

# VENTURA COUNTY COMMUNITY COLLEGE DISTRICT 2021-2022 ADOPTION BUDGET

## GENERAL FUND – UNRESTRICTED (FUND 113) DESIGNATED INFRASTRUCTURE

### **Fund 113 – Unrestricted General Fund (Designated Infrastructure)**

An infrastructure funding plan and allocation model was approved by the board in March, 2012 to help address ongoing structural deficits and the total cost of ownership (TCO) in infrastructure categories. As specified in the annually reviewed infrastructure funding plan, resources are reallocated annually from the unrestricted general fund and may accumulate in Fund 113 from year to year to address infrastructure needs. The intent of this designated fund is to provide foundational resources to address the district's deficits in areas such as scheduled maintenance and capital furniture (e.g., for classroom, faculty and administration), library materials and databases, instructional and non-instructional equipment, technology refresh and replacement (hardware and software), and so forth. Planning for and providing items in these categories are central to the core mission of the district and each college and enable the institutions to update essential products and services on a short-term, mid-range and long-term basis. Further, addressing the total cost of ownership is prudent business practice and a requirement of accreditation. The amount of annual funding is determined through the Infrastructure Funding Formula. Funds will be budgeted to expend in the year following the year in which the revenue is earned.

Fund 113 is a sub-fund of the unrestricted general fund and is used to account for revenues, transfers and expenditures that have been specifically designated for infrastructure needs, as stated above. This sub-fund is reported to the State as a component of the unrestricted general fund.
