Student's Name _____ Date: _____ Counselor: _____ Student ID: _____ Catalog Year: _____

The Associate in Arts in **General Studies with an emphasis in Creative Arts and Humanities** degree is an interdisciplinary degree that allows students to choose from courses in art, dance, film, writing, literature, music, philosophy, history, modern languages, and theatre. The courses that fulfill the Creative Arts and Humanities area of emphasis will examine the cultural activities and artistic expressions of human beings and provide students with the opportunity to explore the variety of majors offered within these disciplines before committing themselves to a major or in preparation for transfer into majors not aligned with an Associate Degree for Transfer (ADT) or to universities that do not accept the ADT as similar to the student's intended transfer major. Associate Degrees for Transfer are designed to prepare students for transfer, so students planning to transfer to the CSU in the following majors are usually better served following the AA-T degree: Studio Arts, Art History, English, Music, Philosophy, Spanish, and Theatre Arts, unless their transfer destination does not accept the ADT as "comparable" to their major.
