Prerequisites

MUS R118C

Entrance Skills**Entrance Skills**

Read and perform basic guitar music, up to and including the fifth position.

Prerequisite Course Objectives

MUS R118C-Demonstrate the ability to sight read basic guitar music, up to the fifth position.

MUS R118C-Demonstrate continued facility with other common notation systems, such as tablature, and chord diagrams.

MUS R118C-Perform intermediate guitar repertoire.

Content review

Student Learning Outcomes (CSLOs)

Upon satisfactory completion of the course, students will be able to:

- | | |
|---|--|
| 1 | Demonstrate their ability to read music by sight-reading basic pieces, up to the seventh position |
| 2 | Demonstrate their knowledge of guitar technique by playing a two-octave major scale in any key, moveable 7th chords, and performing intermediate to advanced guitar repertoire |

Course Objectives

Upon satisfactory completion of the course, students will be able to:

- | | |
|---|--|
| 1 | Demonstrate the ability to sight read basic guitar music, up to the 7th position. |
| 2 | Demonstrate facility with other common notation systems, such as tablature, and chord diagrams. |
| 3 | Play a two octave major scale in any key. |
| 4 | Play a three octave major scale in A, E, and G. |
| 5 | Demonstrate knowledge of moveable chords including major and minor triads, and dominant, major, minor, diminished and half-diminished, sevenths. |
| 6 | Perform intermediate to advanced guitar repertoire. |

Course Content**Lecture/Course Content**

1. Fundamentals
 - a. Familiarity with the fretboard
 - b. Correct right and left hand placement
 - c. Technique: slurs, arpeggios, free/rest stroke, rasgueado (strumming), and harmonics
 - d. Note reading beyond the first position; up to the 9th position
 - e. Other notation systems; chord charts, and tablature
 - f. Advanced note values, meters, and rhythms
2. Studies, exercises, and technique
3. Applied music theory
 - a. Two octave major scales in any key
 - b. Three octave major scales in E, A, and G
 - c. Moveable chords; minor, major, dominant 7th, minor 7th, and major 7th, diminished 7th, half-diminished 7th, and some extensions such as 9th and 13th.
 - d. Jazz progressions using moveable chords
 - e. Form and structure
 - f. Improvisation in major, minor, and harmonic minor
4. Interpretation; stylistically appropriate phrasing and dynamics
5. Memorization
6. Sight-reading
7. Expression; terms and signs

Laboratory or Activity Content

1. Lab content will primarily be the directed study of assigned repertoire, fretboard theory, and technique.
2. Repertoire
 - a. Weekly and monthly goals will be set depending on the difficulty of each piece assigned.
 - b. Individual instruction
 - c. Instructor-guided practice and memorization techniques
 - d. Instructor-guided duet and chamber works

- e. Sight-reading in the upper positions
 - f. Improvisation over popular music, blues, and jazz progressions
3. Theory
- a. Two octave scales in any key (moveable scale shapes)
 - b. Three octave scales in A, E, and G
 - c. Moveable chord shapes; major, minor, dominant 7th, minor 7th, major 7th, diminished 7th, half-diminished 7th, 9th, and 13th.
 - d. Jazz standards and blues progression with substitutions
4. Technique
- a. Proper application of rest-stroke and free-stroke
 - b. More difficult right hand arpeggio patterns
 - c. Jazz chord arpeggios
 - d. Two octave scales in any key
 - e. Three octave scales in A, E, and G
 - f. More advanced Left-hand slur exercises
 - g. Right and left hand synchronization and finger independence exercises
 - h. Rasgueado, and additional flamenco techniques
 - i. Tremolo

Methods of Evaluation

Which of these methods will students use to demonstrate proficiency in the subject matter of this course? (Check all that apply):
Skills demonstrations

Methods of Evaluation may include, but are not limited to, the following typical classroom assessment techniques/required assignments (check as many as are deemed appropriate):

Objective exams
Performances
Quizzes
Recitals
Skills demonstrations
Skill tests

Instructional Methodology

Specify the methods of instruction that may be employed in this course

Audio-visual presentations
Computer-aided presentations
Distance Education
Demonstrations
Field trips
Group discussions
Guest speakers
Instructor-guided interpretation and analysis
Lecture
Small group activities

Describe specific examples of the methods the instructor will use:

- Students may be paired to play blues or other improvisational styles
- Students may be placed in small or larger groups to play ensemble repertoire which the instructor will conduct or coach, upper level guitarists will be expected to assist beginners
- Virtual guitar fretboard on the projector for note identification exercises
- Students will sight-read music while the instructor plays a duet part
- General group instruction in note reading, music fundamentals, terminology and symbols, technique, repertoire, and performance practice

Representative Course Assignments

Critical Thinking Assignments

Reading, interpreting, and performing music requires attention to historical performance practices, choices of ornamentation where applicable, decisions about rhythmic license rubato, dynamics, etc. In many cases, students must also compare editions and arrangements, reflect on the emotional content of a piece, and connect music to lyrics where applicable.

Reading Assignments

- Students will regularly have music notation reading assignments and are expected to read the corresponding chapter in the textbook.

Skills Demonstrations

- Students will have to demonstrate sight-reading at third semester level regularly
- Regular demonstrations of beginning to intermediate scales
- Regular demonstrations of beginning to intermediate arpeggios and other more guitar-specific techniques such as tremolo or rasgueado

Outside Assignments

Representative Outside Assignments

Students are expected to practice 60 minutes per day, five days per week. They are assigned specific repertoire and practice routines to help organize their practice.

Distance Education Addendum**Definitions****Distance Education Modalities**

Hybrid (51%–99% online)
Hybrid (1%–50% online)
100% online

Faculty Certifications

Faculty assigned to teach Hybrid or Fully Online sections of this course will receive training in how to satisfy the Federal and state regulations governing regular effective/substantive contact for distance education. The training will include common elements in the district-supported learning management system (LMS), online teaching methods, regular effective/substantive contact, and best practices.

Yes

Faculty assigned to teach Hybrid or Fully Online sections of this course will meet with the EAC Alternate Media Specialist to ensure that the course content meets the required Federal and state accessibility standards for access by students with disabilities. Common areas for discussion include accessibility of PDF files, images, captioning of videos, Power Point presentations, math and scientific notation, and ensuring the use of style mark-up in Word documents.

Yes

Regular Effective/Substantive Contact**Hybrid (1%–50% online) Modality:**

Method of Instruction	Document typical activities or assignments for each method of instruction
Asynchronous Dialog (e.g., discussion board)	Regular use of asynchronous discussion boards encourages various types of interaction and critical thinking skills among all course participants. Questions and topics posed will allow students to discuss, compare and contrast, identify, and analyze elements of the course outcomes. Students will be required to respond to one another with substantive comments with the intent of creating a dialog. Other discussion boards may be used for Q&A and general class discussion by students and instructor to facilitate student success and strengthen student learning outcomes.
E-mail	E-mail, class announcements and various learning management system tools such as “Message Students Who” and “Assignment Comments”, will be used to regularly communicate with all students on matters such as clarification of class content, reminders of upcoming assignments and/or course responsibilities, to provide prompt feedback to students on coursework to facilitate student learning outcomes, or to increase the role of an individual educator in the academic lives of a student. Students will be given multiple ways to email instructor through both the learning management system inbox and faculty provided email accounts.
Face to Face (by student request; cannot be required)	The instructor will hold weekly, scheduled office hours either in person or via-web conferencing, for students to be able to meet and discuss course materials or individual progress. Students can request additional in-person or web conferencing meetings with faculty member as needed. Faculty may encourage online students to form “study groups” in person or online.

Other DE (e.g., recorded lectures)	Faculty will use a variety of ADA compliant tools and media integrated within the learning management system to help students reach SLO competency. Tools may include: <ul style="list-style-type: none"> • Recorded Lectures, Narrated Slides, Screencasts • Instructor created content • OC Online Library Resources • Canvas Peer Review Tool • Canvas Student Groups (Assignments, Discussions) • 3rd Party (Publisher) Tools (MyOpenMath) • Websites and Blogs • Multimedia (YouTube, Films on Demand, 3CMedia, Khan Academy, etc.)
Synchronous Dialog (e.g., online chat)	Instructor will provide a set time each week where they will be available for synchronous chat and be available in the discussion board and can answer questions in live time.
Video Conferencing	Video tools such as ConferZoom can be used to provide live synchronous or asynchronous sessions with students. ADA compliance will be upheld with Closed Captioning during the session or of the recorded session. Recordings of all live sessions will be made available within the LMS. Video Conferences will be used to facilitate SLOs and student-to-student group meetings will also be encouraged.
Telephone	Students can request for instructor to call or vice versa in order to answer one-on-one questions about course material or student progress.
Hybrid (51%–99% online) Modality:
