

Hello Oxnard College! It is time to update the college catalog. As you may know, a group of us across the district are working hard to get the online catalog, CAT, ready for publication. During this implementation year I will be making all catalog edits for you. Next year you will be trained on how to review and edit your sections in CAT. With that said, please review the portion of the 2021-22 Catalog that pertains to your area(s) of responsibility, see list below.

- All edits must be submitted using the comment features in this online adobe pdf: <https://acrobat.adobe.com/link/review?uri=urn:aaid:scds:US:7f236559-89ac-402e-98e5-6f0fd2c76172>
- Here is the instruction video *from 2020*: <https://youtu.be/ttYHhEF2FkE>
 - I cover the comment features at minute 1:42
 - You can also click here for [Adobe’s written Comment Instructions](#)
 - If you have documents or charts with the updated information you can email that to me.
 - Disregard the due dates in the video, you will have until **Friday, May 6th** to review your sections. If edits are not posted by this date, I will assume you have reviewed it and do not have edits to make.
- The **page numbers below** coincide with the number listed in **adobe**, not what is listed in the corner of each page in the file. This way you can easily type the page number in the tool bar and navigate to the page you need to review.
- I did my best to **assign pages** to the **appropriate person**, but if you find that there is another person that should be responsible for an area assigned to you, feel free to email me and that person to ensure the information is reviewed.

Page(s)	Area(s)	Person(s) Responsible
	Cover	J. Schuelke
2	Academic Calendar	J. Diaz
3	2021-2022 General Catalog Cover Page	A. Sandford
