-10 units
Short Courses in Electronics
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in various disciplines within the field of Electronics. Unit credit determined by length of course.

El 99—1-3 units
Directed Studies in Electronics
Prerequisites: El 3, El 4
Lecture and/or lab hours as required by unit formula
Designed for students interested in furthering their knowledge of electronics on an independent study basis.

Engineering

Engr 100—1 unit
Introduction to Engineering
Prerequisites: None
1 hour lecture weekly
Study of the engineering profession, its requirements, opportunities, and responsibilities, includes an introduction to BASIC to enable the student to program digital computers for solving engineering problems; includes instruction in the use of all functions of hand-held electronic calculators.

Engr 105—3 units
Introduction to Engineering Design
Prerequisites: None
1 hour lecture, 6 hours lab weekly
Course designed to further students' understanding of the engineering profession by means of lecture/laboratory on systems design techniques, written communication, and the anatomy of the engineering curriculum and profession. Course content includes basic ideas in engineering graphics such as views, projections, sections, intersections, developments, symbols used in mechanical and electrical drawings, materials and parts specifications, dimensioning, fits and tolerances.

Transfer credit: CSU

Engr 110—3 units
Engineering Materials
Prerequisites: Chem 101
3 hours lecture weekly
This introductory course on engineering properties of materials applies basic principles of atomic and crystal structure of solids to the study of properties, and to selection and use of engineering materials.

Transfer credit: CSU

Engr 115—4 units
Engineering Statics and Strength of Materials
Prerequisites: Math 121, Engl 110
4 hours lecture weekly
Course covers vector algebra, equivalent force systems, free body diagrams and equilibrium, structural mechanics, behavior of deformable solids, stress and strain tension, compression, flexure, torsion, beams, columns, statically indeterminate problems, multiaxial stresses, theories of strength.

Transfer credit: CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
English

Engl 1–3 units
Basic Skills
Prerequisites: None
2 hours lecture, 3 hour lab weekly
Designed for students who are deficient in basic reading and writing skills, including phonics, word recognition, vocabulary, spelling, grammar, and basic comprehension. Suitable for students with limited English. Appropriate placement will be based on reading level assessments. Course may be repeated to a maximum of 12 units for credit. (1)

Engl 4–3 units
Phonics and Approaches to Reading
Prerequisites: None
3 hours lecture weekly
A course designed for students who need to learn the meanings of new words and how to correctly pronounce them through the use of phonetics. Areas of emphasis will include vowel sounds, blends, digraphs, diphthongs, inflectional endings, word families, sight words and oral languages.

Engl 5–4 units
Reading and Study Skills
Prerequisites: None
3 hours lecture, 3 hours lab weekly
Designed to upgrade reading and study skills. Comprehension, vocabulary, textbook reading, test-taking, library and research skills will be included. Course may be repeated to a maximum of 16 units for credit. (2)

Engl 9–3 units
Developmental Vocabulary
Prerequisites: None
3 hours lecture weekly
Vocabulary improvement at developmental level. Instruction ranges from learning words in context to analysis of word structures. Students grasp word meanings through exploring roots and increasing awareness of prefix clues. Word lists studied in relationship to subject areas. Course may be repeated to a maximum of 6 units for credit. (2)

Engl 10–3 units
Basic English
Grammar and Usage
Prerequisites: Completion of English writing assessment suggested
2 hours lecture, 3 hours lab weekly
Course designed to give students an opportunity to learn or review the basic English grammar and usage skills; strong emphasis given to various types of complete sentence structures. Students will improve spelling, punctuation, and writing skills necessary to cope successfully with the basic composition courses. Course may be repeated for credit to a maximum of 6 units. (1)

Engl 11–5 units
Basic Composition
Prerequisites: Appropriate score on writing assessment suggested
5 hours lecture weekly
In this course students develop sentence skills by writing, analyzing, and rewriting sentence exercises and paragraphs. The course includes study of paragraph structure and various patterns of development. At the end of the semester, students will be prepared to begin writing short essays. May be repeated for credit to a maximum of 10 units.

Engl 12–3 units
Basic Composition
Prerequisites: Completion of English writing assessment or Engl 10
3 hours lecture weekly
Spelling, grammar, punctuation, sentence structure, diction-vocabulary, transitional devices, parallelism, paragraphing techniques, and theme organization will be taught and learned through numerous and varied writing assignments emphasizing techniques for improving composition. Students will receive much individual help; a diagnostic-prescriptive approach will be used. Course may be repeated for credit to a maximum of 6 units.

Engl 14–5 units
Intermediate Composition
Prerequisites: Satisfactory grade in Engl 11 or appropriate assessment score suggested
5 hours lecture weekly
In this Associate Degree-level composition course, students review the principles of effective paragraphs and learn to plan, write, and revise short expository themes. The course includes essay-exam taking skills and an introduction to library resources. Upon completion, students will be able to write effective short essays. Students will also be prepared for a successful transition to Engl 101. Course may be repeated for credit to a maximum of 10 units.

Engl 15–3 units
Word Power/Advanced Vocabulary
Prerequisites: None
3 hours lecture weekly
Emphasis given to learning Greek and Latin roots and affixes as an efficient method of greatly expanding one's vocabulary. Students receive much help in learning synonyms, antonyms, and connotative/daonotative word meanings. A series of short formal talks helps students appreciate history and origin of the English language. Numerous materials such as newspapers, magazine articles, puzzles, and games supplement tapes and filmstrips; principles of word formation explained.

Engl 17–3 units
College Reading Skills
Prerequisites: Reading ability commensurate with high school level suggested
3 hours lecture weekly
Emphasis on college-level reading materials with training in reading for major details, main ideas, drawing inferences and conclusions; considering the nature of evidence and knowledge; interpreting author's tone and purpose. Advanced vocabulary training, rapid reading techniques with adequate comprehension; formal evaluation used to individualize instruction. Reading equipment will be used.

Engl 20ABCD—1/2-1/1/2-2 units
Individualized Reading
Prerequisites: None
Lab hours as required by unit formula
Open to all students with low to high reading ability. Diagnostic testing will determine weaknesses and strengths in study skills, vocabulary comprehension, and speed. Assignments using various laboratory materials and equipment will be arranged on an individual contract basis, determined by test results. Students may enroll at any time; units will be awarded on the basis of time devoted, work completed, and progress made. Course may be repeated for credit to a maximum of 4 units. (1)

Engl 23–3 units
Writing for Pleasure: Beginning Creative Writing
Prerequisites: None
3 hours lecture weekly
Creative writing at the beginning level. An exploration of the writing process, practice of writing and analysis of factors contributing to effective writing. Designed to enhance confidence in and enjoyment of writing.

Engl 24–3 units
Technical Report Writing
Prerequisites: None
3 hours lecture weekly
Training for business, technical, and engineering students in technical and scientific writing, including preparation of written reports, memoranda, and specifications; review of fundamentals of grammar and usage.

Engl 25–2 units
Techniques of Learning and Studying
Prerequisites: None
2 hours lecture weekly
A course designed to increase student knowledge, offering specific techniques in learning and study skills. This course will facilitate mastery and success in all subjects.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Engl 26—2 units
Principles of Spelling
Prerequisites: None
2 hours lecture weekly
Course designed to improve one's ability to spell correctly. Common spelling errors, special rules, and phonetic principles will be explored. Students work individually in areas where improvement is needed.

Engl 30—½-3 units
English Skills
Prerequisites: None
Lecture and/or lab as required by unit formula
Self-instructional modules in study and communication skills. Students may enroll at any time; units will be awarded on the basis of specific module selected, time devoted, work completed, and progress made. Modules may be offered on credit/no credit basis. Asterisked (*) modules may be repeated for credit up to maximum units shown.

Engl 30CD—1 unit
Comprehension Development
Engl 30ET—1 unit
Writing Answers to Essay Test Questions
Engl 30EVAABC—1-3 units
Vocabulary Development for Limited English Speakers
Engl 30GP—½-1½ units
Grammar and Punctuation Brush-Up
Engl 30LR—1 unit
Using Library Resources
Engl 30N—½ unit
Notetaking
Engl 30OTT—1 unit
Objective Test Taking
Engl 30P—1 unit
Phonics
Engl 30RP—1 unit
Writing a Research Paper
Engl 30SP*—1-2 units
Spelling
Engl 30SR—1 unit
Speed Reading
Engl 30SS—1 unit
Study Skills
Engl 30TR—1 unit
Tactics in Reading
Engl 30TT—1 unit
Techniques of Tutoring
Engl 30V—1-2 units
Vocabulary
Engl 30WR—1 unit
Writing Resumes

Engl 30ENA—2 units
ESPIGA Naturalization A
Prerequisites: ELA status, placement by ESPIGA office
6 hours lab weekly
Designed for non-English speakers (Amnesty applicants) especially those who are not literate or have had less than a third grade education in their own language (CASAS 180-Spanish).
In the content of this course oral/aural survival skills are stressed. Teacher-made materials such as charts, drawings, maps, and pictures will be used as much as possible to teach citizenship content. Course may be taken a maximum of three times. (1)

Engl 30ENB—2 units
ESPIGA Naturalization B
Prerequisites: ELA status, placement by ESPIGA office
6 hours lab weekly
Designed for ELAs (Amnesty applicants) especially those who are non-English or very limited English speakers. Basic oral/aural, reading and writing skills will be stressed in this course (CASAS score of 180-200). Course may be taken a maximum of three times. (1)

Engl 30ENC—2 units
ESPIGA Naturalization C
Prerequisites: ELA status, placement by ESPIGA office
6 hours lab weekly
Designed for limited English speakers. Students should have a CASAS score of 201-214 and/or a STEL (Structured Test of English Language) score of 20-29. Oral, aural, reading and writing skills will be stressed in the content of the course and will incorporate U.S. civics along with English language structures. Course may be taken a maximum of three times. (1)

Engl 30END—2 units
ESPIGA Naturalization D
Prerequisites: ELA status, placement by ESPIGA office
6 hours lab weekly
Designed for Amnesty applicants who are limited English proficient. Students should have a CASAS score of 215+ and/or a STEL (Structured Test of English Language) score of 30+. Oral, aural, reading, and writing skills will be stressed in the content of the course and will incorporate U.S. civics and history along with English structures. Course may be taken a maximum of three times. (1)

Engl 45—3 units
Basics of Communication
Prerequisites: None
2 hours lecture, 3 hours lab weekly
Emphasis placed on communicating and listening skills. Activities include role playing, dialogs, and class discussions. Course may be repeated for credit to a maximum of 6 units. (2)

Engl 47—3 units
Intermediate Communications
Prerequisites: Engl 45
3 hours lecture weekly
Designed primarily for dominant Spanish-speaking students to provide source materials for intermediate conversations that require some control of English structure, syntax, and vocabulary. Emphasis on providing information to stimulate discussions that permit students to express themselves orally in English. Course may be repeated for credit to a maximum of 6 units.

Engl 76—1 unit
Vocational English Lab
Prerequisites: None
3 hours lab weekly
Vocational students are more job-ready when able to write English and converse in a way that is clearly understood by their associate workers, supervisors, and customers. Likewise, ability to read English makes the vocational student more employable. Course designed to introduce non-English speaking students to use of written and oral language in their job setting. Course may be repeated for credit for a maximum of 2 units. (1)

Engl 80—1 unit
Essential Learning Skills
for Vocations
Prerequisites: None
3 hours laboratory weekly
Course teaches the essential skills of reading, listening and note-taking, test-taking, writing, and oral communication within context of student's vocational program. Course may be repeated for credit for a maximum of 2 units. (1)

Engl 98AZ—½-10 units
Short Courses in English
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in English.

Engl 101—3 units
College Composition
Prerequisites: Appropriate score on Reading/Writing assessment or completion of Engl 14 with a grade of B or better suggested
3 hours lecture weekly
Development of skills in written expression, especially expository themes, including training in research techniques and preparation of a research paper. Designed to develop critical thinking, analysis and rhetorical skills.
Transfer credit: UC, CSU (CAN: Engl 2)

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.

Engl 119—3 units
Introduction to Theatre
Prerequisites: None
3 hours lecture weekly
Introduces drama or theatre as a literary art form, including the history of dramatic development, types of drama, how plays relate to their philosophical, historical, and cultural milieu, how plays relate to production problems, critical analysis of plays, and related production elements for the playwright. Emphasis placed upon appreciation of the theatre—past and present. (Co-listed with ThA 101.) (2)
Transfer credit: UC, CSU

Engl 120—3 units
Literature of Children
Prerequisites: Engl 101 or 102 recommended
3 hours lecture weekly
Course includes readings in literature for children, how to enjoy literature as art, how to choose appropriate literature for a child's interests and reading skills, and how to appreciate illustrations in children's literature. Literature from different cultures incorporated. (2)
Transfer credit: UC, CSU

Engl 121—3 units
Introduction to the Literature of Ethnic Communities
Prerequisites: Engl 101
3 hours lecture weekly
A chronological and thematic survey of the literature of ethnic groups in the United States. Representative works by members of some of the following groups: African-Americans, Asian-Americans, Chicanos, Jewish-Americans, Native Americans, and U.S. citizens and residents from various ethnic groups. Emphasis will be on contemporary literature. (2)
Transfer credit: UC, CSU

Engl 122—3 units
Chicano Literature
Prerequisites: Engl 101
3 hours lecture weekly
A critical survey of the literature of Chicanos. (2)
Transfer credit: UC, CSU

Engl 130—3 units
Television Writing
Prerequisites: Engl 101
3 hours lecture weekly
Course deals with preparation and analysis of dramatic scripts, program formats, public service announcements, local news, commercials, continuity, discussion programs, special events, talks and interviews. Training given in fundamentals of script format, professional methods, and ethics and restrictions involved in broadcasting media. (2)
Transfer credit: UC, CSU

Engl 131—3 units
Cinema and Culture: A Literary View
Prerequisites: Eligibility for Engl 14
3 hours lecture weekly
A study of film as an art form. Evaluation of techniques and literary interpretation. Representative of world cultures, as well as a variety of U.S. movies. (2)
Transfer credit: UC, CSU

Engl 140—3 units
Composition for ESL Students
Prerequisites: Native language other than English, TOEFL score of 475 or score of 23 or above on college writing assessment, and 11 or above on reading assessment test, or equivalent
3 hours lecture weekly
A course in reading and composition for students whose native language is other than English. The course is intended for students familiar with the structure and vocabulary of English and with paragraph development. The course will develop the student's ability to think critically about and organize information from reading and to write and revise expository essays. The course emphasizes basic writing processes, as well as focusing on grammar and syntax. (2)
Transfer credit: UC, CSU

Engl 145—3 units
Introduction to Literature
Prerequisites: Eligibility for Engl 101 suggested
3 hours lecture weekly
Introduction to various types of literature—fiction, poetry, drama—for the student who is interested in developing appreciation of literature but who may not be taking more advanced courses. The course focuses on reading, discussion, and interpretation of literature. The course is designed to meet students' interest in literature and associate degree general education requirements; transfer limitation may apply. (Not appropriate for English majors.) (2)
Transfer credit: UC, CSU

Engl 151—3 units
Major British Authors I
Prerequisites: Eligibility for Engl 101 or concurrent enrollment in Engl 14 suggested
3 hours lecture weekly
Intended for non-English majors, this course offers a survey of works by major British authors up to the nineteenth century. The course will include works by such authors as Chaucer, Shakespeare, Donne, Milton, Swift, Pope, and Johnson. Not available for credit for students with credit in Engl 104. (2)
Transfer credit: UC, CSU

Engl 152—3 units
Major British Authors II
Prerequisites: Eligibility for Engl 101 or concurrent enrollment in Engl 14 suggested
3 hours lecture weekly
Intended for non-English majors, this course offers a survey of works by major British authors from 1800 to the present. The course will include works by authors such as Wordsworth, Coleridge, Keats, Tennyson, Dickens, Browning, Yeats, and Eliot. Not available for credit for students with credit in Engl 105. (2)
Transfer credit: UC, CSU

Engl 153—3 units
Major American Authors I
Prerequisites: Eligibility for Engl 101 or concurrent enrollment in Engl 14 suggested
3 hours lecture weekly
Intended for non-English majors, this course offers a survey of works by American authors up to 1865. The course examines literary works and their relation to historical, social, or cultural trends. Not available for credit for students with credit in Engl 107. (2)
Transfer credit: UC, CSU

Engl 154—3 units
Major American Authors II
Prerequisites: Eligibility for Engl 101 or concurrent enrollment in Engl 14 suggested
3 hours lecture weekly
Intended for non-English majors, this course surveys the works of significant American authors since the Civil War. The course examines literary works and their relation to historical, social, or cultural trends. Not available for credit for students with credit in Engl 108. (2)
Transfer credit: UC, CSU

Engl 155—3 units
Survey of Poetry
Prerequisites: Eligibility for Engl 101 or concurrent enrollment in Engl 14 suggested
3 hours lecture weekly
Intended for non-English majors, this course introduces the student to methods of analyzing and responding to poetry. The elements of poetry are introduced, followed by reading of selected poetry of various periods and forms. Not available for credit for students with credit in Engl 118. (2)
Transfer credit: UC, CSU

Engl 156—3 units
Survey of Fiction
Prerequisites: Eligibility for Engl 101 or concurrent enrollment in Engl 14 suggested
3 hours lecture weekly
Intended for non-English majors, this course introduces the students to methods of analyzing and responding to fiction. Elements of the short story and novel are introduced, followed by reading of selected fiction from a variety of periods and types. Not available for credit for students with credit in Engl 106. (2)
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Engl 189—3 units
Topics in Literature
Prerequisites: None. Engl 101 or 102 recommended
3 hours lecture weekly
In-depth study of a literary period, of a major author, or of a theme in literature. Reading, discussion, lecture focusing on forces contributing to creation, appreciation, and analysis of the material. May be repeated for credit. Courses developed to date include the following:

Engl 189A—3 units
The World of Mystery Fiction
Exploration of the world of mystery fiction. Course emphasizes reading, enjoying, discussing, and analyzing works of detective fiction which will be seen in historical perspective. (2)
Transfer credit: UC, CSU

Engl 189B—3 units
Literature of Mysticism, Meditation, and Madness
Mysticism, meditation, and madness as seen in a survey of modern and historical literature; these three extreme states of being are studied as methods of emotional and rational self-expression. Besides the literature, supplementary readings in psychology, religion, and philosophy will be used as additional sources. (2)
Transfer credit: UC, CSU

Engl 189D—3 units
Contemporary Pop Literature
Course emphasizes reading, enjoying, discussing, and analyzing current best sellers in such areas as science fiction, historical fiction, mystery fiction, biography, general nonfiction, drama, and poetry. (2)
Transfer credit: UC, CSU

Engl 189H—3 units
Art of Writing Short Stories
Extensive study of types of short stories—action, episodic, plotless, character, and thematic—focusing on integral elements of fiction; practice in writing and revising original works; discussion and analysis of student work. (2)
Transfer credit: UC, CSU

Engl 199AB—1-3/1-3 units
Directed Studies in English
Prerequisites: A course in the specific field; lecture and/or lab as required by unit formula
Directed for selected students interested in furthering their knowledge of English on an independent basis. Assigned problems will involve library, lab, and field work. Maximum of 6 units.
Transfer credit: UC, CSU

NOTE: The courses listed below have been temporarily suspended. For further information, please contact the Office of Instruction.

Engl 22 Reading for Pleasure
Engl 27 Effective Reading for Supervisors
Engl 28 Effective Writing for Supervisors

Environmental Engineering Technology

EET 120—3 units
Regulatory Institutions
Prerequisites: None
3 hours lecture weekly
An overview of federal, state, and local laws, regulations and statutes. This course discusses the scope, detail, interrelationships of various institutions, and processes of creating laws and ordinances. (2)
Transfer credit: CSU

EET 140—3 units
Pollution Sources and Control
Prerequisites: EET 120
3 hours lecture weekly
This course explores present and potential pollution problems and their control. It explores the topics of pollution sources, processes, and control with respect to air, water, hazardous material, and hazardous waste. (2)
Transfer credit: CSU

EET 160—2 units
Environmental Instrumentation
Prerequisites: Chem 20, EET 140, Math 105, Physics 101
1 hour lecture, 3 hours lab weekly
This course introduces the necessary instrumentation and its operation commonly used by APDTC technicians/inspectors. Techniques of monitoring and evaluation of pollution in the areas of air, water, hazardous material, and hazardous waste. (2)
Transfer credit: CSU

EET 180—3 units
Applied Environmental Practicum
Prerequisites: EET 160
9 hours laboratory weekly
This course provides the student with valuable real world experience. The student's learning will be of, exhibited in, or obtained through active use of the methods, instruments, and processes of the professional environmental technician/inspector. (2)
Transfer credit: CSU

Environmental Hazardous Materials Technology

EHMT 10—3 units
Introduction to Environmental Hazardous Materials
Prerequisites: None
3 hours lecture weekly
This course is designed to give the student a general overview of the hazardous materials technology area. A discussion of past and current sources of pollution and an introduction to the technologies that could be used to alleviate environmental problems. A presentation of the management systems, source controls, attenuating methodologies, etc., which are designed to protect the human community from potentially harmful substances. A historical perspective of the legislative process that has led to current regulations, where to find, and how to read these regulations will be presented. Discussion of career opportunities will also be included.

EHMT 11—3 units
Hazardous Waste Generation/Reduction/ Treatment
Prerequisites: None
3 hours lecture weekly
The study of industrial processes and their generation of waste streams in seven selected industries: electropolishing, metal finishing and printed circuitboard production, oil refining and chemical production, steel production, general manufacturing, printing and graphic reproduction, agriculture and consumer services. The course will center on various raw materials and chemicals used in industry, examining the changes that occur as they move through the industrial process, and understanding the material balance concept of inventory. Throughout the course, discussion of applicable regulations will be included, and the importance of waste minimization concepts will be stressed.
EHMT 12—3 units
Health Effects of Environmental Hazardous Materials
Prerequisites: Biol 103 or equivalent
3 hours lecture weekly
This course covers the acute and chronic health effects produced by exposure to chemical, physical, and biological agents. Emphasis will be on those hazardous materials commonly associated with industrial operations, waste disposal and remediation sites. Topics will include routes of entry, toxic effects, risk assessment, permissible exposure limits, medical surveillance, control methods for reducing exposure, and understanding an MSDS.

EHMT 13—4 units
Hazardous Waste Management Applications
Prerequisites: None
3 hours lecture, 3 hours lab weekly
This course provides an overview of hazardous waste regulations with emphasis in generator compliance, site investigation and remediation, permitting, enforcement and liability. The lecture portion of the course explains the hazardous waste regulatory framework and develops research skills in the hazardous waste area. The laboratory portion of the course complements the lectures by providing "hands-on" application of the regulations, including proper methods of preparing a hazardous waste manifest, labeling of storage containers, sampling and analysis, and preparing a Phase I Environmental Audit.

EHMT 14—4 units
Safety and Emergency Response
Prerequisites: EHMT 12 or equivalent
3 hours lecture, 3 hours lab weekly
Hands-on instruction in safety and emergency response to chemical and physical exposures in industrial and field settings. Topics include: hazard analysis, contingency planning, building evacuation and safety practices, including proper use and selection of PPE, site control and evaluation, handling drums and containers, field sampling and monitoring, proper use of instruments, incident response planning, emergency response including field exercises in the use of APR and SCBA, and understanding of ICS system. This course satisfies the requirements for generalized employee training under OSHA (1910.120).

EHMT 15—4 units
Hazardous Materials Management Applications
Prerequisites: EHMT 12 or equivalent
3 hours lecture, 3 hours lab weekly
A study of the requirements and applications of federal, state, and local laws and regulations relating to hazardous materials. The course will emphasize compliance the Department of Transportation, OSHA Hazard Communication, SARA Title III Community Right-to-Know, Underground Tank, Asbestos, Proposition 65, and Air Toxics Regulations. The lecture portion of the course will provide the student with an understanding of the legal framework of hazardous materials laws; the laboratory portion will focus on applications of these laws, such as proper labeling, shipping, and handling of hazardous materials, using MSDS, permitting and monitoring functions, as well as planning and reporting functions.

Fire Technology

FT 51—3 units
Introduction to Fire Technology*
Prerequisites: None
3 hours lecture weekly
Provides an introduction to fire protection; career opportunities in fire protection and related fields; history of fire protection; fire loss analysis; public, quasi-public, and private fire protection services; specific fire protection functions; basic fire chemistry and physics. Designed to give an overview of fire technology, the fire service and fire protection field as career potentials.

FT 52—3 units
Fundamentals of Fire Prevention*
Prerequisites: None
3 hours lecture weekly
Organization and function of fire prevention; inspections; surveying and mapping procedures; recognition of fire and life hazards; engineering a solution of a fire hazard; enforcing the solution of a fire hazard; public education aspects of fire prevention. Designed to introduce students to basics of fire prevention. Content will include areas of fire and life safety hazards by occupancy; various technical innovations emphasizing public relations.

Transfer credit: CSU

FT 54—3 units
Fundamentals of Fire Behavior and Control*
Prerequisites: None
3 hours lecture weekly
Encompasses theory and fundamentals of how fires start, spread, and are controlled. An in-depth study of fire chemistry and physics, fire characteristics of materials, extinguishing agents and fire control techniques. Designed to give a comprehensive exposure to basic fundamentals of fire behavior and control in preparation for more advanced study in the field of fire protection.

Transfer credit: CSU

FT 55—3 units
Fire Protection Equipment and Systems*
Prerequisites: None
3 hours lecture weekly
Course on features of design and operation of fire detection and alarm systems, heat and smoke control systems, special protection and sprinkler systems, water supply, and portable fire extinguishers. Designed to give basic knowledge of installation, maintenance, operation, and testing of fire protection systems.

Transfer credit: CSU

FT 56—3 units
Fundamentals of Fire Protection*
Prerequisites: None
3 hours lecture weekly
Theory and fundamentals of fire protection including fire protection laws, water systems and public fire protection systems, fire protection in buildings and open areas.

Transfer credit: CSU

*Required courses for Associate of Science Degree or Fire Technology Certificate. FT 51 not required for those employed in the Fire Service, although they must meet 24-unit requirement.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
FT 60—3 units
Fire Tactics and Strategy
Prerequisites: None
3 hours lecture weekly
Principles of fire control through utilization of firefighters, equipment, and extinguishing agents on the fireground.

FT 62—3 units
Related Codes and Ordinances
Prerequisites: None
3 hours lecture weekly
Familiarization and interpretation of national, state, and local codes, ordinances, and laws which influence the field of fire prevention.

FT 63—3 units
Fire Hydraulics
Prerequisites: None
3 hours lecture weekly
Review of applied mathematics; hydraulic laws as applied to the fire service; application of formulas and mental calculation to hydraulics and water supply problems.
Transfer credit: CSU

FT 64—3 units
Fire Company Organization and Management
Prerequisites: None
3 hours lecture weekly
Review of fire department organization, planning, organizing, and supervising to meet needs of fire department, with emphasis on company officer's role.
Transfer credit: CSU

FT 65—3 units
Hazardous Materials
Prerequisites: None
3 hours lecture weekly
Introduction to basic fire chemistry and physics; problems of flammability as encountered by firefighters when dealing with fuels and oxidizers; elementary fire-fighting practices pertaining to hazardous materials in storage and transit.
Transfer credit: CSU

FT 67—3 units
Fire Apparatus and Equipment
Prerequisites: None
3 hours lecture weekly
Fire apparatus design, specifications, and performance capabilities; effective utilization of apparatus in fire service emergencies.
Transfer credit: CSU

FT 68—3 units
Fire Investigation
Prerequisites: None
3 hours lecture weekly
Determining cause of fires (accidental, suspicious, and incendiary); types of fires; related laws, introduction to arson and incendiarism; recognizing and preserving evidence; interviewing witnesses and suspects; arrest and detention procedures; court procedures and giving court testimony.
Transfer credit: CSU

FT 69—4 units
Emergency Medical Training/Fire Service (Non-Ambulance)
Prerequisites: Hold a current standard first aid card or equivalent
80 hours lecture and 16 hours lab total
Emergency Medical Training program designed to prepare fire service personnel to render pre-hospital basic life support services, including cardiopulmonary resuscitation under field emergency conditions, and to prepare victims for transport to an acute care hospital. This course may be taken twice for credit.
Transfer credit: CSU

FT 70—12 units
Basic Fire Technology for Recruits
Prerequisites: None
Lecture and/or lab as required by unit formula
Introduction to basic fire protection, suppression, prevention, tactics, strategy, hazardous materials, equipment, and rescue. (1)
Transfer credit: CSU

FT 71—2 units
Reserve Firefighter Academy
Prerequisites: Must provide all protective clothing and equipment required by the Ventura County Fire Department. Must provide evidence of physical fitness.
48 hours lecture and practical application
Introduction to fire department equipment and use; reserve firefighter standards; firefighter safety and first aid.
NOTE: The following courses are State Regional Fire Academy Courses that can lead to Fire Officer Certificate.

FT 80A—2 units
Fire Prevention IA
Prerequisites: FT 51 or employment in the Fire Service
2 hours lecture weekly
General fire inspection practices, inspector's responsibilities, code interpretations and legal precedents, hazardous and toxic materials, hazardous processes, life safety and procedures for correcting fire and life hazards.

FT 80B—2 units
Fire Prevention IB
Prerequisites: FT 80A
2 hours lecture weekly
Building construction principles, occupancy classifications and fire protection systems as they relate to fire and life safety. Importance of detection, alarm systems, properly maintained ways of egress and emergency evacuation procedures are also stressed.

FT 80C—2 units
Fire Prevention 1C
Prerequisites: FT 80AB
2 hours lecture weekly
Key topics include physical properties of flammable liquids and gases, storage and handling of bulk flammable and gases, regulations and procedures for the installation of storage tanks and containers, regulations relative to the transportation of flammable liquids and gases, and procedures for controlling compressed and liquefied gas leaks.

FT 81—2 units
Fire Investigation I
Prerequisites: FT 51 or employment in the Fire Service
2 hours lecture weekly
Fire behavior; building construction; techniques required for incendiary, accidental, fatal, vehicle, wildland and juvenile file investigation; report writing, evidence collection and proper custodial procedures for evidence.

FT 82—2 units
Fire Management I
Prerequisites: None
2 hours lecture weekly
Fundamental course covers key concepts of supervision and management, decision making for supervisors, leadership styles and techniques, development of policies and procedures, time management, stress management, and personal appraisal and counseling guidelines.

FT 83A—2 units
Fire Command IA
Prerequisites: None
2 hours lecture weekly
Key topics include emergency scene management, fire behavior, initial fire ground resources, tactics and strategy, and fire ground simulation scenarios specifically designed for the first-in officer.

FT 83B—2 units
Fire Command IB
Prerequisites: FT 83A
2 hours lecture weekly
Course provides instruction in first-in company level decision making and scene management principles for incidents involving chemicals and hazardous materials. Included are scene safety procedures, evacuation considerations, and identification of materials by container size, shape and labeling.

FT 84A—2 units
Fire Instructor IA
Prerequisites: FT 51 or employment in Fire Service
2 hours lecture weekly
Topics include occupational analysis, course outlines, concepts of learning, levels of instruction, behavioral objectives, using lesson plans, the psychology of learning, and evaluation of effectiveness. Activities include student teaching demonstrations.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
FT 84B—2 units
Fire Instructor IB
Prerequisites: FT 84A
2 hours lecture weekly
Topics include preparing course outlines, establishing levels of instruction, constructing behavioral objectives and lesson plans, instructional aid development, fundamentals of testing and measurements, tests planning, evaluation techniques and tools. Includes student teaching, demonstrations.

FT 98A-Z—1-10 units
Short Courses in Fire Technology
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized workshops designed to update fighting personnel as required for in-service training requirements in specific subject matter areas. Unit credit determined by length of instruction of the workshop as defined by current credit standards; total workshop credit limited to 10 units. (2)

---

French

Fr 1—3 units
Conversational French
Prerequisites: None
3 hours lecture weekly
Introductory course in French. Designed to develop basic conversational skills including vocabulary, simple grammar and frequently used expressions. Emphasis on oral situational vocabulary involving professions, ordering meals, currency and special interests helpful to travelers. Cultural materials broaden understanding of the French and their culture. (2)

Fr 2—3 units
Conversational French
Prerequisites: Fr 1
3 hours lecture weekly
Second semester course for non-native speakers of French, designed for students who have some basic conversational French but wish to continue to work in this area. Emphasis on vocabulary building and greater oral fluency with grammar principles introduced as needed. (2)

Fr 101-102—5-5 units
Elementary French
Prerequisites: None for French 101; for French 102, French 101 or 2 semesters of high school French
5 hours lecture weekly
Introduction to the language and culture of France for students with no formal training in French. Designed to develop comprehension, oral, reading, and writing skills. Utilizes discussions, dialogues, grammar, exercises, and directed compositions. Cultural materials integrated into course. (2)

---

Geography

Geog 101—3 units
Elements of Physical Geography
Prerequisites: None
3 hours lecture weekly
Mutual relationships which exist between humans and their physical environment; world patterns of natural features—climate, landforms, soils, vegetation, native animal life, water and mineral sources; map reading and interpretation. Field trips as required (may be scheduled on Saturday). (2)
Transfer credits: UC, CSU (CAN: Geog 2)

Geog 101L—1 unit
Physical Geography Lab
Prerequisites: Geography 101 (may be concurrent) or equivalent
3 hours lab weekly
Laboratory to accompany Geography 101. Introduction to earth-sun relationships, interpretation of area maps, applied methods of measurement, and descriptive analysis of the physical landscape, including landforms, climate, soils, and vegetation. (2)
Transfer credits: UC, CSU

Geog 102—3 units
World Cultural Geography
Prerequisites: Geog 101 recommended
3 hours lecture weekly
Introduction to the broad field of geography—its objectives, principal divisions, basic principles, and applications; present-day world problems; understanding man society in relation to the environment with emphasis on cultural elements; geographic analysis of major world regions. Field trips as required (may be scheduled on Saturday). (2)
Transfer credits: UC, CSU (CAN: Geog 4)

Geog 103—3 units
Introduction to Weather and Climate
Prerequisites: None
3 hours lecture weekly
Introductory study of the earth's atmospheric phenomena; basic weather elements—temperature, pressure, and moisture of atmosphere; practice in observation of weather conditions and recording of data; investigation into causes of weather and the world climate patterns. (2)
Transfer credits: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Geog 104—3 units
Geography of California
Prerequisites: None
3 hours lecture weekly
Examines physical and cultural environment of California’s diverse landscapes, including climate, vegetation, natural resources, economic activities, and settlement in the Golden State. Special emphasis given to the Oxnard Plain. (2)
Transfer credit: UC, CSU
NOTE: The course listed below has been temporarily suspended. For further information, please contact the Office of Instruction.
Geog 106 Geography of the Soviet Union

Geology

Geol 101—3 units
Physical Geology
Prerequisites: None
3 hours lecture weekly
Introductory study of structure of the earth, crustal composition, and dynamic forces that shape the earth’s surface. Landscape evolution and rock identification are stressed in a framework of geologic time. Course is designed to give students a better appreciation and understanding of their physical surroundings and environment. (2)
Transfer credit: UC, CSU (CAN: Geol 2)

Geol 101L—1 unit
Physical Geology Laboratory
Prerequisites: Geol 101 or concurrent enrollment
3 hours lab weekly or an 8 week lab at 3 hours per week with four-day field trip
Introduction to study of geologic and topographic map reading and analysis; also, study of subsurface techniques utilized in determining subsurface structure as well as evolution of present-day landscape. Rock forming mineral identification and rock identification are stressed. Field trips are required. (2)
Transfer credit: UC, CSU (CAN: Geol 2)

Geol 102—3 units
Earth’s History
Prerequisites: Geol 101 or 104
3 hours lecture weekly
Geologic history of the earth; evolution of continents, ocean basins, and major landforms; development of plant and animal life as revealed in the fossil record; emphasis on geology of Ventura basin. (2)
Transfer credit: UC, CSU

Geol 103—3 units
Introduction to Oceanography
Prerequisites: None
3 hours lecture weekly
Broad survey of the field of oceanography, Science of the Seas, with emphasis on processes of marine geology. Discusses major fields that comprise oceanography, which include geography and geology of ocean basins and coastlines, dynamic forces of plate tectonics, characteristics and work of waves, currents, tides, properties of sea water, and methods of oceanographic exploration. Provides introduction to Marine Biology, emphasizing relationship of biotic assemblages to conditions imposed by depth, salinity, temperature, and other physical parameters. (2)
Transfer credit: UC, CSU

Geol 104—3 units
Geology of the National Parks and Monuments
Prerequisites: None
3 hours lecture weekly
Survey of various national parks and monuments and divergent theories of their origins. Numerous park and monument features and their geologic causes, including climatic and biotic factors, are emphasized through lectures, rock specimens, and visuals. (2)
Transfer credit: UC, CSU

Geol 105—3 units
Geology of California
Prerequisites: Geol 101 or 104
3 hours lecture weekly
Physical and historical geology of California. Consideration given to the twelve geomorphic provinces within California, their rocks and minerals, and processes which produced their varied landscapes. Stratigraphic record discussed with particular reference to important geological formations found within the state. (2)
Transfer credit: UC, CSU

Geol 106AB—2-2 units
Field Geology of the Southwest
Prerequisites: Geol 101, 104, or 105
27 hours lecture, 27 hours lab
Field investigations of geologic phenomena with emphasis on the origin and development of the geology of selected areas of the Southwest. Principal component of this course is a multi-day field trip scheduled during vacation period. Students are responsible for providing camping equipment and food. Lab fee required. (2)
Transfer credit: UC, CSU

Geol 107—3 units
Geologic Hazards
Prerequisites: None
3 hours lecture weekly
Application of geology to naturally-occurring problems such as earthquakes, volcanoes, landslides, ground water pollution. Local conditions emphasized. Field trips may be required. (2)
Transfer credit: UC, CSU

Geol 110—5 units
Mineralogy
Prerequisites: Geol 101, 101L, Chem 20: Chem 101 is recommended for Geology majors
3 hours lecture, 6 hours lab weekly
Study of principal rock-forming minerals, plus those of economic value. Crystallography, mineral chemistry, physical properties, occurrence, origin and association of common minerals emphasized. Field trips may be required. (2)
Transfer credit: UC, CSU

Geol 199AB—1-3/1-3 units
Directed Studies in Geology/Oceanography
Prerequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Designed for students interested in furthering their educational knowledge of geology on an independent study basis. Maximum of 6 units. (2)
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Government Management

Health Science

Graduation Requirements for the Associate in Arts and Associate in Science Degrees

Health Science is not a requirement for enrollment in the college. However, students who wish to earn an Associate in Arts degree must successfully complete a minimum of one Health Science course and one Physical Education activity course, without exemption.

Summer school Health Science classes may count toward fulfilling requirements for Associate in Arts degree.

Repetition for Credit—Classes that can be repeated one time will be designated with (R). (R-3) indicates that classes can be repeated three times, for a total of four times taken.

HS 10—½ unit
Cardiopulmonary Resuscitation (R-3)
Prerequisites: None
Lecture hours: 3 hours
Training in the life-saving technique which combines artificial respiration and external chest compression. Class also covers obstructed airway management and pediatric resuscitation. Students who successfully complete the course receive certification from the American Heart Association or the American Red Cross. (1)

HS 11—½ unit
Fitness Assessment (R-3)
Prerequisites: Concurrent enrollment in a physical education activity class is recommended
8 hours/semester
Class provides instruction to aid participants in utilizing the fitness data gathered concerning body composition, blood pressure, flexibility, heart rate, exercise pulse rate and recovery, diet, back, leg, and hand strength, and cardiovascular efficiency. Students will plan individualized fitness programs based on measurable data. (1)

HS 98A-Z—½-10 units
Short Courses in Health Science
Prerequisites: None
Lecture and/or lab as required by unit formula
Short courses or activities designed to inform and/or train interested persons in various disciplines within the scope of health education. Unit/credit hours determined by course format. (2)

HS 101—2 units
Health and Society
Prerequisites: None
2 hour lecture weekly
Consideration of the nature and function of health in our social pattern; an analysis of major health problems designed to contribute to students' understanding of their roles as individuals and as contributing members of the community's efforts to implement advances of medicine and health sciences. (2)
Transfer credit: UC, CSU

HS 103—2 units
Women's Health
Prerequisites: None
2 hour lecture weekly
Consideration of nature and function of women's health in our society; an analysis of major female health problems designed to contribute to students' understanding of the woman's role as an individual and contributing member of the community's efforts to implement advances of medicine and health sciences. (2)
Transfer credit: UC, CSU

HS 104—3 units
Family Health
Prerequisites: None
3 hour lecture weekly
Course consists of studying recent national trends in family health, identification and treatment of common diseases in the home; equipment, foods, and first aid methods for treating diseases, drug use, accidents and conditions involving handicapped individuals and pregnancy; health care industry; and methods of preventive care against diseases in families. (2)
Transfer credit: UC, CSU

HS 105—3 units
First Aid and Personal Safety
Prerequisites: None
3 hour lecture weekly
Develops safety awareness and positive reactions to emergency situations. Ways of reacting to persons suffering from traumatic shock covered as well as ways of interacting with and calming family members of injured persons. Includes but not limited to recognition and standard treatment procedures for bleeding, poisoning, fractures, breathing emergencies, unconsciousness, and shock. Students successfully completing course receive American Red Cross Standard First Aid Card and Adult CPR Card. Fee may be required. (2)
Transfer credit: UC, CSU

HS 106—2 units
The Trainer and Athletic Injuries (R)
Prerequisites: None
1 hour lecture, 3 hour lab weekly
Introductory course in basic concepts and skills of the athletic trainer, training room practice, medical aspects of athletic training, athletic therapy modalities, strength, conditioning and rehabilitation, and diagnostic techniques; practical experience is provided in taping and for prevention and care of the athletically injured. (2)
Transfer credit: UC, CSU

NOTE: The courses listed below have been temporarily suspended. For further information, please contact the Office of Instruction.

HS 102
Health Concern in Adult Relationships

HS 107
Perspectives on Aging

HS 110
A Systems Approach to Health Care Delivery

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
History

Hist 102—3 units
History of the United States I
Prerequisites: None
3 hours lecture weekly
Survey of creation and development of American Society to 1865. Analysis of impact of both individuals and groups, evaluation of issues of religion, race, reform, revolution, responsive government, sectionalism, and expansion. Course satisfies degree requirements in American Institutions.
Transfer credit: UC, CSU (CAN: Hist 8)

Hist 103—3 units
History of the United States II
Prerequisites: None
3 hours lecture weekly
Evaluation of social and political adjustment from 1865 to present. Significant historical events and issues that affect contemporary American society are surveyed and analyzed by examining significant individuals and groups. Such issues and events as westward expansion, industrial development, ethnic confrontations and contributions, religious toleration, social and political reform movements, and international involvements explored. Course satisfies degree requirements in American Institutions.
Transfer credit: UC, CSU (CAN: Hist 10)

NOTE: The year sequence of History 102-103 is required for history majors and recommended for other students who want a thorough survey of the political and social development of the United States; either semester may be taken independently.

Hist 104—3 units
History of California
Prerequisites: None
3 hours lecture weekly
Survey of Native American, Spanish, Mexican, and American periods of California with consideration of political, social, and cultural developments.
Transfer credit: UC, CSU

Hist 105—3 units
Introduction to Western Civilization I
Prerequisites: None
3 hours lecture weekly
Study of Western Civilization from its beginnings through the 17th century, interrelating political and social events with art, literature, and philosophy, covering Greece, Rome, Medieval and Early Modern Europe.
Transfer credit: UC, CSU (CAN: Hist 2)

Hist 106—3 units
Introduction to Western Civilization II
Prerequisites: None
3 hours lecture weekly
Study of Western Civilization from the 17th century to modern times; covering the Age of Democratic Revolutions, Industrial Revolution, and century of dictatorship and war. Strong emphasis on cultural as well as social and political events.
Transfer credit: UC, CSU (CAN: Hist 4)

Hist 107—3 units
History of the Mexican People in the United States
Prerequisites: None
3 hours lecture weekly
Historical survey of the Mexican/Chicano from pre-Columbian period to present. Course provides background for contemporary achievements, problems, possibilities, and prospects. Emphasis on Mexican settlement of the region and contributions of the Mexican/Chicano to development of the United States. Course satisfies degree requirements in American Institutions.
Transfer credit: UC, CSU

Hist 108—3 units
Afro-American History
Prerequisites: None
3 hours lecture weekly
Analysis of history of Afro-Americans in the United States from African background to present with special emphasis on contemporary implications of historical events. Considers major roles played and contributions made both collectively as a people and by specific individuals in development of United States of America as well as institutions, trends, movements, and problems affecting Black America. Course satisfies degree requirements in American Institutions.
Transfer credit: UC, CSU

Hist 109—3 units
The History of Mexico
Prerequisites: None
3 hours lecture weekly
Course presents major historical developments and personalities which have shaped the Mexican nation. Emphasis on Mesoamerica, colonial and national periods, relationship between Mexico and the United States, and role in the world community.
Transfer credit: UC, CSU

Hist 110—3 units
History of the Middle East
Prerequisites: None
3 hours lecture weekly
Survey of historical developments in this strategic crossroad of the world's cultures. Religious, political, economic, and cultural patterns established in the name of Islam and the impact of Western European policies studied. Analysis of contemporary issues such as Arab-Israeli relations, petro-politics, and socialist revolutions offered.
Transfer credit: UC, CSU

Hist 111—3 units
Science and Culture in the Western Tradition
Prerequisites: None
3 hours lecture weekly
A philosophical and cultural survey of the history of science and technology from classical Greece to 20th century physics. Examines the historical dynamics of scientific discovery and the social impact of technological innovation. Surveys all major periods of Western Civilization.
Transfer credit: UC, CSU

Hist 112—3 units
Great American Women
Prerequisites: None
3 hours lecture weekly
A socio-historical analysis of great American women. Biographical data examined in an attempt to determine how the socio-historical milieu influenced the lives of these great women. (Co-numbered with Soc 112.)
Transfer credit: UC, CSU

Hist 113—3 units
Classical Asia
Prerequisites: None
3 hours lecture weekly
Survey of the classical, social, cultural, and political foundations of India, China, Japan and Korea from their beginnings as civilizations to the modern period. Complements Hist. 114.
Transfer credit: UC, CSU

Hist 114—3 units
Modern Asia: China, India, and Japan
Prerequisites: None
3 hours lecture weekly
Changes in traditional Chinese, Japanese, and Indian civilizations in the 19th century and emergence of China, India, and Japan as world powers in the 20th century.
Transfer credit: UC, CSU

Hist 115—3 units
History of the Americas I
Prerequisites: None
3 hours lecture weekly
Study of Spanish, Portuguese, French, and English conquest, exploration and colonization of the new world, and main developments in Colonial life in each area up to independence.
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Hist 116—3 units
History of the Americas II
Prerequisites: None
3 hours lecture weekly
Study of comparative development of the American nations since independence, considering their constitutions, leadership, religions, relations with each other, and their adjustment to the principle of democracy. (2)
Transfer credits: UC, CSU

Hist 117—3 units
History of American Women
Prerequisites: None
3 hours lecture weekly
Course provides historical approach for understanding the image of woman and her objective condition in the United States. Emphasis on how American women were affected by Puritanism, slavery, industrialization, urbanization, and immigration. This course satisfies degree requirements in American Institutions. (2)
Transfer credits: UC, CSU

Hist 118—3 units
Modern Russia An Introduction
Prerequisites: None
3 hours lecture weekly
Basic social and political development of Russia since 1801, with emphasis on origins of the Bolshevik Revolution and continuity of Russian civilization. (2)
Transfer credits: UC, CSU

Hist 199AB—1-3/1-3 units
Directed Studies in History
Prerequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Directed for students interested in furthering their knowledge of history on an independent study basis. Assigned problems will involve library and field work. Maximum of 6 units.
Transfer credits: UC, CSU

Home Economics

Courses offered within this program have been temporarily suspended. For further information, please contact the Office of Instruction.

Hotel and Restaurant Management

HRM 1—2 units
Introduction to the Hospitality Industry
Prerequisites: None
2 hours lecture weekly
Overview of the hospitality industry, its history and interrelationships of hotel, restaurant, travel, and leisure industries. Economic and social influences of leisure. Emphasis on attitude required of a person seeking a position in the industry.

HRM 2A—4 units
Food Preparation I
Prerequisites: HRM 1 recommended (or concurrent enrollment); negative TB test
2 hours lecture, 6 hours lab weekly
Study and laboratory experience of quantity food preparation (i.e. school cafeteria); introduction and application of principles and procedures of basic food preparation, emphasis on equipment, tools and the proper utilization of time and use of leftovers. Student lab hours will be assigned at a two-hour orientation meeting before the beginning of the semester.

HRM 2B—4 units
Food Preparation II
Prerequisites: HRM 2A and negative TB test
2 hours lecture, 6 hours lab weekly
Advanced study and laboratory experience of food preparation. Application of advanced preparation procedures, emphasizing high production standards, attractive service and recipe standardization. Student lab hours will be assigned at a two-hour orientation meeting before the beginning of the semester.

HRM 2C—2 units
Institutional Food Services
Prerequisites: None. TB test required
1 hour lecture, 3 hours lab weekly
Course focuses on basic skills involved in preparing and serving nutritious food in institutional food service programs (i.e. hospitals and school cafeterias). Role and responsibilities of school and hospital food service programs in providing meals which comply with legislative and budgetary parameters and meet nutritional needs are discussed. Course also includes discussion of safe and sanitary food handling techniques. Field trips may be required.

HRM 2D—1 unit
HRM Foods Lab
Prerequisites: HRM 2A or equivalent
3 hours lab weekly
Supervised practice in the college-operated cafeteria and HRM kitchen. Food preparation in range, pantry, bakery and short order. Course may be taken a maximum of three times. (1)

HRM 2E—2 units
HRM Foods Lab
Prerequisites: HRM 2A or equivalent
6 hours lab weekly
Supervised practice in the college-operated cafeteria and HRM kitchen. Food preparation in range, pantry, bakery and short order. Kitchen maintenance and care stressed. Course may be taken a maximum of two times. (1)

HRM 2F—3 units
HRM Foods Lab
Prerequisites: HRM 2A or equivalent
9 hours lab weekly
Supervised practice in the college-operated cafeteria and HRM kitchen. Quantity food preparation with emphasis on food production and management, effective use of time and equipment and the responsibilities of the production supervisor. (1)

HRM 2G—4 units
Catering
Prerequisites: HRM 1 and HRM 2A
2 hours lecture, 6 hours lab weekly
Advanced learning and laboratory experience of performing the activities of supplying food, beverage, and organized food-related services for social or special functions. Course includes on-premises and off-premises catering. (2)

HRM 2H—1 unit
The Enjoyment of Food
Prerequisites: None
½ hour lecture, 1½ hours lab weekly
This food preparation and consumption course gives the student the opportunity to learn the theory behind the effects of cooking on food quality along with techniques and skills required for different foreign food styles. Students will experience the taste of exotic flavors of international cuisine in a variety of dishes, e.g. hors d'oeuvres, soups, salads, entrees and accompaniments, and desserts. (2)

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
HRM 3—4 units
Baking Techniques
Prerequisites: HRM 2A and negative TB test
2 hours lecture, 3 hours lab weekly
Course provides instruction in methods and procedures of convenience baking used in institutional food service operations. Develops skills in baking and knowledge required in portioning, accuracy in measuring, baking cakes, breads, rolls, and other yeast and non-yeast products, including fillings for pies and tarts; emphasis is on quality baking and creative decorating. Student lab hours will be assigned at a two-hour orientation meeting before the beginning of the semester.

HRM 4—2 units
Sanitation and Environmental Control
Prerequisites: HRM 2A or concurrent enrollment
2 hours lecture weekly
Course acquaints students with basic principles of microbiology and sanitation in food preparation. Investigation of illnesses caused by food contamination; proper dishwashing procedures; sanitation of kitchen and related equipment. Emphasis on personal hygiene of food service workers and work environment.

HRM 5—3 units
Gourmet Cooking
Prerequisites: HRM 2A/2B and negative TB test
1 hour lecture, 6 hours lab weekly
Develops special techniques and skills in quality sauté and flambe cooking. Covers entree cooking and specialty food items, cooking with wine and herbs, exotic salads and garnishes from international recipes. Student lab hours will be assigned at a two-hour orientation meeting before the beginning of the semester.

HRM 6—2 units
Meat Analysis
Prerequisites: HRM 2A/2B
2 hours lecture weekly
Course studies usage of beef, lamb, veal, pork and poultry for hotels and restaurants. Meat evaluation and cutting will be demonstrated. Students will receive practical experience in identifying cuts of meat and how they are used in the hospitality industry.

HRM 7—2 units
Art of Garde Manger
Prerequisites: HRM 2A/2B and negative TB test
1 hour lecture, 3 hours lab weekly
Modern trends of garde manger (the art of decorating food for eye appeal) presentations showing the changing environment, updated concepts, and new ideas. Garde manger is based on the fundamentals often linked to classical cuisine. Student lab hours will be assigned at a two-hour orientation meeting before the beginning of the semester. Materials charge will be assessed.

HRM 8—2 units
Storage, Safety, and Equipment
Prerequisites: HRM 1 and HRM 2A
2 hours lecture weekly
Course acquaints students with proper methods for receiving, storing and issuing food in the hospitality industry; proper safety precautions; elementary first-aid; use and care of both small and large equipment; and elements of kitchen planning.

HRM 9—2 units
Menu Planning
Prerequisites: HRM 1 recommended
2 hours lecture weekly
Examines basic principles of menu making, including all phases of menu planning for today's trends. Ways to control costs and create interesting menus for different types of establishments in the hospitality industry.

HRM 10—2 units
Food and Beverage Cost Control
Prerequisites: HRM 1; HRM 2A recommended
2 hours lecture weekly
Analyzing and controlling costs in food service and beverage operations to create a food and beverage cost control system for any size food and beverage operation. Presented from a management point of view.

HRM 11—2 units
Food Purchasing
Prerequisites: HRM 10
2 hours lecture weekly
Course provides training in duties and functions of the professional food buyer. Basic information on sources, grades, and standards for selecting food items stressing points on specifications; receiving, storing and issuing procedures.

HRM 12—2 units
Restaurant Operations
Prerequisites: HRM 1
2 hours lecture weekly
Course studies principles and practices of operating a restaurant, as well as the special type of person it takes to be successful in the industry. Emphasis on modern management methods, systems, and procedures. Students will learn to analyze, plan, forecast, direct, and control all functional elements of restaurant operations.

HRM 13—3 units
Bar Management
Prerequisites: HRM 1
3 hours lecture weekly
Planning and organizing a bar facility; equipping, staffing, operating, and marketing; acquiring liquor license, alcoholic beverage control regulations; examination of products, service methods, and manual and computerized control systems will be discussed.

HRM 14—3 units
Personnel Management for the Hospitality Industry
Prerequisites: HRM 1; HRM 2A recommended
3 hours lecture weekly
Course designed to familiarize students with principles and procedures for recruitment and selection of proper personnel for hotel and restaurant management. Focus on training and relations between management and employees.

HRM 15—3 units
Hospitality Marketing
Prerequisites: HRM 1; HRM 2A recommended
3 hours lecture weekly
Applied marketing in the hotel and restaurant industry. Students obtain a working knowledge of how to implement marketing strategies. Image development, advertising, sales promotion, public relations, administering and control of a marketing plan covered.

HRM 16—3 units
Hospitality Accounting
Prerequisites: HRM 1; Bus 2 or Bus 101A recommended
3 hours lecture weekly
Application of accounting principles to the hospitality industry; accounting practices, financial statements, income/expense accounts and statements. Application of accounting information in making managerial decisions is stressed.

HRM 17—3 units
Hotel Administration
Prerequisites: HRM 1
3 hours lecture weekly
Intended to serve the needs of students at the college level and persons occupying managerial positions within hospitality enterprises. Major concerns of front-office procedures are presented with an emphasis on computer assisted hotel management. Covers significant problem areas that differentiate the hotel business from other businesses.

HRM 18—2 units
Supervision of Administrative Housekeeping
Prerequisites: HRM 1; HRM 14 recommended
2 hours lecture weekly
Provides an overview of the fundamentals of housekeeping management. This course describes the management functions, tools, and practices required in today's lodging and institutional housekeeping departments.

HRM 19—3 units
Hospitality Law
Prerequisites: HRM 1; Bus 111A recommended
3 hours lecture weekly
Law as they relate to the Hospitality Industry. An overview which includes legal aspects of management, employment and guest issues. Goal of course is to train managers to anticipate possible legal problems, to deal with them, and to prevent their recurrence.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
HRM 20AB—3/3 units
Hotel Management Internship I
Prerequisites: Completion of a minimum of 18 units of HRM classes for 20A; HRM 20A for 20B
9 hours lab weekly
20A: Provides supervised work experience and gives 'hands-on' training in a hotel establishment. Students learn about different departments in a hotel and how much personnel it requires to run each department.
20B: Provides the same type of hands-on experience as 20A; gives students an opportunity to pursue a specialized department within the hotel industry.

HRM 30—3 units
Introduction to Travel and Tourism
Prerequisites: HRM 1 recommended
3 hours lecture weekly
Survey course covering the tourist business, a series of interrelated businesses serving the traveler both here and abroad, linking people, travel modes, accommodations, and facilities.

HRM 98—½-10 units
Short Courses in Hotel & Restaurant Management
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized workshops designed to train or update workers in hotel and restaurant field. Content of courses designed specifically for participants. Total workshop credit limited to 10 units. (2)

Instructional Associate

Courses offered within this program have been temporarily suspended. For further information, please contact the Office of Instruction.

Interdisciplinary Studies

IS 101AB—3-3 units
History of Ideas and Evolution of Culture
Prerequisites: None. Eng 101 or equivalent skills recommended.
3 hours lecture weekly
Course sequence provides opportunity of studying history and development of human thought and culture; interdisciplinary and cross-cultural in nature, looks at development of human thought from perspectives of art, music, philosophy, literature, science, language, religion, politics, mythology, technology, and social science in several cultures. Stages of civilization's development and possible parallels and causes examined and discussed. Although the two portions of course may be taken separately, it is recommended that they be taken in sequence to provide a more valuable learning experience.
Transfer credit: UC, CSU

IS 102—3 units
Science, Technology, and Human Values
Prerequisites: None
3 hours lecture weekly
Critical study of the historical and socio/cultural relationships between science, technology, and human values. Development of these relationships is traced from the advent of science and technology to the complexities of contemporary American society.
Transfer credit: UC, CSU

IS 110—3 units
Frontiers of Thought
Prerequisites: None
3 hours lecture weekly
In-depth critical examination and evaluation of ideas found in selected writings concerned with current theories and trends in the natural and social sciences and humanities. Temper and direction of contemporary thought critically explored. Different perspectives as found in readings evaluated each semester; class may be repeated for credit to a maximum of 12 units. Field trips may be required. (2)
Transfer credit: UC, CSU

IS 189AZ—½-10 units
Topics in Interdisciplinary Studies
Prerequisites: None
Lecture and/or lab as required by unit formula
Topics in selected areas of Interdisciplinary Studies to meet specific needs of community or college as required or requested by persons whose needs are not met by regular course offerings. Field trips may be required.

IS 189BC—3 units
Roman Culture/Latin Language
Prerequisites: 189A for 189B
3 hours lecture weekly
Course presents various aspects of Roman culture and its influence upon English speaking peoples and also delves into Latin language, its grammar and syntax. Of special interest to physical and social science majors as well as those interested in the origin and development of the English language. (2)

IS 189DE—3 units
Cross-Cultural Experiences with Migrant Children
Prerequisites: IS 189C for IS 189D
3 hours lecture weekly
Analysis of migrant families in the United States with special emphasis on how their special needs are addressed in California. Course designed to acquaint students with cross-cultural experiences with migrant children. Ways of working with various age migrant children explored. Philosophies and types of available cross-cultural programs examined. Different aspects and issues considered each semester.

IS 198—½-10 units
Short Courses in Interdisciplinary Studies
Prerequisites: None
Lecture and/or lab as required by unit formula
Courses and/or workshops in selected areas of Interdisciplinary Studies to meet specific needs of college or community as requested or required. Field trips may be required. (2)

IS 199AB—½-3½-3 units
Directed Studies in Interdisciplinary Studies
Prerequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Designed for students interested in furthering their knowledge of Interdisciplinary Studies on an independent basis. Assigned problems will involve library, lab, and field work. Maximum of 6 units.
Transfer credit: UC, CSU

Industrial Mechanics

Courses within this program are no longer offered at Oxnard College. Students interested in this program should contact the counseling department at Ventura College.

Information Processing Systems

Please refer to the Business Information Systems (BIS) section. Information Processing Systems classes are listed under BIS 150-169.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Japanese

Jpn 1—3 units
Basic Japanese Conversation I
Prerequisites: None
3 hours lecture weekly
This introductory basic conversational course emphasizes the acquisition of basic skills in pronunciation, listening, speaking, reading, and writing. Students will be introduced to the culture, history, and geography of Japan. (2)

Jpn 2—3 units
Basic Japanese Conversation II
Prerequisites: Jpn 1
3 hours lecture weekly
The second semester course in basic conversational Japanese offers further development of pronunciation, listening, speaking, reading, and writing skills. Exploration of culture, customs, and history in addition to an as related to language. (2)

Jpn 101—5 units
Elementary Japanese I
Prerequisites: None
5 hours lecture weekly
This course stresses the fundamentals of pronunciation, grammar, practical vocabulary, useful phrases and the ability to understand, speak, read and write basic colloquial Japanese, including basic Hiragana, Katakana and Kanji. Fundamental language acquisition develops through continual practice and is supplemented by study of culture and customs that influence language and behavior. (2)
Transfer credit: UC, CSU

Jpn 102—5 units
Elementary Japanese II
Prerequisites: Jpn 101 with grade of C or better
5 hours lecture weekly
This course offers further emphasis on the fundamentals of pronunciation, grammar, practical vocabulary, useful phrases and the ability to understand, speak, read and write basic colloquial Japanese, including basic Hiragana, Katakana and Kanji. Fundamental language acquisition develops through continual practice and is supplemented by study of culture and customs that influence language and behavior. (2)
Transfer credit: UC, CSU

Journalism

Journ 98—½-3 units
Short Courses in Journalism
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in the various aspects of journalism. (2)
Transfer credit: CSU

Journ 100—3 units
Introduction to Mass Communications
Prerequisites: None
3 hours lecture weekly
Introductory survey course explores various modes and characteristics of mass communication media and critically appraises the nature, consumers, history, legal aspects and future of mass communications and the impact of mass media upon daily American life. (2)
Transfer credit: UC, CSU (CAN: Jour 4)

Journ 101—3 units
News Writing and Reporting
Prerequisites: Eligibility for Engl 101 suggested
2 hours lecture, 3 hours lab weekly
Beginning news writing course to provide instruction and practice in news reporting and fundamentals of newswriting, with analysis of typical news story types; concentration on lead and simple story types, organization and structure of news stories, and language and style of journalism.
Transfer credit: UC, CSU (CAN: Jour 2)

Journ 102—3 units
Intermediate News Writing and Reporting
Prerequisites: Journ 101
2 hours lecture, 3 hours lab weekly
News gathering and writing techniques in more specialized areas: the longer news story, the series, investigative reporting, editorial writing, column and review writing, and human interest writing. Students will be members of the Campus Observer newspaper reporting staff.
Transfer credit: UC, CSU

Journ 103—Beginning News Editing
Prerequisites: Journ 101 (may be taken concurrently); Engl 101
2 hours lecture, 3 hours lab weekly
Introduction to techniques of news editing in its various aspects: copyreading and editing, headline writing, photo editing and scouting, caption writing and preparation, type specification, basic page design. Heavy concentration on developing practical skills. Students gain practical experience by working in conjunction with publication of weekly campus newspaper.

Journ 104—3 units
Journalistic Layout and Design
Prerequisites: Journ 103
2 hours lecture, 3 hours lab weekly
Introduction to fundamentals of layout and design for graphic production, including principles of design, techniques of layout and paste-up, and use of offset reproduction equipment; lab work provided on college publications.
Transfer credit: UC, CSU

Journ 105/106—2-2 units
Magazine Production
Prerequisites: None
1 hour lecture, 3 hours lab weekly
Practical experience in all facets of magazine production, including letting of contracts, selection of theme and type styles, planning of copy and photography for layouts, writing of articles, editing, proofreading, and preparing copy for printing college magazine.
Transfer credit: CSU

Journ 108—3 units
Introduction to Feature Writing
Prerequisites: Journ 101, 102, 103, Engl 101
3 hours lecture weekly
Introduction to special techniques used in magazine and newspaper feature stories, including those used in research and information gathering. Students will be introduced to freelance writing skills as well as manuscript preparation and submission techniques.
Transfer credit: CSU

Journ 110ABCD—2-2-2-2 units
Observer Staff Lab
Prerequisites: Concurrent enrollment in any Journ 101, 102, 103 or 104
6 hours lab weekly
Specialized instruction in the preparation of the college newspaper.

Journ 111—3 units
Broadcast Journalism
Prerequisites: Journ 101, 102, Engl 101
3 hours lecture weekly
Preparation and writing of news and features for radio and television newscasts, with instruction and practical work, and including special techniques and devices available to the broadcast journalist. Although concentration is on broadcast newscast, study of the radio/TV "magazine" information program is also included. Field trips to local broadcast media and guest speakers when appropriate.
Transfer credit: CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Leadership

Ldr 100—2 units
Student Leadership
Prerequisites: None
1 hour lecture, 3 hours lab weekly
Practical course designed to provide ASOC officers, club officers, and interested students with methods and techniques essential in becoming effective leaders. Participants learn parliamentary procedure and become well-versed in student government issues at local, state, and national level. Practical applications in the execution of student activities and programs will also be stressed. Course may be taken for credit for four semesters.
Transfer credits: CSU

Learning Skills

LS 1—3 units
Assessment of Learning Skills
Prerequisites: Verification of disability
3 hours lecture weekly
Course designed for assessment and tutoring of learning disabled students by specially trained staff. Utilization of specialized techniques, materials, text and audio-visual equipment to teach or assess fundamental skills and to support academic instruction for students with special learning styles.

LS 1L—½ unit
Assessment Lab
Prerequisites: None
4½ hours laboratory weekly for 6 weeks
Open lab for assessment and tutoring of learning disabled students by specially trained staff. Utilization of specialized techniques, materials, text, and audio-visual equipment to teach or assess fundamental skills and to support academic instruction for students with special learning styles. May be taken a maximum of four times. (1)

LS 2—3 units
Improving Learning Potential
Prerequisites: Verification of disability
3 hours lecture weekly
Foundation course designed to improve learning efficiency through perceptual exercises, body coordination and skill development. Each student will receive individual instruction in his/her learning deficiencies such as reading, math, spelling, writing, and memory improvement. May be taken a maximum of four times.

LS 3—3 units
Study Skills for Learning Disabled Students
Prerequisites: Verification of disability
3 hour lecture weekly
Course focuses upon fundamental principles of study skills, designed for students who need a specialized approach. May be taken a maximum of four times.

LS 5—3 units
Auditory Skills
Prerequisites: Verification of disability
3 hours lecture weekly
Improves basic auditory processing of learning disabled students. Lecture, individual and small group activities focus upon improving each student's weaknesses through use of relative strength areas and coping mechanisms. Course may be taken a maximum of four times.

LS 6—2 units
Techniques in Problem Solving
Prerequisites: Verification of disability
1 hour lecture, 3 hours lab weekly
Teaches reading and language skills through sequential steps. Introduces complex analogies through reading material. Evaluates students' ability to think and contrast ideas. Provides useful information to improve critical thinking. Course may be taken a maximum of four times.

LS 7—3 units
Techniques of Problem Solving/Math
Prerequisites: Verification of disability
3 hours lecture weekly
Foundation math course designed to improve creative thinking, problem solving, language and intellectual capabilities. Course consists of use of audio-visual materials as well as individual instruction in development of critical thinking. May be taken a maximum of four times.

LS 8—3 units
Spelling Improvement for Learning Disabled Students
Prerequisites: Verification of disability
3 hours lecture weekly
Foundation course for Learning Disabled students to improve spelling efficiency. Special emphasis on developing spelling competence through individualized methods. Course may be taken a maximum of four times.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Legal Assisting

NOTE: Prerequisite for the program is Engl 101 or score of 33 on the College's English assessment test. LA 1 and English 101 can be taken concurrently.

LA 1—3 units
Legal Assisting Fundamentals
Prerequisites: None
3 hours lecture weekly
Course covers paralegalism as a career and includes relationship of attorney and paralegal in decision-making and systems procedures, introduction to law, legal terminology, bibliography, and brief history of law. (2)

LA 2A—3 units
Torts
Prerequisites: LA 1
3 hours lecture weekly
Study of legal concepts of duty, breach, causation, and damages. Course explores traditional torts such as negligence and fraud and includes newer torts such as "wrongful life." Students expected to draft "complaints" and instructed on investigative techniques. (2)

LA 2B—3 units
Contracts
Prerequisites: LA 1
3 hours lecture weekly
Study of formation, interpretation, and breach of contracts, both written and oral. Students expected to draft "complaints" for breach of contract lawsuits. Class explores investigative techniques commonly used. (2)

LA 3—3 units
Legal Research and Drafting I
Prerequisites: LA 1, LA 2A or LA 2B
3 hours lecture weekly
General introduction to basic legal research and drafting tools and their use to accomplish research requirements of a legal practice. Concentration on legal writing is aimed to improve techniques. Students will learn to write technically in legal terms. (2)

LA 5—3 units
Legal Research and Drafting II
Prerequisites: LA 3
3 hours lecture weekly
Continuation of coursework from LA 3. Students will spend time in legal library and will research and draft documents representative of those required for legal assistants. (2)

LA 7—3 units
Civil Litigation
Prerequisites: LA 1, LA 2A or LA 2B, LA 3
3 hours lecture weekly
Deals with role of paralegals in preparation and filing of civil law suits. Subject includes determination of proper form and major Code of Civil Procedure sections, court rules, as well as general principles of pleading, joinder, discovery, and adjudication through trial. (2)

LA 9—3 units
Evidence for Legal Assistants
Prerequisites: LA 1, LA 2A or LA 2B, LA 3
3 hours lecture weekly
Examines rules of civil and criminal evidence. Emphasis on theory and principles of evidence as utilized and applied to the civil discovery process. (2)

LA 10—3 units
Crimes and Criminal Procedures
Prerequisites: LA 1
3 hours lecture weekly
Basic course in substantive and procedural law covering crimes and public offenses. Major areas of criminal procedure commonly encountered in law practice covered, such as indictment and complaints, motions to dismiss, plea bargaining and trial in criminal cases. (2)

LA 11—3 units
Real Property Transactions
Prerequisites: LA 1, LA 2B, Accounting recommended
3 hours lecture weekly
Analysis of laws of real property, estates in land, landlord-tenant, leases, deeds, and contracts; identification of problems in real property transactions; recording and searching public documents. (2)

LA 15—3 units
Family Law
Prerequisites: LA 1
3 hours lecture weekly
A basic overview of community property law and an examination of the applicable forms and procedures in the area of marital dissolution including property settlements, child custody, support and temporary orders. Other areas may include adoption, co-habitation, rights of privacy, mediation as an alternate in dispute resolution, nullity and legal separation, and contested versus uncontested proceedings. (2)

LA 17—3 units
Probate
Prerequisites: LA 1
3 hours lecture weekly
Overview of basic law of wills and trusts and community property including basic probate and summary procedures. All necessary forms and procedures examined and explained from client interview to closing of the estate. (2)
LA 18—3 units
Personal Injury Litigation for the Legal Assistant
Prerequisites: LA 1, LA 2, LA 3, LA 5
3 hours lecture weekly
Course covers responsibilities and duties of legal assistants dealing with personal injury cases. Students study steps for establishing files from plaintiff's and defendant's viewpoint, special statutes of limitations, pleadings, discovery, interrogatories, and requests for admission as well as other topics pertinent to this area of law. (2)

LA 19—3 units
Workers’ Compensation Law
Prerequisites: LA 1, LA 2A
3 hours lecture weekly
Relevant statutory and case law, substantive and procedural issues including compensability, benefit structure, and tort law relationships of Workers’ Compensation. Students will learn to use technical procedures and forms through trial before the Workers’ Compensation Appeals Board. (2)

LA 20—3 units
Debtor-Creditor Relations
Prerequisites: LA 1, LA 3, LA 5
3 hours lecture weekly
An in-depth overview of laws and procedures relating to debtor rights and remedies including bankruptcy and creditor rights and remedies in debtor/creditor litigation. Subjects covered include judgments, liens, wage garnishment, collection of judgments, executions, and bankruptcy. (2)

LA 98—½-10 units
Short Courses in Legal Assisting
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized short courses to update legal assistants; content designed specifically for participants. Total short course credit is 10 units. (2)

Library Technology
Courses offered within this program have been temporarily suspended. For further information, please contact the Office of Instruction.

Mathematics

Math 9—3 units
Fundamentals of Arithmetic
Prerequisites: None. Anyone who has received a grade of C or better in Math 11 or its equivalent may not enroll in Math 9.
3 hours lecture weekly
Review of basic mathematical skills and fundamental operations as applied to integers, common and decimal fractions, and percentage; emphasis on understanding of arithmetic and mathematical processes. (2)

Math 11—5 units
Elementary Algebra
Prerequisites: Math 9 with grade of C or better or satisfactory score on the Math Placement Test suggested
5 hours lecture weekly
A first course in algebra. Operations with counting numbers, integers, rational and real numbers; linear equations; graphing, ratio, proportion, and variations; exponents and radicals. (2).

Math 14—5 units
Intermediate Algebra
Prerequisites: Math 11 with a grade of C or better or satisfactory score on the Math Placement Test suggested
5 hours lecture weekly
Second course in algebra emphasizing applications of mathematics to scientific and logical problems. Students learn to analyze and interpret problems, develop inductive and deductive logic abilities and apply these skills to solutions of verbal and quantitative problems. Topics include solutions of systems of linear equations; functions; factoring; complex numbers; solutions of equations of higher degree; exponential and logarithmic functions; sequences and series. (2)

Math 23—3 units
Geometry
Prerequisites: Math 11 with a grade of C or better or satisfactory score on the Math Placement Test suggested
3 hours lecture weekly
Selected topics in Euclidean plane and solid geometry including the properties of lines, triangles, polygons, circles, coordinate systems, distance and area, methods of proof and constructions. (2)

Math 93—1 unit
Overcoming Math Anxiety
Prerequisites: None
1 hour lecture weekly
Course intended to help overcome math anxiety and fears so that personal goals requiring math can be achieved. (2)

Math 98A-Z—½-10 units
Short Courses in Mathematics
Prerequisites: None
Lecture and/or lab as required by unit formula
Short courses covering special, specific topics in mathematics not covered in detail in other math courses. May be co-listed with Physical Science.

Math 101—3 units
Mathematics for the Liberal Arts Major
Prerequisites: Math 14 with grade of C or better or satisfactory score on the Math Placement Test suggested
3 hours lecture weekly
Course gives the Liberal Arts major a better understanding of the deductive process and the nature of mathematics. Course will explore character and origin of various mathematics subject fields. (2) (CAN Math 2)
Transfer credit: UC, CSU

Math 102—3 units
Math for Elementary Teachers
Prerequisites: Math 14 with grade of C or satisfactory score on the Math Placement Test suggested
2 hours lecture, 3 hours lab weekly
Designed for candidates for elementary teaching credential; topics include language of sets, number systems, and geometry; emphasis on explanations for elementary school students. (2)
Transfer credit: CSU

Math 103—3 units
Finite Mathematics
Prerequisites: Math 14 with grade of C or better or satisfactory score on the Math Placement Test suggested
3 hours lecture weekly
For students of business and social or behavioral sciences. Topics include sets, problems in counting and probability, linear programming, game theory, and their applications in business and social, behavioral, and life sciences. (2)
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Math 105—4 units
Introductory Statistics
Prerequisites: Math 14 with a grade of C or better or satisfactory score on the Math Placement Test suggested
4 hours lecture weekly
Descriptive and applied statistics for students of the social sciences, education, business, life sciences, and engineering. Included are discussions of measures of central tendency and variation, probability and sets, normal curves, hypothesis testing, regression and correlation, distribution, analysis of variance, and non-parametric tests. (2)
Transfer credit: UC, CSU (CAN: Stat 2)

Math 106—5 units
Mathematics for Business Applications
Prerequisites: Math 14 with a grade of C or better or satisfactory score on the Math Placement Test suggested
5 hours lecture weekly
Short course in calculus and analytic geometry for students in business, social and life sciences; topics include functions, limits, differentiation and curve sketching, related rates, maxima and minima, integration, and differential equations. Not recommended to mathematics and physical science majors. (2)
Transfer credit: UC, CSU

Math 115—3 units
College Algebra
Prerequisites: Math 14 with a grade of C or better or appropriate score on Math Placement Test suggested. Not open to students who have received credit for Math 118
3 hours lecture weekly
Topics include mathematical induction, functions and their graphs, transformations of functions, the exponential and logarithm functions, and elementary matrix operations. (2)
Transfer credit: UC, CSU

Math 116—3 units
College Trigonometry
Prerequisites: Math 14 with a grade of C or better or appropriate score on Math Placement Test suggested
3 hours lecture weekly
Topics include the trigonometric functions and their graphs, radian measure, trigonometry identities and equations, complex numbers, DeMoivre's Theorem. (2)
Transfer credit: UC, CSU

Math 118—5 units
Pre-Calculus Mathematics
Prerequisites: Math 116 or concurrent enrollment
5 hours lecture weekly
This course is designed to give the calculus-bound student a solid foundation in college algebra, analytic geometry, and analytic trigonometry. (2)
Transfer credit: UC, CSU

Math 120—5 units
Calculus with Analytic Geometry I
Prerequisites: Math 118, or Math 115 and Math 116 with a grade of C or better or satisfactory score on the Math Placement Test suggested
5 hours lecture weekly
Elements of analytic geometry and calculus with applications; includes functions and limits, the derivative, continuity techniques and applications of differentiation, and introduction to anti-derivatives. (2)
Transfer credit: UC, CSU (CAN: Math 18)

Math 121—5 units
Calculus with Analytic Geometry II
Prerequisites: Math 120 with a grade of C or better
5 hours lecture weekly
Integral calculus; definite and indefinite integrals, techniques of integration, conic sections, parametric equations, and an introduction to differential equations. (2)
Transfer credit: UC, CSU (CAN: Math 20)

Math 122—5 units
Calculus with Analytic Geometry III
Prerequisites: Math 121 with a grade of C or better
5 hours lecture weekly
Calculus of several variables and solid analytic geometry including partial derivatives, multiple integrals, infinite series, vector valued functions, line and surface integrals, Stoke's Theorem, and the Divergence Theorem. (2)
Transfer credit: UC, CSU (CAN: Math 21)

Math 125—5 units
Differential Equations with Linear Algebra
Prerequisites: Math 121 with a grade of C or better
5 hours lecture weekly
Topics will include vector spaces, linear transformations and matrices, Eigenvectors, determinants, canonical forms, ordinary differential equations and systems of equations, and La Place transformations. Transfer credit: UC, CSU

Math 134—3 units
Linear Algebra
Prerequisites: Math 120 with a grade of C or better
3 hours lecture weekly
Topics include vector spaces, linear transformations, matrix operations, determinants, and solutions of systems of linear equations; emphasis upon computational skills. (2)
Transfer credit: UC, CSU (CAN: Math 26)

Math 136—3 units
Computer Programming, BASIC
Prerequisites: Math 14 with grade of C or better or satisfactory score on the Math Placement Test suggested; concurrent enrollment in Math 136L
3 hours lecture weekly
Familiarization with interactive computer programming concepts and techniques with particular emphasis on problem solving using Dartmouth BASIC, the most commonly used language for modern home and hobby computers. Emphasis on structured programming techniques. BASIC plus and the new ANSI-standard BASIC will be covered. (2)
Transfer credit: UC, CSU

Math 136L—1 unit
Computer Programming, Supervised Practice
Prerequisites: Concurrent enrollment in Math 136
3 hours lab weekly
Supervised computer programming practice. Designed to assist students in successfully performing interaction with computers and to provide programming practice. (2)
Transfer credit: CSU

Math 137—3 units
Computer Programming, FORTRAN
Prerequisites: Math 14 with grade of C or better or satisfactory score on the Math Placement Test suggested; concurrent enrollment in Math 137L
3 hours lecture weekly
Familiarization with basic digital computer programming concepts. Designed to introduce students to the computer in problem solving using flow diagramming techniques, emphasizing the use of FORTRAN language. Includes applying FORTRAN to various disciplines as determined by individual students' needs. Emphasis on structured programming techniques. (2)
Transfer credit: UC, CSU

Math 137L—1 unit
Computer Programming, Supervised Practice
Prerequisites: Concurrent enrollment in Math 137
3 hours lab weekly
Supervised computer programming practice. Designed to assist students in successfully performing interaction with computers and to provide programming practice. (2)
Transfer credit: CSU

Math 138—3 units
Computer Programming, PASCAL
Prerequisites: Math 14 with grade of C or better or satisfactory score on the Math Placement Test suggested; concurrent enrollment in Math 138L
3 hours lecture weekly
Introduction to computer programming using the PASCAL language. Techniques for writing well-structured programs will be emphasized. (2)

Math 138L—1 unit
Computer Programming, Supervised Practice
Prerequisites: Concurrent enrollment in Math 138
3 hours lab weekly
Supervised computer programming practice. Designed to assist students in successfully performing interaction with computers and to provide programming practice. (2)
Transfer credit: CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Math 143—3 units
Applied Differential Equations
Prerequisites: Math 122 with grade of C or better
3 hours lecture weekly
Topics will include linear differential equations, systems of differential equations, higher order equations, the Laplace and power series solutions.
Transfer credits: UC, CSU (CAN: Math 24)

Math 198A-Z—½-10 units
Short Courses in Mathematics
Prerequisites: None
Lecture and/or lab as required by unit formula
Designed to meet specific needs of the college and community as required and requested by persons whose needs in this area are not met by regular course offerings.

Math 199AB—1-3/1-3 units
Directed Studies in Math
Prerequisites: Math 120
Lecture and/or lab as required by unit formula
Designed for students interested in furthering their knowledge on an independent study basis. Maximum of 6 units. (2)
Transfer credits: UC, CSU

Music

Mus 101—3 units
Fundamentals of Music
Prerequisites: None
3 hours lecture weekly
Designed for students with little or no prior understanding of music who wish to learn to read music; objective is to gain basic understanding of scales, intervals, chords, key signatures, time signatures, musical symbols, and an introduction to piano keyboard.
Transfer credits: UC, CSU

Mus 102A—4 units
Music Theory I
Prerequisites: Mus 101 or equivalent. For music majors and others with adequate musical background. Mus 102ABCD must be taken in sequence.
3 hours lecture, 3 hours lab weekly
Review of fundamentals; basic aspects of pitch and rhythm organization, intervals, keys and scales, tonality, cadences, basic melody, two-voice combinations, and decorate pitches, development of skills in analysis, music reading, aural training, and keyboard harmony.
Transfer credits: UC, CSU

Mus 102B—4 units
Music Theory II
Prerequisites: Mus 102A. For music majors and others with adequate musical background. Mus 102ABCD must be taken in sequence.
3 hours lecture, 3 hours lab weekly
Continuation of Mus 102A. Study of three-voice counterpoint, chord structure, homophonic and contrapuntal textures, harmonic progression, secondary dominants, and tonality changes; analysis of binary, ternary, and through-composed forms; continued development of ear-training and keyboard skills.
Transfer credits: UC, CSU

Mus 102C—4 units
Music Theory III
Prerequisites: Mus 102B. For music majors and others with adequate musical background. Mus 102ABCD must be taken in sequence.
3 hours lecture, 3 hours lab weekly
Continuation of Mus 102B. Study of tonal structure and form, rondo form, variation forms, the fugue, the chorale prelude, and sonata-form; seventh, ninth, diminished, Neapolitan and augmented sixth chords; continued development of ear-training and keyboard skills, formal analysis.
Transfer credits: UC, CSU

Mus 102D—4 units
Music Theory IV
Prerequisites: Mus 102C. For music majors and others of adequate musical background. Mus 102ABCD must be taken in sequence.
3 hours lecture, 3 hours lab weekly
Continuation of Mus 102C. Study of melodic, harmonic, rhythmic, and formal style characteristics in late 19th and 20th century music; analysis of works from Romantic, impressionism, expressionism, Neo-Classic, and "modern" schools of composition. Continued development of ear-training and keyboard skills.
Transfer credits: UC, CSU

Mus 103A—3 units
Music Appreciation I: Listening and Understanding
Prerequisites: None
3 hours lecture weekly
Survey of Western musical history from medieval to present; special emphasis on understanding and enjoyment in listening with an introduction to principles employed in music.
Transfer credits: UC, CSU

Mus 103B—3 units
Music Appreciation II: Masterpieces of Music Literature
Prerequisites: None. Mus 101 and/or Mus 103A recommended
3 hours lecture weekly
Survey of important composers, genres, and works from various style periods; emphasis on late Baroque, Classical, Romantic, and 20th century periods.
Transfer credits: UC, CSU

Mus 104—3 units
Music History and Literature I
Prerequisites: Mus 101 and Mus 103 or equivalent
3 hours lecture weekly
Traces style and technique of music composition from Gregorian Chant through such developments as medieval organum, secular song, and dance music of Middle Ages and Renaissance; polyphony and madrigals of the Renaissance; Baroque opera and instrumental music through 18th century contributions of Vivaldi, Handel, and Bach. Emphasis is on listening and analyzing for style characteristics and on correlation of musical developments with those in other arts of the time. Recommended for music majors and others with adequate musical background.
Transfer credits: UC, CSU

Motorcycle Technology

MT 1—3 units
Introduction to Motorcycle Technology
Prerequisites: None
3 hours lecture weekly
Introduction to service and repair of motorcycles, including two-stroke and four-stroke engines, various drive mechanisms, transmissions, clutches, fuel and ignition systems. May be repeated for a total of 6 units.

MT 98—½-10 units
Short Courses in Motorcycle Technology
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform, train, or update persons interested in various disciplines within the motorcycle technology industry. Length of course determines unit credit.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Mus 105—3 units
Music History and Literature II
Prerequisites: Mus 101 and 103 or equivalent, Mus 104 recommended
3 hours lecture weekly
Continuation of Music 104. Study of changing styles, techniques, and forms of music from middle of 18th century to present. Recommended for music majors and others with adequate musical background.
Transfer credit: UC, CSU

Mus 106—2 units
College Choir
Prerequisites: None
6 hours lab weekly
Learning and performing of choral music for all interested men and women; choir participates in musical events on campus and in the community. Three additional hours of rehearsal and performance are required. Course may be taken a maximum of four times. (2)
Transfer credit: UC, CSU

Mus 107ABCD—2.2-2.2-2 units
Class Piano I, II, III, IV
Prerequisites: None for Mus 107A; Mus 107A for 107B; Mus 107B for 107C; Mus 107C for 107D
1 hour lecture, 3 hours lab weekly
Courses start with fundamentals of piano playing and continue through accompaniments, studies in piano literature, to reading choral scores, improvisation, and harmonization of melodies. (2)
Transfer credit: UC, CSU

Mus 108—1 unit
Applied Music Study—Keyboard
Prerequisites: Mus 107 or equivalent, concurrent enrollment in a music activity course, Mus 102ABCD or concurrent enrollment recommended.
1 private lesson and 1 hour lecture weekly; daily practice required.
Private instruction and individual practice. Qualifying or final examinations by music staff. May be taken a maximum of four times. (2)
Transfer credit: UC, CSU

Mus 110A—2 units
Class Voice I: Fundamentals of Vocal Techniques
Prerequisites: None; concurrent enrollment in Mus 106 recommended.
1 ½ hours lecture, 1 ½ hours lab weekly; daily practice required.
Designed to begin development of vocal potential, to lay a foundation for proper vocal production, and to correct faulty singing. Material consists of song literature sung in English and vocal exercises. Basically for non-music majors or persons with little singing experience. (2)
Transfer credit: UC, CSU

Mus 110B—2 units
Class Voice II: Vocal Development and the Art of Song
Prerequisites: Mus 110A or equivalent; concurrent enrollment in Mus 106 recommended.
1 ½ hours lecture, 1 ½ hours lab weekly; daily practice required.
Continuation in development of proper vocal production; English, Italian, French, and German art songs studied. Recommended that singers with adequate vocal technique begin with 110B. (2)
Transfer credit: UC, CSU

Mus 110C—2 units
Class Voice III: Vocal Development and the Aria
Prerequisites: Mus 110B or equivalent; concurrent enrollment in Mus 106 recommended.
1 ½ hours lecture, 1 ½ hours lab weekly; daily practice required.
Continuation of vocal development through study of more challenging literature such as arias of Bach, Handel, Mendelssohn, Mozart, and Rossini; songs by contemporary American composers may also be studied. (2)
Transfer credit: UC, CSU

Mus 110D—2 units
Class Voice IV: Voice in Musical Theatre Workshop
Prerequisites: Mus 110C or equivalent; concurrent enrollment in Mus 106 recommended.
1 ½ hours lecture, 1 ½ hours lab weekly; daily practice required.
Study of song literature from opera and musical theatre; studying and performing operas and musical plays in excerpt or as complete productions. Designed for singers with proven ability and interest in drama. (2)
Transfer credit: UC, CSU

Mus 111—1 unit
Applied Music Study—Voice
Prerequisites: Mus 110BC or equivalent and concurrent enrollment in one music activity course, Mus 102ABCD or concurrent enrollment recommended.
1 private lesson and 1 hour lecture weekly; daily practice required.
Private instruction and individual practice. Qualifying or final examinations by music staff. May be taken a maximum of four times. (2)
Transfer credit: UC, CSU

Mus 112—1 unit
Applied Music Study—Instruments
Prerequisites: Minimum ability (intermediate level) on an instrument and concurrent enrollment in one music activity course, Mus 102ABCD or concurrent enrollment recommended.
1 private lesson and 1 hour lecture weekly; daily practice required.
Private instruction and individual practice. Qualifying or final examinations by music staff. May be taken a maximum of four times. (2)
Transfer credit: UC, CSU

Mus 114—1 unit
Concert Band
Prerequisites: Competency with a musical instrument appropriate to a concert band
3 hours lab weekly
Rehearsal and performance of representative band literature; public performances may be given on campus and in the community. Course may be repeated for credit up to four semesters. (2)
Transfer credit: UC, CSU

Mus 116—3 units
History of Rock Music
Prerequisites: None
3 hours lecture weekly
Musical and cultural survey of original form of American music. Musical trends followed from influential traditions of early blues and jazz to most recent developments. Topics for consideration include Early Rock, the "British Invasion," and the Jazz-Rock Fusion. (2)
Transfer credit: UC, CSU

Mus 117—1 unit
Stage Band
Prerequisites: Competency with a musical instrument appropriate to a stage band
3 hours lab weekly
Practical experience in performing music in popular and jazz styles arranged for stage band. Public performances on campus and in community. Course may be repeated for credit up to four semesters. (2)
Transfer credit: UC, CSU

Mus 118ABCD—1-1-1 units
Introduction to Guitar
Prerequisites: None
3 hours lab weekly
Fundamentals of guitar and related musicianship; basic techniques and repertoire unique to the folk guitar; choral accompaniment to folk singing will be emphasized. Students furnish own instrument. (2)
Transfer credit: UC, CSU

Mus 119—3 units
History of Jazz
Prerequisites: None
3 hours lecture weekly
Examination of musical elements as they apply to jazz; historical survey of major jazz styles from origins to most recent trends. (2)
Transfer credit: UC, CSU

Mus 120—1 unit
Performance of Gospel Music
Prerequisites: None
3 hours lab weekly
Study and performance of solo and choral literature from the Black gospel music tradition, open to interested men and women of all backgrounds. Public performances may be given. Course may be repeated for credit four times. (2)
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Mus 121—1 unit
Vocal Ensemble
Prequisites: Demonstrated ability in performing area
3 hours rehearsal weekly
Development of vocal chamber groups to study literature written for ensemble groups; to
perfect and perform these compositions.
Course may be repeated for credit up to four
semesters. (2)
Transfer credit: UC, CSU

Mus 124—3 units
Choral Conducting
Prequisites: Ability to read music score
3 hours lecture weekly
Basic conducting skills and rehearsal procedure.
Exploration of choral literature suitable for
school, church, and civic choirs—style, performance, and interpretation. (2)
Transfer credit: UC, CSU

Mus 125—2 units
Musical Theatre Rehearsal and
Performance
Prequisites: Audition required
1 hour lecture, 3 hours lab weekly
Rehearsal and performance of college-sponsored musical theatre productions; experi-
ence in one or more aspects of a production:
leading roles, chorus, dancing, dramatic tech-
niques of musicals, backstage and technical
work. May be taken a maximum of two times.
(2)
Transfer credit: UC, CSU

Mus 189A—3 units
Black Experience in the Fine Arts
Prequisites: None
3 hours lecture weekly
Designed for students wishing to increase their
knowledge and understanding of music, art,
poetry, dance, and theatre as they relate to con-
temporary Black society. (2)
Transfer credit: UC, CSU

Mus 198—1½-10 units
Short Courses in Music
Prequisites: None
Lecture and/or lab as required by unit formula
Short courses in selected areas of music to meet
specific needs of college or community as
required or requested by persons whose needs
are not met by regular course offerings. Topics
might include but are not limited to musical
theatre, opera workshop, accompanying, piano
teaching, conducting, church music, instru-
mental or choral techniques, master classes, dic-
tion, music education. (2)
Transfer credit: UC, CSU

Mus 199AB—1-3/1-3 units
Directed Studies in Music
Prequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Designed for students interested in furthering
their knowledge of music on an independent
study basis; assigned problems will involve
library, lab, and field work. Maximum of 6
units.
Transfer credit: UC, CSU

NOTE: The courses listed below have been
temporarily suspended. For further informa-
tion, please contact the Office of Instruction.
Mus 122 Woodwinds, Brass, or Percus-
sion Ensemble
Mus 123 Strings and/or Keyboard
Ensemble

Personal Growth

The Personal Growth course offerings provide
an assortment of courses which enable people
to better understand themselves, the institution,
and the work world, with a professional
counselor as instructor, advisor, and/or
facilitator.

PG 1ABC—1½-1-1½ units
All About Oxnard College
Prequisites: None
Lecture hours as required by unit formula
Everything you want to know about academic
information, study skills, college activities, clubs,
financial aid, library skills, tutoring, vocational
programs, transfer programs, and basic college
survival hints. (1)

PG 2—3 units
Job Development
Prequisites: None
3 hours lecture weekly
Specialized workshops designed to upgrade stu-
dent abilities in the area of job-seeking tech-
niques, resume preparation, and interviewing
methods; practical experiences in resume
writing as well as personal interviewing prac-
tice. (1)

PG 3—1½ units
Academic Assessment
Prequisites: None
1½ hours lecture weekly
To assist students in assessing their past,
present, and future academic objectives; by
reviewing their past academic performance,
students will be able to determine whether their
present academic objectives are realistic. (2)

PG 4—3 units
Peer Advisor Training
Prequisites: None
3 hours lecture weekly
Familiarizes students with philosophy, goals,
program, course offerings and services of com-
community colleges, and techniques and skills
designed to develop and improve students' abil-
ity to relate to and help fellow students.
Successful participation in this course is recom-
manded for campus peer advisor positions. (1)

PG 5—1½ units
Career Search
Prequisites: None
3 hours lecture weekly for 9 weeks
Students will explore values, aptitudes, inter-
ests, and temperaments. Information available
on various occupations. Procedures for
decision-making examined and practiced. Test
interpretation and personal counseling used to
assist students in examining vocational options.
(1)

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
PG 6ABC—1/2-3/4-1/2 unit
Vocational Assessment
Prerequisites: None
3 hours by arrangement
Assists students in career preparation, selection, and attainment. Individualized vocational
testing/counseling structured to provide maximum input on vocational selection. (1)

PG 98A-Z—1/4-10 units
Short Courses in Personal Growth
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in the various areas within
Personal Growth. (1)

PG 101A—3 units
Career Development and Life Planning I
Prerequisites: None
3 hours lecture weekly
Assists students systematically to examine components of career choice; focuses on career
awareness, personal awareness, and educational awareness as they relate to the process of career
choice. Planning skills and self-assessment instruments will help identify tentative career
possibilities. (2)
Transfer credit: CSU

PG 101B—3 units
Career Development and Life Planning II
Prerequisites: PG 101A
3 hours lecture weekly
Provides in-depth methods of self-assessment and increases personal knowledge and awareness
for developing effective career decision-making strategies. (2)
Transfer credit: CSU

PG 102—3 units
College Success
Prerequisites: None
3 hours lecture weekly
This course provides students with an opportunity to learn and adopt techniques that promote
success in school and in life. Students will learn reading, memory, time management, communication, decision making, and other
techniques.

Petroleum Technology

PetTech 1—3 units
Oil Well Drilling
Prerequisites: None
3 hours lecture weekly
An overall view of the business of drilling for oil and gas. Function of each component of the
rotary drilling rig: installation, operation, and maintenance of drilling equipment; exploration
and basic geology.

PetTech 2—3 units
Oilfield Production Practices
Prerequisites: PetTech 1 or equivalent
3 hours lecture weekly
A survey of oilfield production methods; artificial lifts; pollution problems; casing, wellhead,
mudline, and tooling systems; safety practices.

PetTech 3—3 units
Elementary Oilfield Chemistry
Prerequisites: PetTech 1 or equivalent
3 hours lecture weekly
Basic chemistry as applied to oilfield produc-
tion; corrosion problems, seal prevention, and water quality control.

PetTech 4—3 units
Oil Production Equipment and Procedures, Petroleum Engineering Technology
Prerequisites: PetTech 1 or equivalent
3 hours lecture weekly
A survey of oilfield equipment, installation, maintenance, and function in the production of oil;
basic fundamentals and functions involved in secondary recovery.

PetTech 98—110 units
Short Courses in Petroleum Technology
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized workshops designed to update Petroleum Technology personnel as required for
in-service training requirements in specific subject matter areas. Unit credit determined by
length of instruction as defined by current credit standards; total workshop credit limited to
10 units.

Philosophy

Phil 101—3 units
Introduction to Philosophy
Prerequisites: None
3 hours lecture weekly
Course attempts to clarify nature of the philosophic enterprise and place of philosophy in
intelligent living. At least two of the following areas are surveyed: metaphysics (study of
reality), epistemology (nature of knowledge), political philosophy, aesthetics, philosophy of
science, and philosophy of religion. An effort is made to relate the thoughts of the
philosopher directly to experiences and vital concerns of beginning students.
Transfer credit: UC, CSU (CAN: Phil 1)

Phil 102—3 units
Introduction to Ethics
Prerequisites: None
3 hours lecture weekly
Introduction to the nature and main types of ethical theory developed in the West; problems
involved in the continuing quest for a more nearly adequate ethical theory for contempo-
rary man together with suggestions for progress toward this goal.
Transfer credit: UC, CSU (CAN: Phil 4)

Phil 103—3 units
Survey of World Religions: East
Prerequisites: None
3 hours lecture weekly
Origin and historical development of major ideas of the world’s Eastern religious traditions,
including Hinduism, Buddhism, Taoism, Confucianism, and Zen.
Transfer credit: UC, CSU

Phil 104—3 units
Survey of World Religions: West
Prerequisites: None
3 hours lecture weekly
Origin and historical development of major ideas of the world’s Western religious traditions
including Judaism, Christianity, and Islam.
Transfer credit: UC, CSU

Phil 105—3 units
The Great Philosophers I
Prerequisites: None
3 hours lecture weekly
Introduction to philosophy from an historical perspective; considers ideas which have had a
dominant impact on Western Civilization, their logical development, and their influence on
contemporary society. Begins with the birth of science and philosophy in ancient Greece and
continues to the development of Christian philosophy through the Middle Ages. Special
emphasis given to Socrates, Plato, and Aristotle.
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student’s option.
Phil 106—3 units  
The Great Philosophers II  
Prerequisites: None  
3 hours lecture weekly  
Introduction to philosophy from an historical perspective; considers the ideas which have had a dominant impact on Western civilization, their logical development, and their influence on contemporary society. Begins with the birth of the modern mind and rise of science in the Renaissance and continues to the present day. Special emphasis given to the schools of rationalism, empiricism, critical philosophy, and existentialism.  
Transfer credit: UC, CSU

Phil 107—3 units  
Logic  
Prerequisites: None  
3 hours lecture weekly  
Logic is the science and the art of correct thinking. Logic answers the question: "What causes correct thinking?" Course considers ideas, definitions, propositions, forms of reasoning, and fallacies.  
Transfer credit: UC, CSU (CAN: Phil 6)

Phil 108—3 units  
Mythology  
Prerequisites: None  
3 hours lecture weekly  
Survey and comparative study of global myths concerning origin of world, nature of universe and humankind, processes of change and transformation, and connections between spiritual and mundane worlds; also examines philosophical and social functions of myths and symbols.  
Transfer credit: UC, CSU

Phil 109—3 units  
Modern Religious Movements in America  
Prerequisites: None  
3 hour lecture weekly  
Survey of modern and often highly unusual religious movements in America, including variants of Christianity and non-Christian religions—Zen and Tibetan movements, Vedanta, Transcendental Meditation, Krishna Consciousness, spiritualism, and Satanism—as well as a discussion of the history of religious movements and causes underlying current religious variations.  
Transfer credit: UC, CSU

Phil 110—3 units  
Philosophy of Religions  
Prerequisites: None  
3 hours lecture weekly  
The philosophy of religion investigates empirical, logical, and rational basis for proving existence of God, and understanding nature of God, God's relation to natural reality, and the impact of this philosophical study upon religions.  
Transfer credit: UC, CSU

Phil 111—3 units  
Critical Thinking and Analytic Writing  
Prerequisites: Engl 101  
3 hours lecture weekly  
Survey of and practice in reasoning, including analysis, critical reasoning and synthesis, induction and deduction, and identification of assumptions and perspectives. Emphasis on both oral and written analysis and argumentation of issues involving fact, belief and value, and on common fallacies of thought, logic and language. Students will learn the basics of analytic writing and the relation of writing to critical thinking. Not available for credit for students with credit in Phil 121. (2)  
Transfer credit: UC, CSU

Phil 112—3 units  
Symbolic Logic and Set Theory  
Prerequisites: Phil 107 or Math 11 or equivalents  
3 hours lecture weekly  
Introduction to symbolic logic and set theory; includes investigation of truth and validity, formal proof and symbolizing relations, truth sets, truth tables and boolean algebras, and a description of axiomatic systems.  
Transfer credit: UC, CSU

Phil 114—3 units  
Social Philosophy  
Prerequisites: None  
3 hours lecture weekly  
Social philosophy studies man in society from the standpoint of metaphysical and ethical principles and presuppositions of human nature. Course highlights major historical and contemporary perspectives in the history of philosophy and takes one prominent social philosopher for detailed study. Questions concerning legal and social relationships, purpose in social order, and ethical values in human institutions explored. (Co-numbered with Soc 114.)  
Transfer credit: UC, CSU

Phil 121—3 units  
Thinking Critically  
Prerequisites: None  
3 hours lecture weekly  
Survey for non-majors of and practice in reasoning, analysis and synthesis, induction and deduction, recognizing assumptions and perspectives. Emphasis on oral and written argumentation, involving fact, belief and value, and discussion of common fallacies of thought, reason and language. Students will learn the basics of analytic writing and the relation of writing to critical thinking. Not available for credit for students with credit in Phil 111. (2)  
Transfer credit: UC, CSU

Phil 189A-Z—1/2-3 units  
Topics in Philosophy  
Prerequisites: None  
Lecture hours as required by unit formula  
Topics in selected areas of Philosophy to meet specific needs of community or college as required or requested by persons whose needs are not met by regular course offerings.

Phil 199AB—1/3/1-3 units  
Directed Studies in Philosophy  
Prerequisites: A course in the specific field  
Lecture and/or lab as required by unit formula  
Designed for students interested in furthering their knowledge of philosophy on an independent study basis; assignments will include library research, written work, and discussion with instructor. Maximum of 6 units.
Physical Education

Graduation Requirements for the Associate in Arts and Associate in Science Degrees

Physical Education is not a requirement for enrollment in the college. However, students who wish to earn an Associate in Arts degree must successfully complete a minimum of one Health Science course and one Physical Education activity course, without exemption.

Summer school Physical Education classes may count toward fulfilling requirements for Associate in Arts degree.

Repetition for Credit—Classes that can be repeated one time will be designated with (R). An activity category may be taken for a maximum of four semesters in sequence. Students are encouraged to enroll in a variety of activities which have carry-over value. (R-3) indicates classes that can be repeated three times for a total of four times taken.

Uniform Requirements—The uniform or costume appropriate for the course is required of all students.

PE 98 A-Z—½-10 units
Short Courses in Physical Education
Prerequisites: None
Lecture and/or lab as required by unit formula
Short courses or activities designed to inform and/or train interested persons in various disciplines within the scope of Physical Education. Unit credit/hours determined by course format. (2)
Transfer credit: UC, CSU

AQUATICS ACTIVITIES

PE 100—1½ units (R-3)
Swimming for the Non-Swimmer
Prerequisites: None
1 hour lecture, 2 hours lab weekly
Course designed for the non-swimming individual with an anxiety toward water as determined by pre-swimming test. Introduction, instruction, and practice of the basic, fundamental elements of swimming skills and safety practices. (2)
Transfer credit: UC, CSU

PE 101—1½ units (R-3)
Swimming for Fitness
Prerequisites: Basic swimming ability, 101A for 101B, 101B for 101C
1 hour lecture, 2 hours activity weekly
Course is designed to improve swimming techniques; emphasis on endurance training for improved cardiovascular fitness and weight control. Attention also given to survival techniques and emergency procedures. (2)
Transfer credit: UC, CSU

PE 102A—1½ units (R)
Beginning Swimming
Prerequisites: Pre-swimming test
1 hour lecture, 2 hours lab weekly
Swimming, diving, and water safety. Ability to pass American Red Cross Advanced Beginner Swimmer course will be a major aim. (2)
Transfer credit: UC, CSU

PE 102B—1½ units (R)
Intermediate Swimming
Prerequisites: PE 102A or equivalent
1 hour lecture, 2 hours lab weekly
Swimming, diving, and water safety. Ability to pass the American Red Cross Intermediate Swimmer course will be a major aim. (2)
Transfer credit: UC, CSU

PE 103—1½ units
Senior (Advanced) Life Saving
Prerequisites: Ability to pass the qualification test
1 hour lecture, 2 hours lab weekly
Instruction and practice in American Red Cross Advanced Life Saving and Water Safety. Emphasis on personal safety, safety and self-rescue in the use of small craft, elementary forms of rescue, swimming rescue, artificial respiration. American Red Cross may include certification in Advanced Life Saving.
Transfer credit: UC, CSU

PE 104—3 units
Water Safety Instructor
Prerequisites: Current American Red Cross Advanced Lifesaving Certificate
2 hours lecture, 3 hours lab weekly
Theory and practical techniques needed to teach water safety techniques and procedures to all ages and abilities. May include certification as American Red Cross Water Safety Instructor with authorization to teach and certify swimming and life-saving classes, or American Red Cross Basic and Swimming Instructor with authorization to teach elementary swimming classes.
Transfer credit: UC, CSU

PE 105—1½ units (R-3)
Rehabilitative Aquatic Exercise
Prerequisites: None
1 hour lecture, 2 hours lab weekly
Course designed to provide a water environment in which to conduct "weightless" exercise routines for those students with physical problems restricting exercise in weight-supported setting. (2)
Transfer credit: UC, CSU

DANCE

PE 114—3 units
Creative Movement Activities for Children
Prerequisites: None
2 hours lecture, 3 hours activity weekly
Presentation of methods and materials which parents and teachers of pre-school and early elementary-aged children can utilize in encouraging and directing creative movement experiences in the school, home, or various organizations. (2)
Transfer credit: CSU

PE 115—1½ units (R)
Rhythmic Dance for Athletes
Prerequisites: Recommended for students with advanced physical skills and/or participation in a varsity sport
1 hour lecture, 2 hours lab weekly
Analysis and use of rhythmic dance to enhance the physical and athletic capabilities of participants. Emphasis on flexibility, coordination, balance, rhythm, speed, agility and expressive movement. Incorporation of these factors in personal fitness and athletic performance. (2)
Transfer credit: UC, CSU

PE 116A—1½ units (R)
Beginning Modern Dance
Prerequisites: None
1 hour lecture, 2 hours activity weekly
Development of proficiency in modern dance techniques, skills, and development of understanding and appreciation of modern dance as an art form. (2)
Transfer credit: UC, CSU

PE 116B—2 units (R)
Intermediate Modern Dance
Prerequisites: PE 116A or equivalent
1 hour lecture, 3 hours activity weekly
Continuing study of modern dance techniques with emphasis upon combination of basic skills. Study of the dance phrase integrating elements of rhythm, design, dynamics, and motivation change. (2)
Transfer credit: UC, CSU

PE 118A—1½ units (R)
Beginning Ballet
Prerequisites: None
1 hour lecture, 2 hours activity weekly
Introduction to basic ballet techniques, including exercise at the barre to develop flexibility, strength, control, and resilience and center practice of simple Port des Bras, Adage, and Allegro combinations. (2)
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
PE 118B—2 units (R)  
Intermediate Ballet  
Prerequisites: PE 118A or equivalent.  
1 hour lecture, 3 hours activity weekly  
Continued study of ballet techniques with emphasis on more advanced skills necessary for center combinations and student performances. (2)  
Transfer credit: UC, CSU

PE 119A—1½ units (R)  
Beginning Modern Jazz  
Prerequisites: None  
1 hour lecture, 2 hours activity weekly  
Development of proficiency in jazz technique and skills and development of an understanding and appreciation of jazz as a dance form. (2)  
Transfer credit: UC, CSU

PE 119B—2 units (R)  
Intermediate Modern Jazz  
Prerequisites: PE 119A or equivalent.  
1 hour lecture, 3 hours activity weekly  
Continuing study of Modern Jazz dance with technique emphasis upon combination of basic skills. Study of integrating elements of jazz dance, combining techniques, rhythm, design, and level change in dance form. (2)  
Transfer credit: UC, CSU

PE 124—1½ units (R)  
Mexican Dance  
Prerequisites: None  
1 hour lecture, 2 hours activity weekly  
Development of basic Mexican dance skills, understanding and appreciation. (2)  
Transfer credit: UC, CSU

INDIVIDUAL AND DUAL ACTIVITIES

PE 136—1½ units (R-3)  
Golf Green Approach and Putting  
Prerequisites: None  
1 hour lecture, 2 hours activity weekly  
Course designed to teach beginners mechanics of the short drive, chip shot, and putt. Also for persons already golfing to improve golf approaches and trap techniques and putting. (2)  
Transfer credit: UC, CSU

PE 139—1½ units (R-3)  
Bowling  
Prerequisites: None  
1 hour lecture, 2 hours activity weekly  
Development of skill in bowling, including rules, etiquette, safety features, and techniques; class is conducted off-campus. (2)  
Transfer credit: UC, CSU

PE 140A—1½ units (R)  
Golf  
Prerequisites: None  
1 hour lecture, 2 hours activity weekly  
Development of skill in playing golf, including etiquette, rules, and techniques. (2)  
Transfer credit: UC, CSU

PE 140B—2 units (R)  
Intermediate Golf  
Prerequisites: PE 140A for 140B; 140B for 140C  
1 hour lecture, 3 hours activity weekly  
Advanced techniques and skills development with special emphasis on links play. Students are assigned play on local courses at their own expense. (2)  
Transfer credit: UC, CSU

PE 141A—1½ units (R)  
Tennis  
Prerequisites: None  
1 hour lecture, 2 hours activity weekly  
Development of skill in playing tennis, including beginning skills, etiquette, rules, and techniques of play. (2)  
Transfer credit: UC, CSU

PE 141B—2 units (R)  
Intermediate Tennis  
Prerequisites: PE 141A or equivalent  
1 hour lecture, 3 hours activity weekly  
Development of higher proficiency and performance of tennis skills with special emphasis on game strategy and techniques. (2)  
Transfer credit: UC, CSU

PE 143—1½ units (R-3)  
Running for Fitness and Conditioning  
Prerequisites: None  
1 hour lecture, 2 hours activity weekly  
Exercise program of relaxed walking and running to improve fitness level of nearly everyone at any age level. (2)  
Transfer credit: UC, CSU

PE 143B—1½ units (R)  
Intermediate Running for Fitness and Conditioning  
Prerequisites: PE 143A or equivalent  
1 hour lecture, 2 hours activity weekly  
Exercise and running program to improve fitness level of nearly everyone at any age level. (2)  
Transfer credit: UC, CSU

PE 146A—2 units (R)  
Walking to Restore Fitness  
Prerequisites: None  
1½ hours lecture, 2 hours lab weekly  
A course designed to provide exercise and fitness training for the sedentary student population. Emphasis on cardiovascular conditioning and muscle tone. Individualized: meets most rehabilitation needs. Designed to prepare students for more strenuous physical activities. This course also includes three physical fitness evaluations in the college’s Human Performance Lab to insure a more knowledgeable starting point and continuing evaluation. (2)  
Transfer credit: UC, CSU

PE 146B—2 units (R)  
Intermediate Walking to Restore Fitness  
Prerequisites: PE 146A  
1½ hours lecture, 2 hours lab weekly  
A course designed to provide exercise and fitness training for the sedentary student population. Emphasis will be to further improve cardiovascular conditioning and muscle tone. Individualized: meets most rehabilitation needs. Designed to prepare and start students in more strenuous physical activities such as power walking and beginnings of jogging. This course also includes three physical fitness evaluations in the college’s Human Performance Lab to ensure a more knowledgeable starting point and continuing evaluation. (2)

PE 147—1½ units (R-3)  
Mechanics of Isotonic Exercise  
Prerequisites: None  
1 hour lecture, 2 hours activity weekly  
Studies mechanics of isotonics with examination of movement, endurance, flexibility, and strength exercises. May include, but not limited to, analysis of proper nutrition, stress reduction, cardiovascular efficiency, high blood pressure, and optimum body weight. Useful for persons currently employed or contemplating entering vigorous or stress-producing occupations. Appropriate physical activities to test concepts presented. (2)  
Transfer credit: UC, CSU

PE 148—1½ units (R-3)  
Conditioning for Women  
Prerequisites: None  
1 hour lecture, 2 hours activity weekly  
Designed to improve general condition, feeling, and appearance of the body. Includes weight lifting, vigorous exercise, and understanding of effects of different types of exercise. Students will learn to establish own personal exercise and weight control program. (2)  
Transfer credit: CSU

PE 150—1½ units (R-3)  
Weight Training and Body Conditioning  
Prerequisites: None  
1 hour lecture, 2 hours activity weekly  
Basic techniques, skills and principles of fitness and development and maintenance of a high level of efficiency. (2)  
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
ADAPTIVES

PE 153—1½ units (R-unlimited)
Wheelchair Sports
Prerequisites: Physical disability requiring the use of a wheelchair
1 hour lecture, 2 hours activity weekly
Involves physically disabled in a variety of wheelchair sports and individualized conditioning programs. (2)
Transfer credit: UC, CSU

PE 154—1½ units (R-unlimited)
Adaptive Physical Education
Prerequisites: None
1 hour lecture, 2 hours activity weekly
Special course designed to meet needs of students unable to participate in regular physical activity classes. Students will be classified by the college physician as to the type of physical activity in which they may participate. Each student is given individual attention in terms of adapted and recreational activities suited to needs. May be repeated for credit. (2)
Transfer credit: UC, CSU

TEAM ACTIVITIES

PE 155A—1½ units (R) 
Beginning Basketball
Prerequisites: None
1 hour lecture, 2 hours activity weekly
Development of basic skills in playing basketball, including rules and techniques. (2)
Transfer credit: UC, CSU

PE 155B—1½ units (R) 
Intermediate Basketball
Prerequisites: PE 155A or equivalent
1 hour lecture, 2 hours activity weekly
For those students who want to become proficient in basketball. Previous experience in basketball is not necessary. A continuing development of a high degree of skill is emphasized. (2)
Transfer credit: UC, CSU

PE 156A—1½ units (R) 
Beginning Baseball
Prerequisites: None
1 hour lecture, 2 hours activity weekly
Development of basic skills for playing baseball, including rules and techniques. (2)
Transfer credit: UC, CSU

PE 156B—2 units (R) 
Intermediate Baseball
Prerequisites: None
1 hour lecture, 3 hours activity weekly
Development of higher proficiency and performance of baseball skills with special emphasis on game strategy and techniques. (2)
Transfer credit: UC, CSU

PE 159A—1½ units (R) 
Beginning Soccer
Prerequisites: None
1 hour lecture, 2 hours activity weekly
Development of skills in playing soccer, including rules, techniques, and strategy. (2)
Transfer credit: UC, CSU

PE 159B—1½ units (R) 
Intermediate Soccer
Prerequisites: PE 159A or equivalent
1 hour lecture, 2 hours activity weekly
Advanced techniques and skills in the game of soccer. (2)
Transfer credit: UC, CSU

PE 160—1½ units (R-3) 
Co-Ed Softball
Prerequisites: PE 160A for 160B
1 hour lecture, 2 hours activity weekly
Co-educational instruction and participation in basic skills and strategy of slow pitch softball. (2)
Transfer credit: UC, CSU

PE 161A—1½ units (R) 
Beginning Volleyball
Prerequisites: None
1 hour lecture, 2 hours activity weekly
Development of basic skills in playing volleyball including rules, techniques of playing power volleyball. (2)
Transfer credit: UC, CSU

PE 161B—1½ units (R) 
Intermediate Volleyball
Prerequisites: Playing ability in volleyball
1 hour lecture, 2 hours activity weekly
Advanced techniques and strategies in playing power volleyball at the six, four, and two person levels; continuing development of high skills emphasized. (2)
Transfer credit: UC, CSU

PE 163—1½ units (R-3) 
Track and Field
Prerequisites: None
1 hour lecture, 2 hours activity weekly
Advanced technique and strategies in track and field; continuing development of high degree of skill is emphasized in preparation for a competitive season. Special attention to research of skills needed for proficiency in the sport. (2)
Transfer credit: UC, CSU

VARSITY ACTIVITIES

PE 166—3 units (R-3)
Varsity Cross-Country (Men)

PE 167—3 units (R-3)
Varsity Cross-Country (Women)

PE 168—3 units (R-3)
Varsity Volleyball

PE 169—3 units (R-3)
Varsity Soccer

PE 170—3 units (R-3)
Varsity Basketball (Men)

PE 171—3 units (R-3)
Varsity Basketball (Women)

PE 172—3 units (R-3)
Varsity Baseball

PE 173—3 units (R-3)
Varsity Tennis

PE 174—3 units (R-3)
Varsity Track (Men)

PE 175—3 units (R-3)
Varsity Track (Women)

PE 176—3 units (R-3)
Varsity Golf
Prerequisites: Meet the requirement for athletic eligibility in the Western State Conference
1 hour lecture, 9 hours activity weekly
Varsity sports are highly competitive and require an advanced degree of skill. Students engaged in varsity sports should expect to compete against other institutions, travel, and put in additional hours beyond the normal activity load. Varsity sports meet the PE activity requirement. (2)
Transfer credit: UC, CSU

PROFESSIONAL COURSES

PE 183AB—2½-2½ units
Men’s Sports Officiating
Prerequisites: None
2 hours lecture, 1 hour activity weekly
Instruction and lab experience in sports officiating. Proficiency ratings required to successfully complete the course. PE 183A during the fall semester—football, basketball, soccer, wrestling, PE 183B during the spring semester—track, baseball, rugby, volleyball.
Transfer credit: UC, CSU

PE 184AB—2½-2½ units
Women’s Sports Officiating
Prerequisites: None
2 hours lecture, 1 hour activity weekly
Instruction and lab experience in sports officiating. Officiating of individual sports featured in 184A, team sports in 184B.
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student’s option.
PE 185A—2 units (R)
Basketball Theory
Prerequisites: Advanced basketball ability
1 hour lecture, 3 hours activity weekly
Development of advanced skills in basketball and theory behind different styles of play; includes study films, drills, rules, and technique of coaching. (2)
Transfer credit: UC, CSU

PE 185C—2 units (R)
Baseball Theory
Prerequisites: Advanced baseball ability
1 hour lecture, 3 hours activity weekly
Development of advanced skills in baseball and theory behind methods and styles of play. Class members will participate in lab assignments and will have weekly lectures including films and guest lecturers to facilitate instruction. (2)
Transfer credit: UC, CSU

PE 185D—2 units (R)
Soccer Theory
Prerequisites: Advanced soccer ability
2 hours lecture weekly
Development of advanced skills and principles of soccer; includes laws of the game, modern methods of coaching soccer, and understanding of the principles at play as they relate to attack, midfield, and defense. (2)
Transfer credit: CSU

PE 188AB—2-2 units
Techniques in Fitness Assessment
Prerequisites: None
1 hour lecture, 3 hours lab weekly
Course consists of a systematic approach to fitness screening. Techniques in measuring body composition, cardiovascular endurance, muscular strength and flexibility will be presented. Appropriate practical experience in actual fitness screening is included. Course primarily designed for Fitness Management Specialists or those working in the industry. (2)
Transfer credit: UC, CSU

PE 189A-Z—½-10 units
Topics in Physical Education
Prerequisites: None
Lecture and/or lab as required by unit formula
In-depth exploration of specialized topics in Physical Education and personal fitness which are not covered fully in general physical education offerings.
Transfer credit: UC, CSU

PE 199A-B—1-3/1-3 units
Directed Studies in Physical Education
Prerequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Designed for selected students interested in furthering their knowledge of physical education on an independent study basis; assigned problems will involve library, lab, and field work. Maximum of 6 units.
Transfer credit: UC, CSU

PE 181ABC Men's Professional Activities
PE 182ABCDWomen's Professional Activities
PE 185B Football Theory

Physical Science

PhysSci 112—3 units
Energy Conservation and Alternate Energy Sources
Prerequisites: None
3 hour lecture weekly
Provides knowledge of history and development of resources presently being used as sources of energy, alternate methods of energy generation, and various energy conservation methods. (2)
Transfer credit: UC, CSU

NOTE: The courses listed below have been temporarily suspended. For further information, please contact the Office of Instruction.

PhysSci 98A-Z Short Courses in Physical Science
PhysSci 101 Introduction to Physical Science

Physics

Ph 101—4 units
College Physics
Prerequisites: High School math through trig; Math 114 may be taken concurrently. Phys Sci 101 recommended for students with limited science backgrounds.
3 hours lecture, 3 hours lab weekly
Introduction to mechanics, kinetics, energy, heat, gases, molecular motion, and sounds. A descriptive course with some quantitative work; demonstration lectures and solution of problems. Course designed to meet needs of medical, dental, optometry, and liberal arts students. Role of the lab is to reinforce content of the lecture. Computer analysis of data collected in lab is introduced. (2)
Transfer credit: UC, CSU (CAN: Phys 2)

Ph 102—4 units
College Physics
Prerequisites: Ph 101
3 hours lecture, 3 hours lab weekly
Introduction to electricity and magnetism, wave motion (light and sound), duality of nature, quantum theory of atomic structure. Continuation of Ph 101 with extensive use of demonstration and practical application. Includes computer data analysis techniques. (2)
Transfer credit: UC, CSU (CAN: Phys 4)
Political Science

**PSc 100--3 units**
**Introduction to Politics**

| Prerequisites: None | 3 hours lecture weekly |

Course introduces students to the ideas and institutions of politics and government at the local, state, and Federal levels. Concepts of law, justice, democracy, social welfare and liberty will be discussed in relation to contemporary institutions of government. Includes study of California Government. Fulfills state requirement in American Institutions. Field trips may be required. (2) (CAN Govt 2)

Transfer credit: UC, CSU

**PSc 101--3 units**
**Government of the United States I—Institutions and Politics**

| Prerequisites: None | 3 hours lecture weekly |

Study of principles, institutions, and politics of American Government with special attention to the dynamics of voting, campaigns, representation, government; presidential leadership, and the economic functions of government. Includes study of California government. Fulfills state requirement in American Institutions. Field trips may be required. (2)

Transfer credit: UC, CSU

**PSc 102--3 units**
**Government of the United States II—Institutions and Laws**

| Prerequisites: None | 3 hours lecture weekly |

Study of principles, institutions, and politics of American Government with special attention to judicial interpretation of constitutional principles such as separation of power, federalism and citizenship. Includes study of California Government. Fulfills state requirement in American Institutions. Field trips may be required. (2)

Transfer credit: UC, CSU

**PSc 104--3 units**
**International Relations**

| Prerequisites: None | 3 hours lecture weekly |

| Prerequisites: None | 3 hours lecture weekly |

Course examines political life and institutions of a number of foreign countries to identify both similarities and differences in people's attitudes to grapple with government problems throughout the world. (2)

Transfer credit: UC, CSU

**PSc 189A-Z—1 to 3 units**
**Topics in Political Science**

| Prerequisites: None | Lecture and/or lab hours as required by unit formula |

Courses considering specific and current topics in Political Science which are not covered in the general Political Science offerings.

**PSc 199AB—1 to 3 units**
**Directed Studies in Political Science**

| Prerequisites: A course in the specific field | Lecture and/or lab as required by unit formula |

Designed for students interested in furthering their knowledge of political science on an independent study basis; assigned problems will involve library, lab, and field work. Maximum of 6 units.

Transfer credit: UC, CSU

---

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Psychology

Psych 98A-Z—3-10 units
Short Courses in Psychology
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in the various disciplines within Psychology.

Psych 101—3 units
General Psychology
Prerequisites: None
3 hours lecture weekly
Introduction to subject matter of psychology, including scientific method, biology of behavior, conditioning and learning, intelligence, motivation, personality, mental health, and therapy.
Transfer credit: UC, CSU

Psych 102AB—3-3 units
Interpersonal Relations
Prerequisites: None
3 hours lecture weekly
Class provides exploration of personal awareness and interaction. Students will learn to apply psychological principles of human behavior, and explore ways of knowing themselves and others. A combination of experiential and theoretical approaches is used to increase awareness, clarify values, and aid in decision-making.
Transfer credit: UC, CSU

Psych 103—3 units
Beginning Statistics for Behavioral Science
Prerequisites: Basic math and algebra background
3 hours lecture weekly
Designed for students majoring in psychology, sociology, and anthropology; emphasis on use of statistics in behavioral science research. Topics covered are procedures in hypothesis testing, descriptive, inferential, and correlational statistics.
Transfer credit: UC, CSU

Psych 104—3 units
Introduction to Experimental Psychology
Prerequisites: Psych 101 and 103 or concurrent enrollment in Psych 103
3 hours lecture weekly
Designed for prospective psychology majors or minors; emphasis on designing, conducting, and writing experimental research in human and animal behavior. Recommended as a third course for Psychology majors.
Transfer credit: UC, CSU

Psych 105—3 units
Introduction to Physiological Psychology
Prerequisites: Psych 101; Psych 103 recommended
3 hours lecture weekly
Course provides exploration of physiological basis of behavior. Some topics are neural impulses and sensory processes, neural basis of reinforcement, electrical stimulation of the brain, memory, learning, emotion, biofeedback, split brain studies, and research on right and left hemispheres; emphasis is on current research findings and philosophical-moral implications.
Transfer credit: UC, CSU

Psych 106—3 units
Social Psychology
Prerequisites: Psych 101 recommended
3 hours lecture weekly
Study of research on human social relationships. Topics include personal interaction, perceiving others, social attraction, status, power and influence, leadership, attitude formation and change, communication, propaganda, prejudice, and social change.
Transfer credit: UC, CSU

Psych 107—3 units
Sex Roles
Prerequisites: Psych 101 recommended
3 hours lecture weekly
Class explores sex role development and how roles can be changed, role conflicts, common stereotypes of males and females, women as a minority group, aspects of sexuality, and psycho-social implications of the liberation movement; psycho-social aspects of both sex roles are emphasized. (Co-listed with Ssc 104.)
Transfer credit: UC, CSU

Psych 108—3 units
Developmental Psychology
Prerequisites: Psych 101
3 hours lecture weekly
Course explores path of human development from beginning of life through adolescence; emphasis placed on normal developmental patterns using current information; child-rearing practices and their efforts on later development critically examined.
Transfer credit: UC, CSU

Psych 109—3 units
Loss, Grief, and Death
Prerequisites: None
3 hours lecture weekly
Examination of personal feelings and behaviors associated with loss, grief, and death. Combination of psychological theory, current trends and research findings, and personal explorations used; emphasis on dealing with this very personal area in a realistic and positive manner.
Transfer credit: UC, CSU

Psych 110—3 units
Human Sexuality
Prerequisites: None
3 hours lecture weekly
Biological, psychological, and sociological aspects of sexuality. Emphasis placed on the individual's personal sexuality in the present time; past and future trends are also considered.
Transfer credit: UC, CSU

Psych 111—3 units
The Exceptional Child
Prerequisites: None
3 hours lecture weekly
Characteristics and problems of the mentally retarded, socially handicapped, and/or emotionally child will include discussion and study of issues and research problems encountered in these specific areas as well as the intellectually gifted child.
Transfer credit: CSU

Psych 112—3 units
Parent/Child Interaction
Prerequisites: None
3 hours lecture weekly
Explores the challenging role of being a parent. Focuses on a variety of approaches to effective parenting, identifying typical problem areas and dealing with them by prevention or coping strategies, and promoting positive interactions between parent and child. Field trips may be required. (Co-listed with CD 130.)
Transfer credit: CSU

Psych 113—3 units
Psychology of Maturity and Aging
Prerequisites: None
3 hours lecture weekly
Psychological factors of human development from middle life through older years. Emphasis placed on aging as a normal process. Topics include older individual and his/her adjustment to life changes; study of current issues in aging.
Transfer credit: CSU

Psych 120—3 units
Animal Behavior
Prerequisites: None
3 hours lecture weekly
Introduction to comparative psychology and ethology. Emphasis on behavior of familiar mammals, reptiles, and birds. Topics include learning, social behavior, communication, aggression, behavior of pets, and abnormal animal behavior.
Transfer credit: CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Psych 130—3 units
Introduction to Humanistic Psychology
Prerequisites: Psych 101 suggested.
3 hours lecture weekly
Course explores humanistic movement in psychology. Theories of both Eastern and Western thought as applicable to the concepts of such prominent humanistic psychologists as Maslow, May, Rogers, and others studied from both a theoretical and practical "everyday life" point of view. Historical perspective of humanistic movement against background of psychoanalytical behavioral schools emphasized.
Transfer credit: UC, CSU

Psych 189A-Z—½-3 units
Current Topics in Psychology
Prerequisites: A previous course in Psychology
Lecture and/or lab as required by unit formula
Courses considering specialized, specific topics in psychology which are not covered in great detail in the general psychology course offerings. Topics to be offered include adolescence, abnormal psychology, aging, parapsychology, mental retardation, modern therapies, human sexuality, behavior modification, hypnosis, humanistic psychology, sex roles and socialization, death and dying, biological feedback, aggression and violence, childhood disorders.
Transfer credit: UC, CSU

Psych 189B—3 units
Psychological Issues of the Mexican People in the Southwest
Prerequisites: None
3 hours lecture weekly
Course analyzes experiences of people of Mexican descent living in the Southwest from a psychological perspective. Examines nature of individual and group conflict, explores problems of social participation in a dominant culture and its psychological implications. Course describes emergence of distinctive identities of people of Mexican descent.
Transfer credit: CSU

Psych 198A-Z—½-10 units
Short Courses in Psychology
Prerequisites: None
Lecture and/or lab as required by unit formula
Courses and/or workshops in selected areas of Psychology to meet specific needs of college or community as requested or required. Field trips may be required.

Psych 199AB—1½-3 units
Directed Studies in Psychology
Prerequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Designed for students interested in furthering their knowledge of Psychology on an independent study basis; assigned problems will involve library, lab, and field work. Maximum 6 units.
Transfer credit: UC, CSU

Real Estate

RE 1—3 units
Real Estate Principles
Prerequisites: None
3 hours lecture weekly
Basic course in general real estate: designed for the consumer; provides knowledge for prospective real estate salespersons; meets one of the requirements for the Real Estate Broker's License.
Transfer credit: CSU

RE 2—3 units
Legal Aspects of Real Estate
Prerequisites: RE 1 or equivalent*
3 hours lecture weekly
Practical study of California real estate law to assist real estate salespersons and brokers in avoiding legal problems which arise in conjunction with real estate transactions; case study methods utilized. Required for Real Estate Broker's License.
Transfer credit: CSU

RE 3—3 units
Real Estate Practices
Prerequisites: RE 1 or equivalent*
3 hours lecture weekly
Techniques of operating a real estate business with emphasis on securing and qualifying prospects, obtaining listings, and legal factors in the real estate transaction. Required for Real Estate Broker's License.

RE 4—3 units
Real Estate Appraisal I
Prerequisites: RE 1 or equivalent*
3 hours lecture weekly
Introduction to real estate appraisal, exploring fundamental aspects of appraisal theory and practice; includes estimation of fair market value utilizing the cost, income and market approaches; emphasis on residential property types; case study situations may include field work. Required for Real Estate Broker's License.

RE 5—3 units
Real Estate Appraisal II
Prerequisites: RE 4 or equivalent
3 hours lecture weekly
Development of skill and judgment in selection and use of all methods and mechanics of the income approach to valuation of income-producing properties: apartments, commercial, industrial, and special use properties; land. Acquisition of ability to analyze major types of real estate investments and rate their feasibility.

RE 6—3 units
Real Estate Finance
Prerequisites: RE 1 or equivalent*
3 hours lecture weekly
Practical study and analysis of money markets, interest rates, and real estate financing, with actual case illustrations demonstrating lending policies, problems, and rules involved in financing real property, including residential, multi-family, commercial, and special purpose properties. Required for Real Estate Broker's License.

RE 7—3 units
Real Estate Economics
Prerequisites: RE 1 or equivalent*
3 hours lecture weekly
Economic trends in real estate and land use; dynamic factors which create values in real estate; background for more specialized courses in real estate operation and techniques. Meets one of the requirements for the Real Estate Broker's License.

Transfer credit: CSU

*Equivalence to RE 1 can be possession of a California Real Estate Sales License or ability to take the broker's examination.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
RE 8—3 units  
Escrow I—Fundamentals  
Prerequisites: None  
3 hour lecture weekly  
Covers the function, principles, and methods of escrows involving title to real and personal property; introduces escrow terminology, forms, and procedures. (2)  
Transfer credit: CSU

RE 9—3 units  
Escrow II—Procedures  
Prerequisites: RE 8  
3 hours lecture weekly  
Advanced escrow course covering more unusual and complex types of escrows and evaluating possible solutions; emphasis on real estate transactions, with some personal property also analyzed. (2)  
Transfer credit: CSU

RE 10—3 units  
Escrow III—Problems  
Prerequisites: RE 8 and 9 or equivalent  
3 hours lecture weekly  
Teaches in detail some of the more difficult and unusual types of escrows. Discusses and evaluates actual cases involving conflicts and disputes in escrows. Also includes court cases involving legal aspects of escrow. (2)  
Transfer credit: CSU

RE 98—½-10 units  
Short Courses in Real Estate  
Prerequisites: None  
Lecture and/or lab as required by unit formula  
Specialized workshops designed to update real estate personnel as required by the Department of Real Estate for in-service training requirements (Continuing Education Units—CEUs) in specific subject matter areas. Maximum of 10 units of credit can be taken.

*Equivalence to RE 1 can be possession of a California Real Estate Sales License or ability to take the broker’s examination.

Sign Language

SL 50—2 units  
English Grammar for the Deaf  
Prerequisites: Student must be accepted into the Special Education Program  
2 hours lecture weekly  
A special class designed to teach deaf students basic English grammar with practice in writing and grammatical analysis of sentences. The class is taught in American Sign Language and intended for hearing impaired students who are sufficiently proficient in the use of sign language and who are enrolled in the Special Education Program.

SL 98—½-10 units  
Short Courses in Sign Language  
Prerequisites: None  
Lecture and/or lab as required by unit formula  
Specialized topics designed to inform or update interested persons in sign language.

SL 101—3 units  
Beginning American Sign Language I  
Prerequisites: None  
3 hours lecture weekly  
Course presents American Sign Language, native language of the deaf, to beginning students. Course includes basic vocabulary, idioms, fingerspelling, facial expressions, combined in a course which covers the deaf culture and the fundamentals of syntax and grammar required for simple communication with the deaf. (2)  
Transfer credit: CSU

SL 102—3 units  
Beginning American Sign Language II  
Prerequisites: SL 101 or equivalent  
3 hours lecture weekly  
Course presents continued instruction in basic American Sign Language vocabulary, idioms, fingerspelling, and body talk combined with fundamentals of grammar and structure and information on the deaf culture. (2)  
Transfer credit: CSU

SL 103—3 units  
Intermediate American Sign Language I  
Prerequisites: SL 102 or equivalent  
3 hours lecture weekly  
This course offers practice in conversational American Sign Language with an emphasis on increasing fluency and expressing concepts with appropriate signs. The course also includes vocabulary building, fingerspelling drills, grammar instruction, and information regarding the deaf culture. (2)  
Transfer credit: CSU

SL 104—3 units  
Intermediate American Sign Language II  
Prerequisites: SL 103 or equivalent  
3 hours lecture weekly  
This course prepares students for entry level into interpreting classes and may be repeated one time for this purpose. Speed and fluency is emphasized, as well as expressing difficult concepts with appropriate signs and fingerspelling. This course also includes vocabulary, conversational practice, grammar, and information on the deaf culture. (2)  
Transfer credit: CSU

SL 105—3 units  
Advanced American Sign Language  
Prerequisites: SL 104 or equivalent  
3 hours lecture weekly  
Course presents advanced instruction in American Sign Language which includes conversational practice, sign language idioms, use of signs in expressing difficult concepts, and limited practice in interpreting. Instruction includes sign language structure and grammar. (2)  
Transfer credit: CSU

SL 189—½-10 units  
Topics in Sign Language  
Prerequisites: None  
Lecture and/or lab as required by unit formula  
Designed to meet specific needs of college and community, as required and requested by persons whose needs in this area are not met by present course offerings.  
Transfer credit: CSU

SL 199AB—1-3/1-3 units  
Directed Studies in Sign Language  
Prerequisites: A course in the specific field  
Lecture and/or lab as required by unit formula  
Designed for selected students interested in furthering their knowledge of Sign Language on an independent basis. Assigned problems will involve library, lab, and field work. Maximum of 6 units.  
Transfer credit: CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
Sociology

Soc 101—3 units
Introduction to Sociology
Prequisites: None
3 hours lecture weekly
Analysis of historical development of sociology and recent trends in the field; studying the relationship between social systems and human behavior; emphasis on such basic factors as socialization, culture, class, race, and social change. (2) Transfer credit: UC, CSU (CAN: Sec 2)

Soc 102—3 units
Social Problems
Prequisites: None
3 hours lecture weekly
Study of contemporary social problems from a theoretical framework, emphasizing social conditions causing social problems and examining existing programs aimed at their solution. (2) Transfer credit: UC, CSU (CAN: Sec 4)

Soc 103—3 units
Racial and Ethnic Group Relations
Prequisites: None
3 hours lecture weekly
Analysis of racism and prejudice in the US, discussing similarities and differences in racial and ethnic group experiences; emphasis on majority-minority group relations among major racial and cultural groups. (2) Transfer credit: UC, CSU

Soc 104—3 units
Sex Roles
Prequisites: None
3 hours lecture weekly
Class explores sex role development and how roles can be changed, role conflicts, common stereotypes of males and females, women as a minority group, aspects of sexuality, and psycho-social implications of the liberation movement; psycho-social aspects of both sex roles are emphasized. (Co-listed with Psych 107.) (2) Transfer credit: UC, CSU

Soc 105—3 units
Aging in the United States
Prequisites: None
3 hours lecture weekly
An introduction to gerontology; a survey of cultural values and social organization that affect the status and treatment of aging people in the US. Emphasis upon interrelationships between social attitudes, economic system, and political system and lifestyle of the aged. (2) Transfer credit: UC, CSU

Soc 106—3 units
Marriage and the Family
Prequisites: None
3 hours lecture weekly
Study of the institution of marriage as a significant social unit throughout the world, considering the patterns and problems of adjustment. Topics to be discussed are sexuality and sex roles, dating, mate selection, and patterns of pre- and post-marital adjustments. (2) Transfer credit: UC, CSU

Soc 107—3 units
Sociology of the Black Community
Prequisites: None
3 hours lecture weekly
Analysis of values, mores, norms, and interaction patterns within the Black community; emphasis on socialization process of community members and effects of racism within the community. Role of family, political, economic, religious, and educational institutions will be analyzed. (2) Transfer credit: UC, CSU

Soc 108—3 units
Sociology of the Chicano Community
Prequisites: None
3 hours lecture weekly
Socio-cultural analysis of familial, political, economic, religious, and educational institutions within Chicano community; emphasis on social stratification and socialization process of community members. Specific consideration given to the concept of colonialism and its effects on the Chicano community. (2) Transfer credit: UC, CSU

Soc 109—3 units
Futurology
Prequisites: None
3 hours lecture weekly
Analysis of problems, possibilities, and prospects for societies of the future in terms of presuppositions and methods of contemporary sociology. Discussion of the work of current and prominent futurologists and critical examinations of their approaches. Different perspectives as found in readings evaluated each semester. Class may be repeated for credit to a maximum of 6 units. (2) Transfer credit: UC, CSU

Soc 110—3 units
Sociological Analysis: Internships in Organizations and Social Services
Prequisites: Soc 101 or Soc 102 or concurrent enrollment in either course
2 hours lecture, 3 hours lab weekly
This course is for students who seek the knowledge and experience gained through both classroom and applied on-site involvement with government and/or social agencies in the community. (2) Transfer credit: UC, CSU

Soc 112—3 units
Great American Women
Prequisites: None
3 hours lecture weekly
A socio-historical analysis of great American women. Biographical data examined in an attempt to determine how the socio-historical milieu influenced the lives of these great women. (Co-numbered with Hist 112.) (2) Transfer credit: UC, CSU

Soc 114—3 units
Social Philosophy
Prequisites: None
3 hours lecture weekly
Social philosophy studies man in society from the standpoint of metaphysical and ethical principles and presuppositions of human nature. Course highlights major historical and contemporary perspectives in the history of philosophy and focuses on a prominent social philosopher for detailed study. Questions concerning legal and social relationships, purpose in social order, and ethical values in human institutions explored. (Co-numbered with Phil 114.) (2) Transfer credit: UC, CSU

Soc 115—3 units
Sociology of Religion
Prequisites: Any course in Sociology or Philosophy
3 hours lecture weekly
Objective sociological analysis of the relationship between religion and society. Focuses particularly on the US, stressing the distinctiveness of American religion and its intimate connection with what is most central to American society. Transfer credit: UC, CSU

Soc 116—3 units
Crime and Society
Prequisites: None
3 hours lecture weekly
This course examines crime and deviance within a socio-legal context. This course provides a background for students evaluating theories and treatment of both adult and juvenile offenders and an overview of the legal system. (2) Transfer credit: UC, CSU

Soc 199AB—1-3/1-3 units
Directed Studies in Sociology
Prequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Designed for students interested in furthering their knowledge of sociology on an independent study basis. (2) Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.

Spn 6AB  Spanish for Medical Personnel
Spn 7AB  Survival Spanish for Community Agencies
Spn 50   Situational Spanish

Special Education

SpEd 1—3 units
Survey of Disabilities
Prerequisites: None
3 hours lecture weekly
Overview of historical, social, medical, recreational, and educational implications of various physical and learning disabilities. Practical experience in simulated situations to provide insights in the area of disabilities. Designed for the disabled student or anyone interested in working with the disabled.
Transfer credit: CSU

SpEd 2—3 units
Independent Living Skills
Prerequisites: Verification of disability
3 hours lecture weekly
Teaches learning-handicapped students practical life skills to be used at home and in the community. Includes budgeting, grooming, and other essential information necessary to independent living. Course may be repeated up to three times.

SpEd 4—1 unit
Speech Therapy
Prerequisites: None
1 hour lecture weekly
Course designed for students experiencing difficulty with their speech including lisping, stuttering, and other related speech problems.

SpEd 6—½ unit
Analyzing Language Ability
Prerequisites: None
8 hours lecture
Provides information regarding students’ language abilities and development as well as auditory processing problems involving memory, discrimination, and other areas. Individual instruction offered in deficit areas.

SpEd 10—3 units
Language Development for the Deaf
Prerequisites: Verification of disability
3 hours lecture weekly
Evaluates hearing-impaired students’ English language abilities and provides instruction in grammar and comprehension. Includes individualized language program and group instruction. Students receive practice in communication skills including written English. Course may be repeated up to three times.

SpEd 11—3 units
English Grammar for the Deaf
Prerequisites: Verification of disability
3 hours lecture weekly
Designed for hearing-impaired students who require instruction in English grammar and whose primary communication mode is American Sign Language. Includes practice in identifying parts of speech and correct sentence structure using instructional materials specifically designed for hearing-impaired. Course may be repeated up to three times.

SpEd 12—3 units
Contemporary Issues for the Deaf
Prerequisites: Verification of disability
3 hours lecture weekly
Designed to teach deaf students fundamentals of mass media and news reporting with emphasis on discussion and understanding contemporary issues. Media such as television, radio, newspapers, and magazines studied regarding information organization, advertisements, news articles, job opportunities, and news commentaries. Instruction presented in American Sign Language. Course may be repeated up to three times.

SpEd 30—1 unit
Career Evaluation
Prerequisites: None
½ hour lecture, 1½ hours lab weekly
Course designed to assist students in exploring present vocational interests and abilities. Each student will have an individual evaluation of his/her aptitude for occupations based upon exploration of various job-related tasks regardless of work history or past work skills.
Transfer credit: CSU

SpEd 31—2 units
Pre-Vocational Skills
Prerequisites: None
2 hours lecture weekly
For functionally-limited students who have no or very limited work experience. An introduction to the world of work, basics of job seeking, employment and vocabulary, employer/employee rights and attitudes, etc.
Transfer credit: CSU

SpEd 32—2 units
Job Seeking Skills
Prerequisites: None
2 hours lecture weekly
Course for disabled students who wish to improve their job-seeking skills and become better acquainted with their rights and obligations as employees. Topics will include decision-making, interview techniques, strategies for filling out an application, and employer-employee responsibilities.
Transfer credit: CSU

SpEd 33—1½ units
Career Exploration
Prerequisites: None
1 hour lecture, 1½ hours lab weekly
Course designed to give functionally-limited students an overview of occupational choices with respect to their capabilities. Also assists students in taking responsibility and constructive action for their own career selection and attainment.
Transfer credit: CSU

SpEd 34—½ unit
Vocational Testing
Prerequisites: Verification of disability
Lecture and/or lab as required by unit formula
Assists potentially handicapped students in career preparation, selection, and attainment. Individualized vocational testing/counseling structured to provide maximum input with respect to a vocational selection.

SpEd 35—3 units
Vocational Adjustment
Prerequisites: Verification of disability
3 hours lecture weekly
Assists special education students in becoming aware of self-concept, self-acceptance, and personal relationships as related to their disabilities and vocational interest. Course may be repeated up to three times.

SpEd 98AA-ZZ—½-10 units
Short Courses in Special Education
Prerequisites: Verification of disability
Lecture and/or lab as required by unit formula
Selected topics in Special Education designed to meet the needs of handicapped students. Field trips may be required.

(1) = Credit/No Credit only. (2) = Credit/No Credit at student’s option.
Speech

Spc 104—3 units
Voice and Diction
Prerequisites: None
3 hours lecture weekly
Designed to give students a basic introduction to nature and principles of voice production and speech sounds; individual speech improvement; instruction and practice in correct breathing, voice control, and diction; study of correct pronunciation and enunciation, including study of dialects, foreign and regional. Designed for students in drama, forensics, broadcasting, and self-improvement. (Co-numbered with ThA 104.)
Transfer credit: UC, CSU

Spc 105—3 units
Oral Interpretation of Literature
Prerequisites: Spch 101
3 hours lecture weekly
Principles and techniques of oral reading of prose and poetry with understanding and appreciation; evaluation of arguing, debating, working in parliamentary procedure, and oratory. Study of rhetorical theories and history of public address.
Transfer credit: UC, CSU

Spc 106—3 units
Critical Analysis of Speeches
Prerequisites: Spch 101
3 hours lecture weekly
Introduction to process of rhetorical criticism and analysis of speech texts; practice in writing speech criticisms from tapes, records, and daily newspapers.
Transfer credit: UC, CSU

Spc 107—3 units
Argumentation and Debate
Prerequisites: Spch 101
3 hours lecture weekly
Principles of rhetorical arguments: using evidence, detecting fallacies in arguments, preparing briefs, and delivering persuasive arguments. Extensive research is expected for effective formulation and critical analysis of persuasive discourse. Tournament participation is provided.
Transfer credit: UC, CSU

Spc 108—3 units
ESL Oral Communication Skills
Prerequisites: A TOEFL score of 450 or a score in the 90th percentile or higher on Nelson Reading Test, or equivalent
3 hours lecture, 1 hour lab weekly
A course designed to help advanced non-native speakers of English communicate effectively in academic, professional, and social settings.
Transfer credit: UC, CSU

Spc 109—3 units
Readers’ Theatre
Prerequisites: None
3 hours lecture weekly
Concepts and techniques of cooperative group work in oral interpretation of literature, including children’s stories, poetry, prose, and dramatic literature; supervised activities in performing Readers’ Theatre before community and college audiences. (Co-numbered with ThA 109.)
Transfer credit: UC, CSU

Spc 112—1 unit
Forensics Tournament Speaking
Prerequisites: None
1 hour lecture weekly
Students may receive credit for their work in any college tournament events: Expository Speaking; Persuasive Speaking; Impromptu Speaking; Extemporaneous Speaking; Readers’ Theatre; Oral Communication of Literature; Rhetorical Criticism and Analysis; Debating, and any other event that may be offered at a given tournament. Students are expected to participate in tournaments which take place on weekends throughout the college year. Field trips may be taken. May be repeated for credit for a total of four units.
Transfer credit: UC, CSU

Spc 199AB—1-3/1-3 units
Directed Studies in Speech
Prerequisites: A course in the specific field
Lecture and/or lab as required by unit formula
Designed for selected students interested in furthering their knowledge of speech on an independent basis. Assigned work will involve library, lab, and/or field work. Maximum of 6 units.
NOTE: The courses listed below have been temporarily suspended. For further information, please contact the Office of Instruction.

Spc 103 Process of Communication
Spc 110 The Deliberative Process
Spc 111 Introduction to Mass Media
Spc 198 Short Courses: Special Projects in Community Communication

(1) = Credit/No Credit only. (2) = Credit/No Credit at student’s option.
Television

TV 101—3 units
Broadcast Studio Operation
Prerequisites: None
2 hours lecture, 3 hours lab weekly
Class covers instruction in basic studio and control room equipment and operation. Students gain practical experience in the various aspects of production, explanation of program patterns, studio procedures, equipment use, and program production.
Transfer credit: CSU

TV 102—3 units
Television Production Workshop
Prerequisites: TV 101
1 hour lecture, 3 hours lab weekly
Course involves intermediate work in production camera work, technical direction, lighting, etc. Creation of new program concepts and types stressed. Each student responsible for producing an experimental TV program.
Transfer credit: CSU

TV 103—3 units
Television Directing and Editing
Prerequisites: TV 102
2 hours lecture, 3 hours lab weekly
Course covers advanced directing and editing of special projects and experimental TV programs. Each student is responsible for producing a variety of television programs.
Transfer credit: CSU

TV 104—3 units
Advanced Television Production
Prerequisites: TV 103A
2 hours lecture, 3 hours lab weekly
Advanced course in production of a variety of television program categories. Some programs will be utilized by Oxnard College's cable TV station. Includes remote assignments and special projects.
Transfer credit: CSU

TV 117—3 units
The Use of the Ethnic Minority in Film and Television
Prerequisites: None
3 hours lecture weekly
The study of motion pictures and television series depicting ethnic minority culture and life, and their implications socially, politically, and stereotypically. Also, there will be the study of themes, structure, style, and critical reception of said films and television programming.

Theatre Arts

THA 98A-Z—½-10 units
Short Courses in Theatre Arts
Prerequisites: None
Lecture and/or lab as required by unit formula
Specialized topics designed to inform or update interested persons in the various disciplines within Theatre Arts. (2)
Transfer credit: UC

THA 101—3 units
Introduction to Theatre
Prerequisites: None
3 hours lecture weekly
To introduce drama or theatre as a literary art form, the history of dramatic development and types of drama are studied. How plays relate to their philosophical, historical, and cultural milieu; how plays relate to production problems; critical analysis of plays; and related production elements for the playwright form the basis of the course. Emphasis is based upon appreciation of the theatre, past and present. Field trips may be required. (Co-listed with Eng 119.)
Transfer credit: UC, CSU

THA 102AB—3-3 units
Fundamentals of Acting
Prerequisites: None
2 hours lecture, 3 hours lab weekly
Introduction to techniques of acting and development of characterization; exercises in pantomime, improvisation, body movement, voice usage, and rhythm. Practical exercises in acting in scenes or one-act plays. (2)
Transfer credit: UC, CSU (102A-CAN: DmA 8)

THA 103AB—3-3 units
History of the Theatre
Prerequisites: None
3 hours lecture weekly
History of man's theatrical development from primitive to present; first semester covers periods from early Greek through English Renaissance, second semester covers from Restoration through today, including Eastern Theatre. A look at literature, acting, and technical and physical theatres.
Transfer credit: UC, CSU

THA 104—3 units
Elements of Communication Voice and Diction
Prerequisites: None
3 hours lecture weekly
This course is designed as an elementary voice class introducing the student to the mechanics of voice production and the various elements of speech: relaxation, quality, rate, and pitch. The communicative process involving reasoning, discovery, critical evaluation, reading, and listening will be demonstrated in speaking and writing assignments. (Co-listed with Speech 104.)
Transfer credit: UC, CSU

THA 108—3 units
Acting for TV and Film
Prerequisites: None
3 hour lecture, 2 hours lab weekly
Acting requires student to learn basic techniques of concentration and listening in scene work. The student will also learn how to audition and get an agent. A final video-taped project will be used to evaluate individual progress.
Transfer credit: UC (credit limitations), CSU

THA 109—3 units
Readers' Theatre
Prerequisites: None
3 hour lecture weekly
Concepts and techniques of cooperative group work in oral interpretation of literature, including children's stories, poetry, prose, and dramatic literature; supervised activities in performing Readers' Theatre before community and college audiences. (Co-listed with Spch 109.)
Transfer credit: UC, CSU

THA 110ABCD—1-4 units
Rehearsal and Performance
Prerequisites: Cast or staff assignment in current theatre arts production
3 to 12 hours lab weekly
Supervised acting in performance of college-sponsored drama productions; experience in all activities related to theatre productions. (2)
Transfer credit: UC, CSU

THA 112—3 units
Chicano Teatro
Prerequisites: Reasonable fluency in Spanish language
2 hours lecture, 3 hours lab weekly
Course treats technical and organizational practices of theatrical productions, writing for the Chicano Teatro and presenting productions in barrios and at the college. (2)
Transfer credit: UC, CSU

THA 115—3 units
Directing for the Stage
Prerequisites: None
2 hour lecture, 3 hours lab weekly
Study of history of stage directing; concentration placed on art and craft of directing for stage with emphasis on techniques. Practical experience in directing scenes from plays. (2)
Transfer credit: UC, CSU

(1) = Credit/No Credit only. (2) = Credit/No Credit at student's option.
ThA 117—3 units  
Children’s Theatre and Creative Dramatics  
Prerequisites: None  
2 hours lecture, 3 hours lab weekly  
Practical course in techniques of producing Children’s Theatre, plus utilizing techniques of conducting classes in creative dramatics for children. Class may produce and present its own program illustrating its class work to elementary and/or junior high audiences in the college area. (2)  
Transfer credit: UC, CSU  

ThA 120AB—3-3 units  
Stage Production  
Prerequisites: None  
2 hours lecture, 3 hours lab weekly  
120A—Lectures and demonstrations in stage lighting, sound, and stage costuming, including practical lab experience as members of crews for department productions.  
120B—Lectures and demonstrations in scene design, stagecraft, make-up, and theatre management, including practical lab experience as members of crews for department productions. (2)  
Transfer credit: UC, CSU  

ThA 121AB—3-3 units  
Stagecraft—Stage Design  
Prerequisites: ThA 120 recommended; ThA 121A for 121B  
2 hours lecture, 3 hours lab weekly  
Concentrates on production elements needed for theatrical staging; utilizes lighting and scene design preparation and execution. Course specializes in renderings, scale models, and detailed drawings of sets of plays to be done at the college.  
Transfer credit: UC, CSU  

ThA 127—3 units  
Black Experience in the Theatre Arts  
Prerequisites: None  
3 hours lecture weekly  
One semester survey of Blacks’ involvement in the history of Theatre Arts, utilizing dramatic literature and biographies of Black playwrights and performers.  
Transfer credit: UC, CSU  

ThA 198—½-10 units  
Short Courses in Theatre Arts  
Prerequisites: None  
Lecture and/or lab as required by unit formula  
Courses and/or workshops in selected areas of Theatre Arts to meet specific needs of college or community as requested or required. Field trips may be required. (2)  

ThA 199AB—½-3/½-3 units  
Directed Studies in Theatre Arts  
Prerequisites: A course in the specific field  
Lecture and/or lab as required by unit formula  
Designed for students interested in furthering their knowledge of Theatre Arts on an independent study basis. Assigned problems will involve library, lab, and field work. Maximum of 6 units. (2)  
Transfer credit: UC, CSU  

NOTE: The courses listed below have been temporarily suspended. For further information, please contact the Office of Instruction.  
ThA 113 Summer Theatre—Technical Work  
ThA 114 Summer Theatre—Acting  

Traffic and Transportation  
Courses offered within this program have been temporarily suspended. For further information, please contact the Office of Instruction.  

Urban Studies  
Courses offered within this program have been temporarily suspended. For further information, please contact the Office of Instruction.  

Word Processing  
Please refer to the Business Information Systems (BIS) section. Word Processing classes are listed under BIS 30-49.
Appendix I

Student Conduct Code—Standards of Student Conduct

In joining the academic community, the student enjoys the right and shares the responsibility in exercising the freedom to learn. Like other members of the academic community, the students are expected to conduct themselves in accordance with standards of the college that are designed to perpetuate its educational purposes. Students shall respect and obey civil and criminal law, and shall be subject to legal penalties for violation of laws of the city, county, state, and nation.

A charge of misconduct may be imposed upon a student for violating provisions of college regulations and the State Education and Administrative Codes. Where a student is subject to a charge of misconduct, such charge shall be processed in accordance with the following policies and procedures.

Disciplinary action may be imposed upon a student by an instructor, an administrator, or the governing board for proven misconduct or actual violation of specified college rules and regulations. Instructors and administrators may place students on probation or temporary exclusion with respect to actions in a classroom, on campus, or at a college-sponsored activity within the procedures specified in this document. The Vice-President of Student Services shall have the power to impose suspension and to recommend expulsion.

Students are subject to charges of misconduct for any of the following acts on college-owned or controlled property or at a college-sponsored activity:

1. Willful disobedience to directions of college officials acting in performance of their duties.
2. Violation of college rules and regulations including those concerning student organizations, the use of college facilities, or the time, place, and manner of public expression or distribution of materials.
3. Dishonesty, such as cheating, or knowingly furnishing false information to the college.
4. Unauthorized entry to or use of the college facilities.
5. Forgery, alteration, or misuse of college documents, records, or identification.
6. Obstruction or disruption of classes, administration, disciplinary procedures, or authorized college activities.
7. Theft of or damage to property or possession of stolen property belonging to the college, a member of the college community, or a campus visitor.
8. Disorderly, lewd, indecent, or offensive conduct.
9. Obscene, libelous or slanderous expression, or expression which so incites students as to create a clear and present danger of the commission of unlawful acts on the college’s campus, the violation of lawful college regulations or the substantial disruption of the college’s orderly operation.
10. Assault or battery, abuse, or any threat of force or violence directed toward any member of the college community or campus visitor engaged in authorized activities.
11. Use, possession, distribution of alcoholic beverages, narcotics, hallucinogenic drugs, marijuana, or other dangerous drugs; or presence on campus while under the influence of alcoholic beverages, narcotics, hallucinogenic drugs, marijuana, or other dangerous drugs; or as expressly permitted by law.
12. Possession, while on the college campus or at an on- or off-campus college-sponsored function, of any of the following weapons (except persons given permission by the college President or his designated representatives or member of the law enforcement agencies, as police officers); any instrument or weapon of the kind commonly known as blackjack, sling shot, fire bomb, billy club, sandclub, sandbag, metal knuckles; any dirk, dagger, firearm (loaded or unloaded) as pistol, revolver, rifle, etc.; any knife having a blade longer than five inches, any switchblade longer than two inches; any razor with an unguarded blade; any metal pipe or bar used or intended to be used as a club; or any item to threaten bodily harm.

Appendix II

Student Conduct—Disciplinary Action

Student conduct must conform to the Student Rules of Conduct established by the Governing Board of Trustees of the Ventura County Community College District in collaboration with college administrators and students. Violations of such rules are subject to the following types of disciplinary actions, which are to be administered by appropriate college authorities against students who stand in violation. The Ventura County Community College District has established due process for the administration of the penalties enumerated here. Penalties are listed in degrees of severity. College authorities will determine the appropriate penalty(ies):

Warning*—Notice to the student that continuation or repetition of specified conduct may be cause for other disciplinary action.

Reprimand*—Written reprimand for violation of specified rules. A reprimand serves to place on record that a student’s conduct in a specific instance does not meet the standards expected at the college. A person receiving a reprimand is notified that this is a warning that continued conduct of the type described in the reprimand may result in a formal action against the student.

*Warnings and reprimands may be appealed directly to the President. They are not subject to a student conduct hearing.

Disciplinary Probation—Exclusion from participation in privileges or extracurricular college activities set forth in the notice of disciplinary probation involves notification in writing of the reason for disciplinary probation to the student(s) or the president of the student organization involved.

Restitution—Reimbursement for damage or for misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damage.

Summary Suspension—A summary suspension is for purposes of investigation. It is a means of relieving the tension of the student body or individual class due to a serious infractions of student behavior standards, removing a threat to the well-being of the students, or removing for the good order of the college a student or students whose presence would prevent the continued normal conduct of the academic community. Summary suspension is limited to that period of time necessary to ensure that the purpose of the summary suspension is accomplished and in any case no more than a maximum of five school days. Summary suspension is a type of suspension other than that ordinarily invoked by the instructor for disciplinary reasons in the classroom. The college President, Vice-President of Student Services, or other staff member designated by the President may summarily suspend a student when he deems it necessary for the safety and welfare of the college.

Disciplinary Suspension—Disciplinary suspension follows a hearing based on due process. It shall be invoked by the college President, appropriate administrator, or other staff member designated by the President, upon the student for misconduct when other corrective measures have failed or when the seriousness of the situation warrants such action.
Expulsion—An expulsion is a long-term or permanent denial of class attendance including all campus privileges. The Governing Board may expel a student who has been convicted of a crime arising out of a campus disturbance, or who, after a hearing by a campus body, has been found to have willfully disrupted the orderly operation of the campus.

Appendix III

Student Conduct—Due Process

A. Preliminary Action

1. The Vice-President of Student Services shall receive and may issue any charge of alleged misconduct made against a student by another student, faculty member, administrator, or classified personnel. Such person shall sign and submit a written statement specifying the time(s), place(s), and nature of the alleged misconduct.

2. The Vice-President shall confer with the student to advise of the charge, possible sanctions upon him/her, and his/her rights under college regulations and state and federal laws.

3. The Vice-President of Student Services may also procure information relating to the charge from the student and other persons or sources. Whenever appropriate, the Vice-President of Student Services shall assess, or cause to have assessed, damage to property and injury to persons or other forms of misconduct.

4. At this point, the Vice-President of Student Services may take any of the following actions:
   a. Dismiss the charge for lack of merit.
   b. Issue a warning or a letter of reprimand.
   c. Place the student on disciplinary probation, require restitution, place on summary or disciplinary suspension.
   d. Recommend expulsion.
   e. Remand the case to a Student Conduct Hearing.

5. At this point, if the student does not accept the decision of the Vice-President of Student Services, the Vice-President of Student Services shall arrange for a meeting of the Student Conduct Hearing Committee, following the procedures outlined in Sections B and C of this document.

B. Composition of Student Conduct Hearing Committee

1. The Student Conduct Hearing Committee, hereafter referred to as the Hearing Committee, shall be set up as follows:
   a. One student, one faculty member, and one administrator (other than the Vice-President of Student Services and his/her immediate staff). These persons are appointed by the college President.
   b. The President shall designate the chairperson of the Hearing Committee.
   c. A minimum of one Hearing Committee shall be selected annually.
   d. Upon notification of the Hearing Committee composition, each party is allowed one preemptory challenge, excluding the chairperson.
   e. A quorum shall consist of all three members of the Hearing Committee.
   f. The chairperson will allow any proposed member of the Hearing Committee to decline participation in the hearing.

C. Formal Hearing Procedures

1. A hearing will be called by the chairperson within 15 working days of receipt of the Vice-President of Student Services’ request.

2. Both parties will be asked to attend the hearing and will be given sufficient notice in writing as to the time and place. Notice shall be given by certified mail at least five working days prior to the hearing date.

3. At the time of the hearing, the chairperson shall state the charge. The committee shall hear testimony, examine witnesses, and receive all evidence pertaining to the charge.

4. Both parties shall have the right to present statements, testimony, evidence, and witnesses. Each party shall have the right to be represented by a single advisor but not a licensed attorney.

5. The accused person and/or representative may be present as well as the aggrieved person and/or his/her representative. No other persons except scheduled witnesses and the Hearing Committee members shall be present.

6. The person making the charge shall assume the burden of proof. The rule of confidentiality shall prevail at all stages of the hearing.

7. The Hearing Committee shall judge the relevancy and weight of testimony and evidence. It shall also make a recommendation for disposition of the charge to the college President. Actions in this procedure shall be completed within five working days.

8. The Hearing Committee shall submit its findings of fact and recommend action to both parties and to the President of the college. Upon receipt of the findings and recommendations, the President of the college shall:
   a. Concur with the Hearing Committee’s recommendation.
   b. Not concur with the Hearing Committee’s recommendation.
   c. Take alternative action.
   d. The college President shall state in writing the reasons for the action taken on the Hearing Committee’s recommendations. The President shall act within 10 working days.

9. If either party does not agree with the decision of the college President at this time, an appeal may be made to the Chancellor of the Ventura County Community College District; if he/she is still dissatisfied with the decision, an appeal may be made to the Governing Board, who shall render the final decision.

Appendix IV

Student Conduct—Student Grievance

Purpose

Students are encouraged to pursue academic studies and other college-sponsored activities in order to promote intellectual growth and personal development. In seeking these ends, students should be free from improper interference by other members of the college community. A grievance may be initiated by a student whenever the student believes that he/she has been subject to unjust actions or denial of normal student rights as stipulated in college regulations and in the State Education and Administrative Codes. A grievance may be initiated by a student against any other student or any employee of the college.

Definition

A grievance is an allegation of unjust action or denial of student rights. A grievance exists only when a specific educational wrong has occurred to a single student. This wrong must involve an unjust action or denial of student rights as defined in a specified college, college district, or superior legal covenant or judgment. A grievance exists only when such an error or offense has some demonstrably correctable result. The outcome of a grievance must produce a tangible benefit to the student complaining or an actual redress of the wrong rather than a punishment for the person or persons found in error.
Procedures
A. Informal Processes: When a student believes that a personal injustice has been sustained, an attempt should first be made to resolve the concern by informal means. Consultation should be made with the student, faculty member, administrator, or classified person involved in order to seek direct resolution. If this process fails or, for some reason, cannot be accomplished, the aggrieved student should confer with the direct supervisor of the person allegedly causing the problem. If both of these steps are unsuccessful, the aggrieved student should discuss the problem with the Vice-President of Instruction (for all programs and services controlled by this person) or the Vice-President of Student Services (for all other college programs and services).

B. Formal Processes: If the aggrieved student believes that the informal consultation processes mentioned in Section A have failed, the procedures and rules described below must be followed by both the student and the college. This process represents the formal grievance procedure of the college. However, the entire formal grievance process shall be discontinued at any time the parties can informally agree on a mutually satisfactory result. All formal records will be destroyed in this instance.

Resolution of grievances may not abrogate state or federal laws and applicable Board of Trustee rules and policies.

1. A college Grievance Committee shall be established by the college President at the opening of each academic year. This committee will be composed of one faculty member, one enrolled student, and one administrator. The chairperson will be designated by the President. Committee members are appointed by and serve at the pleasure of the President. If, in the judgment of either participant in a formal grievance or the President, a conflict of interest or bias exists with any committee member, that member will be excused and a substitute appointed for the case in question only.

A formal grievance must be filed with the Vice-President of Student Services within 90 calendar days of the final event in a sequence of events, if any. The 90-day period shall commence on the day of the event or on the day of first knowledge of the event by the complaining party. Proof of the latter delayed date is the responsibility of the complaining party.

2. A formal grievance exists when the Vice-President of Student Services receives a signed written charge specifying the time, place, and nature of the injury from the aggrieved student. This written charge should be dated and must be on behalf of an individual student only. Group or class action grievances are not permitted. This charge must also clearly specify the informal consultation attempts made and described in Section A.

3. The Vice-President of Student Services will verify the completeness of the written charge and present the charge to the Grievance Committee within 10 working days of receipt.

4. The Grievance Committee will review the charges made in Section B2 within five working days and request a response in writing from the person accused. This person must reply within 10 working days. Upon receipt of this response, the committee shall meet and recommend to the President that (a) the case be dismissed, or (b) that reasonable cause for a hearing exists. This action must take place within five working days.

5. The President will then either dismiss the case with the reasons set out in writing to both parties or request that the Grievance Committee hold a formal hearing. The President must then take this action within five working days of receipt from the committee (Section B4).

6. Formal hearing procedures:
   a. A hearing will be called by the chairperson within 15 working days of receipt of the President's request (Section B5).
   b. Both parties will be asked to attend the hearing and will be given sufficient notice in writing as to the time and place. Notice shall be given by certified mail at least five working days prior to the hearing date.
   c. At the time of the hearing, the chairperson shall state the charge. The committee shall hear testimony, examine witnesses, and receive all evidence pertaining to the charge.
   d. Both parties shall have the right to present statements, testimony, evidence, and witnesses. Each party shall have the right to be represented by a single advisor but not a licensed attorney.
   e. The accused person and/or representative may be present as well as the aggrieved person and/or his/her representative. No other persons except scheduled single witnesses and the Grievance Committee members shall be present.
   f. The person making the charge shall assume the burden of proof. The rule of confidentiality shall prevail at all stages of the hearing.
   g. The committee shall judge the relevancy and weight of testimony and evidence. It shall make its findings on fact and limit its investigation to the formal charge. It shall also make a recommendation for disposition of the charge to the college President. Actions in this procedure shall be completed within five working days.
   h. The committee shall submit its findings of fact and recommend action to both parties and to the President of the college. Upon receipt of the findings and recommendations, the President of the college shall:
      (1) Concur with the committee's recommendation.
      (2) Not concur with the committee's recommendation.
      (3) Take alternative action.
      (4) The college President shall state in writing the reasons for the action taken on the committee's recommendation. The President shall act within 10 working days.
   i. If either party does not agree with the decision of the college President at this time, an appeal may be made to the Chancellor of the Ventura County Community College District; if he/she is still dissatisfied with the decision, an appeal may be made to the Board of Trustees which shall render the final decision. Appeals of the decision of the Chancellor must be made within 15 days of receipt of the result. Appeals to the Governing Board may be made only when all other steps in the procedure have been completed and when there is an identifiable remedy for the grievance. Appeals to the Governing Board shall be made in writing and shall specify exactly why the student feels the Governing Board should review the decision. If it is felt that proper procedures were not followed, then the appeal should specify what procedures were not properly followed and how the alleged errors affected the outcome. The Governing Board shall review the written records of the proceedings and any related materials. The Board may, after reviewing all materials, allow individuals to make statements to the Board or may request clarification of facts from the President or clarification regarding the committee's deliberations from the Grievance Committee chairperson.
   j. Records of all proceedings will be maintained by the college President in accordance with rules of confidentiality and board/state/federal laws, rules, regulations, and contracts. Insertion of information regarding a case in an employee's personnel record will only be made in compliance with board/state/federal laws, rules, regulations, and contracts.
Appendix V

Nonresident Tuition Fees and Refund Schedule 1991-92

For the 1991-92 school year, tuition has been established at $110 per unit. This fee is subject to revision annually. Tuition fees are payable prior to enrollment. A refund schedule appears below:

Appendix VI
Admission, Probation, Dismissal, and Readmission Policies

Admission, probation, dismissal, and readmission policies and procedures are designed to assist students in making progress toward realistic academic, career, and personal goals. Admission to designated instructional programs, as identified by each college, is conditional until complete official transcripts have been received from previous institutions attended.

Standards for Probation: A student who has attempted at least 12 semester units as shown by the official academic record shall be placed on academic probation if the student has earned a grade point average below 2.0 in all the units which were graded on the basis of the grading scale established by this district.

A student who has enrolled in a total of at least 12 semester units as shown by the official academic record shall be placed on progress probation when the percentage of all units in which the student has enrolled and for which entries of "W," "I," "NC" are recorded reaches or exceeds 50 percent.

A student transferring to a college of the Ventura County Community College District from another college is subject to the same probation and dismissal policies as students of this college district.

Notification of Probation: Each college in this district shall make a reasonable effort to notify a student of probation at or near the beginning of the semester in which it will take effect, but, in any case, no later than the start of the fall semester. A student placed on probation is, as a condition of continuing enrollment, to receive individual counseling, including the regulation of his or her academic program. Each student shall also receive any other support services to help the student overcome any academic difficulties. A student on probation must have counselor approval prior to registration of his or her educational program.

Removal from Probation: A student on academic probation for a grade point deficiency shall be removed from probation when the student’s accumulated grade point average is 2.0 or higher.

A student on progress probation because of an excess of units for which entries of "W," "I," and "NC" are recorded shall be removed from probation when the percentage of units in this category drops below 50 percent.

Standards for Dismissal: A student who is on academic probation shall be subject to dismissal if the student earned a cumulative grade point average of less than 1.75 in all units attempted in each of three consecutive semesters which were graded on the basis of the grading scale established by this District.

A student who has been placed on progress probation shall be subject to dismissal if the percentage of units in which the student has been enrolled for which entries of "W," "I," and "NC" are recorded in at least three consecutive semesters reaches or exceeds 50 percent.

Notification of Dismissal: Each college in the Ventura County Community College District shall make a reasonable effort to notify a student of dismissal at or near the beginning of the semester in which it will take effect but, in any case, no later than the start of the fall semester. A student subject to dismissal has the right of appeal. An exception to dismissal may be made in the event of extreme and unusual circumstances that can be supported by evidence provided by the student. Requests for appeal shall be submitted to the Dean of Admissions and Records.

Readmission: A student applying for readmission shall not be reinstated until a minimum of one semester has elapsed after dismissal. A student applying for readmission must submit a written request to the Dean of Admissions and Records. The request shall explain what circumstances or conditions would justify readmission. A student who is readmitted shall receive individual counseling to assess his or her academic and career goals. A readmitted student must have counselor approval of his or her educational program prior to registration.

Cheating or Plagiarism: Instructors have the responsibility and authority for dealing with any cheating or plagiarism which may occur in their classes. It is the policy of the Ventura County Community College District that the instructor may dismiss a student involved in such dishonest behavior from class with a grade of "F." In addition, the faculty member may direct the matter to the Vice-President of Student Services for further disciplinary action.

Course Repetition: A course in which a grade of C or better has been earned may not be repeated except as identified in the catalog course description. Courses taken at any college in which a grade of D, F, NC, or other substandard grade has been earned may be repeated for the purpose of improving a recorded grade. This policy may apply more than once to any particular course. A course taken at another institution, in which a substandard grade was earned, may be repeated at the colleges of the Ventura County Community College District, subject to this policy. In order to identify acceptable equivalencies, course equivalency shall be determined chiefly by content, as defined in the catalog course description, and not by course title or units. Prior approval for course repetition shall be required. The petition for this purpose, "Petition for Course Repetition," is available in the Counseling Office.

Upon completion of the repeated course, the lowest grade earned shall be omitted from the computation of the cumulative grade point average and lined through on the permanent record. The permanent record shall be annotated in such a manner that all work remains legible, ensuring a true and complete academic history.

Students should understand that other colleges or universities may not accept credit for work which represents a repetition of high school work. In addition, there is no assurance that repeated courses resulting in an improvement in grade will be accepted by other colleges or universities.

Academic Renewal without Course Repetition: Students may petition to have a portion of previous college work disregarded in meeting academic requirements in the colleges of the Ventura County Community College District. Academic Renewal is intended to facilitate the completion of requirements necessary for an academic degree or certificate.

A student may petition, once only, to eliminate grade point calculations and credits from selected portions of previous college work which is not reflective of the student’s present demonstrated ability and level of performance. The student may petition for Academic Renewal to disregard previous substandard college work by selecting one of the following options: (1) Disregard a maximum of 15 semester units of any courses with less than a C or equivalent grade taken during any two terms, not necessarily consecutively; or (2) Disregard all courses from two consecutive semesters (one summer or inter-session may be regarded as equivalent to one semester at the student’s discretion). Courses and units taken at any institution may be disregarded.

Academic renewal may be granted only to a student who is currently enrolled in at least one credit course in the college; has completed at least 12 units in the colleges of the Ventura County Community College District; has submitted transcripts of all college work; has
waited two years since course work to be disregarded was completed; and, has subsequently completed at least 30 semester units with a minimum 2.40 grade point average.

The colleges of the Ventura County Community College District will honor similar actions by other accredited colleges and universities in determining grade point averages and credits. The petition for this purpose, "Petition for Academic Renewal," is available in the Counseling Office. Upon granting the petition for Academic Renewal, the student's permanent academic record shall be annotated in such a manner that all work remains legible, ensuring a true and complete academic history.

The student should be aware that other colleges or universities may have different policies concerning Academic Renewal and may not honor this policy.

Appendix VII
Auditing Policy
In accordance with Section 72252.3 of the Education Code, students enrolled in classes to receive ten or more semester units shall be allowed to audit three or fewer semester units with a fee for auditing of $15.00 per unit per semester. As required by section (d), priority in class enrollment shall be given to students desiring to take the course for credit towards a certificate or degree. Therefore, students wishing to audit may register for classes in audit status by special petition only in the last two days of the add/drop period. This petition requires permission of the instructor. Laboratory classes are not normally available for audit. In accordance with this section (c) of this statute, no student auditing a course shall be permitted to change his or her enrollment in that course to receive credit for the course.

Students auditing a course are not permitted to take exams in class, nor are they permitted to challenge the course at a later date. Instructors are under no obligation to grade assignments of students auditing a course. Attendance requirements for students auditing courses are the same as for all other students as stated in the college catalogs.

Appendix VIII
Course Repetition Policy
In accordance with Section 58162 of Title 5, Ventura County Community College District will permit students to take certain identified courses up to a maximum of four times under the following conditions:

1. The Governing Board has approved the number of times the course may be repeated.
2. The course is designated in the catalog as repeatable.
3. The course outline is such that the course content is different each time it is offered.
4. Students gain an expanded educational experience for one of the following experiences:
   a. Skills or proficiencies are enhanced by supervised repetition and practice within class periods; or
   b. Active participatory experience in individual study or group assignments is the basic means by which learning objectives are obtained.
5. Skills areas and courses within that skill have been identified by faculty within the discipline and approved by the campus curriculum committees. Final approval of skill areas will be by the Ventura County Community College District Chancellor's Cabinet.

6. The college will insure that each skill area is identified and the courses contained therein properly "clustered" in the computer so that students will not be able to repeat courses in that skill area more times than permitted.
7. Each college will at appropriate times, utilizing the software developed for that purpose, further monitor course repetition by running a list of those who are enrolled in a course for which they have used all allowable repetitions. The college shall then take appropriate action to remove any such students from those courses.
8. In the event that an ineligible enrollment is discovered after census data, the college will take steps to insure that no attendance is reported to the state for ADA purposes. Furthermore, no positive attendance is to be reported for ineligible enrollments.

Appendix IX
Foreign Students

I. Definitions
A. A foreign student is a person enrolled at one of the colleges who is in the United States on an F-1 visa.
B. Persons who hold other types of visas may be eligible for admission as regular students, resident or nonresident, depending on their visa status.
   1. Persons holding alien status may establish residency if they are in the following classifications:
      a. Career Diplomat visa—A
      b. Foreign Investor visa—E
      c. International Treaty Organization—G
      d. Foreign Press visa—I
      e. Fiance(e) visa—K
      f. Refugees
   2. Aliens precluded by the Immigration and Nationality Act from establishing residence in the United States are those with B, C, D, F, J, and L visas. However, students can be admitted if their visa extends beyond the last day of the semester in which they wish to enroll.
      Prior approval by the Dean of Admissions must be gained in order to enroll in successive semesters.
   3. Those holding Resident Immigrant visas are not foreign students. They are residents with all the privileges and responsibilities of other residents.
C. Foreign students enrolled on Student Visas are required to be full-time students (12 units).

II. Limitations on Enrollments (F-1 visa only)
A. Due to the district's limited financial resources and space, and due to special educational needs of foreign students, the Ventura County Community College District reserves the right to limit the number of foreign students (F-1) admitted each year.
B. In order to foster cultural exchange the district encourages ethnic and national diversity among the foreign students admitted.

III. Admission Requirements (F-1 visa only)
Prior to the completion of the registration process, foreign students must follow the procedures outlined below:
A. Submit a completed application form and declare an educational objective (major).
B. Provide evidence of adequate proficiency in the use of English. Where English was not the language in which their education was earned, by submitting a Test of English as a Foreign Language (TOEFL) score or other evidence that English is adequate to be a successful student. For information regarding TOEFL, students are advised to write to:
Educational Testing Service  
Post Office Box 899  
Princeton, New Jersey 08540  

C. Submit a confidential statement of finance that verifies financial capability for the costs of attending one of the colleges of the district, or affidavits guaranteeing financial support from responsible resident citizens of the United States.  

D. Before registration is validated, foreign students must pay the entire nonresident tuition fee and the state enrollment fees for the semester.  

E. Provide certified translated transcripts from secondary schools and colleges previously attended. In general, it is expected that applicants will have completed secondary school with a satisfactory academic record.  

F. Submit a health statement signed by a licensed American physician that verifies general good health and freedom from communicable disease.  

G. Foreign students are required to provide proof of major medical insurance coverage. If needed, the college can provide information on policies available to them.  

IV. Permission to Work  
According to Immigration policy, foreign students may not work during their first year of study, other than 20 hours a week on campus. During the second year of study, foreign students may request permission to work more than the allowable 20 hours per week, on campus, if they submit an I-538 to Immigrations, and it is approved.  

Appendix X  
Student Health Services  
The Governing Board hereby establishes a program of student health supervision and services. This action is taken pursuant to California Administrative Code, Title 5, Sections 54702 through 54742. The program provides for the operation of student health centers wherein enrolled students of the district's colleges and other persons expressly authorized by the Governing Board may be diagnosed and treated. The Governing Board will annually determine the amount of the fee to be assessed for such services.  

A plan for student health services in the Ventura County Community College District follows (in compliance with CAC, Title 5, Section 54710). This plan is facilitated on each campus through the Vice-President of Student Services and the Coordinator of Student Health Services. The district may also employ health aides, physicians, and other health workers as provided by law, budget, and need.  

STUDENT HEALTH SERVICES PLAN  
Statement of Purpose  
To strengthen the educational process through the maintenance and improvement of the health status of students in accordance with state mandates and district policies. The major focus of Student Health Services is the prevention of illness and disability and the early detection and correction of health problems.  

Health Coordinator  
The Health Coordinator is especially prepared and uniquely qualified in preventive health, health assessment, and referral procedures. (Education Code 49426, school nurses; qualifications and services.)  

Diligent Care  
The Health Coordinator is responsible for the implementation of all campus medical emergency and first aid procedures and the rendering of first aid in case of accident or illness.  

Health Guidance  
The Health Coordinator provides leadership which directs and guides the course of action for the total college student health program. The Coordinator assists students in obtaining and maintaining a high level of wellness via workshops, appropriate referrals, and other supportive services including individual health counseling.  

Health Protection and Environmental Health and Safety  
The Health Coordinator works toward the prevention of illness, protects the college environment from diseases, and attempts to avoid costly remedial medical interventions. Health hazards as they appear on accident reports or by observation are reported for corrective action. Immunizations (e.g., tetanus, flu, TB Tine) are administered. Outreach clinics are conducted to detect dangerous health conditions among students such as hypertension, heart disease, diabetes, cervical cancer, venereal disease, anemia, Tay-Sachs, etc. Coordination with County Public Health Department is on a regular basis.  

Appraisal and Limited Treatment  
The Student Health Center provides quality on-campus outpatient services to all registered students and other persons expressly authorized by the Governing Board. Health education and health counseling is a constant theme which extends throughout the system. A college physician may be employed for a limited number of weekly hours. Certain non-prescription medicines are available upon request. X-ray services and laboratory work are handled via referrals.  

Referrals  
The Health Coordinator provides liaison between students, college, and community health resources and continually seeks to improve channels of communication.  

Health and Accident Insurance Plans  
The Student Health Fee provides for low-cost, yet significant, student accident insurance for all students at no cost to the district. The Health Center maintains insurance records and claims to verify costs incurred and claims paid. The Health Center reports and maintains accident records of all student injuries and attempts to advise and eliminate causal conditions, whenever possible.  

Crisis Intervention  
The Student Health Center in cooperation with the Counseling Office and external agencies provides a mental health program to facilitate normal psychological growth, to maximize academic functioning and consistent school attendance.  

Dissemination of Information  
The presence of the Student Health Center and its functions is published through booklets, bookmarks, campus newspaper, student calendar, and marquises.  

Emergency Disaster Plan  
The Student Health Center is designated to act as first aid station. The disaster plan is actually the responsibility of the college administration since it involves total college staff, management, faculty, and facilities in the event of fire, earthquake, nuclear fallout, mudslides, or other natural disasters.  

The Student Health Centers are maintained through the assessment of a student health fee.
Appendix XI
Privacy Rights Governing Student Records

Pursuant to the Federal Educational Rights and Privacy Act, the California Education Code, and the California Administrative Title V, the colleges in this district establish and maintain information on students relevant to admission, registration, academic history, career, student benefits or services, extra-curricular activities, counseling and guidance, discipline or matters related to student conduct, and shall maintain such information required by law. The college is not authorized to permit access to student records to any person without the written consent of the student or under judicial order except to college officials and employees with legitimate educational interest.

Right of Access
Any currently enrolled or former student has a right to access to any or all student records relating to the student which are maintained by this District. The editing or withholding of such records is prohibited except as provided by law.

Requests for access shall be in writing, addressed to the Vice-President of Student Services at the college of attendance. Requests by students to inspect and review records shall be granted no later than 15 days following the date of request. The inspections and review shall occur during regular school hours. The Vice-President of Student Services shall notify the student of the location of all official records which have been requested and provide personnel to interpret records where appropriate.

Student records are maintained in a manner to ensure privacy of all such records and the colleges in this district shall not, except as authorized, permit any access to or release of any information therein.

Access to student records may be permitted to any person for whom the student has executed written consent specifying the records to be released and identifying the party to whom the records may be released. Information concerning a student shall be furnished in compliance with a court order. The college shall make a reasonable effort to notify the student in advance of such compliance if lawfully possible within the requirements of the judicial order.

Students may request copies of records for review. A fee of one dollar ($1) will be charged per page per copy.

Directory Information
The colleges in this district maintain directory information which may be released: student name, address, telephone number, and place of birth, major field of study, class schedule, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent public and private school attended by the student.

Students may indicate that directory information which shall not be released providing written notification is given the Vice-President of Student Services at the college of attendance at the time of enrollment or earlier if the activity occurs prior to the opening of school.

Challenge
Any student may file a written request with the President of the college or the designee to remove student records which the student alleges to be: (1) inaccurate, (2) an unsubstantiated conclusion or inference, (3) a conclusion or inference outside of the observers' areas of competence, (4) not based on personal observations of the named person with the time and place of the observation noted. Allegations which are sustained shall be expunged and the record removed and destroyed.

Students filing a written request shall be provided a hearing and receive, in writing, a decision either sustaining or denying the allegations.

Allegations which have been denied by the college may be further appealed to the Chancellor of the Ventura County Community College District and his or her designee. Allegations which have been denied by the Chancellor may be further appealed to the Governing Board of the Ventura County Community College District who shall meet with the student, within 30 days of receipt of such appeal, to determine whether to sustain or deny the allegations. All decisions of the Governing Board shall be final.

Appendix XII
Policy on Sexual Harassment

The Ventura County Community College District is committed to all provisions of Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972 and other human rights and equal opportunity laws. These laws include prohibitions of discrimination in employment and educational programs and services on the basis of sex.

Recent guidelines for Title VII of the Civil Rights Act focus upon sexual harassment as an unlawful practice. "Sexual harassment like harassment on the basis of color, race, religion, or national origin has long been recognized by the Equal Employment Opportunity Commission as a violation of section 703 of Title VII of the Civil Rights Act as amended" (Federal Register, April 11, 1980). Recent interpretations of Title IX of the Education Amendments similarly delineate sexual harassment as discriminatory and unlawful.

Sexual harassment is unacceptable conduct, is unlawful, and will not be tolerated by the Ventura County Community College District. Disciplinary action shall be initiated against any individual found guilty of sexual harassment. The following criteria shall determine whether actions constitute sexual harassment:

1. Employment/Education Condition
   Submission to the conduct is either an explicit or implicit term or condition of employment and/or pursuit of educational objectives.

2. Employment/Educational Consequence
   Submission to or rejection of the conduct is used as a basis for employment, educational, and/or service decisions affecting the persons who did the submitting or rejecting.

3. Offensive Job/Educational Interference
   The conduct has the purpose or effect of substantially interfering with an individual's work, academic, or other educational performance or creating an intimidating, hostile, or offensive environment.

Implementation and Grievance Procedures

Students
This procedural statement is a special application of the College District's Student Grievance Policy. It is presented in direct reference to the sexual harassment of students of the colleges of the Ventura County Community College District and to the related policy of the district adopted by the district's Governing Board. The board policy is based on federal and state statutes on this subject.

While sexual harassment of students by other students or by district employees represents a wrong as described in the district's "Student Grievance Procedures," the nature of this particular offense renders it exceptional. Thus, a separate procedure has been established to recognize this distinction.

Sexual harassment is a matter requiring unusually prompt attention by authority since failure to act may represent various kinds of academic
and personal damages to the alleged victim. Further, the issues involved are typically very personal and sensitive, and many victims will not risk the delays, publicity, and complications attendant to regular grievance procedures. Since this district recognizes the delicate nature of such situations, each step in the grievance procedure will be conducted with discretion in order to maintain a high degree of confidentiality. It is the intent of these procedures to result in prompt recourse and to ensure fairness and equity to both the person alleging the wrong and to the person accused of the wrong.

The district recognizes its responsibility to make every effort to maintain a neutral work and educational environment free of sexual harassment and/or intimidation.

For purposes of this policy, examples of conduct which may constitute sexual harassment, and are outside the standards of professional conduct, include the following:

1. Deliberate or unsolicited verbal comments, gestures, physical contacts of a sexual nature or demeaning to one's gender which are unwelcome and/or interfere with work productivity.

2. Implicit or explicit sexual behavior by a teacher, supervisor, fellow student, or co-worker to control, influence or otherwise affect the job, salary, course grade, performance evaluation, opportunity for employment, or career of an employee, nondistrict affiliated applicants for employment, or student.

Procedure:

Step 1. Students who believe that they have been subjected to any form of sexual harassment should carefully review both the District's policy on this subject and this procedure. They are encouraged to seek counsel from any member of the college community in whom they have confidence; however, it is recommended that the student contact the Counseling Office to discuss any possible complaint. In order to provide the best professional support to students, the Dean of Counseling or his/her designee shall designate two counselors, one male, one female, who will have special responsibility for advising students in matters of sexual harassment. The purpose of such counsel is personal support in a time of crisis. If the complaint involves sexual harassment by a college district employee, the student should proceed to Step 2 of this procedure (see below). The student shall have the right to be accompanied through the complaint process by an advisor of his/her choice. If the problem involves sexual harassment by another student, the Counseling Office shall refer the complainant to the Vice-President of Student Services who will take action as prescribed in the Student Conduct Code.

Step 2. Complaints should be brought to the College Vice-President of Student Services. The Vice-President will hear the complaint, counsel the complainant and be available to act as the complainant's advisor during the resolution process. If, for any reason, the Vice-President is unavailable or if the complainant rejects this party in the role described, the college officer hearing the charges shall be the Vice-President of Instruction.

Step 3. If the problem cannot be resolved at the second step within five working days, the Vice-President will transmit it, in writing and signed by the complainant, to the college President and to the district Director of Affirmative Action for information purposes.

The President will act as described in the circumstances that follow:

1. The President will ask the campus certified management representative to the District Advisory Committee on Affirmative Action to consult with the person mentioned in the complaint and such other persons as may be necessary to resolve the complaint. The supervising manager of the person accused must be consulted in this process, and the accused will be given a copy of the written accusation.

2. If the problem cannot be resolved to the satisfaction of all parties at Step 1 within five working days, the campus management Affirmative Action representative will transmit the written and signed complaint to the President. At this point, the President may either dismiss the matter for cause stated in writing to all parties or remand the case to a formal hearing. The President must act within five working days.

Step 4. If a formal hearing is held, the following procedures will be employed by the college Grievance Committee:

1. Both parties will be asked to attend the hearing and will be given sufficient notice in writing as to the time and place. Notice shall be given by certified mail at least five working days prior to the hearing date.

2. At the time of the hearing, the chairperson shall state the charge. The committee shall hear testimony, examine witnesses and receive all evidence pertaining to the charge.

3. Both parties shall have the right to present statements, testimony, evidence and witnesses. Each party shall have the right to be represented by a single advisor. If the person who is the subject of the complaint elects to have legal counsel present at the hearing, he/she must notify the College/District in sufficient time so that the district might arrange to have its own legal counsel available.

4. The accused person and/or representative may be present as well as the aggrieved person and/or his/her representative. No other person except scheduled single witnesses and the Grievance Committee members shall be present.

5. The person making the charge shall assume the burden of any proof. The rule of confidentiality shall prevail at all stages of the hearing.

6. The committee shall judge the relevancy and weight of testimony and evidence. It shall make its findings on fact and limit investigation to the formal charge. It shall also make a recommendation for disposition of the charge to the college President. Actions in this procedure shall be completed within five working days.

7. The committee shall submit its findings of fact and recommend action to both parties and to the President of the college. Upon receipt of the findings and recommendations, the President of the college shall:
   a. Concur with the committee's recommendation.
   b. Not concur with the committee's recommendation.
   c. Take alternate action.
   d. The college President shall state in writing the reasons for the action taken on the committee's recommendation. The President shall act within ten working days.

8. If either party does not agree with the decision of the college President at this time, an appeal may be made to the Chancellor of the Ventura County Community College District through the District's Affirmative Action Officer; if he/she is still dissatisfied with the decision, an appeal may be made to the Governing Board who shall render the final decision.

9. Records of all proceedings will be maintained by the college President in accordance with rules of confidentiality and board/state/federal laws, rules, regulations and contracts.

1 The nature of the College Grievance Committee is described fully under the main Student Grievance Policy.
EMPLOYEES
A. Sexual harassment is a matter requiring unusually prompt attention by authorities since failure to act may represent personal damages to the alleged victim. Further, the issues involved are typically very personal and sensitive, and many victims will not risk the delays, publicity and complications attendant to regular grievance procedures. Since this District recognizes the delicate nature of such situations, each step in the grievance procedure will be conducted with discretion in order to maintain a high degree of confidentiality. It is the intent of these procedures to result in prompt recourse and to ensure fairness and equity to both the person alleging the wrong and to the person accused of the wrong. The District recognizes its responsibility to make every effort to maintain a neutral work and educational environment free of sexual harassment or intimidation. For purposes of this policy, examples of conduct which may constitute sexual harassment, and are outside the standards of professional conduct, include the following:

1. Deliberate or unsolicited verbal comments, gestures, physical contacts of a sexual nature or demeaning to one's gender which are unwelcome and interfere with work or learning productivity.
2. Implicit or explicit sexual behavior by a teacher, supervisor or co-worker to control, influence or otherwise affect the job, salary, course grade, performance evaluation, opportunity for employment, or career of an employee, non-district affiliated applicant for employment, or student.

B. Employees of the Ventura County Community College District who believe they are the victims of sexual harassment should promptly notify their immediate supervisor. If the complaint is against the immediate supervisor, the employee's recourse shall be to the District Affirmative Action Office and the complaints will be reviewed and investigated in accordance with the appropriate provisions in the "Evaluation and Review Procedure for Processing Grievances" in the Affirmative Action Policy and Program Manual.

C. Non-district affiliated applicants for employment/admission to college district programs shall have direct recourse to the District Affirmative Action Office. The complaints will be reviewed and investigated in accordance with the appropriate provisions in the "Evaluation and Review Procedure for Processing Grievances" in the Affirmative Action Policy and Program Manual.

D. Administrative and supervisory personnel who receive complaints of sexual harassment shall endeavor to obtain all necessary information from the complainant and the accused and shall follow up the complaint with an initial investigation, and notify the Affirmative Action Officer that a complaint has been received and shall keep the Affirmative Action Officer informed as to any developments in the investigation process.

E. Sanctions: The district will impose appropriate sanctions against employees and students who are found to have engaged in sexual harassment while on or about the campus or district office.

F. In cases where allegations are found to be totally without merit, the individual who initiated the charges may be subject to disciplinary procedures.
Faculty and Administration

Ventura County Community College District Board of Trustees
