
Online Student Orientations

Welcome to online learning at Oxnard College.

Distance Education (Online) courses allow you to learn anytime anywhere, and they provide flexible opportunities to earn your degree or certificate while balancing work and family life. However, online courses can present unique challenges for students, so please use this page and the resources available to better understand online education at Oxnard College.

Oxnard College uses the Canvas Learning Management System (LMS) to provide students and faculty with the ability to engage in online courses through videos, live lectures, discussions, assignments, and more. Students will access their Canvas distance education courses through the portal.

Please take a look at the resources below for help with your online learning needs:

STUDENT ORIENTATION TO CANVAS COURSE - Enroll in Oxnard College DE Student Orientation
