Participatory Governance

The purpose of the Decision-Making Handbook is to clarify for constituents the participatory governance process used within our District. The relationship of College committees to District committees is mapped, and the respective role and authority of the various governing bodies is defined. In addition, the document outlines how employees are involved in the processes that lead to recommendations in their respective areas of responsibility and the accountability they have in decision making.

Committee Recorder
Marla Ward
Help Desk Assistant

- 📍 761 East Daily Drive, Suite 200 Camarillo, CA 93010
