

Math Placement Assessment

Math Placement Assessment for Oxnard College

Your educational background and academic goals are the two major factors that will help you determine your math placement at Oxnard College.

Additional ways to place into a transfer level math course includes scores from standardized tests or transfer credit of math courses completed at other colleges. Please see [OC Math Placement Recommendations](#) (<https://drive.google.com/file/d/1WKJKytNoJVuaZfyx9SQcFfjrwbyQ77a/view?usp=sharing>), and speak with an OC Counselor for more information.

Informed Self-Placement Tool

To use the placement tools effectively, click on a major that best describes your academic goal. Then, to the best of your ability, answer questions to a short survey about your high school and math course work to help you determine your math placement at Oxnard College. Placement recommendations are based on your math educational background, and the California State Chancellor's Office Recommended Placement Rules.

The placement tool can be taken as many times as needed until you are confident with your choice.

Choose a Major that best describes your academic goal
