Intersegmental General Education Transfer Curriculum for STEM
Oxnard College 2021-2022

Student's Name _____ Student ID _____ Major: _____
 Counselor's Signature: _____ UC/ CSU Campus: _____ Catalog Year: _____

- IGETC for STEM may be used for the AS-T in Biology and AS-T in Environmental Science only.
- IGETC for STEM allows students to be certified missing one course in Area 3, one course in Area 4, and without Area 6.
- These deferred lower-division courses (in areas 3, 4 and 6) must be replaced with calculus and/or science courses required by the major before transfer. These are included in the AS-T.
- UC will accept IGETC for STEM if the UC school/college/major to which the students transfers accepts partial IGETC certification. For info. on the IGETC acceptance practices for each UC see: <https://admission.universityofcalifornia.edu/admission-requirements/transfer-requirements/> and choose General Education and IGETC from the menu.

All courses on IGETC must be completed with a grade of "C" or better (or score of 3 or better on AP tests). Grades of "C-" are not acceptable. Students wishing to use a course to meet an IGETC requirement must be sure that the course is on the IGETC list during the academic year when it is taken. **When substituting a course from another California Community College, check assist.org to verify the course was approved to meet IGETC in that area at the college where the course was taken, in the year it was taken.** IGETC Certification* must be requested prior to transferring. The UC system allows a maximum of 14 semester units graded "Pass/No-Pass." *Courses on this list change from year to year. Always check on the IGETC list on ASSIST.org for Oxnard College before registering for a course.*
